Be it enacted by the Legislature of the State of Montana:

Section 1. Section 81-501, R.C.M. 1947, is amended to read as follows:

"**81-501. Coal mining leases.** (1) The state board of land commissioners may lease in such manner as it considers in the best interests of the state any state lands to which the title is vested in the state and in which the coal or coal rights are not reserved by the United States for exploring for, mining, removing, selling, and disposing of the coal therein, upon the terms and conditions herein stated, and subject to such rules and regulations as the board prescribes. *Prior to issuing a coal mining lease, the board shall evaluate the coal and land proposed to be leased for the purpose of determining the fair market value of any coal reserves located on the land, giving opportunity for and consideration to, public comments on such evaluation. Leases shall be awarded by a competitive bid system, including a bonus bid for the first year's rental, and no lease shall be awarded at less than fair market value. The authority to lease* extends to state lands no matter how acquired, and extends to state lands which have been sold but in which the coal rights are reserved by the state, whether the lands are under certificate of purchase or patents have been issued; in such cases and in all cases where the lands are under lease for grazing, agriculture, or similar purposes, care shall be taken in issuing the coal mining lease to protect the rights of the purchaser or lessee. *Every coal lease shall be conditioned upon compliance with chapters 10 and 16, Title 50, R.C.M. 1947.*

(2) These coal leases are subject to the condition that the coal must be mined, handled, and marketed in a manner that will prevent as far as possible all waste of coal, and are also subject to the condition that the mining operations shall be carried on in a systematic and orderly manner that will not make subsequent mining operations more difficult or expensive. A violation of any of these conditions is grounds for the forfeiture of the lease, after a hearing before the board."

Section 2. Section 81-502, R.C.M. 1947, is amended to read as follows:

"**81-502. Maximum term of lease — form.** *Coal* mining *leases shall* be issued for *a primary term of ten (10)* years, *and so long thereafter as coal is produced from such lands in commercial quantities. The rental and royalty terms of each lease shall be subject to readjustment to reflect fair market value at the end of its primary term of ten (10) years and at the end of each five (5) year period thereafter if the lease is producing coal in commercial quantities. A lease not producing coal in commercial quantities at the end of the primary term shall be terminated, unless the leased lands are described in a strip mine permit issued under section 50-1039,*

HeinOnline -- 1975 vol. I 706 1975

R.C.M. 1947, or in a mine site location permit under section 50-1607, R.C.M. 1947, prior to the end of the primary term, and the lease shall not be terminated so long as said lands are covered and described under valid permit. For the purpose of this chapter, "commercial quantities" means that quantity of coal which can be sold at profit in the commercial market. The board shall prescribe the form of the lease."

Section 3. Section 81-503, R.C.M. 1947, is amended to read as follows:

"**81-503. Royalty.** The compensation of the state under all coal mining leases shall be upon a *rental and* royalty basis and shall be fixed and determined by the board. *The rental shall be on a per acre basis but in no case shall it be less than two dollars ($2) per acre.* The amount of such royalty shall be based upon the kind, grade and character of the coal in each particular mine, upon the size, shape and nature of the coal vein, strata or body, and upon the shipping and marketing facilities for the product. Consideration shall also be given to every other known factor effecting the value of each particular coal mining lease; but in no case shall the royalty for the coal mined be less than *ten percent (10%) of the f.o.b. mine price of a ton prepared for shipment.*"

Section 4. Section 81-504 is repealed.

Section 5. Section 81-510, R.C.M. 1947, is amended to read as follows:

"**81-510. Disposition of royalties and other receipts.** *All fees, rentals, royalties and bonuses collected under state coal leases shall be paid to the department of state lands and credited as follows: All fees shall be credited to the state general fund, all rentals and bonuses shall be credited to the income fund of the grant to which the lands under each lease belong; all moneys collected as royalties shall be credited to the permanent fund arising from the grants the land under lease belongs.*"

Section 6. There is a new R.C.M. section numbered 81-511 that reads as follows:

(1) to any corporation the majority stock of which is controlled by interests foreign to the United States, except for those interests within countries whose borders are contiguous to the United States and any corporation, individual, or person who contracts the sale of coal from such leased lands to any individual, corporation or person foreign to the United States, except those countries contiguous to the United States shall have the lease terminated; or

(2) if after a determination of the amount, location, and quality of the coal on the lands for lease, the extraction of the coal from such lands by strip mining methods would adversely affect the methods of recovery of deep minable coal from such operations on such lands in the future.

Section 7. **Grandfather clause.** Nothing in this act may be construed to impair the obligation of any contract entered into by the board before the effective date of this act.

Approved April 9, 1975.

Section 5. There is a new R.C.M. section numbered 66-2357 that reads as follows:

66-2357. Requirements for registration. The requirements for engineering and land surveying registration are:

(1) Engineering. To be eligible for admission to examination for professional engineer or engineer-in-training, an applicant must be of good character and reputation and submit five (5) references with his application for registration as a professional engineer, three (3) references shall be professional engineers with personal knowledge of his engineering experience, or in the case of an application for certification as an engineer-in-training, by three (3) character references.

The following is considered minimum evidence satisfactory to the board that the applicant is qualified for registration as a professional engineer, or for certification as an engineer-in-training respectively.

(a) As a professional engineer:

(i) Registration by endorsement. A person holding a certificate of registration to engage in the practice of engineering, issued to him by a proper authority of a state, territory, or possession of the United States, the District of Columbia, or any foreign country, based on requirements that do not conflict with the provision of the act and were of a standard not lower than that specified in the applicable registration act in effect in this state at the time the certificate was issued, may, upon application, be registered without further examination.

A person holding a certificate of qualification issued by the committee on national engineering certification of the national council of engineering examiners, whose qualifications meet the requirements of this act, may upon application, be registered without further examination.

(ii) Engineering — graduation — experience — examination. A graduate of an engineering curriculum of four (4) years or more approved by the board as being of satisfactory standing, and with a specific record of an additional four (4) years or more of progressive experience on engineering projects of a grade and character which indicates to the board that

HeinOnline -- 1975 vol. I 717 1975

the applicant may be competent to practice engineering, shall be admitted to an eight-hour written examination in the fundamentals of engineering, and an eight-hour written examination in the principles and practices of engineering. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(iii) Engineering-related graduation — experience — examination. A graduate of an engineering or related science curriculum of four (4) years or more, other than the ones approved by the board as being of satisfactory standing and with a specific record of eight (8) years or more of progressive experience on engineering projects of a grade and character which indicates to the board that the applicant may be competent to practice engineering, may be admitted to an eight-hour written examination in the fundamentals of engineering, and an eight-hour written examination in the principles and practices of engineering. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(iv) Long established practice. A graduate of an engineering or related science curriculum of four (4) years or more, with a specific record of twenty (20) years or more of progressive experience on engineering projects of which at least ten (10) years have been in charge of important engineering projects, and of a grade and character which indicates to the board that the applicant may be competent to practice engineering, shall be admitted to an eight-hour written examination in the principles and practices of engineering. Upon passing such examination, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(v) Temporary qualifications. A specific record of eight (8) years or more experience in engineering work of a character satisfactory to the board, and successfully passing a written or written and oral examination designated to show that the applicant is competent to practice engineering. This requirement will automatically expire four (4) years from the effective date of this act.

(vi) Engineering teaching in a college or university offering an approved engineering curriculum of four (4) years or more, may be considered as engineering experience in these requirements provided research, product development, or consulting has been a concurrent activity.

(b) As an engineer-in-training. The following shall be considered as minimum evidence that the applicant is qualified for certification as an engineer-in-training:

(i) Graduation and examination. A graduate of an engineering curriculum of four (4) years or more, approved by the board as being of satisfactory standing, shall be admitted to an eight-hour written examination in the fundamentals of engineering. the ones approved by the board as being satisfactory standing, and with a specific record of four (4) or more years of progressive experience on engineering projects of a grade and character, satisfactory to the board, shall be admitted to an eight-hour written examination in the fundamentals of engineering. Upon passing such examination, the applicant shall be certified or enrolled as an engineer-in-training, if he is otherwise qualified.

(2) Land surveying. To be eligible for admission to examination for land surveyor or land surveyor-in-training, an applicant must be of good character and reputation and shall submit five (5) references with his application for registration as a land surveyor, three (3) of which references shall be registered land surveyors having personal knowledge of his land surveying experience; or in the case of an application for certification as a land surveyor-in-training, by three (3) references, one of whom shall be a registered land surveyor having personal knowledge of the applicant's land surveying experience.

The evaluation of a land surveyor applicant's qualifications involves a consideration of his education, technical, and land surveying experience, exhibits of land surveying projects of which he has been in charge, recommendations by references, and a reviewing of these categories. An interview may be held at the board's discretion. Educational credit for institute courses, correspondence courses, etc., shall be determined by the board.

One of the following shall be considered as minimum evidence to the board that the applicant is qualified for registration as a land surveyor, or for certification as a land surveyor-in-training, respectively:

(a) As a land surveyor:

(iii) Registration by comity or endorsement. A person holding a certificate of registration to engage in the practice of land surveying issued or comparable qualifications from a state, territory, or possession of the United States, will be given comity consideration. However, he may be asked to take such examinations as the board deems necessary to deter-

mine his qualifications, but in any event, he shall be required to pass a written examination of not less than eight-hours duration, which shall include questions on laws, procedures, and practices pertaining to the practice of land surveying in this state.

(iv) Temporary qualifications. A specific record of six (6) years or more experience in land surveying work of a character satisfactory to the board and indicating that the applicant is competent to practice land surveying, and successfully passing a written, or written and oral examination in land surveying prescribed by the board. This requirement will automatically expire two (2) years from the effective date of this act.

(b) As a land surveyor-in-training:

(i) Graduation — experience — examination. Have a bachelor of science degree in an approved curriculum and present evidence satisfactory to the board that he has had, in addition thereto, at least two (2) years of combined office and field experience in land surveying with a minimum of one (1) year in charge of land surveying projects under the supervision of a land surveyor, and who has passed the written examinations required by the board.

It shall give the full name of the registrant with his serial number and shall be signed by the chairman and the secretary under the seal of the board.

(2) This certificate shall be prima facie evidence that the person named thereon is entitled to all rights, privileges, and responsibilities of a professional engineer or land surveyor, while the said certificate of registration remains unrevoked or unexpired.

(3) Each registrant hereunder may, upon registration, obtain a seal of a design authorized by the board, bearing the registrant's name, serial number, and the legend, "professional engineer" and/or "land surveyor". Plans, specifications, plats, and reports prepared by a registrant shall, when issued, be certified, signed, and stamped with the said seal or facsimile thereof. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-104, R.C.M. 1947, is amended to read as follows:

"**87-104. Duration of benefits.** The maximum total amount of benefits payable to any eligible individual during any benefit year shall be:

(a) (1) Thirteen (13) times his weekly benefit amount if he is qualified as an insured worker as defined in section 87-103 (c), and does not qualify under subsection (2) or (3) below.

(2) Twenty (20) times his weekly benefit amount if in addition to meeting the requirements of section 87-103 (c), he has been paid wages of one hundred dollars ($100) or more for insured work in each of two (2) quarters in his base period other than the quarter in which his wages were highest.

(3) Twenty-six (26) times his weekly benefit amount if in addition to meeting the requirement of section 87-103 (c), he has been paid wages of one hundred dollars ($100) or more for insured work in each of three (3) quarters in his base period other than the quarter in which his wages were highest.

(4) Extended benefits if he is qualified as provided under the provisions of this subsection.

(a) Definitions. — As used in this section, unless the context clearly requires otherwise—

(1) "Extended benefit period" means a period which

(A) begins with the third week after whichever of the following weeks occurs first:

(i) a week for which there is a national "on" indicator, or

(ii) a week for which there is a state "on" indicator; and

(B) ends with either of the following weeks, whichever occurs later:

(i) the third week after the first week for which there is both a national "off" indicator and a state "off" indicator, or

(ii) the thirteenth consecutive week of such period;

Provided, that no extended benefit period may begin by reason of a state "on" indicator before the fourteenth week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) There is a "national 'on' indicator" for a week if the U. S. Secretary of Labor determines that for each of the three (3) most recent completed calendar months ending before such week, the rate of insured unemployment (seasonally adjusted) for all states equaled or exceeded four and one-half per cent (4 ½%).

(3) There is a "national 'off' indicator" for a week if the U. S. Secretary of Labor determines that for each of the three (3) most recent completed calendar months ending before such week, the rate of insured unemployment (seasonally adjusted) for all states was less than four and one-half per cent (4 ½%).

(4) There is a "state 'on' indicator" for this state for a week if the *division* determines, in accordance with the regulations of the U. S. Secretary of Labor, that for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (not seasonally adjusted) under this act—

HeinOnline -- 1975 vol. I 726 1975

(A) equaled or exceeded one hundred and twenty per cent (120%) of the average of such rates for the corresponding thirteen (13) week period ending in each of the preceding two (2) calendar years, and

(B) equaled or exceeded four per cent (4%).

(5) There is a "state 'off' indicator" for this state for a week if the *division* determines, in accordance with the regulations of the U. S. Secretary of Labor, that for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (not seasonally adjusted) under this act—

(A) was less than one hundred and twenty per cent (120%) of the average of such rates for the corresponding thirteen (13) week period ending in each of the preceding two (2) calendar years, or

(B) was less than four per cent (4%).

(6) "Rate of insured unemployment," for purposes of paragraphs (4) and (5) of this subsection, means the percentage derived by dividing

(i) the average weekly number of individuals filing claims in this state for weeks of unemployment with respect to the most recent thirteen (13) consecutive-week period, as determined by the *division* on the basis of his reports to the U. S. Secretary of Labor, by

(ii) the average monthly employment covered under this act for the first four (4) of the most recent six (6) completed calendar quarters ending before the end of such thirteen (13) week period.

(7) "Regular benefits" means benefits payable to an individual under this act or under any other state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits.

(8) "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to an individual under the provisions of this section for weeks of unemployment in his eligibility period.

(9) "Eligibility period" of an individual means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(10) "Exhaustee" means an individual who, with respect to any week of unemployment in his eligibility period:

(A) has received, prior to such week, all of the regular benefits that were available to him under this act or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his current benefit year that includes such week;

Provided, that, for the purposes of this subparagraph an individual shall be deemed to have received all of the regular benefits that were available to him although (i) as a result of a pending appeal with respect to wages

HeinOnline -- 1975 vol. I 727 1975

that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits.

(B) his benefit year having expired prior to such week, has no, or insufficient, wages on the basis of which he could establish a new benefit year that would include such week; and

(C) (i) has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, the Automotive Products Trade Act of 1965 and such other federal laws as are specified in regulations issued by the U.S. Secretary of Labor; and (ii) has not received and is not seeking unemployment benefits under the unemployment compensation law of the Virgin Islands or of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law he is considered an exhaustee.

(11) "State law" means the unemployment insurance law of any state, approved by the U. S. Secretary of Labor under section 3304 of the Internal Revenue Code of 1954.

(b) Effect of state law provisions relating to regular benefits on claims for, and the payment of, extended benefits. — Except when the result would be inconsistent with the other provisions of this section, as provided in the regulations of the *division*, the provisions of this act which apply to claims for, or the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits.

(c) Eligibility requirements for extended benefits. — An individual shall be eligible to receive extended benefits with respect to any week of unemployment in this eligibility period only if the *division* finds that with respect to such week:

(1) he is an "exhaustee" as defined in subsection (a)(10),

(2) he has satisfied the requirements of this act for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits.

(d) Weekly extended benefit amount. — The weekly extended benefit amount payable to an individual for a week of total unemployment in his eligibility period shall be an amount equal to the weekly benefit amount payable to him during his applicable benefit year.

(e) Total extended benefit amount. — The total extended benefit amount payable to any eligible individual with respect to his applicable benefit year shall be the least of the following amounts:

(1) fifty per cent (50%) of the total amount of regular benefits which were payable to him under this act in his applicable benefit year;

(2) thirteen (13) times his weekly benefit amount which was payable to him under this act for a week of total unemployment in the applicable benefit year.

HeinOnline -- 1975 vol. I 728 1975

(f) (1) Beginning and termination of extended benefit period. — Whenever an extended benefit period is to become effective in this state (or in all states) as a result of a state or a national "on" indicator, or an extended benefit period is to be terminated in this state as a result of state and national "off" indicators, the *division* shall make an appropriate public announcement.

(2) Computations required by the provisions of subsection (a)(6) shall be made by the *division*, in accordance with regulations prescribed by the U. S. Secretary of Labor.

(3) The effective date of subsection (a)(4) of this section shall be January 1, 1972.

(b) An individual disqualified by and pursuant to section 87-106, subsections (a), (b) and (c), shall have his maximum weekly duration reduced by the number of weeks equal to the number of weeks of disqualification."

Section 2. Section 87-105, R.C.M. 1947, is amended to read as follows:

"**87-105. Benefit eligibility conditions.** An unemployed individual shall be eligible to receive benefits for any week of total unemployment within his benefit year; only if the *division* finds that—

(a) He has registered for work at and thereafter has continued to report at an employment office in accordance with such regulation as the *division* may prescribe, except that the *division* may, by regulation, prescribe that such types of cases or situations with respect to which it finds that compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this act, provide for registration and reporting for work by mail or through other governmental agencies.

(b) He has made a claim for benefits in accordance with the provisions of section 87-107 (a).

(c) He is able to work and is available for work and is seeking work, provided, however, that no claimant shall be considered ineligible in any week of unemployment for failure to comply with the provisions of this subsection if such failure is due to an illness or disability which occurs after he has registered for work and no suitable work has been offered to such claimant after the beginning of such illness or disability.

(d) Prior to any week for which he claims benefits he has been totally unemployed for a waiting period of one (1) week. However, if claimant's benefit year expires during a period of compensable unemployment, claimant will continue to receive weekly benefits, in a new benefit year, if otherwise eligible, without interruption to serve the waiting week for the new benefit year, but will thereafter be required to serve the waiting week before receiving benefits during subsequent unemployment in the new benefit year. No week shall be counted as a week of total unemployment for the purposes of this subsection:

(1) If benefits have been paid with respect thereto;

(2) Unless the individual was eligible for benefits with respect thereto;

HeinOnline -- 1975 vol. I 729 1975

(3) Unless it occurs within the benefit year of the claimant;

(4) Unless it occurs after benefits first could become payable to any individual under this act.

(e) An individual who received benefits during a benefit year must perform services for remuneration after the beginning of that year as a condition for receiving benefits in a second benefit year. The service may be in either covered or noncovered employment, however, the individual must have earned the lesser of three-thirteenths (3/13) of his high quarter of his second benefit year or six (6) times his weekly benefit amount of that same year.

(f) Benefits based on service in employment defined in section 87-148 (j)(6) and (7) and section 87-110 (d) shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this act; except that benefits based on service in an instructional, research, or principal administrative capacity in an institution of higher education (as defined in section 87-148 (n)) shall not be paid to an individual for any week of unemployment which begins during the period between two successive academic years, or during a similar period between two regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the individual has a contract or contracts to perform services in any such capacity for any institution or institutions of higher education for both such academic years or both such terms."

Section 3. Section 87-107, R.C.M. 1947, is amended to read as follows:

"**87-107. Claims for benefits.** (a) Filing. Claims for benefits shall be made in accordance with such regulations as the division may prescribe. Each employer shall post and maintain printed statements of such regulations in places readily accessible to individuals in his service and shall make available to each such individual at the time he becomes unemployed, a printed statement of such regulations. Such printed statements shall be supplied by the division to each employer without cost to him.

(b) Initial determination. A representative designated by the division, and hereinafter referred to as a deputy, shall promptly examine the claim and, on the basis of the facts found by him, shall either determine whether or not such claim is valid, and if valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration thereof, or shall refer such claim or any question involved therein to an appeals referee *who* shall make *his decision* with respect thereto in accordance with the procedure prescribed in subsection *(e)* of this section. No determination or redetermination of an initial or additional claim shall be made under this section unless five (5) days notice of the time and place of the claimant's interview for examination of the claim is mailed to each interested party. The deputy shall promptly notify the claimant and any other interested party of the decision and the reasons therefor. The deputy may for good cause reconsider his decision and shall promptly notify the claimant and such other interested parties of his amended decision and the reasons therefor.

(c) Finality of determination. A determination or redetermination

HeinOnline -- 1975 vol. I 730 1975

shall be deemed final unless an interested party entitled to notice thereof applies for reconsideration of the determination or appeals therefrom within five (5) days after delivery of such notification or within seven (7) days after such notification was mailed to his last known address provided, that such period may be extended for good cause.

(d) Appeals referee. To hear and decide disputed claims, the division shall appoint such impartial appeals referee as are necessary for the proper administration of this act, consisting of salaried examiners selected in accordance with section 87-123. No person shall participate on behalf of the division in any case in which he is an interested party. The division may designate alternates to serve in the absence or disqualification of an appeals referee.

(e) Notice of decision of appeals referee and time for appeal. After a hearing an appeals referee shall make findings and conclusions promptly and on the basis thereof affirm, modify, or reverse the deputy's determination or redetermination. Each interested party shall be furnished promptly a copy of the decision and the supporting findings and conclusions; this decision shall be final unless further review is initiated pursuant to subsection (g) of this section within five (5) days after delivery of such notification or within seven (7) days after such notification was mailed to his last known address, provided, that such period may be extended for good cause.

(f) Prompt payment of claims. Notwithstanding any provision in subsection (b), (c) or (g) of this section, benefits shall be paid promptly in accordance with a determination or redetermination under this section, or the decision of an appeals referee, the board of labor appeals or a reviewing court under subsection (g) of this section upon the issuance of such determination, redetermination or decision (regardless of the pendency of the period to apply for reconsideration, file an appeal, or petition for judicial review that is provided with respect thereto in subsection (g) of this section, as the case may be, or the pendency of any such application, filing, or petition), unless and until such determination, redetermination, or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied for weeks of unemployment thereafter in accordance with such modifying or reversing redetermination or decision.

If a deputy's determination or redetermination allowing benefits is affirmed in any amount by an appeals referee, or by the board of labor appeals, or if a decision of an appeals referee allowing benefits is affirmed in any amount by the board of labor appeals, such benefits shall be paid promptly regardless of any further appeal or the disposition of such appeal and no injunction, supersedeas, stay or other writ or process suspending the payment of such benefits shall be issued by the board or any court; but if such decision is finally modified or reversed to deny benefits, no employer's account shall be charged with benefits so paid. Benefits shall not be paid for any weeks of unemployment involved in such modification or reversal that begins after such final decision.

(g) Appeal to board of labor appeals and judicial review. Any interested party dissatisfied with a decision of an appeals referee is entitled

HeinOnline -- 1975 vol. I 731 1975

to appeal to the board of labor appeals. The division will promptly transmit all records pertinent to the appeal to the board. When a decision is rendered by the board with copies of such decision to all interested parties, including the division, that decision shall become final unless an interested party requests a rehearing or initiates judicial review by filing a petition in district court within thirty (30) days of the date of mailing of the board's decision to his last known address."

Section 4. Section 87-108, R.C.M. 1947, is amended to read as follows:

"**87-108. Procedure and appeals.** (a) Procedure. The manner in which disputed claims shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with regulations prescribed by the *division* for determining the rights of the parties, whether or not such regulations conform to common law or statutory rules of evidence and other technical rules or procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed. The *division* shall have continuing jurisdiction over all claims filed for benefits to revise, modify, alter, cancel and amend all orders, findings and determinations made therein at any time and shall not lose such jurisdiction unless and until the jurisdiction of such claim and subject matter thereof has been taken by a court of competent jurisdiction in a proceedings filed therein as provided for in subsection (d) of this section.

(b) Witness fees. Witnesses subpoenaed pursuant to this section shall be allowed fees at a rate fixed by the *division*. Such fees shall be deemed a part of the expense of administering this act.

(c) Appeal to courts. Any decision of the *board of labor appeals* in the absence of an appeal therefrom as herein provided shall become final ten days after the date of notification or mailing thereof, and judicial review thereof shall be permitted only after any party claiming to be aggrieved thereby has exhausted his remedies before the *board of labor appeals* as provided by this act. The *division or board of labor appeals* shall be deemed to be a party to any judicial action involving any such decision, and may be represented in any such judicial action by any qualified attorney employed by the *division or board of labor appeals* and has been designated by it for that purpose, or at the *division's or board of labor appeals'* request, by the attorney general.

(d) Court review. Within ten days after the decision of the *board of labor appeals* has become final, any party aggrieved thereby may secure judicial review thereof by commencing an action in the district court of the county in which said party resides against the *board of labor appeals* for the review of its decision, in which action any other party to the proceeding before the *board of labor appeals* shall be made a defendant. In such action, a petition which need not be verified, but which shall state the grounds upon which a review is sought, shall be served upon a member of the *board of labor appeals or its designate for service of process* and such service shall be deemed completed service on all parties, but there shall be left with the party so served as many copies of the petition as

HeinOnline -- 1975 vol. I 732 1975

there are defendants and the *board of labor appeals* shall forthwith mail one such copy to each such defendant. With its answer, the *board of labor appeals* shall certify and file with said court all documents and papers and a transcript of all testimony taken in the matter, together with its findings of fact and decision therein. The *board of labor appeals* may also in its discretion, certify to such court questions of law involved in any decision by it. In any judicial proceeding under this section, the findings of the *board of labor appeals* as to the facts, if supported by evidence and in the absence of fraud, shall be conclusive, and the jurisdiction of said court shall be confined to questions of law. Such action, and the questions so certified, shall be heard in a summary manner and shall be given precedence over all other civil cases except cases arising under the workmen's compensation law of this state. An appeal may be taken from the decision of the said district court to the supreme court of Montana in the same manner, but not inconsistent with the provisions of this act, as is provided in civil cases. It shall not be necessary, in any judicial proceeding under this section, to enter exceptions to the rulings of the *division or board of labor appeals* and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the *division* shall enter an order in accordance with such determination. A petition for judicial review shall not act as a supersedeas or stay unless the *division or board of labor appeals* shall so order."

Section 5. Section 87-111, R.C.M. 1947, is amended to read as follows:

"**87-111. Unemployment compensation account — establishment and control.** There is hereby established separate and apart from all public moneys or funds of this state, an account in the agency fund known as the unemployment compensation account, which shall be administered by the *division* exclusively for the purposes of this act. Any reference to the unemployment compensation fund in this code shall be taken to mean the unemployment compensation account in the agency fund. This account shall consist of (1) all contributions collected under this act, inclusive of voluntary contributions as provided in section 87-109 (c)(4), and payments made in lieu of contributions as provided in section 87-109 (b)(2) and (4); (2) interest earned upon any moneys in the account; (3) any property or securities acquired through the use of moneys belonging to the account; (4) all earnings of such property or securities; and (5) all money credited to this state's account in the unemployment trust fund pursuant to section 903 of the Social Security Act, as amended. All moneys in the account shall be mingled and undivided."

Accounts and deposits.** The state treasurer shall be ex officio the treasurer and custodian of the unemployment compensation account and shall administer such account in accordance with the directions of the *division* and shall issue his warrants upon it in accordance with such regulations as the *division* shall prescribe. He shall maintain within the account three (3) separate accounts; (1) a clearing account, (2) an unemployment trust fund account, and (3) a benefit account. All moneys payable to the unemployment compensation account, upon receipt thereof by the *division*, shall be forwarded to the treasurer who shall immediately deposit them in the clearing account. Refunds payable pur-

HeinOnline -- 1975 vol. I 733 1975

suant to sections 87-135 to 87-139 may be paid from the clearing account upon warrants issued by the treasurer under the direction of the *division*. After clearance thereof, all other money in the clearing account shall be immediately deposited with the secretary of the treasury of the United States of America to the credit of the account of this state in the unemployment trust fund, established and maintained pursuant to section 904 of the Social Security Act, as amended, any provision of law in this state relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this state to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned for the payment of benefits from this state's account in the unemployment trust fund. Except as herein otherwise provided, moneys in the clearing and benefit accounts may be deposited by the treasurer, under the direction of the *division*, in any bank or public depository in which general funds of the state may be deposited but no public deposit insurance charge or premium shall be paid out of the unemployment compensation account. The treasurer shall give a separate bond conditioned upon the faithful performance of his duties as custodian of the unemployment compensation account in an amount fixed by the *division* and in a form prescribed by law or approved by the attorney general. Premiums for said bond shall be paid from the unemployment compensation administration account."

Section 7. Section 87-113, R.C.M. 1947, is amended to read as follows:

"**87-113. Withdrawals.** (a) Moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and in accordance with regulations prescribed by the *division*, except that money credited to this state's account pursuant to section 903 of the Social Security Act, as amended, may also be withdrawn for the payment of expenses for the administration of this act and of public employment offices, as provided by this act. The *division* shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to this state account therein, as it deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall issue his warrants for the payment of benefits solely from such benefit account. Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the *division*, shall be redeposited with the secretary of the treasury of the United States of America, to the credit of this state's account in the unemployment trust fund, as provided in section 87-112.

(b) Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States of America pursuant to section 903 of the Social Security Act, as amended, may be requisitioned and used for the payment of expenses incurred for the

HeinOnline -- 1975 vol. I 734 1975

administration of this act pursuant to a specific appropriation by the legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which: (A) specifies the purposes for which such money is appropriated and the amounts appropriated therefor, (B) limits the period within which such money may be expended to a period ending not more than two (2) years after the date of the enactment of the appropriation law, and (C) limits the amount which may be used during any twelve (12) month period beginning on July 1 and ending on the next June 30 to an amount which does not exceed the amount by which (1) the aggregate of the amounts credited to the account of this state pursuant to section 903 of the Social Security Act, as amended, during the same twelve (12) month period and the four (4) preceding twelve (12) month periods, exceeds (2) the aggregate of the amounts used pursuant to this subsection and charged against the amounts credited to the account of this state during any of such five (5) twelve (12) month periods. For the purposes of this subsection, amounts used during any such twelve (12) month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount used for administration during any such twelve (12) month period may be charged against any amount credited during such a twelve (12) month period earlier than the fourth preceding such period. Money requisitioned for the payment of expenses of administration pursuant to this subsection shall be deposited in the unemployment compensation administration fund, but until expended, shall remain a part of the unemployment compensation fund. The *division* shall maintain a separate record of the deposit, obligation, expenditure, and return of funds so deposited. If any money so deposited is, for any reason, not to be expended for the purpose for which it was appropriated, or, if it remains unexpended at the end of the period specified by the law appropriating such money, it shall be withdrawn and returned to the secretary of the treasury of the United States for credit to this state's account in the unemployment trust fund.

(c) All warrants issued by the treasurer for payment pursuant to this section shall bear the signature of the treasurer and the countersignature of a member of the *division* or its duly authorized agent for that purpose."

Section 8. Section 87-114, R.C.M. 1947, is amended to read as follows:

"**87-114. Disbursement of funds if federal act becomes inoperative.** If title III or IX of the Federal Social Security Act is declared unconstitutional or in any way is inoperative, this act automatically becomes inoperative under the provisions of this act, and the funds which then remain in the unemployment trust fund shall immediately be paid to the state treasurer to be paid into the unemployment compensation fund and funds there held shall be immediately distributed, upon order of the *division*, to the employers who have contributed thereto on a proportionate basis. If any part thereof remains undistributed for a period of one (1) year it shall be paid to the general fund of the state of Montana."

Section 9. Section 87-116, R.C.M. 1947, is amended to read as follows:

"**87-116. Agreements with railroad retirement board.** The unemployment compensation *division* of Montana is hereby authorized to co-

HeinOnline -- 1975 vol. I 735 1975

operate with and enter into agreements with the railroad retirement board with respect to establishment, maintenance and use of Montana state employment service facilities, and to make available to the said railroad retirement board the records of the *division* relating to employer's status and contributions received from employers covered by the Railroad Unemployment Insurance Act, together with employee wage records and such other data as the railroad retirement board may deem necessary or desirable for the administration of the Railroad Unemployment Insurance Act (52 Stat. 1094); that any moneys received by the unemployment compensation *division* of Montana from the railroad retirement board or any other governmental agency with respect to the establishment, maintenance and use of Montana state employment service facilities, shall be paid into and credited the proper division of the unemployment compensation administration fund set up and established under sections 87-133 and 87-134."

Section 10. Section 87-118, R.C.M. 1947, is amended to read as follows:

"**87-118. Divisions.** The *division* shall establish two co-ordinate *bureaus*: The Montana state employment service *bureau* created pursuant to section 87-132, and the unemployment insurance *bureau*. Each *bureau* shall be responsible to the *administrator* for the discharge of its distinctive function. Each *bureau* shall be a separate administrative unit with respect to personnel, budget, and duties except in so far as the *division* may find that such separation is impracticable."

Section 11. Section 87-120, R.C.M. 1947, is amended to read as follows:

"**87-120. Administration — duties and powers of division.** It shall be the duty of the *division* to administer this act; and it shall have power and authority to adopt, amend, or rescind such rules and regulations, to employ such persons, make such expenditures, require such reports, make such investigations, and take such other action as it deems necessary or suitable to that end. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this act, which the *division* shall prescribe. The *division* shall determine its own organization and methods of procedure in accordance with the provisions of this act, and shall have an official seal which shall be judicially noticed. The *division* shall report as provided in section 2 [82-4002] of this act. Such report shall include a balance sheet of the moneys in the fund in which there shall be provided, if possible, a reserve against the liability in future years to pay benefits in excess of the then current contributions, which reserve shall be set up by the *division* in accordance with accepted actuarial principles on the basis of statistics of employment, business activity, and other relevant factors for the longest possible period. Whenever the *division* believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, it shall promptly so inform the governor and the legislature, and make recommendations with respect thereto."

Reciprocal benefit arrangements.** The *division* is hereby authorized to enter into arrangements with the appropriate agencies of other states or the federal government, whereby individuals performing services in this and other states for a single employing unit under circumstances not specifically provided for in this act, or under similar provisions of the unemployment compensation laws of such other states, shall be deemed to be engaged in employment performed entirely within this state or within one of such other states and whereby potential rights to benefits accumulated under the unemployment compensation laws of several states or under such a law of the federal government, or both, may constitute the basis for the payment of benefits through a single appropriate agency under terms which the *division* finds will be fair and reasonable as to all affected interests, and will not result in any substantial loss to the fund.

The *division* shall participate in any arrangements, approved by the U. S. secretary of labor, with the appropriate agencies of the other states or of the federal government whereby wages or services, upon the basis of which an individual may become entitled to benefits under the unemployment compensation law of another state or of the federal government, shall be deemed to be wages for employment by employers for benefit purposes;

Provided that in any instance involving the combining of an individual's wages and employment covered under two or more state unemployment compensation laws that the base period of a single state law will be used; and

Provided that such combining of wages will not involve the duplicate use of such wage credits; and

Provided that such other state agency or agency of the federal government has agreed to reimburse the unemployment compensation fund for such portion of benefits paid under this act upon the basis of such wages or services as the *division* finds will be fair and reasonable as to all affected interests; and whereby the *division* will reimburse other state or federal agencies charged with the administration of unemployment compensation laws, with such reasonable portion of benefits, paid under the law of any such other states or of the federal government upon the

The *division* may make, and may co-operate with other appropriate state agencies in making studies as to the practicability and probable cost of possible new state-administered social security programs; and the relative desirability of state (rather than national) action in any such field. The *division* shall fully co-operate with the agencies of other states, and shall make every proper effort within its means, to oppose and prevent any further action which would in its judgment tend to effect complete or substantial federalization of state unemployment compensation funds or state unemployment compensation and employment security programs, or any part of the social security program."

The *employment security division* is hereby designated and constituted the agency of this state for the purpose of said act. The *division* is directed to appoint the personnel of the Montana state employment service. For the purpose of establishing and maintaining free public employment offices, the *division* is authorized to enter into agreements with any political subdivisions of this state or with any private, nonprofit organization, and as a part of any such agreement the *division* may accept moneys, services, or quarters as a contribution to the employment service account."

Such moneys shall be promptly supplied by moneys furnished by the state of Montana or any of its subdivisions for the use of the unemployment compensation *division* and used only for purposes approved by the secretary of labor. The *division* shall, if necessary, promptly report to the governor and the governor to the legislature, the amount required for such replacement. Civil actions brought under this section to collect contributions or interest thereon from an employer shall be heard by the court at the earliest possible date and shall be entitled to preference upon the calendar of the court over all other civil actions except petitions for judicial review under this act and cases arising under the workmen's compensation law of this state. At such hearing, the facts ascertained by the *division* shall be conclusive and the *division* may upon the basis of such facts ascertained assess the amount due, modify, set aside or revise the prior assessment and require the employer to pay the amount due with penalty and interest as provided for in this act. A copy of the decision of the *division* and the assessment of the amount due shall be mailed to the employer at his last known principal place of business and thereupon become final."

HeinOnline -- 1975 vol. I 749 1975

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 75-6815 that reads as follows:

75-6815. Contracts for architectural services required under certain circumstances. Whenever the estimated cost of any building, furnishing, repairing, or other work for the benefit of a school district exceeds fifty thousand dollars ($50,000) and requires architectural services, such services shall be by contract.

Section 2. There is a new R.C.M. section numbered 75-6816 that reads as follows:

75-6816. Procedures pursuant to awarding a contract for architectural services. The trustees of a school district shall adhere to the following procedure in awarding a contract for architectural services when such services are required:

(1) Interview representatives of at least three (3) certified architectural firms, provided that at least three (3) such firms apply, after advertising that interviews will be conducted for the purpose of procuring architectural services. The advertisements shall be published in a newspaper of general statewide circulation at least twice each week for three (3) consecutive weeks, or no less than two (2) times in the semimonthly publication of the Montana state department of administration that provides for the statewide announcement of projects requiring professional services. The advertisements shall include a description of the proposed work for which architectural services are needed. Following a reasonable time period after all interested firms have notified the trustees of their interest, the trustees shall give reasonable public notice of the schedule of interviews. These interviews shall be open to the public.

(2) During each interview, the trustees shall:

(a) review current statements of the qualifications and past performance records of the firm, as provided by the firm;

(b) conduct discussions with the firm regarding anticipated concepts and the relative merits of alternative methods for furnishing the required services;

(c) consider questions and testimony from the public;

(d) consider or request any other information of the firm which they, the trustees, deem relevant.

(3) Upon completion of the interviews, and after a reasonable time period, the trustees shall give reasonable public notice of their tentative selection of a firm.

(4) The trustees shall select one (1) firm from those interviewed and shall give reasonable public notice of their final selection.

HeinOnline -- 1975 vol. I 750 1975

Section 3. There is a new R.C.M. section numbered 75-6817 that reads as follows:

75-6817. Negotiation of fees. After selecting a firm, the trustees shall negotiate with the selected firm a fair and reasonable fee for the architectural services as described by the school district's scope of the work. 75-6818. Tentative and final proposals — public meetings. Following the awarding of the contract, the trustees shall meet as often as necessary with the architectural firm to review the firm's plans and proposals. At least two (2) of these meetings, one (1) to review the firm's preliminary plans and one (1) to review the firm's final proposals, shall be public meetings held after the trustees have given reasonable public notice. At these meetings, the trustees shall consider any questions and testimony from the public.

75-6820. Prohibition against contingent fees — penalty. (1) Each contract entered into by a school district for architectural services shall contain a prohibition against contingent fees as follows: "The architectural firm warrants that it has not employed or retained any company or person, other than a bona fide full-time employee, to solicit or secure this agreement, and that he has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide full-time employee, any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award or making of this agreement." Upon the breach or violation of this prohibition, the trustees shall have the right to terminate the agreement without liability and, at their discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

HeinOnline -- 1975 vol. I 751 1975

(2) Any individual, corporation, partnership, firm, or company, other than a bona fide full-time employee, is prohibited from offering, agreeing, or contracting to solicit or secure school district contracts for architectural services for any other individual, company, corporation, partnership, or firm.

(3) A public official or employee is prohibited from soliciting or securing, whether for consideration or not, a contract for professional services for another.

Chapter 14 — Interstate Compact on the Placement of Children.

10-1401. Enactment — provisions. The interstate compact on the placement of children is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

Article I. Purpose and Policy

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

(a) Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis of which to evaluate a projected placement before it is made.

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

Article II. Definitions

As used in this act:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.

(b) "Sending agency" means a party state, officer or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings, or causes to be sent or brought any child to another party state.

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

(d) "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for the mentally ill, mentally defective or epileptic or any institution primarily educational in character, and any hospital or other medical facility.

Article III. Conditions for Placement

(a) No sending agency shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

(b) Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

(1) The name, date and place of birth of the child.

(2) The identity and address or addresses of the parents or legal guardian.

(3) The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring, or place the child.

(4) A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

HeinOnline -- 1975 vol. I 760 1975

Article IV. Penalty for Illegal Placement

The sending, bringing or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place, or care for children.

Article V. Retention of Jurisdiction

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph (a) hereof.

Article VI. Institutional Care of Delinquent Children

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

Article VII. Compact Administrator

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

Article X. Construction and Severability.

The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. Section 66. Section 4-333, R.C.M. 1947, is renumbered 4-4-201, and is amended to read as follows:

"**4-4-201. Issuance of retail beer licenses — limit on number of beer licenses — wine license amendments — retail license fee.** (1) Except as otherwise provided by law, a license to sell beer at retail, *or beer and wine at retail pursuant to subsection (2),* in accordance with the provisions of this act and the regulations of the department of revenue, may be issued to any person, firm or corporation who shall be approved by the *department* as a fit and proper person, firm or corporation to sell beer; provided, that:

(a) *the* number of retail beer licenses that the *department* may issue for premises situated within incorporated cities and incorporated towns and within a distance of five (5) miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the most recent official United States census authorized by Congress, to wit: In incorporated towns of five hundred (500) inhabitants or less and within a distance of five (5) miles from the corporate limits of such towns, not more than one (1) retail beer license which shall not be used in conjunction with a retail liquor license; in incorporated cities or incorporated towns of more than five hundred (500) inhabitants and not over two thousand (2000) inhabitants and within a distance of five (5) miles from the corporate limits of such cities or towns, one (1) beer license for each five hundred (500) inhabitants which said beer license shall not be used in conjunction with retail liquor licenses; in incorporated cities of over two thousand (2000) inhabitants and within a distance of five (5) miles from the corporate limits of such cities, two (2) additional retail beer licenses for the first two thousand (2000) inhabitants or major fraction thereof and one (1) additional retail beer license for each additional two thousand (2000) inhabitants which shall not be used in conjunction with retail liquor licenses. The number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a dis-

tance of five (5) miles from the corporate limits thereof, shall govern the number of retail beer licenses that may be issued for use within such cities and towns and within a distance of five (5) miles from the corporate limits thereof; provided, that where two (2) or more incorporated municipalities are situated within a distance of five (5) miles from each other, the total number of retail beer licenses that may be issued for use in both of such municipalities and within a distance of five (5) miles from their respective corporate limits, shall be determined on the basis of the combined populations of both of such municipalities and shall not exceed the foregoing limitations. The said distance of five (5) miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town. Retail beer licenses of issue on the date of the passage and approval of this act and which are in excess of the foregoing limitations shall be renewable, but no new licenses shall be issued in violation of such limitations; provided, that such limitations shall not prevent the issuance of a nontransferable and nonassignable retail beer license to any post of a nationally chartered veterans' organization or any lodge of a recognized national fraternal organization, if such veterans' or fraternal organization has been in existence for a period of five (5) years or more prior to January 1, 1949. No incorporated city or incorporated town may by ordinance restrict the number of licenses that the *department* may issue; provided that no retail beer license may be issued by the *department* for any premises situated within any zone of such city or town wherein the sale of beer is prohibited by ordinance, a certified copy of which has been filed with the *department.* The *department* shall have discretion to deny the issuance of a retail beer license if it shall determine that the premises proposed for licensing are off regular police beats and cannot be properly policed by local authorities.

(b) The number of retail beer licenses that the *department* may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of five (5) miles from the corporated limits thereof, or for use at premises situated within any unincorporated town shall be as determined by the *department* in the exercise of its sound discretion; provided, that no retail beer license shall be issued for any premises so situated unless the *department* shall determine that the issuance of such license is required by public convenience and necessity.

(2) A person holding a license to sell beer for consumption on the premises at retail may apply to the department for an amendment to the license permitting the holder to sell wine as well as beer. The *division* may issue such amendment if it finds, on a satisfactory showing by the applicant, that the sale of wine for consumption on the premises would be supplementary to a restaurant or prepared food business. A person holding a beer-and-wine license may sell wine *for consumption on the premises.* He may buy wine only at retail from the department. Nonretention of the beer license, for whatever reason, shall mean automatic loss of the wine amendment license.

(3) The annual license fee for a license to sell wine on the premises, when issued as an amendment to a beer only license shall be two hundred dollars ($200).

HeinOnline -- 1975 vol. I 809 1975

(4) A retail license to sell beer in the original packages for off-premise consumption only may be issued to any person, firm or corporation who shall be approved by the department as a fit and proper person, firm or corporation to sell beer and whose premises proposed for licensing are operated as a bona fide grocery store or a drugstore licensed as a pharmacy. The number of such licenses that the department may issue shall not be limited by the provisions of subsection (1) of this section, but shall be determined by the department in the exercise of its sound discretion, and the department may in the exercise of its sound discretion grant or deny any application for any such license or suspend or revoke any such license for cause. The annual license fee for a license to sell beer at retail for off-premises consumption shall be the same as for a retail beer license."

Section 67. Section 4-338, R.C.M. 1947, is renumbered 4-3-104, and is amended to read as follows:

"4-3-104. Purchase of beer must be from licensed brewer, wholesaler or retailer. It shall be unlawful for the operator of any common carrier, or its employees, to make sale of or dispose of any beer or malt liquors except such as shall have been lawfully acquired or purchased from a brewer *or* wholesaler duly licensed."

Section 68. Section 4-341, R.C.M. 1947, is renumbered 4-4-401, and is amended to read as follows:

"4-4-401. Fees for licenses — expiration dates — regulation by cities and towns. Each licensee, under the provisions of this *code*, shall pay an annual license fee as follows:

Each "brewer," wherever located, whose product is sold or offered for sale within the state, five hundred dollars *($500)*;

Each "wholesaler" four hundred dollars *($400)*;

Each "retailer" two hundred dollars *($200)*;

Any unit of a nationally chartered veterans' organization fifty dollars *($50)*;

All licenses issued in any year shall expire on the 30th day of June at midnight of such year. A transfer of any such license may be made on application to the Montana *department of revenue* with the consent of the said *department* provided that said transferee shall qualify under this *code*. The cities and incorporated towns may enact ordinances defining certain areas in said cities or towns where beer may or may not be sold providing that said ordinance does not affect the limit of retail beer licenses which shall be issued by the Montana *department of revenue* based upon the population of the city or town and said city or town shall file a certified copy of said ordinance with the Montana *department of revenue*. This *code* shall not be construed or interpreted so as to repeal, amend, modify, change, or alter any provisions of *this code* which require beer manufactured outside of the state of Montana and shipped into Montana to be consigned to and shipped to a licensed wholesaler and by him unloaded into his warehouse or subwarehouse in Montana."

HeinOnline -- 1975 vol. I 810 1975

Section 69. Section 4-342, R.C.M. 1947, is renumbered as section 4-4-402, and is amended to read as follows:

"**4-4-402. Denial of application for license or renewal — suspension or revocation — actions.** The *department* may (1) upon its own motion and shall (2) upon a written, verified complaint of any person, investigate the action and operation of any brewer, wholesaler or retailer licensed under *this code.* If the *department,* after investigation, shall have reasonable cause to believe that any such licensee has violated any of the provisions of this *code,* or any rules, or regulations of the *department,* it may, in its discretion, and in addition to the other penalties herein prescribed, *reprimand a licensee,* proceed to revoke the license of any such licensee, or it may suspend the same for a period of not to exceed three (3) months, or it may refuse to grant a renewal of said license upon the expiration thereof *or impose a civil penalty not to exceed one thousand five hundred dollars ($1500), subject to the opportunity for a hearing under the Montana Administrative Procedure Act.*"

"**4-6-402. Action to enjoin nuisance — injunction — order of court — bond.** An action to enjoin any nuisance defined in this *code* may be brought in the name of the state of Montana by the attorney general of the state or by any county attorney. Such action shall be brought and tried as an action in equity and may be brought in any court having jurisdiction to hear and determine equity cases. If it is made to appear by affidavits or otherwise, to the satisfaction of the court, or judge in vacation, that such nuisance exists, a temporary writ of injunction shall forthwith issue restraining the defendant from conducting or permitting the continuance of such nuisance until the conclusion of the trial. If a temporary injunction is prayed for, the court may issue an order restraining the defendant and all other persons from removing or in any way interfering with the fixtures or other things used in connection with the violation of this act constituting such nuisance. No bond shall be required in instituting such proceedings. It shall not be necessary for the court to find the property involved was being unlawfully used as aforesaid at the time of the hearing, but on finding that the material allegations of the petition are true, the court shall order that no *liquor or* beer shall be manufactured, sold, or bartered in such room, house, building, boat, vehicle, structure, or place, or any part thereof. And upon judgment of the court ordering such nuisance to be abated, the court may order that the room, house, building, structure, boat, vehicle, or place shall not be occupied or used for one (1) year thereafter; but the court may, in its discretion, permit it to be occupied or used if the owner, lessee, tenant, or occupant thereof shall give bond with sufficient surety, to be approved by the court making the order, in the penal and liquidated sum of not less than five hundred

The state treasurer shall, monthly, distribute this amount of money to the incorporated cities and towns in the direct proportion that the population of each city and town bears to the total population of all incorporated cities and towns as shown in the latest official federal census. For cities and towns incorporated after the latest official federal census, the census shall be determined as of the date of incorporation as evidenced by the certificate of the incorporating officials of that city or town. If a city or town disincorporates, it shall cease to receive any funds under this section and the amount previously distributed to the city or town shall be distributed to the remaining incorporated cities and towns. (a) *the* number of *all-beverages* licenses that the *department* may issue for premises situated within incorporated cities and incorporated towns and within a distance of five (5) miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the most recent official United States census authorized by Congress, to wit: In incorporated towns of five hundred (500) inhabitants or less and within a distance of five (5) miles from the corporate limits of such towns, not more than two (2) retail licenses; in incorporated cities or incorporated towns of more than five hundred (500) inhabitants and not over three thousand (3000) inhabitants and within a distance of five (5) miles from the corporate limits of such cities and towns, three (3) retail licenses for the first one thousand (1000) inhabitants and one (1) retail

license for each additional one thousand (1000) inhabitants; in incorporated cities of over three thousand (3000) inhabitants and within a distance of five (5) miles from the corporate limits thereof, five (5) retail licenses for the first three thousand (3000) inhabitants and one (1) retail license for each additional one thousand five hundred (1500) inhabitants. The number of the inhabitants in such cities and towns, *exclusive of* the number of inhabitants residing within a distance of five (5) miles from the corporate limits thereof, shall govern the number of retail licenses that may be issued for use within such cities and towns and within a distance of five (5) miles from the corporate limits thereof; provided, however, that where two (2) or more incorporated municipalities are situated within a distance of five (5) miles from each other, the total number of retail licenses that may be issued for use in both of such municipalities and within a distance of five (5) miles from their respective corporate limits, shall be determined on the basis of the combined population of both of such municipalities and shall not exceed the foregoing limitations. *Notwithstanding the preceding sentence, the total population for determining the quota of a city may include, with the city's population, the population residing outside, but within five (5) miles of the city limits in a case where the number of persons residing outside but within five (5) miles of the city exceeds the number of persons residing within the city. Such a determination may be made only upon a special census taken by the department or its agent at the expense of the applicant for a license under this section.* The said distance of five (5) miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town. Retail *all-beverages* licenses of issue on the date of the passage and approval of this *code* and which are in excess of the foregoing limitations shall be renewable, but no new licenses shall be issued in violation of such limitations; provided that such limitations shall not prevent the issuance of a nontransferable and nonassignable (as to ownership only) retail license to any post of a nationally chartered veterans' organization or any lodge of a recognized national fraternal organization, if such veterans' or fraternal organization has been in existence for a period of five (5) years or more prior to January 1, 1949. No incorporated city or incorporated town may by ordinance restrict the number of licenses that the *department* may issue; provided that no retail license may be issued by the *department* for any premises situated within any zone of a city or town wherein the sale of liquor is prohibited by ordinance, a certified copy of which has been filed with the *department.* The *department* shall have discretion to deny the issuance of a retail license if it shall determine that the premises proposed for licensing are off regular police beats and cannot be properly policed by local authorities.

(b) *the* number of retail *all-beverages* licenses that the *department* may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of five (5) miles from the corporate limits thereof, shall be not more than one (1) license for each seven hundred fifty (750) population of the county, after excluding the population of incorporated cities and incorporated towns in such county."

HeinOnline -- 1975 vol. I 815 1975

Section 80. There is a new R.C.M. section numbered 4-4-203, that reads as follows:

4-4-203. Lapse of license for nonuse. From and after February 1, 1949, any retail license issued pursuant to this code (including any retail license to sell beer for off-premises consumption), not actually used in a going establishment for a period of ninety (90) days, shall automatically lapse. Upon determining the fact of nonuser for such period the department shall cancel such license of record and no portion of the fee paid therefor shall be refundable. The provisions of this subsection shall not apply to the license of any licensee whose premises are operated on a seasonal basis in connection with a bona fide dude ranch, resort, park hotel, tourist facility or like business, provided such licensee has secured written authority from the department to close, has licensed premises for a specified period of greater than ninety (90) days' duration, and providing further that should the department determine that such lapse was reasonably beyond the control of the licensee, then the lapse provision set out above shall not apply.

Section 81. There is a new R.C.M. section numbered 4-4-204, that reads as follows:

4-4-204. Resort licenses. It is the intent and purpose of this section to encourage the growth of quality recreational resort facilities in undeveloped areas of the state and to provide for the orderly growth of existing recreational sites by the establishment of resort areas within which retail liquor licenses may be issued by the department under the terms and as more particularly prescribed below. In addition to the licenses as otherwise set forth in this act, the department may issue resort retail liquor licenses in a resort area.

For the purposes of this section, a resort area is defined as a recreational facility meeting the qualifications determined by the department as hereinafter provided.

The department shall determine that the area for which licenses are to be issued is a resort area, such determination to be made under and pursuant to rules and regulations to be first promulgated on or before December 31, 1975. In addition to the other requirements of this code, a resort area for the purposes of qualification for the issuance of resort retail liquor license must have a current actual valuation of resort or recreational facilities, including land and improvements thereon, of not less than five hundred thousand dollars ($500,000), at least half of which valuation must be for a structure or structures within the resort area, and must be under the sole ownership or control of one person or entity at the time of the filing of the resort area plat referred to in the next paragraph. The word control shall mean lands held under lease, option, or permit. Before first adopting such rules and regulations in regard to resort liquor licenses, the department shall publish a notice of the hearing to be held on said rules and regulations in a regularly published newspaper in the cities of Billings, Bozeman, Butte, Great Falls, Helena, Miles City, Kalispell and Missoula, Montana, said publication to be published in said newspapers at least once a week for four consecutive weeks, the

HeinOnline -- 1975 vol. I 816 1975

last of said publications being at least ten (10) but not more than thirty (30) days prior to the date set for said hearing, which shall be held in Helena, Montana, at a time and place designated by the department.

The resort area must be determined by the resort developer or landowner by a plat setting forth the resort boundaries designating the ownership of the lands within the resort area which plat must be verified by the resort developer or landowner, and filed with the department prior to the filing of any applications by individuals for licenses within the resort area. Such plat must show the location and general design of the buildings, and other improvements to be built in said area in which resort retail liquor licenses are to, or may, be located. A master plan for the development of the said area may be filed by the resort developer in satisfaction of this section.

Upon such filing the department shall forthwith schedule a public hearing to be held in Helena, Montana, to determine whether the facility proposed by the resort developer or landowner is a resort area within the meaning of the rules and regulations of the department. At least thirty (30) days prior to the date of the hearing, the department shall publish notice thereof with a description of the location of the proposed resort area in a newspaper published in the county or counties in which the resort is located, once a week for four (4) consecutive weeks. Each resort developer or landowner shall, at the time of filing his application, pay to the department an amount sufficient to cover the costs of said publication. Persons may present statements to the department at the hearing in person or in writing in opposition or support of the plat. Within thirty (30) days of the hearing the department shall accept or reject the plat. If rejected the department must state its reasons and set forth the conditions, if any, under which the plat will be accepted and the decision of the department may be reviewed pursuant to the review procedure set forth in section 4-4-402.

Once filed with the department, the boundaries of a resort may not be changed without full hearing as above provided and the prior approval of the department, which approval shall be according to public convenience and necessity.

When the department has accepted a plat and a given resort area has been determined, applications may then be filed with the department by persons for the issuance of resort retail liquor licenses within the said resort area. Each applicant must submit plans showing the location, appearance and floor plan of the premises for which application for a license is made.

If an applicant otherwise qualifies for a resort license but the premises to be licensed are still in construction, or are otherwise incomplete and the time of such application, the department shall issue a letter stating that the license will be issued at such time as the qualifications for a licensed premises have been met, setting forth such time limitations and requirements as the department may establish.

In addition to the restrictions on sale or transfer of a license as provided in section 4-4-206 herein, no resort retail liquor license may be sold or

HeinOnline -- 1975 vol. I 817 1975

transferred for operation at a location outside of the boundaries of the resort area.

The annual fee for resort retail liquor licenses within a given resort area shall be two thousand dollars ($2,000) for each such license.

A resort retail liquor license shall not be subject to the quota limitations set forth in section 4-4-202 above and a resort retail liquor license shall be issued by the department on the basis that the department has determined that such license is justified by public convenience and necessity, following a hearing as provided in section 4-4-302.

Section 82. Section 4-406, R.C.M. 1947, is renumbered 4-4-404, and is amended to read as follows:

"**4-4-404. Fee for and expiration of licenses.** Effective July 1, 1944, and at the same date of each year thereafter, the Montana *department of revenue* shall issue licenses for the retail sale of *alcoholic beverages* liquor on an annual basis, and at such fees as are prescribed by law, and such licenses shall expire at midnight of June 30th of the succeeding year. *The department shall notify each applicant for an original license or renewal that he should inform himself of applicable provisions of federal law which may require a permit from a federal agency.*"

Section 83. Section 4-407, R.C.M. 1947, is renumbered 4-4-301, and is amended to read as follows:

"**4-4-301. Application for license — penalty for false statements.** Prior to the issuance of a license as herein provided, the applicant shall file with the Montana *department of revenue* an application in writing, signed by the applicant, and containing such information and statements relative to the applicant and the premises where the *alcoholic beverage* is to be sold, as may be required by the *department.*

The application shall be verified by the affidavit of the person making the same before a person authorized to administer oaths. If any false statement is made in any part of said application, the applicant, or applicants, shall be deemed guilty of a misdemeanor and upon conviction thereof the license, if issued, shall be revoked and the applicant, or applicants, subjected to the penalties provided by law."

Section 84. Section 4-407.1, R.C.M. 1947, is renumbered 4-4-302, and is amended to read as follows:

"**4-4-302. Notice of application — publication — protest.** When an application has been filed with the Montana *department of revenue* for a license to sell *alcoholic beverages* at retail, or to transfer such license, the *department* shall promptly publish in a newspaper of general circulation in the city, town or county from whence such application shall come, a notice that such applicant has made application for such license, and that protests against the issuance of a license to the applicant will be heard at a time *and place* stated in the notice, which shall be in the city of Helena, Montana. Notice of application for a new license shall be published once a week for four (4) consecutive weeks. Notice of application for transfer of a license shall be published once a week for two (2) consecutive weeks. Notice may be substantially in the following form:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-122, R.C.M. 1947, is amended to read as follows:

"**7-122. Taxation of associations.** Every association shall be assessed for and pay taxes upon all real and personal property owned by such association, and also upon the moneyed capital employed in such business, such moneyed capital to be ascertained by deducting from the amount of bonds, notes and other evidences of indebtedness, including evidences of indebtedness secured by mortgage on real estate or personal property, of such associations, the amount standing to the credit of the members of any such association, upon its books, and any indebtedness representing money borrowed for use as moneyed capital. Said moneyed capital as so ascertained shall be taxed at the same rate and take the same classification as shares of stock in a national bank or moneyed capital coming into substantial competition therewith. The secretary of every such association shall furnish to the department of revenue or its agent in the county in which the principal office of such association is located, within five (5) days after demand therefor, a condensed statement verified by his oath, of the resources and liabilities of such association as disclosed by its books, at twelve o'clock noon on the first *day of January* in each year; if such secretary shall fail to make the statement hereby required, the department or its agent shall forthwith obtain such information from any other available source, and for this purpose he shall have access to the books of such association. The department or its agent shall thereupon make an assessment of the real estate and personal property owned by such association, and of the moneyed capital employed in the business of such association, which assessment shall be as fair and equitable as he may be able to make from the best information available, or the department or its agent may, for the purpose of said assessment, adopt the figures disclosed by any prior report made by such association to any state or federal officer pursuant to any state or federal law. Any person required by this section to make the statement hereinabove provided, who shall fail to furnish the same, shall be guilty of a misdemeanor and shall be punished accordingly.

The amount standing to the credit of each member of any such association, upon its books, shall be considered and held as the individual credit of each member, and each member shall list the shares held by him for taxation, at their real value in money, in the county of his residence, the same as other credits are listed, except shares from which loans have been made, or money advanced, by the association, and as to such shares they shall be listed for taxation at the net cash value of the stock, to be ascer-

The county assessor of such abandoned and abolished county shall, until twelve (12:00) o'clock midnight of the thirtieth day of June when said county ceases to exist, aid and assist the county assessors of the counties to which any part of the territory so to be abandoned and abolished will be attached and made a part, in the listing and assessing of all taxable property situated or located within each of such counties to the end that all taxable property within the boundaries of such abandoned county will be fully assessed and taxed."

It must also ascertain and assess all mobile homes arriving in *the* county after 12 midnight of the first *day of January* next preceding. The procedure provided by this section shall not apply to:

(a) Motor vehicles which are required by subdivision (2) hereof to be assessed as of the first day of January; but no mistake in the name of the owner or supposed owner of real property renders the assessment thereof invalid.

(b) Livestock being fed in feeding pens or enclosures which may *by* subdivision (3) of this section be assessed on an average inventory basis. Credits must be assessed as provided in section 84-101, subdivision 6.

(c) Property defined in section 53-642 as "special mobile equipment" *which is* subject to assessment of personal property taxes on the date that application is made for a special mobile equipment plate.

Provided that such tax shall not be assessed against motor vehicles which constitute inventory of motor vehicle dealers as of January 1, but said vehicles, and all other motor vehicles brought into the state subsequent to January 1, as motor vehicle dealer's inventory, shall be assessed to their respective purchasers as of the dates said vehicles are registered by said purchasers, and purchasers means and includes dealers who apply for registration or re-registration of motor vehicles, except as otherwise provided by section 32-3315. Goods, wares and merchandise of motor vehicle dealers, other than new motor vehicles and new mobile homes, shall be assessed at full and true value as of the first *day of January.*

Except that this paragraph shall not apply to an applicant for registration or re-registration of a mobile home, nothing herein contained shall relieve the applicant for registration or re-registration of any other motor vehicle so assessed or subject to assessment of the duty of paying taxes thereon as a condition precedent to registration or re-registration in the event said taxes have not been paid by any prior applicant or owner in all cases where required to be paid.

(3) The assessed value of livestock being fed in feeding pens or enclosures on the first *day of January* may be computed by adding the value of livestock more than six (6) months of age being fed on the last day of each month since the last assessment date and dividing the sum by twelve (12).

(4) The department of revenue or its agent must ascertain and assess all snowmobiles and campers in each county subject to taxation as of January 1 in each year, and the same shall be assessed to the persons by whom owned or claimed, or in whose possession or control such snowmobile or camper was, *including dealers,* at 12 *midnight* of the first day of January in each year."

"**84-409. Statement — what to contain.** The department of revenue or its agent must require from each person a statement under oath setting forth specifically all the real and personal property owned by such person, or in his possession, or under his control at twelve o'clock *midnight* on the first *day in January.* Such statement must be in writing, showing separately:

1. All property belonging to, claimed by, or in the possession, or under the control or management of such person.

2. All property belonging to, claimed by, or in the possession, or under the control or management of any firm of which such person is a member.

3. All property belonging to, claimed by, or in the possession, or under the control or management of any corporation of which such person is president, secretary, cashier, or managing agent.

4. The county in which such property is situated, or in which it is liable to taxation, and (if liable to taxation in the county in which the statement is made) also the city, town, school district, road district, or other revenue districts in which it is situated.

HeinOnline -- 1975 vol. I 837 1975

6. All solvent credits, secured or unsecured, due or owing to such person or any firm of which he is a member, or due or owing to any corporation of which he is president, secretary, cashier, or managing agent.

Whenever one member of a firm, or one of the proper officers of a corporation, has made a statement showing the property of the firm or corporation, another member of the firm, or another officer, need not include such property in the statement made by him; but this statement must show the name of the person or officer who made the statement in which such property is included.

7. All depots, shops, stations, buildings, and other structures erected on the space covered by the right of way, and all other property owned by any person, corporation, or association of persons, owning or operating any railroad within the county.

The fact that such statement is not required, or that a person has not made such statement under oath, or otherwise, does not relieve his property from taxation."

(d). Provided, that any owner of a mortgage on real estate upon which personal property taxes are by this act made a lien, and where the owner of such real estate and personal property has failed to pay taxes due upon such real estate and personal property for one or more years, may file with the department of revenue or its agent in the county in which such property is located a written request to have the personal property and real estate of the owner separately assessed. Personal property which was in the state and subject to taxation on the first *day of January* of any year shall be taxable wherever and whenever found in any county in the state, whether the same be owned, claimed, or possessed by the person owning, claiming or possessing it on the first *day of January* or not; provided, that in case the same property is assessed in more than one county, the county first making the assessment shall be entitled to collect the taxes; provided further, that if the rate of taxation fixed for the year in which the collection is made is an increase over the preceding year's levy, then the said board of county commissioners may direct the county treasurer to collect the amount of such increased levy, but shall not be obliged to do so in cases where, in the opinion of the board, the cost of collection would exceed the amount of such increase, and provided further that if the rate fixed for the year in which the collection is made shall be less than the levy for the preceding year, then the person from whom such excess tax was collected may file with the board of county commissioners a duly verified claim for a refund of such excess tax, at any time before the first day of November of the year in which such an excess was collected, and such claim shall be allowed and ordered paid by the board of county commissioners to the amount of such excess."

If said cashier fails to make such statement as required, the department of revenue or its agent shall forthwith obtain said information from the officers of the bank and for this purpose shall have access to the books of the bank, and the department or its agent shall therefor make an assessment of such stock, which shall be as fair and equitable as can be made from the best information available, or the figures disclosed by any prior report of the officers or directors of the bank, made to any state or federal officer to whom such bank is by law required to make reports, may be adopted."

banking corporation or private banker, and also upon the moneyed capital employed in such business, such moneyed capital to be ascertained as provided by section 84-301; and the cashier or secretary of every such bank or banking corporation, and every such private banker, shall furnish to the department of revenue or its agent in the county in which its or his bank is located, within five days after demand therefor, a statement verified by his oath, showing all the resources and liabilities of such bank as disclosed by its books, at *the close of business on December 31 of the preceding* year; if such cashier, secretary or private banker shall fail to make the statement hereby required, the department or its agent shall forthwith obtain such information from any other available source, and for this purpose shall have access to the books of such bank, banking corporation or private banker. The department or its agent shall thereupon make an assessment of the real estate and personal property owned by such bank, banking corporation or private banker, and of the moneyed capital employed in the business of such bank, banking corporation or private banker, which assessment shall be as fair and equitable as can be made from the best information available or, for the purpose of said assessment the figures disclosed by any prior report made by such bank, banking corporation or private banker to any state or federal officer pursuant to any state or federal law may be adopted. Any person required by this section to make the statement hereinabove provided, who shall fail to furnish the same, shall be guilty of a misdemeanor and shall be punished accordingly.

(2) All shares of stock in any such bank or banking corporation shall be assessed at their full cash value, except to the extent that that value is represented in property which is assessable and taxable to such bank or banking corporation in this state, and shall be taxable to the owners of such shares in the county, school district, city, town, or place where such bank or banking corporation is located and not elsewhere, whether or not the owners of such shares are residents of such county, school district, city, town or place.

(3) The cashier or secretary of any such bank or banking corporation shall furnish to the department or its agent, upon demand, the name of each stockholder with his residence and the number of shares belonging to him at *the close of business on December 31 of the preceding* year; and if such cashier or secretary, for more than five days after such demand, shall fail to furnish such information, he shall be guilty of a misdemeanor and the department or its agent may obtain such information from any other available source, and for such purposes shall have access to the books of such bank or banking corporation. The bank or banking corporation in which such shares are owned shall be liable for the payment of taxes assessed against such shares, and such taxes shall be payable by and may be collected from such bank or banking corporation in the same manner and under the same penalties as other taxes; provided

HeinOnline -- 1975 vol. I 842 1975

that such bank or banking corporation may recover from such owners of shares any taxes so paid on such shares, and shall have a lien therefor upon such shares and upon any dividends accrued or to accrue thereon."

Section 18. Section 84-4606, R.C.M. 1947, is amended to read as follows:

"**84-4606. Banks with offices in more than one county — assessment and apportionment of tax.** Any state or national bank, banking corporation, or private bank, the stock, moneyed capital, or moneys and credits of which are subject to taxation under the provisions of chapter 3 and chapter 46, Title 84, Revised Codes of Montana, 1947, and which has banking offices in more than one (1) county, shall furnish to the department of revenue or its agent in each such county the information required of it by chapter 46, Title 84, Revised Codes of Montana, 1947, together with a statement of the book value of real estate owned and located in the respective counties and a statement of the deposit liability shown by the books of account of said bank at each of its said banking offices at the close of business *on December 31 of the preceding year*; and the aggregate tax on the stock, moneyed capital, and moneys and credits of such bank computed as provided by law shall be assessed by and be paid to the respective counties in the proportion which the amount of the deposit liability shown on the books of the office or offices of such bank located in such counties, respectively, shall bear to the total deposit liability of such bank."

Said moneyed capital shall be taxed at the same rate and take the same classification as shares of stock in a national bank or moneyed capital coming into substantial competition therewith.

The secretary or managing agent of every such association shall furnish to the assessor of the county in which the principal office of such association is located, within five (5) days after demand therefor, a statement in such detail as the department of revenue or its agent may require, verified by his oath of the resources and liabilities of such association as disclosed by its books, at *the close of business on December 31 of the preceding* year. If such secretary or managing agent shall fail to make the statement hereby required, the department of revenue or its agent shall forthwith obtain such information from any other available source, and for this purpose he shall have access to the books of such association. The department of revenue or its agent shall thereupon make an assessment of the real estate and personal property owned by such association, and of the

moneyed capital employed in the business of such association which assessment shall be as fair and equitable as he may be able to make from the best information available, or said assessor may, for the purpose of said assessment, adopt the figures disclosed by any prior report made by such association to any state or federal officer pursuant to any state or federal law. Any person required by this section to make the statement hereinabove provided, who shall fail to furnish the same, shall be guilty of a misdemeanor and shall be punished accordingly."

Section 20. Section 84-6012, R.C.M. 1947, is amended to read as follows:

"**84-6012. Livestock brought into state — notice to department of revenue or its agent.** The owner or the agent, manager or foreman of any person, corporation, or association bringing livestock into this state after the first *day of January* shall immediately after said livestock crosses the state line, forward to the department of revenue or its agent in the county into which the livestock is moved, a registered letter, which letter shall contain the name of the owner of such livestock, of the number thereof, the brand thereon, and the ages of the same, together with the time and place at which said livestock was brought across the state line, provided, that the *department of* livestock at least once each month furnish, from own records to the department of revenue or its agent in the county into which such livestock is moved, a list of the number and kind of livestock so moved, together with the name of the owner thereof."

Section 21. Section 84-6013, R.C.M. 1947, is amended to read as follows:

"**84-6013. Collection of tax on livestock.** The department of revenue or its agent upon receipt of such letter or other information, that livestock has been brought into his county from outside of the state, after the first *day of January* in any year, shall immediately proceed under the provisions of section 84-4201."

Section 22. Section 89-1805, R.C.M. 1947, is amended to read as follows:

"**89-1805. Determination of irrigable area.** (1) For the purpose of determining the number of acres of irrigable lands in each forty-acre tract or fractional lot as designated by the United States public survey, or platted lot, if land is subdivided in lots and blocks (or where land shall be owned in less than forty-acre tracts or in less than the platted lot, then against each such tract) of land in the district, the board of commissioners of any irrigation district organized hereunder, whenever deemed advisable and at any time except as otherwise provided, may cause a careful topographical survey and map of said lands to be made, as well as a specific examination of the character of the soil of each such tract. Upon completion of such survey and maps, and examination, the board shall give notice that at a meeting of said board, to be held at the office of the board on a day to be fixed in said notice, said board will determine the irrigable area of each such tract of land in the district and that it will hear and consider any objection on the part of any landowner in the district to such determination and to adjustment of the irrigable area of

HeinOnline -- 1975 vol. I 844 1975

said district or of any lands within any tract or subdivision thereof. It shall not be necessary to describe said tracts in said notice. Such notice shall be given by publication, once a week for two successive calendar weeks, in a newspaper of general circulation in the county where the office of the board is located, and where lands of any irrigation district lie in more than one county, such notice shall also be published in a newspaper or newspapers of general circulation in each such county. The last publication of said notice shall be at least five days prior to the date fixed for said meeting.

(2) At such meeting, the board shall proceed to determine and fix the number of acres in each tract or subdivision irrigable from the works or proposed works of the district, and shall hear all persons interested who may appear, and shall continue in session from day to day (exclusive of Sundays and legal holidays) as long as may be necessary and until said determination of irrigable area shall have been completed. The board shall hear all evidence offered, including maps and surveys caused to be prepared by it as well as maps and surveys prepared by any owner of lands. Upon such determination, the irrigable area so fixed shall become, and thereafter be, the acreage upon which any special tax or assessment shall be levied, and each irrigable acre shall pay at the same rate as every other acre of irrigable land in said district shall pay; and any special tax or assessment levied for any purpose shall be a lien upon the entire forty-acre tract or fractional lot as designated by the United States public survey, or platted lot, if land is subdivided in lots and blocks (or where land shall be owned in less than forty-acre tracts or in less than the platted lot, then against each such tract) of land in the district of which said irrigable area forms a part, and said lien shall attach to said entire tract as of the first *day of January* in the year in which said special tax or assessment is levied.

(3) Upon completing such determination, the board shall fix, by appropriate resolution or order, the total acreage and the irrigable acreage of each such tract or subdivision, and shall cause to be prepared a list of all lands in said district, which list shall contain an accurate description of each such forty-acre tract or fractional lot as designated by the United States public survey, or platted lot, if land is subdivided in lots and blocks (or where land shall be owned in less than forty-acre tracts or in less than the platted lot, then against each such tract) of land in said district, the total acreage and the number of irrigable acres therein as so fixed and determined, and the name of the owner, or holder of title or evidence of title thereof, ascertained as provided in section 89-1201. Such list, when completed and adopted, shall be filed in the office of the board of commissioners and shall remain there for public inspection. A certified copy of such resolution and list shall be filed with the county clerk and recorder of each county in which any portion of the lands in said district are situated; provided, however, there shall be omitted from such copy lands not situated in the county in which such copy is filed.

(4) No special tax or assessment shall be levied against any forty-acre tract, or fractional lot as designated by the United States public survey, or platted lot, if land is subdivided in lots and blocks (or where lands shall be owned in less than forty-acre tracts or in less than the platted lot, then

HeinOnline -- 1975 vol. I 845 1975

against each such tract) found by said board to contain no irrigable land; nor shall any lien created after the order of determination herein provided for attach to any such tract, nor shall the owner, or owners, of any tract or tracts have any vote or votes in any proceeding or election under the provisions of Chapter 146 of the Laws of 1909, or any amendment thereof, or act supplementary thereto, after the making of such order, unless his said land, or a portion thereof, be found by said board to contain an area irrigable from the works, or proposed works, of said district.

(5) Upon the determination provided for in this section, the board of commissioners shall have the power to refund any taxes paid, or cancel any unpaid taxes or assessments, levied upon an acreage in excess of that so fixed by said order of determination, and where necessary, may issue warrants therefor.

(6) Within sixty days after such resolution adopting said list, the board of commissioners may petition the district court for confirmation of their acts in determining the irrigable area, as aforesaid, and in refunding or canceling any taxes or assessments. The majority in number and acreage of the holders of title or evidence of title to lands in said district, ascertained as in this act provided, may, likewise, within such sixty-day period, petition the district court for review of the actions of the board of commissioners. But one of such proceedings, if prosecuted to determination, shall be exclusive of the other. Upon such proceeding, the court may order any assessment of taxes upon any land or lands to be reduced or raised according to the irrigable area as found by the court, or taxes previously levied upon any area shown to be excessive, to be refunded or canceled.

(7) The provisions of section 89-1402, regarding the procedure as well as the right and time to appeal, shall apply to any proceeding instituted in pursuance of the provisions of this section; provided, however, that nothing in this section shall be deemed or construed to affect or impair the lien of any bonds issued by the district; and provided, further, that if confirmation proceedings are held and a certified copy of the order of confirmation be filed with the county clerk and recorder of the county in which any portion of said lands is situated, it shall not be necessary to file in said office the certified copy of the resolution and order of the board, or of the list, hereinabove provided for.

(8) Provided, however, that where districts have been established in order to co-operate with the United States under the federal reclamation laws heretofore or hereafter enacted, or under any act of Congress, which shall permit of the performance by the United States of work in this state, for the purposes of construction of irrigation works, including drainage works, or for purchase, extension, operation, or maintenance of construction works, or for the assumption as principal or guarantor, of indebtedness to the United States on account of district laws, the determination of the irrigable area of the lands in said district may be made by the said board of commissioners in the manner in this section provided or by the United States at the option of the latter, and, if the United States determines the irrigable area, the proceeding for the apportionment and distribution of the costs of the proposed works or improvements, hereinafter provided for in section 89-1806 shall not be had."

HeinOnline -- 1975 vol. I 846 1975

Section 23. Section 89-1806, R.C.M. 1947, is amended to read as follows:

"**89-1806. Determination of irrigable area — apportionment and distribution of costs of proposed works or improvements.** (1) Whenever a petition for the issuance of bonds of any irrigation district organized hereunder shall have been filed, as hereinbefore in section 89-1703 provided, the board of commissioners of such district shall examine, or cause to be examined, each forty-acre tract or fractional lot as designated by the United States public survey, or platted lot, if land is subdivided in lots and blocks (or where land shall be owned in less than forty-acre tracts or in less than the platted lot, then against each such tract) of land in said district, and cause a careful topographical survey and map to be made, in the manner provided for in section 89-1805. Upon such examination, the board shall determine the number of irrigable acres in each such tract; and shall apportion and distribute the cost of the works or improvements for which said bonds are to be issued, over the tracts within said district according to the irrigable area in each of said tracts or subdivisions, so that each such irrigable acre shall be required to bear the same burden of such costs as each other irrigable acre in said district, and the special tax or assessment levied to meet the principal of and interest on said bonds so authorized, shall become a lien upon the entire tract of which such irrigable area forms a part or portion as of the first *day of January* of the year in which such special tax or assessment is levied, and the number of irrigable acres in each such tract as so determined shall not be diminished but may be increased during the term for which any such bonds may be issued or until the bonds shall be liquidated in full.

(2) Provided, however, that if a proceeding for the determination, in whole or in part, of the irrigable area of the lands in said district has already been had, or a topographical survey or maps thereof prepared, or a court confirmation of said prior proceedings had, in part or in full, the said board may, in its discretion, adopt all or such portions of said prior proceedings; and in such an event, it shall not be necessary to cause an additional survey, or maps, or examination, of any of such tracts to be again made, or to redetermine the irrigable area of any such tract.

(3) The board shall make such determination after hearing had and shall fix the total acreage and the irrigable acreage, and shall cause a list of such irrigable area to be made and filed and the proceedings of the board in connection with such determination, including said hearing and notice of said hearing, and order or resolution fixing the irrigable area and the preparation and filing of said list, shall conform to the requirements set forth in section 89-1805. At such hearing, the said board shall also determine the amount and rate per acre necessary to be levied against each irrigable acre in the district to meet the interest on and principal of said authorized bond issue, and any tax levied for such purposes shall be a lien upon the entire tract of which said irrigable area forms a part. If any landowner in the district shall appear before the board at said time and pay in cash the amount fixed against his said land as its proportion of the amount found necessary for the purposes for which said bonds were authorized and are to be issued, his land shall be excluded

HeinOnline -- 1975 vol. I 847 1975

from the lien of the bond issue and the amount of bonds intended to be issued shall be reduced by the amount of such payment. Any person interested who shall fail to appear before the board at said meeting shall not thereafter be permitted to contest the proceedings of said board, or any part thereof, except upon special application to the court in the proceedings for the confirmation of said bonds and a showing of reasonable excuse for failure to appear before said board of commissioners.

(4) In case any such landowner makes objection to the proceedings of said board in determining the irrigable area in his own or any other tract of land, or the amount or rate per acre of the special tax and assessment to be levied against each irrigable acre in the district for the purposes of the proposed bond issue, and said objection is overruled by the board, such objection without further proceedings shall be regarded as appealed to the district court, and shall, with the other proceedings of said board at said meeting, be heard at the proceedings to confirm said bonds, as provided in section 89-1704, and when so confirmed, said order overruling such objection and confirming the order of the board determining the irrigable area of each tract of land and apportioning the cost of the improvement thereto, shall become final, binding and conclusive upon said landowner and upon the district, unless appealed from as in said section 89-1704 provided.

(5) Provided, however, that whenever the irrigable area of the lands in any irrigation district shall have been determined and confirmed, no owner or holder of title or evidence of title to lands in said district, during the period of any bonds thereafter authorized shall be issued and outstanding, shall have the taxable acreage of his said lands fixed or adjudicated in the manner provided by sections 89-1404 to 89-1408, in such manner or to such extent as to reduce the acreage subject to the payment of such bonds or interest thereon, or in such manner as to affect the security of such bonds or interest thereon."

Section 24. Section 16-4311, R.C.M. 1947, is amended to read as follows:

"**16-4311. Withdrawal of portion of district, petition for.** Any portion of a public hospital district may be withdrawn therefrom as in this section provided, upon receipt of a petition signed by fifty-one per centum (51%) of the taxpayers, or more, residing in and owning property within the area desired to be withdrawn from any public hospital district, on the grounds that such area will not be benefited by remaining in said district. The board of county commissioners shall, upon the filing of such a petition, fix a time for the hearing of such withdrawal petition which time shall not be more than four (4) weeks after the receipt thereof. The board shall, at least two (2) weeks prior to the time so fixed, publish a notice of such hearing in two (2) successive issues of a newspaper published in the county. No petition for withdrawal shall be entertained or acted upon by the board, unless the same is filed before *December 31 of the preceding* year. Any person interested may appear at said hearing and present objections to the withdrawal of said portion from said district. The board shall consider the petition and all objections thereto, and pass upon the merits thereof, and make its order in accordance therewith. Any withdrawal shall be effective as of *January* 1 following the issuance of the withdrawal

HeinOnline -- 1975 vol. I 848 1975

order. Such order is subject to review by the district court of the county, and appeal may be taken from the final judgment of such district court to the supreme court of Montana. All taxable property within the withdrawn area shall remain subject to taxation for any bonded indebtedness of the hospital district existing as of the effective date of the withdrawal, to the same extent as it would have been subject if not withdrawn."

Section 25. Section 75-6505, R.C.M. 1947, is amended to read as follows:

"75-6505. Time limitation for district boundary changes. No elementary district shall be created nor shall any elementary district boundaries be changed between the first day of *January* and the second Monday of August of any calendar year except when:

(1) the entire territory of a district is annexed or attached to another district;

(2) the entire territory of the portion of a joint district located in one (1) county is annexed or attached to another district; or

(3) two (2) or more districts are consolidated in their entirety."

Approved April 12, 1975.

CHAPTER NO. 389

AN ACT TO AMEND SECTION 37-301, R.C.M. 1947, TO PROVIDE FOR PROMPT JUDICIAL REVIEW OF RESOLUTIONS PROPOSED BY POPULAR INITIATIVE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 37-301, R.C.M. 1947, is amended to read as follows:

"37-301. Petition to initiate county resolution — adoption by board — submission to people — waiting period before re-enactment of resolution repealed by people. (1) Resolutions may be proposed by the legal voters of any county in this state, in the manner provided in this act. Fifteen percent (15%) of the legal voters of any county may propose to the board of county commissioners a resolution on a subject within the legislative jurisdiction and powers of such county commissioners, or a resolution amending or repealing any prior resolution or resolutions. Petitions shall be filed with the county clerk. The county clerk shall present the same to the board at its first meeting next following the filing of the petition. The board may, within sixty (60) days after the presentation of the petition to the board, adopt the resolution as set forth in the petition. If the resolution proposed by the petition is passed without change, it shall not be submitted to the people, unless a petition for referendum demanding such submission is filed under the provisions of this act.

HeinOnline -- 1975 vol. I 849 1975

(2) If the board does not, within sixty (60) days, pass the resolution proposed in the petition, then the resolution proposed by the petition shall be submitted to the people. Before submitting such resolution to the people, the board may direct that a suit be brought in the district court in and for the county to determine whether the petition and ordinance are regular in form, and whether the ordinance so proposed would be valid and constitutional. *If the board determines that a suit must be brought, the suit shall be filed within fifteen (15) days after presentation of the petition to the board.* The procedure for judicial review shall be the same as that provided for the cities in section 11-1104 (4) and (5).

(3) If a resolution is repealed pursuant to a proposal initiated by the qualified electors of a county as provided in this act, the board of commissioners may not, within a period of two (2) years thereafter, re-enact such resolution or any resolution so similar thereto as not to be materially different therefrom. If during such two (2) year period the board enacts a resolution similar to the one repealed pursuant to initiative of the voters, a suit may be brought to determine whether the new resolution is a re-enactment without material change of the one so repealed. The same procedures set forth for cities shall apply to such suit and determination of the issues arising thereon. Nothing herein contained shall prevent exercise of the initiative herein provided for, at any time, to procure a re-enactment of a resolution repealed pursuant to initiative of the voters."

Approved April 12, 1975.

(iv) Any toy or other article intended for use by children which the department by rule determines in accordance with section 69-7103(5) of this act presents an electrical, mechanical, or thermal hazard.

(b) The term "hazardous substance" does not apply to pesticides subject to the Federal Pesticide Environmental Control Act or the Montana Pesticide Act, nor to foods, drugs, and cosmetics subject to the Montana Food, Drug and Cosmetic Act, nor to substances intended for use as fuels when stored in containers and used in the heating, cooking, or refrigeration system of a house, but the term applies to any article which is not itself a pesticide within the meaning of the Federal Pesticide Environmental Control Act or the Montana Pesticide Act, but which is a hazardous substance within the meaning of subparagraph (a) of this paragraph by reason of bearing or containing such a pesticide; the term applies to pesticides where human health is directly affected from the use or misuse of pesticides requiring an accident investigation for the purpose of preparing recommendations to federal or state pesticide control agencies.

(c) The term "hazardous substance" does not include any source material, special nuclear material, or by-product material as defined in the Atomic Energy Act of 1954, as amended, and rules issued pursuant thereto by the atomic energy commission.

(ii) produces death within fourteen (14) days in one-half (½) or more of a group of ten (10) or more laboratory white rats each weighing between two hundred (200) and three hundred (300) grams, when inhaled continuously for a period of one (1) hour or less at an atmosphere concentration of two hundred (200) parts per million by volume or less of gas or vapor or two (2) milligrams per liter by volume or less of mist or dust, if such concentration is likely to be encountered by man when the substance is used in any reasonably foreseeable manner; or

(iii) produces death within fourteen (14) days in one-half (½) or more of a group of ten (10) or more rabbits tested in a dosage of two hundred (200) milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for twenty-four (24) hours or less.

(7) "Corrosive" means any substance which in contact with living tissue will cause destruction of tissue by chemical action, but does not refer to action on inanimate surfaces.

(8) "Irritant" means any substance not corrosive within the meaning of subsection (7) which on immediate, prolonged, or repeated contact with normal living tissue will induce a local inflammatory reaction.

(9) "Strong sensitizer" means a substance which will cause on normal living tissue, through an allergic or photodynamic process, a hypersensitivity.

(10) "Extremely flammable" applies to any substance which has a flash point at or below twenty degrees (20) fahrenheit as determined by the tagliabue open cup tester.

(a) "Flammable" applies to any substance which has a flash point of above twenty degrees (20) to and including eighty degrees (80) fahrenheit, as determined by the tagliabue open cup tester.

(b) "Combustible" applies to any substance which has a flash point above eighty degrees (80) fahrenheit to and including one hundred fifty degrees (150), as determined by the tagliabue open cup tester; except that the flammability or combustibility of solids and of the contents of self-pressurized containers shall be determined by methods found by the department to be generally applicable to such materials or containers, respectively, and established by rules issued by the department, which rules shall also define the terms "flammable", "combustible", and "extremely flammable" in accord with such methods.

(11) "Radioactive substance" means a substance which emits ionizing radiation.

(12) "Label" means a display of written, printed or graphic matter upon the immediate container of any substance, or in the case of an article which is unpackaged or is not packaged in an immediate container intended or suitable for delivery to the ultimate consumer, a display of such matter directly upon the article involved or upon a tag or other suitable material affixed thereto, and a requirement made by or under authority of this act that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement, or other information also appears:

(a) on the outside container or wrapper, if any, unless it is easily legible through the outside container or wrapper, and

(b) on all accompanying literature where there are directions for use, written or otherwise.

(13) "Immediate container" does not include package liners.

HeinOnline -- 1975 vol. I 858 1975

(a) which states conspicuously,

(i) the name and place of business of the manufacturer, packer, distributor, or seller;

(ii) the common or usual name or the chemical name (if there be no common or usual name) of the hazardous substance or of each component which contributes substantially to its hazard, unless the department by rule permits or requires the use of a recognized generic name;

(iii) the signal word "danger" on substances which are extremely flammable, corrosive, or highly toxic;

(iv) the signal word on all other hazardous substances;

(v) an affirmative statement of the principal hazard or hazards, such as "flammable", "combustible", "vapor harmful", "causes burns", "absorbed through skin", or similar wording descriptive of the hazard;

(vi) precautionary measures describing the action to be followed or avoided, except when modified by a rule of the department under section 69-7103;

(vii) instruction, when necessary or appropriate, for first-aid treatment;

(viii) "poison" for any hazardous substance which is defined as "highly toxic" by subsection (6);

(ix) instructions for handling and storage or packages which require special care in handling or storage:

(A) "keep out of the reach of children" or its practical equivalent, or

(B) if the article is intended for use by children and is not a banned hazardous substance, adequate directions for the protection of children from the hazard, and

(15) (a) "Banned hazardous substance" means:

(i) any toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance in such a manner as to be susceptible of access by a child to whom the toy or other article is entrusted; or

(ii) any hazardous substance intended, or packaged in a form suitable

HeinOnline -- 1975 vol. I 859 1975

for use by the general public which the department by rule classifies as a "banned hazardous substance" on the basis of a finding that, notwithstanding such cautionary labeling as is or may be required under this act for that substance, the degree or nature of the hazard involved in the presence or use of such substance by the general public is such that the objective of the protection of the public health and safety can be adequately served only by keeping the substance, when so intended or packaged, out of the channels of commerce. However, the department by rule: shall exempt from clause (i) of this paragraph articles, such as chemical sets, which by reason of their functional purpose require the inclusion of the hazardous substance involved or necessarily present an electrical, mechanical, or thermal hazard, and which bear labeling giving adequate directions and warnings for safe use and are intended for use by children who have attained sufficient maturity, and may reasonably be expected, to read and heed the directions and warnings.

(b) Proceedings for the issuance, amendment, or repeal of rules under clause (ii) of subparagraph (a) of this paragraph shall be governed by the provisions of section 69-7103 of the act.

(16) An article may be determined to present an electrical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture may cause personal injury or illness by electric shock.

(17) An article may be determined to present a mechanical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture presents an unreasonable risk of personal injury or illness:

(a) from fracture, fragmentation, or disassembly of the article,

(b) from propulsion of the article (or any part or accessory thereof),

(c) from points or other protrusions, surfaces, edges, openings, or closures,

(d) from moving parts,

(e) from lack or insufficiency of controls to reduce or stop motion,

(f) as a result of self-adhering characteristics of the article,

(g) because the article (or any part or accessory thereof) may be aspirated or ingested,

(h) because of instability, or

(i) because of any other aspect of the article's design or manufacture.

(18) An article may be determined to present a thermal hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture presents an unreasonable risk of personal injury or illness because of heat as from heated parts, substances, or surfaces.

(19) "Court" means, in section 69-7103, the district court for the first judicial district, and in sections 69-7106 and 69-7107, the district court is the district in which the violation occurs.

HeinOnline -- 1975 vol. I 860 1975

Section 3. There is a new R.C.M. section numbered 69-7103 that reads as follows:

69-7103. Declaration of hazardous substance — labeling requirements — court proceedings. (1) When in the judgment of the department such action will promote the objectives of this act by avoiding or resolving uncertainty as to its application, the department may by rule declare to be a hazardous substance, for the purposes of this act, any substance or mixture of substances which the department finds meets the requirements of subparagraph (a)(i) of section 69-7102(4).

(2) If the department finds that the requirements of section 69-7102(14)(a) are not adequate for the protection of the public health and safety in view of the special hazard presented by any particular hazardous substance, the department may by rule establish such reasonable variations or additional label requirements as necessary for the protection of the public health and safety, and any such hazardous substance intended, or packaged in a form suitable, for use by the general public or by children, which fails to bear a label in accordance with the rules shall be a misbranded hazardous substance.

(3) If the department finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein, or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under this act is impracticable or is not necessary for the adequate protection of the public health and safety, the department shall adopt rules exempting such substance from these requirements to the extent of being consistent with adequate protection of the public health and safety.

(4) If the department finds that the hazard of an article subject to this act is such that labeling adequate to protect the public health and safety cannot be devised, or the article presents an imminent danger to the public health and safety, the department may declare the article a banned hazardous substance and require its removal from commerce.

(5) (a) A determination by the department that a toy or other article intended for use by children presents an electrical, mechanical, or thermal hazard shall be made by rule in accordance with this act.

(b) If, before or during a proceeding under paragraph (a) of this subsection, the department finds that, because of an electrical, mechanical, or thermal hazard, distribution of the toy or other article involved presents an imminent hazard to the public health and the department gives notice of such finding, the toy or other article shall be a banned hazardous substance for purposes of this act until the proceeding has been completed. If not yet initiated when the notice is given, the proceeding shall be initiated as promptly as possible.

(c) (i) In the case of any toy or other article intended for use by children which is determined by the department to present an electrical, mechanical, or thermal hazard, any person who will be adversely affected by such a determination may, at any time before the sixtieth day after the rule making the determination is issued by the department, file a peti-

HeinOnline -- 1975 vol. I 861 1975

tion with the court for a judicial review of such determination. A copy of the petition shall be immediately transmitted by the clerk of the court to the department. The department shall file in the court the record of the proceedings on which the department based its determination.

(ii) If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there was no opportunity to adduce such evidence in the proceeding before the department, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the department in a hearing or in such other manner, and upon such terms and conditions, as the court may consider proper. The department may modify their findings as to the facts, or make new findings, by reason of the additional evidence so taken, and they shall file such modified or new findings, and their recommendation, if any, for the modification or setting aside of their original determination, with the return of such additional evidence.

(iii) Upon the filing of the petition under this paragraph, the court has jurisdiction to review the determination of the department. If the court ordered additional evidence to be taken under subparagraph (ii) of this paragraph, the court shall also review the department's determination to determine if, on the basis of the entire record before the court under subparagraphs (i) and (ii) of this paragraph, it is supported by substantial evidence. If the court finds the determination is not so supported, the court may set it aside. With respect to any determination reviewed under this paragraph, the court may grant appropriate relief pending conclusion of the review proceedings.

Section 4. There is a new R.C.M. section numbered 69-7104 that reads as follows:

69-7104. Prohibited acts. The following acts and the causing thereof are prohibited:

(1) The introduction or delivery for introduction into commerce of any misbranded hazardous substance or banned hazardous substance.

(2) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the label of, or the doing of any other act with respect to a hazardous substance if such act is done while the substance is in commerce, or while the substance is held for sale (whether or not the first sale) after shipment in commerce, and results in the hazardous substance being a misbranded hazardous substance or a banned hazardous substance.

(3) The receipt in commerce of any misbranded hazardous substance or banned hazardous substance and the delivery or proffered delivery thereof for pay or otherwise.

(4) The giving of a guarantee or undertaking referred to in section 69-7105(2)(a) which guarantee or undertaking is false, except by a person who relied upon a guarantee or undertaking to the same effect signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance.

HeinOnline -- 1975 vol. I 862 1975

(5) The failure to permit entry or inspection as authorized by section 69-7110(1) or to permit access to any copying of any record as authorized by section 69-7111.

(6) The introduction or delivery for introduction into commerce, or the receipt in commerce and subsequent delivery or proffered delivery for pay or otherwise, of a hazardous substance in a reused food, drug, or cosmetic container or in a container which, though not a reused container, is identifiable as a food, drug, or cosmetic container by its labeling or by other identification. The reuse of a food, drug, or cosmetic container as a container for a hazardous substance shall be deemed to be an act which results in the hazardous substance being a misbranded hazardous substance. As used in this paragraph, the terms "food", "drug", and "cosmetic" shall have the same meanings as in the Montana Food, Drug and Cosmetic Act.

(7) The use by any person to his own advantage, or revealing other than to the department or officers or employees of the agency, or to the courts when relevant in any judicial proceeding under this act, of any information acquired under authority of section 69-7110 concerning any method of process which as a trade secret is entitled to protection.

Section 5. There is a new R.C.M. section numbered 69-7105 that reads as follows:

69-7105. Penalty — exceptions. (1) Any person who violates any of the provisions of section 69-7104 is guilty of a misdemeanor and shall be fined not more than five hundred dollars ($500) or imprisoned for not more than ninety (90) days, or both. For offenses committed with intent to defraud or mislead, or for second and subsequent offenses, the penalty shall be imprisonment for not more than one (1) year, or a fine of not more than three thousand dollars ($3,000), or both imprisonment and fine.

(2) No person is subject to the penalties of subsection (1) of this section:

(a) for having violated section 69-7104(3), if the receipt, delivery, or proffered delivery of the hazardous substance was made in good faith, unless he refuses to furnish on request of an officer or employee duly designated by the department, the name and address of the person from whom he purchased or received such hazardous substance, and copies of all documents, if any there be, pertaining to the delivery of the hazardous substance to him; or

(b) for having violated section 69-7104(1), if he establishes a guarantee or undertaking signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance, to the effect that the hazardous substance is not a misbranded hazardous or a banned hazardous substance within the meaning of those terms in the act.

Section 6. There is a new R.C.M. section numbered 69-7106 that reads as follows:

69-7106. Additional remedies. In addition to the remedies herein-

HeinOnline -- 1975 vol. I 863 1975

after provided, the department is authorized to apply to court for, and such court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of section 69-7104, irrespective of whether or not there exists an adequate remedy at law.

Section 7. There is a new R.C.M. section numbered 69-7107 that reads as follows:

69-7107. Detainer of misbranded or banned hazardous substance. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-103, R.C.M. 1947, is amended to read as follows:

"**87-103. Benefits.** (a) Payment of benefits. Benefits are payable from the fund to any individual who is or becomes unemployed and eligible for benefits as is herein prescribed; provided, however, that wages earned for services performed as an employee representative as defined in the Railroad Unemployment Insurance Act (52 Stat. 1094), or for services performed for an employer, as defined in said act, shall not be included for the purposes of determining eligibility or weekly benefit amount under this act. All benefits shall be paid through public employment offices in the state of Montana, or other agencies designated by the division, in accordance with such rules and regulations as the division may prescribe.

(b) Weekly benefit amount. Any individual whose benefit year begins on or after July 1, 1971, shall receive as his weekly benefit amount, an amount equal to one twenty-sixth (1/26) of his total wages for insured work paid during the calendar quarter of his base period in which his wages were highest. Such weekly benefit amount, if not a multiple of one dollar ($1), shall be rounded to the nearest multiple of one dollar ($1).

On or before May 31 of each year, the total wages paid by all employers as reported on contribution reports submitted on or before such date for the preceding calendar year shall be divided by the average monthly number of individuals employed during the same preceding calendar year as reported on such contribution reports. The amount thus obtained shall be divided by fifty-two (52) and the average weekly wage, rounded to the nearest cent, thus determined. Fifty percent (50%) of the average weekly wage shall constitute the maximum weekly benefit amount and shall apply to all maximum weekly benefit amount claims for benefits filed to establish a benefit year commencing on or after July 1 of the same year. Such maximum weekly benefit amount if not a multiple of one dollar ($1), shall be computed to the nearest multiple of one dollar ($1). *Beginning on July 1, 1975, the fifty percent (50%) of the average weekly*

wage shall be raised to fifty-five percent (55%) and beginning July 1, 1976, be raised to sixty per cent (60%) of the average weekly wage.

The minimum weekly benefit amount shall be twelve dollars ($12).

The division shall prepare and publish annually a benefit schedule in accordance with the provisions of this subsection.

(c) Qualifying wages. To qualify as an insured worker an individual must have been paid wages for insured work in the quarters of his base period, other than the quarter in which his wages were highest, an amount totaling not less than thirteen (13) times his weekly benefit amount.

(d) Wage record. The division shall maintain a record of the wages paid to an individual in accordance with wages earned by him for employment by employers during each quarter.

(e) Benefits. All accrued benefits due and payable at the time of death to any deceased claimant shall be paid to the surviving spouse, or if there be no surviving spouse, then to the surviving children, or if there be no surviving children, then to the next of kin, without the necessity of any recipient obtaining letters testamentary or of administration."

Approved April 12, 1975.

(a) Give written notice of its intended action. The notice shall include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, and the time when, place where, and manner in which interested persons may present their views thereon. The notice shall be filed with the secretary of state for publication in the Montana administrative register as provided in section 6 (2) [82-4206 (2)] of this act and mailed to persons who have made timely requests to the agency for advance notice of its rule-making proceedings. The notice shall be published and mailed at least twenty (20) days in advance of the agency's intended action. If any statute shall provide for a different method of publication, the affected agency shall comply with the statute in addition to the requirements contained herein. However, in no case shall the notice period be less than twenty (20) days.

(b) Afford interested persons reasonable opportunity to submit data, views or arguments, orally or in writing. In the case of substantive rules, opportunity for oral hearing shall be granted if requested by either ten per cent (10%) or twenty-five (25) of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency or by an association having not less than twenty-five (25) members who will be directly affected. Contested case procedures need not be followed in hearings held pursuant to this section. Where a hearing is otherwise required by statute, nothing herein shall be deemed to alter that requirement. The agency shall consider fully written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency, if requested to do so by an interested person either prior to adoption or within thirty (30) days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption.

(c) Refer each rule proposed to be adopted, following compliance with paragraphs (a) and (b), to the administrative code committee of the legislature.

(2) If an agency finds that an imminent peril to the public health, safety or welfare requires adoption of a rule upon fewer than twenty (20) days' notice and states in writing its reasons for that finding, it may proceed, without prior notice or hearing or upon any abbreviated notice and hearing that it finds practicable, to adopt an emergency rule. The rule may be effective for a period not longer than one hundred and twenty (120) days, but the adoption of an identical rule under subsections (1) (a) and (1) (b) of this section is not precluded. The sufficiency of the reasons for a finding of imminent peril to the public health, safety or welfare shall be subject to judicial review.

(3) No rule adopted after the effective date of this act shall be valid unless adopted in substantial compliance with subsections (1) and (2) of this section.

(4) An agency may use informal conferences and consultations as a

means of obtaining the viewpoints and advice of interested persons with respect to contemplated rule making. An agency may also appoint committees of experts or interested persons or representatives of the general public to advise it with respect to any contemplated rule making. The powers of the committees shall be advisory only. Nothing herein shall relieve the agency from following rule-making procedures required by this act.

(5) Rules shall not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference shall clearly indicate that portion of the language which is statutory and the portion which is amplification of the language. "**84-2202. Oil producers' license tax — amount — exceptions.** Every person engaging in or carrying on the business of producing, within this state, petroleum, or other mineral or crude oil, or engaging in or carrying on the business of owning, controlling, managing, leasing or

operating within this state any well or wells from which any merchantable or marketable petroleum or other mineral or crude oil is extracted or produced, sufficient in quantity to justify the marketing of the same, must, for the year beginning July 1, 1957, and each year thereafter, when engaged in or carrying on any such business in this state, pay to the state treasurer, for the exclusive use and benefit of the state of Montana, a license tax for engaging in and carrying on such business, computed at the following rates:

(a) Two and one-tenth per cent (2.1%) of the total gross value of that portion of all the petroleum and other mineral or crude oil produced by such person from each lease or unit in the calendar quarter not in excess of an amount obtained by multiplying the number of producing wells on such lease or unit by four hundred fifty (450) barrels.

(b) Two and sixty-five hundredths per cent (2.65%) of the total gross value of that portion of all the production of such person from each lease or unit in each calendar quarter in excess of four hundred fifty (450) barrels multiplied by the number of producing wells on such lease or unit; but in determining the amount of such tax there shall be excluded from consideration all petroleum, or other crude or mineral oil produced and used by such person during such year in connection with his operations in prospecting for, developing and producing such petroleum, crude or mineral oil; provided, however, that nothing in this act shall be construed as requiring laborers or employees, hired or employed by any person, to drill any oil well, or to work in or about any oil well, or prospect or explore for, or do any work for the purpose of developing any petroleum or other mineral or crude oil to pay such license tax, nor shall any work be done, or the drilling of any well or wells, for the purpose of prospecting or exploring for petroleum or other mineral or crude oils, or for the purpose of developing same, be deemed to be engaging in or carrying on of any such business; provided, further, that in the doing of any such work, or in the drilling of any oil well, or in such prospecting, exploring or development work, any merchantable or marketable petroleum or other mineral or crude oil in excess of the quantity required by such person for carrying on such operation shall be produced sufficient in quantity to justify the marketing of the same, then such work, drilling, prospecting, exploring or development work shall be deemed to be the engaging in and carrying on of such business within this state within the meaning of this section.

Further, for the purposes of this section, leases owned or operated by one (1) lessee which in whole or in part cover or affect an underground reservoir containing a common accumulation of crude petroleum oil or natural gas, or both, or which are encompassed within or affected by one (1) particular unit agreement shall be considered as one (1) lease relative to payments to be made under this section.

(4) In addition to the above-mentioned privilege and license tax, a person, before commencing the drilling of an oil or gas well or stratigraphic test well or core hole, shall secure from the board a drilling permit and shall pay to the board therefor the following amounts: for each well whose estimated depth is thirty-five hundred (3500) feet or less, twenty-five dollars *($25)*; from thirty-five hundred and one (3501) feet to seven thousand (7,000) feet, seventy-five dollars *($75)*; seven thousand (7,000) feet and deeper, one hundred fifty dollars *($150)*.

Each producer of natural gas in the state shall render like statements to the state treasurer of all natural gas produced *and marketed* by him in this state, and shall make payment of the assessment provided for in subsection (1) of this section, at such times and for such periods as may be prescribed by rule of the board. places of business in one (1) statement. *The assessment imposed herein shall be due at the time the oil or natural gas is marketed. Oil or natural gas shall be deemed marketed when it is removed from the property from which it was produced.*

(6) An assessment not paid within the time specified is delinquent, and a penalty of twenty-five percent (25%) thereof shall be added thereto and the whole thereof shall bear interest at the rate of one percent (1%) per month from the date of delinquency until paid. Upon request of the board the attorney general shall commence and prosecute to final determination in any court of competent jurisdiction an action at law to collect the same.

(7) All money collected under this chapter shall be deposited in the earmarked revenue fund by the state treasurer of the state, and shall be used for the purpose of paying all expenses of the board and for no other purpose; all these moneys shall be used by the board subject to the approval of the department of administration and biennial appropriations by the *legislature.*"

Such information shall be provided by the supplier of such meat at the time of delivery, if reasonably available to the supplier. On meat produced outside the United States of America, the store shall place the words "FOREIGN MEAT" or "MEAT FROM (country of origin)" in prominent letters upon the package in which such meat is sold to the consumer. 44-304. Purpose. It is the purpose of this act to establish a program whereby state funds appropriated to the Montana state library commission may be allocated among three different grant programs. The Montana state library commission shall allocate state funding appropriations among three grant programs on the following basis: sixty percent (60%) of each annual appropriation shall be allocated to the basic grant program; thirty percent (30%) of each annual appropriation shall be allocated to the establishment grant program; and ten percent (10%) of each annual appropriation shall be allocated to the special project grant program.

Section 5. There is a new R.C.M. section numbered 44-308 that reads as follows:

In computing the percentage of local support for a federation no participating governmental unit shall be included at more than one hundred percent (100%) of local support, and in computing the basic grant no federation as a whole shall be included at more than one hundred percent (100%) of local support.

Applications for basic grants for the following fiscal year must be submitted to the Montana state library commission by April 30 preceding the fiscal year.

Section 17. Section 93-7704, R.C.M. 1947, is amended to read as follows:

"**93-7704. Calling another justice, when, by whom.** *(1) Disqualification. When a justice of the peace is disqualified from acting on any action because of the application of subsection (1), (2), or (3) of section 93-901, he shall either transfer the action to another justice court in the same county or call a justice from a neighboring county to preside in his behalf, who while so acting is vested with the power of the justice for whom he so holds court.*

(2) Illness or absence. In case of sickness, disability, or absence of a justice for such a period of time that the county commissioners of the county find that there is a delay in the proper administration of justice or upon the written request of the county attorney, another justice, if there is one readily available, or a police judge or some other qualified person shall be called to hold court for the absent justice until the return of the absent justice, and when so called and so acting that person is vested with the power of the justice for whom he so holds court.

(3) Vacation. During the time, when a justice of the peace is on vacation or attending a training session, another justice of the peace of the same county shall be authorized to handle matters that otherwise would be handled by the absent justice. When there is no other justice of the peace in the county, the county commissioners shall handle the situation in the same manner as if the justice were sick or absent.

or absent, that visiting justice of the peace or other person shall be paid all necessary and actual expenses including mileage and if that acting justice is not a justice of the peace receiving a salary then that acting justice shall receive such compensation as is proper for the time involved. Such expenses shall be a proper charge against the county where the court is held.

(5) Court docket entries. When another justice, or any other qualified person is called to preside in a justice court proper entries of all proceedings must be made in the docket of the justice for whom the visiting justice or person holds court. Section 18. Section 95-1910, R.C.M. 1947, is amended to read as follows:

"95-1910. Order of trial. (a) The court may instruct the jury as to its duties. Such general instructions must be settled in the same manner as provided for the settlement of special instructions in subsection (d) of this section.

(b) The county attorney must state the case and offer evidence in support of the prosecution. The defendant may make his opening statement prior to the state's offer of evidence, or may state his defense and then offer evidence in support thereof after the state rests.

(c) The parties may then respectively offer rebutting testimony only, unless the court, for good cause, permits them to offer evidence upon their original case.

(d) When the evidence is concluded, if either party desires special instructions to be given to the jury, such instructions shall be reduced to writing, numbered, and signed by the party, or his attorney, and delivered to the court. The instructions shall be settled by the court, without the presence of the jury, at which settlement counsel for the parties, or the defendant if he is without counsel, shall be allowed reasonable opportunity to examine the instructions requested and proposed to be given by the court, and to present and argue to the court objections to the adoption or rejection of any instruction offered by counsel or proposed to be given to the jury by the court. On such settlement of instructions, the respective counsel, or the parties, shall specify and state the particular ground on which an instruction is objected to, and it shall not be sufficient to object generally that the instruction does not state the law, or is against the law, but the objection must specify particularly wherein the instruction is insufficient, or does not state the law, or what particular clause therein is objected to.

The court shall pass upon the objections to the instructions and shall either give each instruction as requested or proposed or positively refuse to do so, or give the instruction with modification, and shall mark or

HeinOnline -- 1975 vol. I 927 1975

endorse upon each instruction in such a manner that it shall distinctly appear what instructions were given in whole or in part, and in like manner those refused or modified, and if modified, wherein and how modified. All instructions must be filed as a part of the record of the cause. No exceptions are necessary to the rulings of the court on the settlement of instructions.

The court reporter shall be present at such settlement and shall take down all the objections to any or all of the instructions given or refused by the court, together with modifications made therein, and the ruling of the court thereon.

(e) When the instructions have been passed upon and settled by the court, and before the arguments to the jury have begun, the court shall charge the jury in writing, giving in such charge only such instructions as have been passed upon and settled. In charging the jury, the court shall give them all matters of law which it thinks necessary for the jury's information in rendering a verdict.

(f) When the jury has been charged, unless the case is submitted to the jury on either side or on both sides without argument, the county attorney must commence and may conclude the argument. If several defendants having several defenses appear by different counsel, the court must determine their relative order in evidence and argument. Counsel, in arguing the case to the judge *or jury*, may argue and comment upon the law of the case as given in the instructions of the court, as well as upon the evidence of the case."

Section 19. Section 95-2003, R.C.M. 1947, is amended to read as follows:

"**95-2003. Change of place of trial.** (a) The defendant or prosecution, before trial, may move for a change of place of trial on the ground that there exists in the *county* in which the charge is pending such prejudice that a fair trial cannot be had in such *county*.

(b) The motion shall be in writing and supported by affidavit which shall state facts showing the nature of the prejudice alleged. The defendant or the state may file counteraffidavits. The court shall conduct a hearing and determine the merits of the motion.

(c) If the court determines that there exists in the *county* where the prosecution is pending such prejudice that a fair trial cannot be had it shall transfer the cause to any other court of competent jurisdiction in any *county* where a fair trial may be had."

Section 20. Section 95-2005, R.C.M. 1947, is amended to read as follows:

"**95-2005. Formation of trial jury.** (a) Number of Jurors. A jury in justice or police court shall consist of six (6) persons, but the parties may agree to a number less than six (6).

(b) Formation of Trial Jury. The county jury commission, at the time of preparing the district court jury list, shall prepare a jury list for each justice and police court within the county. Each list shall consist of resi-

dents of the appropriate *county*, city or town. Such list shall be selected in any reasonable manner which shall ensure fairness, and it shall include a number of names sufficient to meet the annual jury requirements of the respective court. Additional lists may be prepared if required. The list shall be filed in the office of the clerk of the district court and the appropriate list shall be posted in a public place in each such *county*, city or town, and such list shall comprise the trial jury list for the ensuing year for such *county*, city or town.

Trial jurors shall be summoned from the jury list by notifying each orally that he is summoned and of the time and place at which his attendance is required.

The prosecuting attorney and the defendant or his attorney shall conduct the examination of prospective jurors. The court may conduct an additional examination. The court may limit the examination by the defendant, his attorney or the prosecuting attorney if the court believes such examination to be improper.

Each party may challenge jurors for cause, and each challenge must be tried by the court. The challenge may be for any cause enumerated in section 95-1909(d) (2) of this code. Each defendant shall be allowed three (3) peremptory challenges and the state shall be allowed the same number of peremptory challenges as all of the defendants."

Section 21. **Repealer.** Sections 93-6802, 93-6804, 93-6807 and 93-6808, R.C.M. 1947, are repealed.

Approved April 14, 1975.

(a) Whether the youth committed the violation; and

(b) Whether the violation is of such a nature that he should be returned to the juvenile facility from which he was released.

(2) With regard to this hearing, the youth shall be given:

(a) Written notice of the alleged violation of his aftercare agreement, including notice that the purpose of the hearing is to determine whether he has committed the violation, and, if so, whether or not the violation is of such a nature that he should be returned to the juvenile facility from which he was released;

The referee shall give a written decision to the youth listing the reasons for his decision.

(5) Either the department or the youth may appeal from the decision at the hearing to the district court of the county in which the alleged violation occurred, by serving and filing a notice of appeal with the court within ten (10) days of the decision. The district court, upon receipt of a notice of appeal, shall order the department to promptly certify to the court a record of all proceedings before the board and shall proceed to a prompt hearing on the appeal, based upon the record on appeal. CHAPTER NO. 430

AN ACT AMENDING SECTION 87-109, R.C.M. 1947, SPECIFYING THE METHOD BY WHICH THE STATE, POLITICAL SUBDIVISIONS, INSTRUMENTALITIES, AND LOCAL GOVERNMENTAL UNITS ARE TO MAKE PAYMENTS TO THE EMPLOYMENT SECURITY DIVISION, MONTANA STATE DEPARTMENT OF LABOR AND INDUSTRY; AND ESTABLISHING FLUCTUATING RATES OF RETURN BASED UPON THE TRUST FUND BALANCE; REPLACING CHARGEBACK FACTOR WITH QUARTERLY PAYROLL DECLINE FACTOR; CHANGING THE TAXABLE WAGE BASE; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

HeinOnline -- 1975 vol. I 946 1975

Section 1. Section 87-109, R.C.M. 1947, is amended to read as follows:

"**87-109. Contributions.** (a) Payment. (1) Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this act, with respect to wages, as defined in section 87-149 (c), paid for employment (as defined in this act) occurring during such calendar year. Such contributions shall become due and be paid by each employer to the division for the fund in accordance with such regulations as the division may prescribe and shall not be deducted, in whole or in part, from the wages of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half (½) cent or more, in which case it shall be increased to one (1) cent.

(b) Rate of contribution.

(1) Each employer shall pay contributions at the rate of three and one-tenth per centum (3.1%) of wages, as defined in section 87-149 (c) paid by him with respect to such employment, except as provided in subsection (c) of this section.

Nonprofit organizations defined in section 501 (c) (3) of the federal internal revenue code and which are exempt from tax under section 501 (a) of such code may elect to make payments in lieu of contributions; the state and its political subdivisions specifically covered by this act and those electing coverage shall make payments in lieu of contributions.

A group of nonprofit organizations may elect with the approval of the division to act as a group in fulfilling the requirements of this subsection or of this act.

(2) Employers required or eligible to elect to make payments in lieu of contributions shall pay into the fund an amount equivalent to the full amount of regular benefits plus one-half (½) of the amount of extended benefits paid to individuals based on wages paid by such employing unit. If benefits paid an individual are based on wages paid by both such employer and one (1) or more other employers, the amount payable by such employer to the fund shall bear the same ratio to total benefits paid to the individual as the base period wages paid to the individual by such employer bear to the total amount of base period wages paid to the individual by all his base period employers. If the base period wages of an individual include wages from more than one (1) such employer, the amount to be paid into the fund with respect to the benefits paid to such individual shall be prorated among the liable employers in proportion to the wages paid to such individual by each such employer during the base period. The amount of payment required from such employers shall be ascertained by the division quarterly and shall become due and payable by such employer quarterly as directed in this act. Penalty and interest for delinquency shall be assessed such employers as specified in section 87-135.

(3) Any nonprofit organizations as defined in subsection (b) (1) of this

HeinOnline -- 1975 vol. I 947 1975

section electing to become liable for payments in lieu of contributions must file with the division a written notice of its election not later than thirty (30) days immediately following the date of the determination of subjectivity to this act. This election shall be for a period of not less than two (2) years.

(A) Any nonprofit organization may terminate its election to make payments in lieu of contributions after two (2) calendar years from the effective date of such election by filing a written notice with the division not later than thirty (30) days prior to the beginning of the taxable year for which such termination is effective.

(B) Any nonprofit organization defined in subsection (b) (1) of this section which has been paying contributions for at least two (2) taxable years may change to payments in lieu of contributions by filing with the division a written notice to that effect within thirty (30) days before the beginning of the taxable year for which the change is effective.

(C) If the nonprofit organization is delinquent in making payments in lieu of contributions, the division may terminate the election to make payments in lieu of contributions as of the beginning of the next taxable year, and such termination shall be effective for that and the next taxable year.

(4) Payments in lieu of contributions by the state and its political subdivisions shall be an amount equivalent to the amount of benefits paid to individuals based on wages paid by the state and its political subdivisions. The method of determining benefits attributable shall be the same as that set forth in subsection (b) (2) of this section.

(A) From the date of subjectivity to this act through December 31, 1974, payments shall equal three-tenths percent (.3%) of total wages paid employees for services in employment during the calendar quarter. Employing units covered under this act after December 31, 1974, shall make payments equal to four-tenths percent (.4%) of total wages paid employees for services in employment during the calendar quarter.

(B) The rates shall be adjusted after three (3) calendar years of subjectivity and the rate shall equal a calculated percentage of total wages paid. Such percentage being derived by dividing the total sum of benefits charged to the employer's account for all past periods which are completed transactions by September 30 immediately preceding the computation date by total wages paid by said employing unit through December immediately preceding the computation date.

(C) When an employing unit becomes eligible for a rate adjustment the division shall determine whether the total payments for the three (3) calendar years and subsequent calendar years is less than, or in excess of, the total sum of benefits charged to the employer accounts. Each employing unit whose total payments for the period are less than the benefit charges shall be liable for payment of the unpaid balance. Such amount shall be due within thirty (30) days from the notice given by the division. If the total payments exceed the amount so determined for the period, the excess may, at the discretion of the division, be refunded or retained as part payments which may be required from the next calendar year.

HeinOnline -- 1975 vol. I 948 1975

(c) Experience rating.

The division shall for each calendar year, classify employers in accordance with their actual contributions and unemployment experience and shall determine for each employer the *experience factor* which shall apply to him throughout the calendar year in order to reflect said experience and classification. The division shall apply such form of classification or experience rating system which is best calculated to rate individually and most equitably the employment for each employer and to encourage the stabilization of employment.

In making such classification, the division shall take account, each to an equal extent, of the following factors relating to the unemployment hazard shown by each employer on the basis of (1) average annual net percentage declines in total payrolls for the last three (3) years prior to computation date; (2) number of years the employer has paid contributions; and (3) *average quarterly percentage declines in total payrolls for the last three (3) years prior to computation date.* The computation date is hereby fixed as of the close of business on June 30 of the preceding calendar year.

Wages shall be adjusted in the determination of the annual and quarterly decrease percentages of any employer's payroll in whose factory or establishment there was in any year in the qualifying period of such employer, a stoppage of work due to a strike which caused a decrease in such employer's payroll of such magnitude that his actual quarterly and annual payroll caused by such a decrease or decreases when used with other annual and quarterly payroll decreases, if any, in his qualifying period would cause an increase in such employer's contribution rate. An employer's adjusted quarterly payroll for that quarter in which such stoppage of work existed shall be determined by multiplying each such payroll or adjusted payroll for the quarter immediately preceding the quarter in which such stoppage of work existed by the average quarterly variation ratio. The average quarterly variation ratio shall be computed by

(1) dividing the payroll, or if adjusted, the adjusted payroll, for that quarter in each of the prior years of an employer's qualifying period which corresponds to the respective quarter in which a stoppage of work due to a strike existed, by the payroll or adjusted payroll for the respective quarter immediately preceding such corresponding quarter, and

(2) totaling the ratio thus obtained and dividing by the number of such ratios.

EMPLOYER CLASSIFICATIONS:

Employers, for the second calendar quarter of the calendar year 1975 and thereafter, shall be grouped into fourteen (14) classes, to be designated as classes I through XIV, respectively, in accordance with their experience factor.

Each employer shall be in the class listed below on the same horizontal line on which his experience factor appears, and each qualified employer shall pay the contribution rate assigned to his class pursuant to the provisions of reserve to total wages.

Section 2. This act is effective on April 1, 1975.

Approved April 14, 1975.

CHAPTER NO. 431

AN ACT FOR THE CODIFICATION AND GENERAL REVISION OF THE LAWS RELATING TO THE DEPARTMENT OF BUSINESS REGULATION.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 5-109, R.C.M. 1947, is amended to read as follows:

"5-109. Definition of words and terms. *Unless the context requires otherwise, in this act:*

(1) "Capital," "capital stock," and "paid-in capital" mean that fund for which certificates of stock are issued to stockholders.

(2) "Surplus" means a fund paid in or created *under* this act by a bank from its net earnings or undivided profits, which when set apart and designated as such, is not available for the payment of dividends and cannot be used for the payment of expenses or losses so long as such bank has undivided profits.

(3) "Undivided profits" means the credit balance of the profit and loss account of *a* bank.

(4) "Profit and loss account" or "profit and loss" means that account carried on the books of the bank into which all earnings accounts and recoveries are closed, thus exhibiting "gross earnings" and against which all loss and other disbursement items are charged revealing "net earnings" which are then properly closed to "undivided profits accounts" or "undivided profits," out of which dividends are paid and reserves set aside.

HeinOnline -- 1975 vol. I 952 1975

(5) "*Net* earnings" means the excess of the gross earnings of *a* bank over expenses and losses chargeable against *those* earnings during any one year.

(6) "*Time* deposits" means all deposits, the payment of which cannot legally be required within thirty (30) days.

(7) "*Demand* deposits" means all deposits, the payment of which can legally be required when demanded.

(8) "*Consolidate*" and "merge" mean the same thing and may be used interchangeably in this act.

(9) "Department" means the department of business regulation provided for in Title 82A, chapter 4.

(10) "Board" means the state banking board provided for in section 82A-407."

Section 2. Section 5-202, R.C.M. 1947, is amended to read as follows:

"**5-202. Presentation of articles to department of business regulation — secretary of state to issue certificate — when body corporate.** *The* articles of agreement shall be presented to the *department of business regulation,* together with an application in writing in the form prescribed by the *department* for a certificate authorizing the proposed corporation to transact within this state the business specified *in the articles of agreement.* Upon the presentation of the articles of agreement, together with *the* application, the *department* shall ascertain whether the requisite capital of *the* bank has been subscribed and been paid up in cash. *It* shall also determine whether the corporation is being formed for any other *purpose* than the legitimate business contemplated by this act, or whether the public convenience and advantage will be promoted by the opening of *the* bank. *It shall determine* whether the corporate name assumed by *the* bank, by reason of the use of any one or more of the words "commercial," "trust," "savings," or "investment," in conjunction with any other word or words, resembles so closely the name of any other bank previously formed under this act *as to be likely to cause confusion. The department* shall also ascertain from the best sources of information at *its* command whether the character and general fitness of the persons named as stockholders command confidence of the community in which *the* bank is proposed to be located. The expenses of the *department* in making the examination required by this *section* shall be paid by the proposed bank, and payment shall be made in advance if required by the *department. All information gathered by the department under this section shall be transmitted to the board for its use in conducting hearings on applications for certificates of authorization.*"

Section 3. There is a new R.C.M. section numbered 5-202.1 that reads as follows:

5-202.1. Board to refuse or approve application. The board may refuse or approve an application for a certificate of authorization in accordance with sections 5-607 through 5-614.

HeinOnline -- 1975 vol. I 953 1975

Section 4. Section 5-203, R.C.M. 1947, is amended to read as follows:

"**5-203. Filing of certificate and articles of agreement.** The articles of agreement, together with one of *the* certificates of authorization, issued by the *department*, shall be filed in the office of the clerk and recorder of the county in which is located the principal place of business of the proposed bank. *A* certified copy of the articles of agreement, together with the certificate of authorization, shall be filed with the secretary of state. Upon filing with the secretary of state the articles of agreement and the certificate of authorization, and paying the fee required for the filing of articles of incorporation, the secretary of state shall issue a certificate setting forth that *the* corporation has been duly organized, the amount of its authorized and subscribed capital, and the business in which it is to engage. *This* certificate shall be taken by all courts of this state as evidence of the corporate existence of *the* bank. The *persons* signing and acknowledging the articles of agreement, and their associates and successors, *are then* a body corporate with power of continual succession, and by *that* name they and their successors *are* entitled to have, possess, and enjoy all the rights and privileges conferred by this act."

Section 5. Section 5-208, R.C.M. 1947, is amended to read as follows:

"**5-208. Board of directors — qualifications, tenure, and vacancies.** The affairs of the bank shall be managed by a board of directors, not less than three (3) or more than eleven (11) in number, all of whom shall be stockholders of *the* bank and citizens of the United States, and of whom at least two-thirds (⅔) must be residents of *this* state. *A* person who *has* been convicted of a crime against the banking laws of the United States or of any state *may not* be elected a director. The directors shall be elected for a term of one (1) year at the annual meeting of the stockholders, which shall be held on the second Tuesday in January of each year. *If* the election *is* not *held* on the day fixed for the annual meeting, the corporation *may* not thereby be dissolved, but an election may be *held* at any other time agreeable to the bylaws of the corporation, and the persons so elected shall hold their office until the second Tuesday *of the following* January, or until others are elected and qualified. In case of death or resignation of one or more of *the* directors, the vacancy shall be filled by the board, and the directors so appointed shall hold office until the next annual election. Every director shall take and subscribe an oath that he will diligently and honestly perform his duty in *the* office, *that he* will not knowingly violate or permit a violation of any of the provisions of this act, *and* that he is the owner in good faith of the required number of shares of stock in the bank standing in his name on the books of the bank. *The* oaths shall be made in duplicate, one copy of which shall be transmitted to the *department* and filed in *its* office, and one copy shall be kept on file in the office of the bank."

Section 6. Section 5-210, R.C.M. 1947, is amended to read as follows:

"**5-210. Selection of officers and employees — meetings and minutes.** The board of directors *may* elect a president, one or more vice-presidents, cashier, and one or more assistant cashiers, and other officers and employees *which* they may from time to time *consider* to be to the best interest of the bank, and fix their compensation. The president and

HeinOnline -- 1975 vol. I 954 1975

at least one vice-president shall be chosen from the board of directors. The board of directors shall also elect a secretary, who shall keep a correct report of the meetings of the board and of the stockholders in a book kept for that purpose, which minutes shall particularly disclose the date of the meetings and the names of the directors or stockholders present. This record of the meetings of the board of directors shall be subscribed to by the presiding officer and secretary. *The* minutes shall be read and approved at the *following* meeting of the board of directors, and the minutes of *the following* meeting shall show *that* fact. *The* minute-book shall be kept in the office of the bank at all times, and shall be presented to the *department* at the time of *its* examination of the books. *The department shall* include in *its* report of examination of *the* bank a statement of the dates on which *the* meetings were held since the last examination of *the* bank by *it*, and the names of the directors in attendance at each of *those* meetings. The board of directors of a bank must hold a meeting at least once a month. *A* person who *makes* a false entry in *the* book, or who *changes* or *alters an* entry made *in it, is* guilty of a misdemeanor."

Section 7. Section 5-214, R.C.M. 1947, is amended to read as follows:

"5-214. Change of place of business and number of directors authorized. *A* bank may, upon approval of the *board*, change its principal place of business from one place to another, in the same county, or in an adjacent county, within this state, and may increase or diminish the number of trustees or directors in the manner provided *in sections 5-215 through 5-217*."

Section 8. Section 5-216, R.C.M. 1947, is amended to read as follows:

"5-216. Certificate of proceedings — contents and effect. If, at the time and place specified in the notice provided for in section *5-215*, stockholders appear in person or by proxy representing not less than two-thirds (⅔) of all the shares of stock of the corporation, and organize by choosing one of the trustees or directors chairman of the meeting and also a suitable person for secretary, and proceed to a vote of those present in person or by proxy, and if two-thirds (⅔) of the votes representing all the *outstanding* capital stock have been cast in favor of increasing or diminishing the amount of capital stock, or of changing its corporate name, or of changing its principal place of business, a certificate of the proceedings showing a compliance with the provisions of this act, the amount of capital stock actually paid in, the whole amount of debts and liabilities of the corporation, the amount to which the capital stock shall be increased or diminished, or the change in the corporate name of the corporation, or the change in the principal place of business, shall be made out, signed, and verified by the affidavit of the chairman, and be countersigned by the secretary, and *the* certificate shall be acknowledged by the chairman. *The* certificate shall then be sent to the *department which* shall within thirty (30) days of receipt either approve or reject the application for change. The action of the *department* on *the* application *is* final. If *it* approves the *certificate it* shall notify the bank *at which time* the certificate shall be filed in the office of the county clerk and recorder of the county *in which* the bank is located and in the office of the secretary of state. Upon *the* filing, the change *is* effective."

HeinOnline -- 1975 vol. I 955 1975

Section 9. Section 5-217, R.C.M. 1947, is amended to read as follows:

"**5-217. Change in number of directors — procedure — approval by department.** *(1) A* state bank or trust company may increase or diminish the number of its directors or may provide that the number of directors elected at each annual meeting, within the limits specified in this act, shall constitute the board for the year, *with* all vacancies to be filled by the board taking the action, and also may provide that a majority of the full board of directors may increase the number of the directors of the bank, not exceeding two (2) within the limits specified in this act, and appoint persons to fill the resulting vacancies between meetings of the stockholders by amending its articles of incorporation at any regular annual meeting, or at any special meeting called and noticed for that purpose, of the stockholders of the bank or trust company. *However,* the number of directors *may* not at any time be less than three *(3)* or more than eleven *(11).*

(2) When a bank or trust company *decides* to call a special meeting of the stockholders for the purpose of amending its articles of incorporation relative to the number of directors, written or printed notice of *the* meeting must be deposited in the post office addressed to each stockholder of record entitled to vote at *the* meeting under the articles of incorporation or amendments *to them,* and the laws and constitution of Montana, at his last known place of residence at least ten days previous to the date set for the holding of *the* meeting. *In* addition, *the* notice must be published once a week for two consecutive weeks in a newspaper published in the county *where* the principal place of business of *the* corporation is situated. If no newspaper is published in the county it *is* not necessary to publish *the* notice. *However,* the matter of amending the articles of incorporation to change the number of directors may be submitted to and acted upon at any annual meeting of the stockholders without special notice.

(3) If at the time and place specified in the notice of *the* special meeting or at the annual meeting of the stockholders, stockholders representing two-thirds *(⅔)* of all the shares of stock of the corporation appear in person or by proxy and vote in favor of *the* amendment, a certificate of the proceedings showing a compliance of the provisions of this act and the amendment relative to the number of directors shall be prepared, certified and sworn to and filed with the *department. The department* shall, within thirty *(30)* days after the receipt *of the certificate,* either approve or reject the amendment. The action of the *department* on *the* amendment *is* final. If *it* approves the *amendment, it* shall notify the bank, whereupon the certificate with the *department's* approval attached *to it* shall be filed in the office of the county clerk and recorder of the county *in which* the bank is situated, and a certified copy *of it* shall be filed in the office of the secretary of state. Upon the filing of *the* certified copy with the secretary of state, the amendment *becomes* effective."

Section 10. Section 5-301, R.C.M. 1947, is amended to read as follows:

"**5-301. Dissolution and disincorporation.** Commercial banks, savings banks, trust companies, and investment companies may be dissolved in the manner provided by the laws of *this state* applicable to the

HeinOnline -- 1975 vol. I 956 1975

dissolution of other corporations. *However, a* bank *or trust company may,* upon a vote of two-thirds (⅔) of its stockholders at a special meeting called for that purpose in accordance with *its* bylaws, voluntarily quit business and liquidate upon the payment of its debts, exclusive of liability to stockholders, or upon agreement with all of its creditors to a plan of liquidation. *A* bank or trust company desiring to voluntarily liquidate shall *apply* to the *department of business regulation* for permission to so liquidate and, in addition to complying with the laws of *this* state governing the liquidation of corporations, shall comply in all respects with the requirements or rules of the *department* governing voluntary dissolution. The board of directors of *a* bank, whose stockholders have voted to place it in voluntary liquidation, shall appoint a liquidating agent to wind up the affairs of *the* bank. *The* liquidating agent, on authority of the board of directors, *may* execute deeds for the transfer of real property and do all things necessary to *carry out* the proper liquidation of *the* bank. Nothing in this section *prevents* the *department* from taking charge at any time when in *its* opinion the interest of creditors or stockholders is not being protected. *The* decision of the *department* in *these* matters *is* controlling."

Section 11. Section 5-403, R.C.M. 1947, is amended to read as follows:

"5-403. Scope of term "liquidating officer" — department of business regulation to file inventory with district court — report. The liquidating officer of a bank *may* decide when the assets of a failed bank are not sufficient to pay the debts, contracts, engagements and liabilities and he may determine the question of the time when and the court where necessary *legal proceedings* shall be *conducted,* subject to the general provisions of law governing venue and place of trial. For the purposes of this section the term "liquidating officer" *includes* every person legally empowered to liquidate the business and affairs of a state bank whether the *liquidation is by the department of business regulation, its* deputies and agents and also *includes* all receivers of state banks qualified to liquidate a state bank under any law of *this state. The* provisions of this *chapter do* not impose any liability on *a* stockholder of a bank which is a member of the Federal Deposit Insurance Corporation. The *department* shall, within ninety (90) days after taking charge of an insolvent bank, *file* with the district court having jurisdiction a complete inventory of all of the property and assets of *the* insolvent bank, such as furniture, fixtures, real estate, mortgages, bonds, *and* notes, secured and unsecured. *It* shall *also* every six *(6)* months or *more often,* if required by the court, *file* with the court a report showing the conditions of the liquidation of *the* bank, the assets that have been liquidated and collected, the amounts and manner of payments made to creditors, the manner in which claims have been handled, and the assets on hand. The report *shall* contain other information the court *requires,* so that the court and the public may be apprised of the condition of *the* bank and the manner in which it is being liquidated with respect to the collection and sale of assets belonging to *the* bank and the manner in which claims are being paid. *The* report and account shall be set for hearing upon *the* notice the court may require and if found to be correct shall be approved by the court."

Section 12. Section 5-504, R.C.M. 1947, is amended to read as follows:

"5-504. Real estate which banks may purchase, hold or convey.

HeinOnline -- 1975 vol. I 957 1975

(1) A bank organized under the provisions of this act may purchase, hold, or convey real estate *which*:

(a) Is necessary for the proper transaction of its business, but it shall not invest an amount exceeding fifty per cent (50%) of its paid-up capital and surplus in the lot and building in which the business of the company is carried on, furniture, *equipment* and fixtures, vaults and safety vaults, and boxes necessary or proper to carry on its banking business;

(b) Is mortgaged to it in good faith by way of security for loans previously made or moneys due to the corporations;

(c) Is conveyed to it in satisfaction of debts previously contracted in the course of its business;

(d) It purchases at sales under judgments, decrees, or mortgages held by the company.

(2) Real estate acquired in the manner set forth in *subsections 1(c)* and *1(d) of this section may* not be held longer than five *(5)* years from the date of acquisition, unless special written permission to do so *is* granted by the *department of business regulation. The* real estate *shall* be carried on the books of the bank for an amount not greater than *its* cost to the bank, including costs of foreclosure and other expenses of acquiring title."

Section 13. Section 5-506, R.C.M. 1947, is amended to read as follows:

"**5-506. Limitation on real estate loans.** *(1) A* commercial bank organized under the laws of *this* state may make real estate loans, secured by first liens upon improved real estate, including improved farm land and improved business and residential properties and may purchase *an* obligation so secured when the entire amount of *the* obligation is sold to the bank. *The* amount of *the* loan *may* not exceed fifty *percent* (50%) of the appraised value of the real estate offered as security, and *the* loan *may not* be made for a longer period than five (5) years, except that:

(a) The loan may be made in an amount not to exceed sixty *percent* (60%) of the appraised value of the real estate offered as security and for a term not longer than twenty (20) years if *the* loan is secured by an amortized mortgage, deed of trust, or *similar* instrument, under the terms of which the installment payments are sufficient to amortize forty *percent* (40%) or more of the principal of the loan within not more than twenty (20) years; and

(b) A commercial bank *may not* make *those* loans in an aggregate sum in excess of the amount of its capital stock paid in and unimpaired plus the amount of its unimpaired surplus or in excess of sixty *percent* (60%) of the amount of its time and saving deposits, whichever is greater.

(2) Loans made to finance the construction of residential or farm buildings and having maturities of not to exceed six (6) months, whether or not secured by a mortgage or a similar lien on real estate upon which the residential or farm building is being constructed, *are* not loans secured by real estate within the meaning of this *section*, but shall be classed as ordinary commercial loans. *A* commercial bank *may not* invest in or be liable on any *of those* loans in an aggregate amount in excess of fifty *percent* (50%) of its actually paid-in and unimpaired capital.

HeinOnline -- 1975 vol. I 958 1975

(3) Loans made to establish rural or commercial businesses which are in whole or in part discounted or loaned against as security by a federal reserve bank for any part of which a commitment *has* been made by a federal reserve bank or in which *an agency of the federal government* cooperated or purchases a participation in, *are* not subject to the restrictions or limitations of this *section* upon loans secured by real estate. *A* commercial bank in this state *has* from time to time the same authority to make loans upon real estate *which* may be given by acts of Congress or the federal reserve system to national banks or bank members of the federal reserve system.

(4) The limitations and restrictions *imposed by this section do* not prevent the renewal or extension of loans made *before February 18, 1941,* and *do* not apply to real estate loans which are insured under the provisions of any act of Congress. *Those* limitations and restrictions *do* not apply to the making, extension, or renewal of any loans made under subchapter II of the act of Congress known as the Servicemen's Readjustment Act of 1944, or any amendment or supplement *to that act.*

(5) This section, however, *does* not prevent *a* bank from taking another and immediately subsequent mortgage or deed of trust when it already holds a first mortgage or deed of trust on *the* real estate, *or* from accepting a second lien on real estate to secure the repayment of a debt previously contracted in good faith. *These provisions do not* prevent subsequent liens of any kind from being taken to secure the payment of a debt previously contracted in good faith, when, in the judgment of the directors of *the* bank, *the* subsequent liens are necessary further to secure the payment of any debts and save *the* bank from loss. "*Commercial* bank" as used in this section *means* a bank organized to do *only* the business specified in sections 5-104 to *5-107.*"

Section 14. Section 5-508, R.C.M. 1947, is amended to read as follows:

"**5-508. Business prohibited unless under department — use of certain words prohibited — court may enjoin.** *A* person, firm, company, copartnership, or corporation, either domestic or foreign, not subject to the supervision of the *department,* and not required by the provisions of this act to report to *it,* and which has not received a certificate to do a banking business from the *department may not* advertise that he or it is receiving or accepting money or savings for deposit, investment, or otherwise, and issuing notices or certificates of deposit therefor, or use *an* office sign, at the place where *the* business is transacted, having *on it an* artificial or corporate name, or other words indicating that *the* place or office is the place or office of a bank or trust company, or that deposits are received there or payments made on check, or any other form of banking business transacted. *That* person, or persons, firm, company, copartnership, or corporation, domestic or foreign, *may not* use or circulate letterheads, bill-heads, blank notes, blank receipts, certificates, or circulars, or any written or printed or partly written and partly printed paper, whatever, having *on them an* artificial or corporate name or other word or words indicating that *the* business is the business of a bank, savings bank, or trust or investment company. *That* person, firm, company, copartnership, or corporation, or any agent of a foreign corporation, not

Upon *suit* by the *department*, the court may issue an injunction restraining *that* person, firm, company, copartnership, or corporation from further using *those* words in violation of the provisions of this section, or from further transacting business in a manner *which leads* the public to believe that its business is that of a bank, savings bank, trust, or investment company, during the pendency of *the* action and *permanently*, and may *enter any* other order or decree as equity and justice require."

Section 15. Section 5-509, R.C.M. 1947, is amended to read as follows:

Upon action brought by the *department*, the court may issue an injunction restraining *a* person, firm, company, copartnership, or corporation from further violating any provision of this section, and may *enter a* further order or decree as equity and justice require. *A* person, firm, company, copartnership, or corporation doing any of the things or transacting any of the business

defined in this section, must transact *that* business according to the provisions of the Bank Act, and the *department may* examine the accounts, books, papers, cash, and credits of *that* person, firm, company, copartnership, or corporation, domestic or foreign, in order to ascertain whether *that* person, firm, company, copartnership, or corporation has violated or is violating any provisions of this section."

Section 16. Section 5-519, R.C.M. 1947, is amended to read as follows:

(1) Knowingly receives or possesses himself of any of its property, otherwise than in payment for a just demand, and with intent to defraud, omits to make or to cause or direct to be made a full and true entry *of it* in its books and account; or,

(2) Concurs in omitting to make any material entry thereof; or,

(3) Knowingly concurs in making or publishing any written report, exhibit, or statement of its affairs or pecuniary condition, containing any material statement which is false; or,

(4) Having the custody or control of its books, willfully *refuses* or neglects to make *a* proper entry in the books of *that* corporation as required by law, or to exhibit, or allow *them* to be inspected and extracts to be taken *from them* by the *department, is* guilty of a felony."

The discount of bills of exchange drawn in good faith against actual existing values, the discount of bankers, acceptances of other banks, the discount of commercial or business paper actually owned by the person negotiating *it*, and the obligations of the United States or general obligations of any state or of any political subdivision thereof, or obligation issued under authority of the Federal Farm Loan Act, *may* not be considered as money borrowed. *The* limitations *imposed on total loans by this section do not* apply to loans and investments secured by obligations of the United States having a value of one hundred *percent* (100%) of the amount *loaned or invested* or to loans made on warehouse receipts and bills of lading, when *the* warehouse receipts and bills of lading cover nonperishable commodities of the marketable value of at least one hundred twenty per cent (120%) of the amount loaned *on them.* Loans or obligations *are* not subject under this section to any limitation based upon *that unimpaired* capital and surplus to the extent that they are secured or covered by guaranties, or by commitments or agreements to take over or to purchase *them*, made by *a* federal reserve bank or by the United States or *a* department, bureau, board, commission, or establishment of the United States, including *a* corporation wholly owned directly or indirectly by the United States.

HeinOnline -- 1975 vol. I 961 1975

(2) The combined liabilities of the several members of *a* firm, copartnership, or unincorporated association to the loaning bank shall be included in the liabilities of *the* firm, copartnership, or unincorporated association. *That* portion of the liabilities of *the* firm, copartnership, or unincorporated assocation for which a member individually *is* legally responsible shall be included in the liabilities of the member in determining the limitations *imposed by this section.* In determining the limitation for loans to a limited partner of a limited partnership, those portions of the liabilities of the limited partnership for which the limited partner is free from liability shall be excluded.

(3) When in the judgment of the *department*, the liabilities of *a* corporation or the combined liabilities of *a* corporation and one or more of its stockholders to *a* bank are excessive, *it* shall require the reduction to *the* limits and within *the* time as *it prescribes.*"

The *department may establish,* raise, or lower reserves which shall be maintained on demand deposits and on time deposits as in *its* judgment banking conditions may justify. *The* power to *establish,* raise, or lower reserves *is* limited to a percentage of deposits not in excess of reserve requirements which may be established for banks that are members of the federal reserve system *and not* less than seventy-five *percent* (75%) of *those* reserve requirements for members of the federal reserve system. A bank approved by the *department* as a reserve bank must at all times maintain a reserve of *the* percentage or percentages as the *department* shall determine from time to time, which shall not be less than the percentages specified *in this section* of its deposit liabilities, of which *a* portion the board of directors may determine may be on deposit in banks approved by the *department* as reserve banks. *A* solvent bank of good repute having a full paid-up capital and surplus of three hundred thousand dollars ($300,000), doing business in *this* state or any *other state,* may be designated by the *department* as a reserve agent for Montana banking institutions. *The* approval or designation may be withdrawn or withheld at any time by the *department* for cause. *When* the reserve of *a* bank *falls* below the amount required *by this section, the* bank *may* not increase its loans or discounts otherwise than by discounting or purchasing bills of exchange payable at sight or on demand, and the *department* shall notify *a* bank whose reserve may be below the amount required, to make good *the* reserve. In arriving at deposit liabilities with regard to bank deposits, the net balance of amounts due to and from other banks shall be taken as the basis for ascertaining the deposit liability to banks against which reserves shall be carried. *However*, a compliance with the federal reserve banking laws, rules and regulations by member banks shall be held to be a compliance with the reserve requirements and conditions of this act, *and entitles those federal reserve member banks to the rights and privileges accruing from compliance with this act.*"

The* information shall be used by the *department* only in the furtherance of *its* official duties, except that the department *may* exchange information with federal banking department and departments of other states and *may* furnish information to prosecuting officials who require *it* for use in pursuit of official duties. *An employee or agent of the department* who violates this section, or willfully makes a false official report as to the condition of *a* bank, shall be removed from office, and *is* also guilty of a felony. *Upon* conviction *he* shall be *fined* not exceeding one thousand dollars *($1,000)*, or *imprisoned* in the state penitentiary not exceeding five (5) years, or both *fined and imprisoned.*"

(2) The powers and authority conferred on the *department* by this section, except in cases of voluntary surrender *are* discretionary and not mandatory. *As* long as *the department* acts in good faith *the department and its employees and agents may not* be held liable civilly or criminally or upon their official bonds *for* action taken *under this section* or for any failure to act *under it.*"

terms of this act, do any acts necessary or desirable for the protection of the property and assets of *the* bank and the speedy and economical liquidation of the assets and affairs of *the* bank and the payment of its creditors, or for the reopening and resumption of business where that is practicable or desirable. *It* may institute, in *its* own name or in the name of the bank, *those* suits and other legal proceedings as *it considers* expedient for *those* purposes. *By applying* to the district court of the county in which *the* bank is located, or to the judge *of that court* in chambers, *the department* may *obtain* an order to sell, compromise, or compound any bad or doubtful debt or claim, and to sell and dispose of any assets, which sale may be made to stockholders, officers, directors, or others interested in *the* bank, on consent of the court. *In the* court proceedings the bank shall be made a party by notice issued on order of the court or judge, in *place* of summons, and served upon some officer of the bank, if there *is any* in the county. *If* no officer can be found in the county then the *notice* shall be posted in three (3) public places in the county for at least ten (10) days before the day of hearing. The hearing of *an* application or petition by the *department* may be had at any time, either in term or vacation in court, or in chambers, as the court may order, after *the* bank has had five (5) days' notice of *the* application, or the notice has *been* posted for at least ten (10) days."

Recourse of aggrieved bank — application to court for injunction — pleadings — evidence — appeals.** *A* bank aggrieved by the action of *the department* in taking possession of its assets or closing its doors may, within ten (10) days after possession *has* been taken, apply to the district court of the county in which its principal place of business is located, or to the judge *of that court* in chambers, to enjoin further proceedings by the *department. The* court or the judge in chambers, after notifying the *department* to appear at a specified time and place to show cause why further proceedings should not be enjoined, and after hearing the allegations and proofs of the parties, and determining facts, may on the merits dismiss *the* application or enjoin the *department* from further proceeding and direct *it* to surrender the business and assets of *the* bank. *The* application for injunction may be heard at any time after five (5) days' notice from the time of service on *the department,* in the discretion of the court, or at any time prior *to then* by the consent of the *department.* Application shall be made on the verified complaint of the bank, in the form used in civil actions, and a copy of *the* complaint shall be served on the *department* with the order to show cause. The *department* shall, at least two (2) days before the time set for hearing, file *with the court* and serve upon counsel for plaintiff an answer to the complaint, also in the form used in civil actions. *Any* questions raised by motion in other actions may be raised in the answer. On the issues *raised by* the complaint and answer, the court, or the judge at chambers, at the time fixed for showing cause, shall try the matter on the merits by hearing the allegations and proofs of the parties *and shall enter judgment,* as *in* the trial of *other* civil actions. *If* the *department* makes no appearance in the time *allowed,* the court shall enter *its* default and proceed to hear the proofs of the plaintiff as in civil actions under similar circumstances, and enter

Section 51. Section 5-1109, R.C.M. 1947, is amended to read as follows:

"**5-1109. Department may appoint agents — liquidating agents — salaries and expenses.** *(1) The department* may retain *those* officers or employees of *the* bank *which it considers* necessary. *It* shall require from the agent appointed by *it* and from *those* assistants *who* have charge of any of the assets of the bank *that* security for the faithful discharge of their duties as *it considers* proper.

(2) The salary of *a* liquidating agent and necessary clerical assistance, and other expenses incurred by *a* liquidating agent, shall be borne equally and ratably by the bank or banks in process of liquidation under *the* agent's charge in proportion to the total amount of resources of each of *the* banks. The funds for *those* expenses shall be raised by assessing each bank in ratio herein set forth and paying *those* expenses direct to the persons entitled *to them*, without depositing any of *the* funds in the state treasury."

Section 52. Section 5-1110, R.C.M. 1947, is amended to read as follows:

"**5-1110. Compensation of agents and attorneys.** The compensation of the agents, attorneys, expert accountants and other assistants, *appointed by the department,* and all expenses of liquidation and distribution of a bank whose assets and business *have been* taken possession of by the *department*, shall be fixed by the *department*, but subject to *approval* by the judge of the district court of the county in which the bank is located, on notice of *the* bank. *The department* shall, upon written request of *the* district judge, supply semiannual statements showing the condition of *the* bank in process of liquidation. Except in cases of emergency, the compensation paid to attorneys and expert *accountants* shall be fixed and approved before services are rendered. When the compensation *has* been fixed and approved and the services rendered, the *compensation* shall be paid out of the funds of *the* bank in the hands of the *department*, and *are* a proper charge and lien on the assets of *the* bank."

Section 53. Section 5-1111, R.C.M. 1947, is amended to read as follows:

"**5-1111. Notice to creditors of insolvent bank.** The *department* shall *give* notice by advertisement in a newspaper of general circulation in the town or city in which *the* bank is situated, if there *is* one, and if not, then in *some* other newspaper published in *this* state, *which* the *department* shall designate, once a week for two *(2)* successive weeks. *The notice shall call* on all persons who have claims against *the* bank to present *them* to the *department* or *its* authorized agent at a place to be specified in *the* notice, and to make sworn proof, in form to be fixed by *the department,* within the time specified in *the* notice, not less than ninety *(90)* days from the date of the first publication. A copy of *the* notice

HeinOnline -- 1975 vol. I 974 1975

shall be mailed to all persons whose names appear as creditors upon the books of the bank."

Section 54. Section 5-1112, R.C.M. 1947, is amended to read as follows:

"**5-1112. Claims — allowance and rejection.** The *department* shall reject or allow all claims in the whole or in part, and on each claim allowed shall designate the order of its priority. If a claim is rejected or an order of priority allowed lower than that claimed, notice shall be given the claimant personally or by registered mail, and an affidavit of the service of *the* notice, which shall be prima facie evidence *of service, shall be* filed in the office of the *department.* The action of the *department is* final unless an action *is* brought by the claimant against the bank in the *district* court of the county where the bank is located within ninety (90) days after *the* service to fix the amount of the claim and its order of priority or either. An appeal from the *department's* allowance, either as to priority or amount, may also be taken to the district court of *that* county by any party in interest by serving *notice* on the *department,* stating the grounds of objection and filing *it* in *that* court within thirty (30) days after allowance. Within five (5) days after *the* notice, the *department* shall file in the court, and serve on the appellant, a copy of the claim and *its* reasons for allowance. The court shall, after five (5) days' notice of time and place of hearing on the issues *raised,* hear the proof of the parties and enter judgment reversing, affirming or modifying the *department's* action."

Section 55. Section 5-1113, R.C.M. 1947, is amended to read as follows:

"**5-1113. Payment of claims.** Claims presented to the *department* prior to the expiration of the time fixed in the notice to creditors, and allowed by *it,* shall be paid in the order of priority fixed *in this chapter.* Those filed after *that* expiration and *within* one year *of that expiration are* entitled, after they have been allowed by the *department,* to share in the distribution of the assets of the bank only to the extent of the assets undistributed in the hands of the *department* and available for the payment of claims of their order of priority at the time *the* claims are filed. *As* against other claims of *the* same order of priority, on which dividends have been paid, they *are* entitled to payment in a proportionate amount before further payments are made on *those* other claims. All claims filed after the expiration of one year following the date fixed in the notice to creditors as the time for presentation of claims are not entitled to be allowed or paid unless all other creditors' claims of any kind, except claims of shareholders, based on stock or assessments paid on stock have been fully paid, and a surplus remains in the hands of the *department,* and then only from *that* surplus."

Section 56. Section 5-1114, R.C.M. 1947, is amended to read as follows:

"**5-1114. Claims — order of payment — priorities.** *(1)* Except as otherwise provided by the Uniform Commercial Code, the order of payment of the debts of a bank liquidated by the *department* shall be as follows:

HeinOnline -- 1975 vol. I 975 1975

(a) The expense of liquidation, including compensation of agents, employees, and attorneys;

(b) All funds of any other bank in process of liquidation by the *department* and placed on deposit by the *department;*

(c) All funds held by the bank in trust;

(d) Debts due depositors, holders of cashier's checks, certified checks, drafts on correspondent banks, including protest fees, paid by them on valid checks or drafts presented after closing of the bank, pro rata. All deposit balances of other banks or trust companies, and all deposits of public funds of every kind (except those actually placed on special deposit under the statutes providing therefor), including those of the United States, the state of Montana, and every county, district, municipality, political subdivision, or public corporation of this state, whether secured or unsecured, or whether deposited in violation of law or otherwise, are included within the terms of this *subsection (1)(d)* and take the same priority as debts due any other depositor. All contractual liabilities pro rata. Accrued interest on savings accounts, certificates of deposit, or other interest-bearing contracts, up to the time of the closing *of* the bank, *shall* be considered as part of the debt due.

(e) Interest on the classes of claims *contained in subsections (1)(a) through (1)(d) of this section* without regard to the priority computed from the date of closing of the bank at the rate of seven *percent* (7%) *a year;*

(f) Unliquidated claims for damages and *similar claims,* including claims of stockholders for amounts claimed to have been voluntarily advanced to the bank or paid in by way of special or voluntary or other assessments. *The department* may, in *its* discretion, without regard to the priorities fixed in *subsections (1)(c) through (1)(f)* of this section, or in preference to the payment of any claims of creditors within these *subsections,* pay off and discharge any lien, claim, or charge against the assets or property of the bank in *its* hands and pay *those* sums *it considers* necessary for the preservation, maintenance, conservation, and protection of *those* assets and property, and likewise property on which the bank has liens by mortgage or otherwise. *It* may also in *its* discretion create a fund or retain in *its* hands, in preference to the claim of any creditors in *subsections (1)(c) through (1)(f),* moneys for *those* purposes.

(2) Collateral which *has* been put up or pledged as security for the payment of bills payable by *a* bank, or loans or discounts which have been outstanding as rediscounts of *a* bank prior to the closing *of it, is* not available to the other creditors of *the* bank in whole or in part until *the* bills payable or rediscounts have been retired, after which offsets as *provided* in this section shall be allowed.

(3) Deposits of *a* person, firm, or corporation in a bank which is in the possession of the *department* may be offset against any indebtedness, (subject to the conditions of *subsection (2)* of this section), except assessments on stock, due to *the* bank from *that* person, firm, or corporation. All dividends when declared in favor of *a* creditor of the bank may be applied, in the discretion of the *department,* in satisfaction of the indebtedness, if any, due the bank from *the* creditor."

HeinOnline -- 1975 vol. I 976 1975

Section 57. Section 5-1115, R.C.M. 1947, is amended to read as follows:

"**5-1115. Claims — partial payments.** The *department* need not await the expiration of the time allowed for filing claims, as fixed in the notice to the creditors, for the payment of dividends. *It* may, in *its* discretion, and if under the circumstances of the particular case *it considers* it expedient and safe, at any time after taking possession of *the* bank and prior to the expiration of *the* period fixed for filing of claims, if *it has* on hand in cash sufficient funds over and above the expenses of liquidation, make *pro rata* distribution to any class of creditors next entitled *to distribution*, in the order of priority fixed *in this chapter*, making *that* payment to *the* creditors as they appear on the books and records of the bank and determining the priority and basing his apportionment on the amount shown to be due by *the* books and records. At any time after the expiration of the date fixed for the presentation of claims against *the* bank and from time to time thereafter, when, in *its* discretion there are sufficient funds available, the *department* shall, after making proper provisions for the payment of expenses of liquidation, declare and pay dividends to all creditors of *the* bank pro rata in the order of their priority. If, after the time fixed for presentation of claims against the bank has expired, it appears that *a* person, prior to the expiration of *the* period, or at any other time, has been paid more than the prorata amount due him as compared with the amounts then paid other creditors, nothing more *may* be paid *that creditor* until the payment made other creditors *places* them on equal footing. In calculating dividends, all disputed claims and deposits shall be taken into account and the amount of dividends upon *the* disputed claims or deposits shall be held by the *department* until the validity of *those* claims or deposits *has* been finally determined. Claims against *a* bank in process of liquidation may be assigned in whole or in part subject to the approval of the *department*. Assignments of claims *are* binding upon the *department* only after *they* have been filed and allowed by the *department*, and only then subject to the payment of the assignor's liabilities to the bank. *An* assignment shall be made by filing written notice, signed by the original claimant, with the *department* or person in charge of *the* bank. No assigned claims may be offset against obligations due the bank. A check or draft drawn against *a* bank closed or taken possession of by the *department*, whether issued before or after closing, shall not be recognized as a claim against *the* bank, or as an assignment of any amount, whether protested or not protested."

Section 58. Section 5-1116, R.C.M. 1947, is amended to read as follows:

"**5-1116. Deposit of funds in department's hands.** All funds in the hands of the *department* belonging to *a* bank in process of liquidation shall be deposited in *the department's* name in *those* banks within the state *which* may be selected and designated by *it* and subject to *its* checks. *Those* funds *are* to be preferred and protected as *provided* in this act."

HeinOnline -- 1975 vol. I 977 1975

"**5-1117. Disposition of unclaimed funds.** *(1)* The *department* shall certify to the *state* treasurer *a* complete list of funds remaining *with it* uncalled for, which have been left *with it* in *its* official capacity, in trust for depositors in and creditors of *a* liquidated bank after they have been held by *it* for six *(6)* months from the date of the final liquidation of the institution. Along with this certificate, *it* shall transmit to the *state* treasurer the funds with accumulated interest *on them*, which *it* has so held in trust for six *(6)* months. A copy of *the* certificate shall also be filed with the state auditor, who shall make a record *of it.*

(2) The state treasurer shall deposit *the* funds and interest in the general fund of *this* state.

(3) A depositor or creditor of a liquidated bank who has not been paid the amount standing to his credit as thus certified to the state treasurer, may apply to the state board of examiners for the amount due him. The depositor or creditor shall make an affidavit and offer proof of his identity and of the amount due him by the liquidated bank. When satisfied as to the correctness of the claim and of the identity of the person, the state board of examiners shall forward it to the auditor, who shall audit the *claim* and if found correct so certify to the state board of examiners, *which*, if *it approves the claim*, shall transmit *the claim* to the *legislature* with a statement of *its* approval."

Section 60. Section 5-1118, R.C.M. 1947, is amended to read as follows:

"**5-1118. Disposition of assets remaining after payment of claims.** *(1) When* the *department* has paid to each depositor and creditor of *the* bank whose claims have been approved and allowed as provided *in this chapter*, the amount due *on them*, or made satisfactory adjustment *of them*, and *has* made provisions for unclaimed and unpaid deposits and disputed claims and deposits, and *has* paid all the expenses of liquidation, *it* shall file with the clerk of the district court of the county in which the bank is located, a report of *its* administration of *the* trust. If there *are* remaining assets on hand the *department* may apply to the judge of *that* court in open court or in chambers, for an order authorizing *it* to surrender the remaining assets together with all the stationery, correspondence, books and records, kept by the bank while it was a going concern to the directors of *the* bank in office at the time of closing *it*, as trustees for stockholders, or to *that* other person, if any, designated as trustee by a majority of the stockholders. The report and petition shall be set for hearing upon notice *which* the court may direct. *Upon* hearing and approval of *the* report and account and the surrender of *the* assets as directed, the *department is* discharged from all further liability or responsibility in connection with the assets and affairs of *the* bank. The court may, if requested, require *the* trustees to give bond in *an* amount the court may fix, conditioned for the faithful performance of their duties. *The* trustee or trustees *shall* complete the liquidation of any remaining assets *and may* sell and dispose of real and personal property as rapidly as *possible* and *shall* distribute the proceeds among the stockholders as their rights may appear, or dispose of the *proceeds* in *some* other manner as the stockholders shall by majority action, direct. *The* court may upon request of a majority of the stockholders order the *department* to close up the trust as provided in *subsection (2)* of this section.

HeinOnline -- 1975 vol. I 978 1975

(2) If the assets of *the* bank *are* insufficient for making payments in full to the depositors and creditors of *the* bank, then, *when* the *department* has liquidated all available assets and disbursed *them* as provided by law, the *department* shall file with the clerk of court of the county in which the bank is located, a final report of *its* liquidation of *the* bank. Upon notice *which* the court may order, the report shall be set for hearing before the court and if found correct and all funds accounted for, the court shall approve *it.* The *department* may at the same time and in the report make application to the district court of the county in which *the* bank is located, for an order directing the closing of the trust and upon entry of the order closing the trust the *department is* discharged from all further liability or responsibility in connection with the assets and affairs of *the* bank. *The* charter of *the* bank shall be forfeited and all the stationery, correspondence, books, and records kept by the bank while it was a going concern, and *considered* by the *department* to be of no value, may be destroyed. *However,* no correspondence or records *may* be destroyed *until* ten *(10)* years *after* the date the bank ceased to be a going concern.

(3) On application for orders, as provided *in this section,* the bank shall be made a party by notice issued on order of the court or judge and served in *a* manner the court *directs* and applications authorized by this section may be *heard* at any time in court or in chambers, as the court may order, *upon* not less than five (5) days' posted *or* served notice of the hearing."

Section 61. Section 5-1123, R.C.M. 1947, is amended to read as follows:

Section 63. Section 5-1129, R.C.M. 1947, is amended to read as follows:

Section 66. Section 5-1205, R.C.M. 1947, is amended to read as follows:

"**5-1205. Examinations by the corporation may be accepted — effect of act.** *(1)* The *department may* accept, in *its* discretion, in *place* of any examination authorized by the laws of this state to be conducted by *the* department of a banking institution, the examination made of *it* within a reasonable period by the Federal Deposit Insurance Corporation, *if* a signed copy of *the* examination is furnished to *the department. The department* may, also in *its* discretion, accept *a* report relative to the condition of a banking institution obtained by *the* corporation within a reasonable period, in *place* of a report authorized by the laws of this state to be required of *the* institution by *the* department, *if* a copy of *the* report is furnished to *the department. The department* upon the order of a *district* court of competent jurisdiction may sell to *the* corporation any part or all of the assets of *the* institution. The provisions of this section *do* not limit the power of *a* banking institution, or the *department* to pledge or sell assets in accordance with any existing law."

HeinOnline -- 1975 vol. I 982 1975

Section 72. Section 7-113, R.C.M. 1947, is amended to read as follows:

"**7-113. Powers and duties of building and loan associations.** *A* building and loan association *may*:

(1) *Have* continual succession, by its corporate name;

(2) *Sue* and be sued, in any court;

(3) *Make* and use a common seal and alter *it* at pleasure;

(4) *Appoint those* officers or agents the business of the corporation *requires*, and *pay* them suitable compensation;

(5) *Enter* into obligations or contracts essential to the transaction of its ordinary affairs, or for the purposes of the corporation.

(6) *Issue* stock to members on *the* terms and conditions the constitution and bylaws provide, but *an* association *may not* issue preferred stock.

(7) *Assess* and collect from members dues on stock and interest on loans at the times and in the amount provided for in the constitution and bylaws. The combined total of the amounts paid to an association for interest, commission, bonus, discount and other similar charges, less a proper deduction for all dividends, refunds, and cash credits of all kinds, shall not create an actual net cost to the borrower in excess of the maximum lawful contract rate of interest in this state. Interest not exceeding the maximum lawful contract rate may also be charged on unpaid interest payments from the time *those* interest payments are due. Interest, not exceeding the lawful contract rate, may also be charged and collected on delinquent stock payments when *those* unpaid payments are credited with dividends. *The* interest shall in no event be at a rate exceeding the rate *percent* of the dividend declared on the same unpaid stock payments. *An* association *may not* charge or collect from *a* stockholder, member or borrower, any fines, premiums, or penalties of any kind. *An* officer, agent or employee of *an* association collecting or attempting to collect *a* penalty, fine or premium of any kind or interest at a rate higher than provided in the note or other evidence of debt and in this act, *is* guilty of a misdemeanor.

(8) *Permit* members to withdraw all or part of their stock credits at *the* times and upon *the* terms, as the constitution and bylaws may provide. *No* charge or fee, except as provided *in this section*, *may* be made against *a* member who withdraws his stock, after having given thirty (30) days' notice of *the* withdrawal. *No* fine of any description *may* be made upon the par value of *that* stock or upon the declared dividends because of *the* withdrawal. *A* member who withdraws his stock or whose stock is matured, *is* entitled to receive all dues paid in and all dividends declared less interest, if any, as provided in subsection (7), less a reasonable membership fee not exceeding two (2) *percent* of the par value of each share of stock and less a *pro rata* share of all losses, if any, which have occurred. *No* other fine or assessments *may* be made against *the* stock. Applications for withdrawal *shall* be registered on the books of the association in the order received and one-half of all cash collections, not required to meet outstanding contracts, must be used for the payment of

HeinOnline -- 1975 vol. I 983 1975

the matured stock and of the withdrawals in the order registered. *The* other half of *those* collections each month may be used for the payment of withdrawals other than in the order registered, but no member *may* receive more than one hundred dollars *($100)* in any one month other than by payment of an application for withdrawal in the order registered. The term "outstanding contracts" includes the costs and expenses of operation, completion of loans, payment of taxes and assessments and necessary remodeling and repairs on properties owned by or mortgaged to the association, repayment of all borrowed money and all fixed charges.

(9) *Cancel* shares of stock upon which all credits have been withdrawn, or upon which loans have been canceled or stock upon which no payments have been made for a period of six (6) months, by returning to the stockholders all credits, if any, and reissue *the* shares as new stock.

(10) *Issue* stock to minors and permit *it* to be withdrawn as other stock, and the receipt *by the* minor *is* a valid acquittance if his rights have been fully secured to him.

(11) *Acquire*, hold, encumber and convey *that* real estate and personal property necessary for the transaction of its business, or necessary to enforce or protect its securities. *Not* over ten (10) per cent of the assets of *an* association *may* be invested in home office buildings, furniture, and fixtures. *Other* real property acquired in any manner or for any purpose *may* not be held for more than five (5) years, except by permission of the *department.*

(12) *Borrow* money, only when necessary not exceeding twenty (20) *percent* of its assets except when borrowing from the federal home loan bank as provided *in this section*, and issue its promissory note *for the loan. The* assets and securities of an association *may* not be pledged to secure its borrowed money or for any other purpose, without the consent of the *department.* However, if the *department* determines that it is advisable to pledge assets in order that funds may be secured *it* may authorize *the* pledging. *The* margin of security pledged *may not* exceed twenty-five (25) *percent* of the funds so borrowed except when funds are borrowed from the federal home loan bank. *An* association may borrow money from the federal home loan bank upon *the* terms required by the federal home loan bank, and *may* execute the promissory note of the corporation *for the loan*, and *may* pledge any of the assets of the corporation to secure the repayment of *the* loan, with interest, in accordance with the Federal Home Loan Bank Act, and the rules adopted *under it.*

(13) *Make* loans to members on the security of the shares of the association, and also on their notes secured by first mortgages on improved real estate, including suburban homes, but not on farm lands or mining property, for not to exceed seventy-five (75) *percent* of the actual value of *the* real estate, and upon *the* terms and conditions *which* may be provided in the constitution and bylaws. *However,* where the promissory note, or other written evidence of the loan made by *a* building and loan association *requires* the payment of *the* loan, or total aggregate sum of principal and interest in periodic installments, *the* promissory note, or other written evidence of debt shall specifically state the actual interest rate charged the borrower upon the unpaid balance of the principal amount at each

HeinOnline -- 1975 vol. I 984 1975

periodic payment. *When* the note or other evidence of debt does not require the payment of *the* loan in periodic installments, the note or other evidence of debt shall specifically state the actual rate of interest charged the borrower.

(14) Cancel those loans and release the securities on those terms the board of directors may provide. A borrower may have his loan canceled by paying all the interest up to date of cancellation and the sum actually borrowed, less payments on principal, dues paid in, *and* the dividends credited.

(15) *Invest* the money of the association in:

(a) The bonds and securities of the United States, bonds and other obligations guaranteed as to interest and principal by the United States, and the stocks, bonds, debentures, and other securities and obligations of any federal home loan bank created under the laws of the United States;

(b) The bonds and warrants of any state and of any county, city, or school district of the state of Montana;

(c) The obligations of the federal savings and loan insurance corporation lawfully issued pursuant to Title IV of the National Housing Act;

(d) Improved real estate which has been sold under contract, including suburban homes, but not including farm lands or mining property. *However,* the total amount remaining so invested, excluding real estate otherwise acquired, shall at no time exceed fifteen per cent *(15%)* of its assets. *The* amount so invested *may not* exceed eighty-five per cent *(85%)* of the price stipulated in the contract of sale or eighty-five per cent *(85%)* of the value of the property so purchased, whichever is the lesser;

(e) Not to exceed ten per cent *(10%)* of the association assets in other bonds and securities.

(16) *Loan* money to other building and loan associations;

(17) *Make a* semiannual distribution of all the earnings after payment of expenses and setting aside a sum for the contingent funds as provided *in this act*;

(18) *Amend* its articles of incorporation by changing the name, place of business, the number of directors, *and* increase or decrease the capital stock and provide for its own continual succession by a majority vote of its directors. *However, those* amendments *are of no effect* until approved by the *department*;

(19) *Dissolve* the corporation in accordance with the provisions of this chapter;

(20) *Provide* by constitution and bylaws, adopted or amended, by its board of directors for the proper exercise of the powers granted *in this section* and the conduct and management of its affairs;

(21) *Exercise those* other powers *which* are necessary and proper to enable *the* corporation to carry out the purpose of its organization."

Section 85. Section 7-149, R.C.M. 1947, is amended to read as follows:

"**7-149. Voluntary liquidation and settlement.** *With* the consent of the *department an* association organized under the laws of and doing business in this state, may, if the stockholders *consider* it advisable, go into liquidation. *For* the purpose of so doing *it* may, at any regular or called meeting of the stockholders, adopt a resolution declaring that *the* association intends to go into liquidation and discontinue business as a building and loan association. A copy of *the* resolution, duly certified by the president and secretary of *the* association, under the seal thereof, shall be transmitted to the *department* within ten (10) days after *its* passage. *The department* shall *then* issue *its* certificate reciting that *the* resolution has been filed in *its* office, and that *the* association is in liquidation. After the filing of *the* notice, it *is unlawful* for *the* association to issue stock, or to loan or advance its money to members or to any other person. *All* of the income and receipts of *the* association, in excess of the actual expense of managing *it*, shall be applied to pay off first the indebtedness and then the stock in *the* association upon which no loans have been made, the same to be paid pro rata. The board of directors of *the* association in liquidation may adopt *those* rules and make *those* orders *which are* just and equitable for the sale and disposition of all property held by *the* association and for the division of the assets of *the* association. *The* association in liquidation *may* be *examined by,* and *shall be* under the supervision of the *department.*"

Section 86. Section 7-150, R.C.M. 1947, is amended to read as follows:

"**7-150. Insolvency or impairment of building and loan association — powers of department.** *When* it *appears* to the *department* that the affairs of *a* building and loan association are in an unsound condition, or that it is conducting its business in an unsafe or unlawful manner, the *department* may take possession of all books, records, and assets of every description of *the* association and retain possession of *them* pending the further proceedings specified *in this section. If* the board of directors, secretary, or person in charge of *the* association *refuses* to permit the *department* to take possession, the *department* shall communicate *that* fact to the attorney general. *The* attorney general *shall* at once institute *the* proceedings necessary to place the *department* in immediate possession of the property of *the* association. Upon taking possession of the effects of the association, the *department* shall prepare a full and true statement of the affairs and condition of *the* association, including an itemized statement of its assets and liabilities and shall receive and collect all debts, dues and claims belonging to it and pay the immediate and reasonable expenses of *the department's* trust. When the condition of *the* association has been fully ascertained and it *appears* that the affairs of *the* association are in fact in an unsound condition the *department* shall at once notify, in writing, the board of directors of *the* association of *its* decision, giving them twenty (20) days in which to restore the affairs of *the* association to sound condition. Meanwhile, the *department* shall remain in charge

HeinOnline -- 1975 vol. I 991 1975

of the books, records, and assets of every description of *the* association, *shall* attend or be represented at all directors and stockholders meetings held, *and shall* suggest *those* steps *it considers* necessary to restore *the* association to a sound condition. *If the association* is not *restored to a sound condition* within twenty (20) days, *the department* shall report the facts to the attorney general. *The* attorney general *shall* institute proceedings in the district court of the county in which *the* association has its principal place of business, for the appointment of the *department* as receiver. *As receiver, the department may* collect all moneys due *the* association and *may* do *those* other acts *which* are necessary to conserve its assets and business, and *it* shall liquidate *the association's* affairs. *The department may,* except as otherwise limited by the terms of this act, do any acts necessary or, in *its* discretion, desirable for the protection of the property and assets of *the* association and the speedy and economical liquidation of its assets and affairs and the payment of its creditors, or for the resumption of business of *the* association where that is practicable or desirable. *The department* may institute in *its* own name as, or in the name of the association, *those* legal proceedings *it considers* expedient for *those* purposes. *By applying* to the district court of the county in which *the* association is located, or to the judge thereof, in chambers, *the department* may, upon sufficient showing of cause, *obtain* an order to sell, compromise or compound any bad or doubtful debt or claim, and to sell any *of* the assets. *The* sale may be made to stockholders, officers, directors, or others interested in *the* association, on consent of the court. On *the* proceedings the association shall be made a party by notice issued on order of the court or judge, in *place* of summons, but served in like manner. *The* hearing of *the* application or petition by the *department* may be had at any time, either in term or vacation in court, or in chambers, as the court may order, after *the* association has had five (5) days' notice of *the* application."

Section 87. Section 15-2614, R.C.M. 1947, is amended to read as follows:

"**15-2614. Control — supervision — reports.** The corporation *is* subject to the examination of the *department of business regulation,* and shall make reports of its condition not less than annually to *that department, which* in turn shall make copies of *the* reports available to the commissioner of insurance and to the governor. The corporation shall also file an annual statement required by Title 15, *R.C.M.* 1947."

Section 88. Section 27-402, R.C.M. 1947, is amended to read as follows:

marketing areas which shall together embrace all the geographical area of the state and *shall* enforce minimum producer, wholesale, and retail prices *established for those* areas *by the board.*

(2) Natural marketing areas shall be established throughout the state by the *department. Before a* proposed natural marketing area is established the *department,* after notice of at least thirty (30) days, shall hold a hearing or hearings, at a place or places within the proposed area, at which producers and distributors doing business within *the* proposed natural marketing area, who are licensed by the *department of livestock,* and the consuming public may present evidence and testify. *If* the hearing or hearings make it evident to the *department* that the establishment of *the* proposed natural marketing area is in the public interest, the *department* shall establish *the* natural marketing area.

(3) The *department may* from time to time adjust the boundaries of natural marketing areas, if after a hearing upon notice of at least thirty (30) days to all interested parties it finds *the* adjustment to be in the public interest."

Section 92. Section 27-407, R.C.M. 1947, is amended to read as follows:

"**27-407. Establishment of minimum prices.** *(1)* The board shall fix minimum producer, wholesale, jobber, and retail prices for class I milk, and minimum producer prices only for class II and class III milk in all areas of the state, by adopting rules in a manner prescribed by the Montana Administrative Procedure Act.

(2) The board shall establish such prices by means of flexible formulas which shall be devised so that they bring about such automatic changes in all minimum prices as are justified on the basis of changes in production costs and supply, processing and distribution costs, and retailing costs.

(3) The board shall consider the balance between production and consumption of milk, the costs of production and distribution, and prices in adjacent and neighboring areas and states, so that minimum prices which are fair and equitable to producers, distributors, jobbers, retailers, and consumers may result.

(4) The board shall, when publishing notice of proposed rule making under authority of this section, set forth the specific factors which shall be taken into consideration in establishing the formulas and in particular in determining costs of production and distribution and of the actual dollars and cents costs of production and distribution which preliminary studies and investigations of auditors or accountants in its employment indicate will or should be shown at the hearing, so that all interested parties will have opportunity to be heard and to question or rebut such considerations as a matter of record.

(5) Such specific factors may include, but shall not be limited to, the following items:

(a) Current and prospective supplies of milk in relation to current and prospective demands for such milk for all purposes;

HeinOnline -- 1975 vol. I 995 1975

(b) The ability and willingness of consumers to purchase, which shall include among other things, per capita disposable income statistics, consumer price indices, and wholesale price indices;

(c) The cost factors in producing milk, which shall include among other things the prices paid by farmers generally (as used in parity calculations of the United States Department of Agriculture), prices paid by farmers for dairy feed in particular and farm wage rates in this state;

(d) The alternative opportunities, both farm and nonfarm, open to milk producers, which shall include among other things, prices received by farmers for all products other than milk, prices received by farmers for beef cattle, and the percentage of unemployment in the state and nation as determined by appropriate state and federal agencies;

(e) The prices of butter-nonfat dry milk, and cheese;

(f) The cost factors in distributing milk, which shall include among other things the prices paid by distributors for equipment of all types required to process and market milk and prevailing wage rates in this state;

(g) The cost factors in jobbing milk, which shall include among other things raw product and ingredient costs, carton or other packaging cost, processing cost and that part of general administrative costs of the supplying distributor which may properly be allocated to the handling of milk to the point at which such milk is at the supplying distributor's dock, equipment of all types required to market milk and prevailing wage rates in the state;

(h) The need, if any, for freight or transportation charges to be deducted by distributors from producer prices for bulk milk;

(i) A reasonable return on necessary investment to all ordinarily efficient and economical milk dealers.

(6) If the board at any time proposes to base all or any part of any official order establishing or revising any milk pricing formulas upon facts within its own knowledge, as distinguished from evidence which may be presented to it by the consuming public or the milk industry, the board shall, when publishing notice of proposed rule making under authority of this section, cause notice to be given to the consuming public and the milk industry of the specific facts within its own knowledge which it will consider, so that all interested parties will have opportunity to be heard and to question or rebut such facts as a matter of record.

(7) The board, after consideration of the evidence produced, shall make written findings and conclusions and shall fix by official rule:

(a) The formula whereby minimum producer prices for milk in classes I, II, and III shall be computed.

(b) The formula whereby minimum wholesale prices for milk in class I shall be computed.

(c) The formula whereby minimum jobber prices for milk in class I shall be computed.

HeinOnline -- 1975 vol. I 996 1975

(d) The formula whereby minimum retail prices for milk in class I shall be computed.

(8) This section shall not be construed as requiring the board to promulgate any specific number of formulas, but shall be construed liberally so that the board may adopt any reasonable method of expression to accomplish the objective set forth in (a), (b), (c), and (d) above. If the evidence presented to the board at any public hearing for the establishment or revision of milk pricing formulas is found by the board to require the establishment of separate and varying wholesale prices for any particular uses, the board shall designate the reasons therefor and establish such separate formulas.

(9) Each rule establishing or revising any milk pricing formulas shall classify milk by forms, classes, grades or uses as the board may deem advisable and shall specify the minimum prices therefor.

(10) The milk produced in one natural marketing area and sold in another natural marketing area shall be paid for by a distributor or dealer in accordance with the pricing order of the area where produced at the price therein specified of the class or use in which it is ultimately used or sold.

(11) No allowance for freight, other than freight for transportation of milk from the farm to plant, shall be charged to a producer by a distributor or dealer unless it is found and ordered by the board, after notice and hearing in the manner hereinbefore specified, that such an additional freight allowance is necessary to permit the movement of milk in the public interest.

(12) All milk purchased within a natural marketing area by a distributor shall be purchased on a uniform basis. The basis to be used shall be established by the board after the producers and the distributors of the area have been consulted.

(13) The board may amend any official rule in the same manner provided herein for the original establishment of milk pricing formulas; provided, further, the board may in its discretion, when it determines the need exists, notice and hold state-wide public hearings affecting establishment or revision of milk pricing formulas in all market areas of the state.

(14) Upon petition of a distributor or a majority of his producers, the board shall hold a hearing to receive and consider evidence regarding the advisability and need for a base or quota plan as a method of payment by that distributor of producer prices; and if the board finds that the evidence adduced at such hearing warrants the establishment of a base or quota plan, the board shall proceed by official order to establish the same.

(15) Upon petition by any producer, producer-distributor or distributor in any marketing area, the board shall hold a hearing to receive and consider evidence regarding the advisability and need for an area-wide or state-wide pooling arrangement as a method of payment of producer prices, provided that at such hearing the board shall among other things specifically receive and consider evidence concerning production and

HeinOnline -- 1975 vol. I 997 1975

marketing practices which have historically prevailed in the area concerned or state-wide, as the case may be; and if the board finds that the evidence adduced at such hearing warrants the establishment of such an area-wide or state-wide pooling arrangement, the board shall proceed by official order to establish the same, but such official order shall be of no force or effect until it is approved in a referendum conducted by the board among affected producers, producer-distributors, and distributors.

(16) The requirements hereinabove set forth concerning notices of hearings for the establishment of milk pricing formulas shall apply to any hearings regarding base or quota plans or area-wide or state-wide pooling arrangements, or abandonment thereof."

Section 93. Section 27-408, R.C.M. 1947, is amended to read as follows:

"**27-408. Licenses to producers, producer-distributors, distributors and jobbers.** In any market, where the provisions of this *chapter* apply, it *is* unlawful for *a* producer, producer-distributor, distributor or jobber to produce, transport, process, store, handle, distribute, buy or sell milk unless *the* dealer *is properly* licensed as provided by this *chapter.* It *is* unlawful for *a* person to buy, sell, handle, process, or distribute milk which he knows or has reason to believe has been previously dealt with or handled in violation of any provision of this *chapter.* The *department* may decline to grant a license, or may suspend or revoke a license already granted, upon due cause and after hearings."

Section 94. Section 27-409, R.C.M. 1947, is amended to read as follows:

"**27-409. Licenses — disposition of income.** *(1) A* producer, producer-distributor, distributor or jobber *may not* engage in the business of producing or selling milk subject to this *chapter* in this state without first having obtained a license from the *department of* livestock or, in the case of milk entering this state from another state or foreign nation, without complying with the requirements of the Montana Food, Drug and Cosmetic Act, and without being licensed under this *chapter* by the department. The annual fee for *the* license from the department *is* two dollars ($2), *and is* due before July *1*, and shall be deposited by *the* department to the credit of the general fund.

(2) In addition to *the* annual license fee, the *department* shall, in each year, before April *1*, for the purpose of securing funds to administer and enforce this *chapter*, levy an assessment upon producers, producer-distributors, and distributors as follows:

(a) A fee per hundredweight on the total volume of all milk subject to this act produced and sold by a producer-distributor.

(b) A fee per hundredweight on the total volume of all milk subject to this act sold by a producer.

(c) A fee per hundredweight on the total volume of all milk subject to this act sold by a distributor, excepting that which is sold to another distributor.

HeinOnline -- 1975 vol. I 998 1975

(3) The department shall adopt rules fixing the amount of each fee. The amounts may not exceed levels sufficient to provide for the administration of this act. The fee assessed on a producer or on a distributor may not be more than one-half (½) the fee assessed on a producer-distributor.

(4) The assessment upon producer-distributors, producers, and distributors shall be paid quarterly before *January 15, April 15, July 15, and* October *15*, of each year. *The* amount of *the* assessment shall be computed by applying the fee designated by the *department* to the volume of milk sold in the *preceding* calendar quarter.

(5) Failure of *a* producer, producer-distributor, or distributor to pay *an* assessment when due *is a* violation of this *chapter* and his license under this *chapter* automatically *terminates* and *is* void. *A* license so terminated shall be *reinstated* by *the department upon* payment of a delinquency fee equal to thirty per cent (30%) of the assessment which was due.

(6) All assessments required *by this chapter* shall be deposited by the department in the earmarked revenue fund. *All* costs of administering this *chapter*, including the salaries of employees and assistants, per diem and expenses of board members, and all other disbursements necessary to carry out the purpose of this *chapter*, shall be paid out of control board moneys in *that* fund.

(7) The department may, if it finds the costs of administering and enforcing this *chapter* can be derived from lower rates, amend its rules to fix the rates at a less amount on or before the first day of April in any year."

Section 95. Section 27-410, R.C.M. 1947, is amended to read as follows:

"**27-410. Application for licenses.** An applicant for license to operate as a producer, producer-distributor, distributor, or jobber shall file a signed application upon a blank prepared under authority of the *department*, and an applicant shall state facts concerning his circumstances and the nature of the business to be conducted *which* in the opinion of the *department* are necessary for the administration of this *chapter. The* application shall certify the applicant to be the holder of all licenses required by the *department of* livestock for the conduct of his business or, in the case of milk entering this state from another state or foreign nation, compliance with the requirements of the Montana Food, Drug and Cosmetic Act. *The* application shall be accompanied by the license fee required to be paid."

Section 96. Section 27-411, R.C.M. 1947, is amended to read as follows:

"**27-411. Declining, suspending and revoking licenses — penalties in lieu of suspension or revocation.** (1) The *department* may *refuse* to grant a license or may suspend or revoke a license already granted for due cause upon due notice and after hearing. The violation of any provisions of this *chapter* or of any lawful order or *rule* of the board *or department*, the failure or refusal to make required statements or

reports, *or failure to pay* license or assessment fees *are* causes for which the *department* may, at its discretion, suspend, or revoke a license.

(2) In *place* of suspension or revocation of a license the *department* may assess a civil penalty not to exceed five hundred dollars ($500) per day for each daily failure to comply with or each daily violation of the provisions of this *chapter* or of any lawful order or *rule* of the *department or* board. *If* the person against whom *a* civil penalty is assessed fails to pay *the* civil penalty *immediately,* the *department shall* collect *the* civil penalty by a civil proceeding in the district court of the first judicial district. *This penalty* shall be construed as civil and not criminal in nature. Any moneys received by the *department* as a result of collection of civil penalties shall be paid into the *earmarked revenue fund as provided by section 27-417, R.C.M. 1947.*"

Section 97. Section 27-413, R.C.M. 1947, is amended to read as follows:

"**27-413. Rules and orders.** The *department* may adopt and enforce rules and orders necessary to carry out the provisions of this *chapter and any orders adopted under it by the department or the board. A* rule or order shall be posted for public inspection in the main office of the *department* for thirty (30) days, and a copy *shall be* filed in the office of the *department. A* copy *shall also be* sent by registered letter to the secretary of each area, *except in the case of* an order directed only to a person or persons named *in it,* which shall be served by personal delivery of a copy, or by mailing a copy to each person to whom *the* order is directed, or, in the case of a corporation, to any officer or agent of the corporation upon whom a summons may be served in accordance with *laws of this state. The* posting, in the main office of the *department,* of *a* rule *or* order, not required to be *personally* served as provided *in this section,* and *the* filing in the office of the *department is* sufficient notice to all persons affected by *the* rule or order. A rule or order when *properly* posted and filed or served, as provided in this *section, has* the force of law."

Section 98. Section 27-414, R.C.M. 1947, is amended to read as follows:

"**27-414. Rules of fair trade practices.** *The department may adopt* reasonable rules governing fair trade practices as they pertain to the transaction of business among licensees under this *chapter* and among licensees and the general public. *Those* rules shall contain, but *are* not limited to, provisions *prohibiting* the following methods of doing business which are unfair, unlawful, and not in the public interest:

(1) The payment, allowance, or acceptance of secret rebates, secret refunds, or unearned discounts by *a* person, whether in the form of money or otherwise.

(2) The giving of milk, cream, dairy products, services, or articles of any kind, except to bona fide charities, for the purpose of securing or retaining the fluid milk or fluid cream business of *a* customer.

(3) The extension to certain customers of special prices or services not available to all customers who purchase milk of like quantity under like terms and conditions.

HeinOnline -- 1975 vol. I 1000 1975

(4) The purchasing, processing, bottling, packaging, transporting, delivering or otherwise handling in any marketing area of milk which is to be or is sold or otherwise disposed of at less than the minimum wholesale and minimum retail prices established by the board.

(5) The payment of a price *lower* than the applicable producer price, established by the board, by a distributor to *a* producer for milk which is distributed to any person, including agencies of the federal, state or local government."

Section 99. Section 27-414.1, R.C.M. 1947, is amended to read as follows:

"**27-414.1. Limitation on extension of credit to retailers.** *A* sale or delivery *may not* be made by *a* producer-distributor, distributor, or jobber to *a* retailer, except for cash or payment within fifteen (15) days after regular billings, and all producer-distributors, distributors, and jobbers shall bill retailers at least monthly. *A* producer-distributor, distributor, or jobber *may not* extend more than fifteen (15) days' credit after billing to a retailer. *A* retailer *may not* receive delivery of milk without agreement to pay *for it* in cash within fifteen (15) days after regular billing. A correctly dated check which is honored upon presentment *is* cash within the meaning of this *section. An* extension or acceptance of credit in violation *of this section* shall be construed as rendering or receiving financial assistance. *The* licenses of producer-distributors, distributors, or jobbers involved in violation *of this section* shall be suspended or revoked as determined by the *department* in its discretion."

Section 100. Section 27-414.2, R.C.M. 1947, is amended to read as follows:

"**27-414.2. Financing prohibitions — producer and retailer.** *(1) A* producer, producer-distributor, distributor, or jobber licensed under this *chapter may not* advance or loan money or credit to, or furnish money or credit for, or refinance or cosign or guarantee promissory notes, security agreements, conditional sales contracts, or other commercial paper for or on behalf of *a* retailer. *A* producer, producer-distributor, distributor, or jobber *may not* be financially interested, either directly or indirectly, in the conduct or operation of the business of a retailer. *A* producer-distributor, distributor, or jobber licensed under this *chapter may not* advance or loan money or credit to, or furnish money or credit for, or refinance or cosign or guarantee promissory notes, security agreements, conditional sales contracts or other commercial paper for or on behalf of *a* producer. *A* producer-distributor, distributor, or jobber *may not* be financially interested, either directly or indirectly, in the conduct or operation of the business of a producer. *This* section *does* not prohibit *a* producer from belonging to, participating in, or patronizing a co-operative corporation or a producer, producer-distributor, distributor, or jobber from operating his own wholly-owned dairy products or other retail store or home-delivery retail routes.

(2) This section *does* not prohibit a producer from requesting and a distributor from granting an advance payment for milk *before* the regular date of payment *for milk* or limit in any way the right of a producer to

(2) The *department* shall adopt a uniform system of accounting to be used by the distributor to account for the usage of all milk received by the distributor.

(3) A distributor and producer-distributor shall keep:

(a) A record of all milk, cream, or dairy products received, detailed as to location, names and addresses of suppliers, prices paid, and deductions or charges made, and the use to which *the* milk or cream was put;

(b) A record of the quantity of each kind of milk or dairy product manufactured and the quantity and price of milk or dairy products sold;

(c) A complete record of all milk, cream, or dairy products sold, classified as to kind and grade, showing where sold, and the amount received *in payment;*

(d) A record of the wastage or loss of milk or dairy products;

(g) Other records *which* the *department considers* necessary for the proper enforcement of *this chapter*."

Section 103. Section 27-417, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1975 vol. I 1002 1975

"27-417. **Disposition of fines.** *(1)* All fines assessed *by a* court for violation of this *chapter* shall be paid by the court to the *department.*

(2) All fines received by the *department* shall be deposited with the state treasurer and shall be placed by him in the earmarked revenue fund. *Fines* assessed for violations of this *chapter* are earmarked for the purposes of this *chapter.*"

Section 104. Section 27-421, R.C.M. 1947, is amended to read as follows:

"27-421. **Co-operation with other governmental agencies.** In order to secure a uniform system of milk control, the *department* shall confer and co-operate with the *proper* authorities of other states and of the United States, including the secretary of agriculture of the United States, and, for *those* purposes, the *department may* conduct joint hearings, issue joint or concurrent orders and exercise all its powers under this *chapter.*"

Section 105. Section 27-422, R.C.M. 1947, is amended to read as follows:

"27-422. **Violations made misdemeanors — penalties.** *(1) A* person who *produces, sells, distributes, or handles* milk in any way, except as a consumer, without a license *from the department* as required by this *chapter, or who violates a lawful rule of the department or board, is* guilty of a misdemeanor *punishable* by a fine not exceeding six hundred dollars ($600). Each day's violation *is* a separate offense.

(2) The district courts have original jurisdiction in all criminal actions for violations of this *chapter,* and in all civil actions for the recovery or enforcement of *penalties,* provided for in this *chapter. All of those* actions, both criminal and civil, shall be tried in the district court.

(3) The county attorneys, in their respective counties, *shall* diligently prosecute all violations of this *chapter.*"

Section 106. Section 27-423, R.C.M. 1947, is amended to read as follows:

"27-423. **Constructions, exceptions and limitations.** *(1)* The license required by this *chapter is* in addition to any other license required by *state law* or any municipality of *this* state. This act shall apply to every part of the state of Montana.

If any portion of this *chapter* is held invalid or unconstitutional, *the* holding *does* not affect the validity of the *chapter* as a whole, or any part *of it* which can be given effect without the part so held to be unconstitutional or invalid.

(2) This chapter does not apply to foreign or interstate commerce except in so far as *it* may be effective in compliance with the United States constitution, and with the laws of the United States. It is the intention of the legislature, however, that the instant, whenever that may be, that the handling, within the state by a dealer, of milk produced outside of the state, becomes the subject of regulation by the state in the exercise of its police powers, the provisions of this *chapter,* affecting intrastate

In* addition to any other remedy, the *department* may apply to the district court of the district *where* the action arises, for relief by injunction, mandamus, or any other appropriate remedy in equity without being compelled to allege or prove that an adequate remedy at law does not otherwise exist. *The department may not* be required to post bond in *an* action to which it is a party whether upon appeal or otherwise. All legal actions may be brought by or against the board *or department* in the name of the *department of business regulation* and it *is* not necessary in *an* action to which the *department* is a party that *the* action be brought by or against *this* state on relation of the *department.* The *department may sue* by its own attorney *and* it *may also* call upon *a* county attorney to represent it in the district court of *his* county, or the attorney general to represent it on appeal to the supreme court, or it may associate its own *attorney* with either in any court."

In case of failure by a distributor to pay *a* producer for milk in the manner required by this *chapter,* the *department* shall proceed *immediately* to ascertain the names and addresses of all producer-creditors of *that* distributor, together with the amounts due them and shall request all *those* producer-creditors to file a verified statement of their respective claims. *The department* shall *then sue* on the bond on behalf of *the* producer-creditors. Upon *suing on the* bond, the *department* may require the filing of a new bond; and immediately upon a recovery in *an* action upon *the* bond, *the* distributor shall file a new bond. *Upon* failure to file *a new bond* within ten (10) days in either case, *the* failure *is* grounds for the revocation or suspension of the license of *the* distributor. *If* recovery *on* the bond is not sufficient to pay all of the claims as finally determined by the court, *the* amount recovered shall be divided pro rata among *the* producer-creditors.

(2) The minimum bond of one thousand dollars ($1,000) shall be required of distributors purchasing an average daily quantity of milk of

HeinOnline -- 1975 vol. I 1004 1975

less than one hundred *(100)* gallons; distributors purchasing an average daily quantity of one hundred *(100)* gallons and less than two hundred *(200)* gallons during any calendar month during a license year shall post a bond in the amount of two thousand dollars ($2,000); distributors purchasing an average daily quantity of two hundred *(200)* gallons and less than three hundred *(300)* gallons during any calendar month during a license year shall post a bond in the amount of three thousand dollars ($3,000); distributors purchasing an average daily quantity of three hundred *(300)* gallons or more during any calendar month during a license year shall post a bond in the sum of five thousand dollars ($5,000).

(3) If a distributor increases his purchases of milk during the license year *to* exceed the amount for which *he* is bonded, *he* shall *immediately* post *the* additional bond required to comply with this section.

(4) The *department may* require *a* distributor to furnish a bond in addition to those specified *in this section,* if, after notice and hearing and upon good cause shown, it determines *the* additional bond *is* required to assure payment of all amounts due or to become due to producers.

(5) Failure of *a* distributor who purchases milk from producers to *post a* bond required *by this section is* a violation of this *chapter.*"

A copy of every rule shall be mailed to each licensee at least fifteen (15) days in advance of its effective date. *However,* the failure of a licensee to receive a copy of *a rule does* not exempt him from *complying* with *a rule adopted under this act.*

(2) All rules adopted under this act *are* binding *on* all licensees and enforceable by the *department* through the power of suspension or revocation of licenses."

Section 112. Section 47-206, R.C.M. 1947, is amended to read as follows:

(2) A copy of the order granting or denying a license, together with a summary of the *department's* findings, shall be filed in the office of the *department* and shall be public record. (a) When seventy-five percent (75%) of producers of *an* agricultural product or commodity marketing *those* products or commodities within *a* trade area, district or city determine what is a fair price based upon competitive and other factors for their product or commodity, it shall be *considered* the fair price for *that* product or commodity under the terms of this act.

(b) Those producers through their agents shall file with the *department the* fair price and request a hearing for the establishment of fair prices to jobbers, wholesalers, retailers, and consumers of *the* agricultural products or commodities. Any organization representing consumers *may* not be denied representation at *the* meeting.

(2) After the establishment of a schedule of fair prices for *the* agricultural products or commodities, it *is* a violation of this act for *a* producer, jobber, wholesaler or retailer to sell or buy *an* agricultural commodity or product below *the* price established by the *department. HeinOnline -- 1975 vol. I 1008 1975

of probable cause must make a written report of its investigation and must mail a copy of its findings to the person initially giving notice of a violation.

(3) If, after *an* investigation the *department has* reason to believe that *the* person, firm, or corporation has been or is engaging in any course of conduct or doing any act in violation of this chapter and if it *appears* to the *department* that a proceeding by it would be to the interest of the public, it shall issue and serve upon *the* person, firm or corporation a complaint stating its charges in that respect, and containing a notice of a hearing upon a day and at a place therein fixed not less than five (5) days after the service of *the* complaint. *A* complaint may be amended by the *department* in its discretion at any time five (5) days prior to the issuance of an order based *on it.* The person, firm or corporation so complained of *may* appear at the place and time so fixed and show cause why an order should not be entered by the *department* requiring *that* person, firm, or corporation to *stop* the violation of the law charged in *the* complaint. Any person, firm or corporation may make application, and upon good cause shown may be allowed by the *department* to intervene and appear in *the* proceeding by counsel or in person. The testimony in *the* proceeding shall be reduced to writing and filed in the office of the *department.* If upon *the* hearing the *department believes* that the act or conduct in question is prohibited by this chapter, it shall make a report in writing in which it shall state its findings as to the facts and shall issue and cause to be served on *that* person, firm, or corporation an order requiring *that* person, firm, or corporation to *stop the* acts or conduct. (5) To the extent that the order of the *department* is affirmed, the court shall thereupon issue its own order commanding obedience to the terms of *the* order of the *department.*

(6) Proceedings in the district court shall be given precedence over other civil cases pending therein, and shall be in every way expedited.

(7) A person, firm, or corporation who violates an order of the *department* to cease and desist after it has become final, and while *the* order is in effect shall forfeit and pay to *this* state a penalty of not more than one thousand dollars *($1,000)* for each violation, which shall accrue to *this* state and may be recovered in a civil action brought by *this* state.

When petition for *a* cost survey has been so presented to the *department,* the *department* shall, as soon as possible, fix a time for a public hearing upon the question of whether *the* cost survey should be established. *The* hearing shall be held at the office of *the department* and upon *that* notice *which* the *department* may by rule require. *However,* notice of *the* hearing shall be published for at least two *(2)* successive weeks in *the* daily newspaper or newspapers as the *department* may designate as most commonly circulated in the counties to be affected by *the* cost survey. *The* notice shall further state the locality or area in respect to which *the* cost survey is proposed to be established and the particular trade or business to be affected *by it.*

(2) At the time fixed in *the* notice any person, firm, or corporation *may* appear and be heard by the *department* upon all questions to be determined by it as provided in this section. If the *department determines* that a cost survey shall be established, it shall at the same hearing proceed to classify and define the particular trade or business, or parts thereof, to be affected, determine and delimit the particular area within which *the* trade or business shall be affected, and find and determine the probable "cost of doing business" or "overhead expense," stated in percentage of invoice or replacement cost which would probably be incurred by the most efficient person, firm, or corporation *in the* trade or business within *the* area.

(3) *Where* the *department determines* that the probable "cost of doing business" or "overhead expense," stated in percentage of invoice or replacement cost which would probably be incurred by the most efficient person, firm, or corporation in *the* trade or business is the same for the entire state, then the *department* may, upon proper notice given as provided *in this section,* create one trade area *embracing* the entire state.

(4) The percentage so determined shall be presumed to be the actual "cost of doing business" and "overhead expense" of any person, firm, or corporation in *the* trade or business and within the area affected by *the* cost survey."

(2) In any case of contumacy or refusal to obey a subpoena issued to *a* person, any district court of *this* state, within any district where the inquiry is carried on or where a person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the *department has* jurisdiction to issue to *that* person, an order requiring *him* to appear before the *department*, or its duly authorized agent, and there to produce evidence if so ordered, or there to give testimony *regarding* the matter under investigation. *Failure* to obey *the* order of the court may be punished by *the* court as a contempt.

(3) A person *may not* be excused from attending and testifying or from producing books, records, correspondence, documents, or other evidence in obedience to the subpoena of the *department*, on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture. *An* individual *may not* be prosecuted or subjected to *a* penalty or forfeiture for or on account of *a* transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self incrimination, to testify or produce evidence, except that *an* individual so testifying *is* not exempt from prosecution and punishment for perjury committed in testifying."

(2) A user or customer *may,* upon tendering payment, receive from *a* dealer a sample of *a* commodity sold for *the* purpose of having *an* analysis and *a* test made by the *department.*

(3) The *department may* inspect any of the commodities *subject to this act,* whether *they* originate at points *outside* the state or otherwise and whether *they* are in transport or at rest in places where they are dangerous to human life or public safety.

When *those* packages or amounts of commodities are found not to contain the amounts represented, or are found to be kept, offered, or exposed for sale in violation of law, the *department* may order them off sale and may so mark or tag them as to show them to be illegal. In carrying out the provisions of this section, the *department* may employ recognized sampling procedures under which the compliance of a given lot of packages will be determined on the basis of the result obtained on a sample selected from and representative of *that* lot. *A* person *may not:*

(1) sell, or keep, offer, or expose for sale, in intrastate commerce, any package or amount of commodity that has been ordered off sale or marked or tagged as provided in this section unless *the* package or amount of commodity has been brought into full compliance with all legal requirements, or

The *owner* of rejected weights and measures shall correct *them* within thirty (30) days or *a* longer period as may be authorized by the *department. In place* of this, *the owner* may dispose of *them*, but only in *a* manner specifically authorized by the *department.* Weights and measures that have been rejected *may* not again be used commercially until they have been officially re-examined and found to be correct, or until specific written permission for *that* use is issued by the *department*, or until the rejection tag has been removed and the rejected device repaired and placed in service by a person *properly* registered to perform *those* acts under a *rule* issued by the *department* for the registration of weights and measures servicemen and service agencies."

(1) to commodities when sold for immediate consumption on the premises where sold,

(2) to vegetables when sold by the head or bunch,

(3) to commodities in containers standardized by a law of this state or by federal law,

(6) to unprocessed vegetable and animal fertilizer when sold by cubic measure.

The *department* may *adopt* reasonable *rules* necessary to assure that amounts of commodity sold are determined in accordance with good commercial practice and are so determined and represented as to be accurate and informative to all parties at interest."

(2) In connection with the declaration required under *subsection 1(b),* neither the qualifying term "when packed," *nor words* of similar import, nor any term qualifying a unit of weight, measure, or count (for example, "jumbo," "giant," "full," and the like) that tends to exaggerate the amount of commodity in a package *may* be used.

(3) Under subsection 1(b) the *department* shall, by *rule,* establish: (a) reasonable variations to be allowed, which may include variations below the declared weight or measure caused by ordinary and customary exposure, only after the commodity is introduced into intrastate commerce, to conditions that normally occur in good distribution practice and that unavoidably result in decreased weight or measure, (b) exemptions as to small packages, and (c) exemptions as to commodities put up in variable weights or sizes for sale intact and either customarily not sold as individual units or customarily weighed or measured at time of sale to the consumer.

(4) The marking provisions of this section do not apply to unwrapped loaves of bread or to berries and small fruits, sold in conformance with the applicable provisions of this act."

One of these tickets shall be retained by the vendor, and the other shall be delivered to the purchaser at the time of delivery of the commodity, or shall be surrendered, on demand, to the *department. If the department* desires to retain it as evidence, *it* shall issue a weight slip in *place of the ticket* for delivery to the purchaser. *If* the purchaser himself carries away his purchase, the vendor shall be required only to give to the purchaser at the time of sale a delivery ticket stating the number of pounds of commodity delivered to him."

CHAPTER NO. 432

AN ACT TO AMEND SECTIONS 75-7104, 75-7127, AND 75-7129, R.C.M. 1947, TO PROVIDE THAT THE EIGHT PERCENT (8%) DEBT LIMIT ON THE ISSUANCE OF SCHOOL DISTRICT BONDS SHALL NOT PERTAIN TO SPECIAL IMPROVEMENT DISTRICT OBLIGATIONS; TO PROVIDE FOR PAYMENT OF SPECIAL IMPROVEMENT DISTRICT ASSESSMENTS BY SCHOOL DISTRICTS FROM THE DEBT SERVICE FUND OF THE SCHOOL DISTRICT RATHER THAN FROM THE GENERAL FUND OF THE SCHOOL DISTRICT; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-7104, R.C.M. 1947, is amended to read as follows:

"**75-7104. Limitations on amount of bond issue.** (1) The maximum amount for which each school district shall become indebted by the issuance of bonds, including all indebtedness represented by outstanding bonds of previous issues and registered warrants, is *eight percent (8%)* of the assessed value of the taxable property therein as ascertained by the last completed assessment for state, county, and school taxes previous to the incurring of such indebtedness. *The eight percent (8%) maximum, however, shall not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district.* All bonds issued in excess of such amount shall be null and void, except as provided in subsection (2).

HeinOnline -- 1975 vol. I 1030 1975

When the total indebtedness of a school district has reached the *eight percent (8%)* limitation prescribed in this section, such school district shall have the power and authority to pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this title.

Whenever bonds are issued for the purpose of refunding bonds, any moneys to the credit of the debt service fund for the payment of the bonds to be refunded shall be applied towards the payment of such bonds and the refunding bond issue shall be decreased accordingly.

(2) In the case of a school district within which a new major industrial facility which seeks to qualify for taxation as class seven (7) property under section 84-301, R.C.M. 1947, is being constructed or is about to be constructed, the school district may require, as a precondition of the new major industrial facility qualifying as class seven (7) property, that the owners of the proposed industrial facility enter into an agreement with the school district concerning the issuing of bonds in excess of the *eight percent (8%)* limitation prescribed in subsection one (1). Under such an agreement, the school district may, with the approval of the voters, issue bonds which exceed the limitation prescribed in subsection one (1) by a maximum of *eight percent (8%)* of the estimated assessed value of the taxable property of the new major industrial facility when completed. The estimated assessed value of the taxable property of the new major industrial facility shall be computed by the department of revenue when requested to do so by a resolution of the board of trustees of the school district, and copy of the department's statement of estimated assessed value shall be printed on each ballot used to vote on a bond issue proposed under this subsection.

Pursuant to the agreement between the new major industrial facility and the school district, and as a precondition to qualifying as class seven (7) property, the new major industrial facility and its owners shall, in addition to such taxes as may be imposed by the school district on property owners generally pay so much of the principal and interests on the bonds provided for under this subsection as shall represent payment on an indebtedness in excess of the limitation prescribed in subsection one (1). After the completion of the new major industrial facility and when the indebtedness of the school district no longer exceeds the limitation prescribed in subsection one (1), the new major industrial facility shall be entitled, after all the current indebtedness of the school district has been paid, to a tax credit over a period of no more than twenty (20) years which credit shall, as a total amount, be equal to the amount by which the facility paid the principal and interest of the school district's bonds in excess of its general liability as a taxpayer within the district.

A major industrial facility is a facility, subject to the taxing power of the school district, whose construction or operation will increase the population of the district so as to impose a significant burden upon the resources of the district and to require construction of new school facilities. A significant burden is an increase in ANB of at least twenty percent (20%) in a single year."

HeinOnline -- 1975 vol. I 1031 1975

Section 2. Section 75-7127, R.C.M. 1947, is amended to read as follows:

"**75-7127. Preparation of debt service fund budget.** The trustees of each school district having outstanding bonds shall include in the debt service fund of the preliminary budget adopted in accordance with section 75-6707 an amount of money that is necessary to pay the interest and the principal amount becoming due during the ensuing school fiscal year for each series or installment of bonds, according to the terms and conditions of such bonds and the redemption plans of the trustees. *The trustees shall also include in the debt service fund of the preliminary budget the amount of money necessary to pay the special improvement district assessments levied against the school district which become due during the ensuing school fiscal year.* The county superintendent shall compare the preliminary budgeted amount for the debt service fund with the bond retirement and interest requirement *and the special improvement district assessments* for the school fiscal year just beginning as reported by the county treasurer in his statement supplied under the provisions of section 75-6710. If the county superintendent finds that the requirement stated by the county treasurer is more than the preliminary budget amount, the county superintendent shall increase the budgeted amount for interest or principal in the debt service fund of the preliminary budget. The amount confirmed or revised by the county superintendent shall be the final budget expenditure amount for the debt service fund of such school district."

Section 3. Section 75-7129, R.C.M. 1947, is amended to read as follows:

"**75-7129. Payment of debt service obligations by county treasurer and termination of interest.** The county treasurer shall maintain a separate debt service fund for each school district, and shall credit all tax moneys collected for debt service to such fund and use the moneys credited to such fund for the payment of debt service obligations in accordance with the school financial administration provisions of this Title.

The county treasurer shall pay from the debt service fund all amounts of interest and principal on school district bonds as such interest or principal becomes due when the coupons or bonds are presented and surrendered for payment, *and shall pay all special improvement district assessments as the same become due.* If the bonds are held by the state of Montana, then all payments shall be remitted to the state treasurer who shall cancel the coupons or bonds and return such coupons or bonds to the county treasurer with his receipt. If the bonds are not held by the state of Montana, and the interest or principal is made payable at some designated bank or financial institution, the county treasurer shall remit the amount due for interest or principal to such bank or financial institution for payment against the surrender of the canceled coupons or bonds.

Whenever any school district bond, or installment on school district bonds, shall become due and payable, interest shall cease on such date unless sufficient funds are available to pay such bond when it is presented for payment or when payment of an installment is demanded. In either case, interest on such bond or installment shall continue until payment is made.

HeinOnline -- 1975 vol. I 1032 1975

Any installment on interest and principal on bonds held by the state, that is not promptly paid when due, shall draw interest at an annual rate of six per cent (6%) from the date due until actual payment, irrespective of the rate of interest on the bonds."

Section 4. This act is effective on passage and approval.

Approved April 14, 1975.

(1) employ permanent and seasonal personnel to administer this chapter;

(2) survey pest infestation conditions during appropriate seasons, and enter upon any croplands in the course of conducting such surveillance;

(3) determine, upon investigation, that a condition of insect pest infestation exists within a county;

(4) operate or contract for spraying services to counteract a condition of insect pest infestation, having first determined that a person contracting to supply such services is properly equipped to apply substances designated and approved by the department;

(5) conduct or coordinate simultaneous cropland spraying programs in two (2) or more contiguous counties.

Section 3. There is a new R.C.M. section numbered 3-3503 that reads as follows:

3-3503. Cropland spraying program — duties of department. The department shall:

(1) develop and publish a list of substances approved for all cropland spraying programs, which shall be the least harmful to beneficial insects among effective available substances;

(2) develop and publish technical guidelines for county-conducted cropland spraying programs;

(3) publish, upon finding that a condition of insect pest infestation exists within a county, notice of intent to conduct a cropland spraying program within that county, such notice to appear in a newspaper generally circulating in the county;

(4) conduct a cropland spraying program within a county, after notice of intent has been published, unless within two (2) weeks or such lesser time as the notice may specify, the board of county commissioners adopts a plan to conduct a cropland spraying program which is approved by the department;

(5) approve a county plan to conduct a cropland spraying program which is submitted in a timely manner, which conforms to the technical guidelines of the department, and which will counteract a condition of insect pest infestation in a timely manner;

(6) consider, prior to conducting or approving any cropland spraying program, whether an alternative control program would be as efficient as spraying on a ratio of total costs to total benefits and to state a summary of such consideration in a notice of intent published under subsection (3) of this section. If the alternative control program is more efficient, the department may conduct or approve such a program. In such event, any reference to cropland spraying program in this act includes the alternative control program.

Section 4. There is a new R.C.M. section numbered 3-3404 that reads as follows:

3-3404. Financing of cropland spraying program. (1) The costs of a cropland spraying program shall be apportioned one-third (⅓) to the

HeinOnline -- 1975 vol. I 1034 1975

state, one-third (⅓) to the county where the program is conducted, and one-third (⅓) to the owners of cropland in the county. Prior to implementation of any state or county cropland spraying program, the department and the board of county commissioners of any county for which the program is proposed, shall enter into a written agreement on the maximum amount of monies each shall appropriate or provide toward the proposed program. If either party does not sign and approve the agreement, the program may not be conducted.

(2) The board of county commissioners of any county for which a cropland spraying program is intended, shall appoint a three-member insect evaluation committee once the department has published its notice of intent. The members shall be composed of farmers and ranchers having lands within the proposed program area. The committee, prior to the deadline of the notice of intent or within seven days of publication, whichever is less, shall review the finding of fact provided by the department to determine whether an area cropland spraying program shall be conducted for the agricultural producers in the proposed program area. If the committee determines that an area cropland spraying program is needed, by independently substantiating the department's finding of fact that a condition of insect pest infestation exists, the county or department shall call for a meeting of producers, landowners and other potentially affected taxpayers within the proposed program area. The call for the meeting shall include public notice at least five (5) days in advance. If a majority of those attending the meeting approve the program, then all producers and landowners within the proposed program area shall be included in the spray program and shall be subject to payment for the program.

Individual farm and ranch landowners may formally petition by written affidavit protesting their inclusion within the proposed cropland spraying program. The department or county commissioners shall refrain from spraying any land petitioned to be excluded. Such excluded land remains subject to assessment under section 3-3505.

(3) If the department conducts the program, the department shall pay all costs of the program. The county shall pay its share and the landowners' share, as provided in section 3-3505, to the department for deposit in the appropriate fund.

(4) If the county conducts the program, the county shall pay all costs of the program, including its share. The department shall pay one-third (⅓) of the costs of the cropland spraying program from monies appropriated for that purpose to the county in which the program was conducted. The county treasurer shall collect the landowners' assessments as provided in section 3-3505.

Section 5. There is a new R.C.M. section numbered 3-3505 that reads as follows:

3-3505. Computation and collection of assessments on landowners. Each owner of cropland benefited under a cropland spraying program is liable for such portion of the landowners' share of the program costs as his cropland is a portion of all cropland within the county benefited by the program. The county treasurer shall compute each such land-

owner's liability and mail a special assessment therefor to each landowner or his agent. This assessment is due and payable within thirty-two (32) days of mailing or thirty (30) days of receipt, if receipt is shown to be more than two (2) days after mailing. A delinquent assessment is a lien upon the land assessed.

Section 6. There is a new R.C.M. section numbered 3-3506 that reads as follows:

3-3506. Rangeland spraying programs — powers of department. The department may enter into agreements with the United States department of agriculture for cooperative programs to control insect pest infestation on rangeland and to share the costs of such programs, whenever funds have been appropriated and are available for that purpose.

Section 7. Section 16-1149, R.C.M. 1947, is amended to read as follows:

"16-1149. Destruction of insect pests by county commissioners. The board of commissioners of any county of this state, where there are any insect pests, are hereby authorized and empowered to appoint some suitable person or persons, whose duty it shall be, acting under the direction of the state *department of agriculture*, to poison, kill, catch, and exterminate insect pests within such county, and any such person so appointed *may fly over or* enter upon any farm, railroad right of way, grounds or, premises infested with such insect pests and poison, kill, catch, and exterminate the insect pests therein."

Section 9. Section 16-1151, R.C.M. 1947, is amended to read as follows:

The board of county commissioners of any county may, from time to time, purchase *or contract to hire* such quantities and amounts of poisons, traps and other equipment necessary to poison, kill, catch or exterminate such insect pests, and warrants in payment thereof shall be drawn on the general fund."

Section 10. Section 16-1152, R.C.M. 1947, is amended to read as follows:

"16-1152. Tax levy for payment of warrants. The board of county commissioners shall annually determine the amount of such warrants drawn on the general fund for the purposes of *controlling insect pests under a cropland spraying program approved by the department of agriculture,* and the succeeding year, shall levy a tax for the purpose of insect pest extermination sufficient in amount to reimburse said general fund for the money so paid out on such warrants, which said tax shall be levied

upon all the property in the county and shall not exceed *three (3) mills* on each dollar of assessed valuation. If there be no money in the general fund with which to pay such warrants, they shall be registered and bear interest in the same manner as other county warrants, but in such case the interest shall be computed and added to the amount for which such tax is levied."

Section 11. Section 16-1153, R.C.M. 1947, is amended to read as follows:

"16-1153. "Insect pest" defined. The term "insect pest" as used in this act shall include grasshopper, cutworm, pale western cutworm, army worm, chinch bug and any other insect *or arthropod* generally recognized as a destroyer of grain, hay, *range,* and horticultural crops."

of adjustment. The members of the board of adjustment shall receive compensation for their services at the rate of four dollars ($4) per *day* for time spent on the work of the board, in addition to expenses, including *travel* expenses, *as provided for in sections 59-538, 59-539, and 59-801,* necessarily incurred in the discharge of their duties. The supervisors shall pay the necessary administrative and other expenses of operation incurred by the board, upon the certificate of the chairman of the board.

(2) The board of adjustment shall adopt rules to govern its procedures, which rules shall be in accordance with this act, and with any ordinance adopted pursuant to this section. The board shall annually elect a chairman from among its members. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Any two (2) members of the board constitute a quorum. The chairman, or in his absence, such other member of the board as he may designate to serve as acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep a full and accurate record of all proceedings, of all documents filed with it, and of all orders entered, which shall be filed in the office of the board and shall be a public record.

(3) Any qualified elector may file a petition with the board of adjustment, alleging that there are great practical difficulties or unnecessary hardship in the way of his carrying out upon his lands the strict letter of the land-use regulations prescribed by ordinance approved by the supervisors, and praying the board to authorize a variance from the terms of the land-use regulations in the application of the regulations to the lands occupied by the petitioner. Copies of the petition shall be served by the petitioner upon the chairman of the supervisors of the district within which his lands are located and upon the department. The board of adjustment shall fix a time for the hearing of the petition and cause due notice of the hearing to be given. The supervisors of the district and the department are entitled to appear and be heard at the hearing. A qualified elector within the district who objects to the authorizing of the variance prayed for may intervene and become a party to the proceedings. A party to the hearing before the board may appear in person, by agent, or by attorney. If, upon the facts presented at the hearing the board determines that there are great practical difficulties or unnecessary hardship in the way of applying the strict letter of any of the land-use regulations upon the lands of the petitioner, it shall make and record that determination and shall make and record findings of fact as to the specific conditions which establish the great practical difficulties or unnecessary hardship. Upon the basis of the findings and determination, the board may order a variance from the terms of the land-use regulations, in their application to the lands of the petitioner, that will relieve the great practical difficulties or unnecessary hardship and will not be contrary to the public interest, and such that the spirit of the land-use regulations are observed, the public health, safety, and welfare secured, and substantial justice done.

(4) A petitioner aggrieved by an order of the board granting or denying, in whole or in part, the relief sought, the supervisors of the district, or an intervening party, may obtain a review of the order in any district

HeinOnline -- 1975 vol. II 1075 1975

court of the county, in which the lands of the petitioner lie, by filing in the court a petition praying that the order of the board be modified or set aside. A copy of the petition shall immediately be served upon the parties to the hearing before the board, and thereupon the party seeking review shall file in the court a transcript of the entire record in the proceedings, certified by the board, including the documents and testimony upon which the order complained of was entered, and the findings, determination, and order of the board. Upon the filing, the court shall cause notice thereof to be served upon the parties, and the court has jurisdiction of the proceedings and of the questions determined or to be determined therein, and may grant such temporary relief as it deems just and proper, and make and enter a decree enforcing, modifying, and enforcing as so modified, or setting aside, in whole or in part, the order of the board. A contention that is not urged before the board may not be considered by the court unless the failure or neglect to urge the contention is excused because of extraordinary circumstances. The findings of the board as to the facts, if supported by evidence, are conclusive. If a party applies to the court for leave to produce additional evidence and shows to the satisfaction of the court that the evidence is material and that there are reasonable grounds for the failure to produce the evidence in the hearing before the board, the court may order the additional evidence to be taken before the board and to be made a part of the transcript. The board may modify its findings as to the facts or make new findings, taking into consideration the additional evidence so taken and filed, and it shall file the modified or new findings, which, if supported by evidence, are conclusive, and shall file with the court its recommendations, if any, for the modification or setting aside of its original order. The jurisdiction of the court is exclusive and its judgment and decree are final, except that they are subject to review in the same manner as are other judgments or decrees of the court."

Section 7. Section 50-1607, R.C.M. 1947, is amended to read as follows:

"**50-1607. Application for permit — contents — permit authorization — notification — fee — bond.** (1) A person desiring a mine site location permit shall file with the department an application which shall contain a reclamation plan for any preparatory work and such other information the department deems necessary to determine if the proposed area to be affected by the operation is appropriate for the location of a new strip mine *or a new underground mine.* The department may require any information included in, but not limited to, an application for a strip mining permit *or underground mining permit* as required by chapter 10, Title 50, R.C.M. 1947.

HeinOnline -- 1975 vol. II 1085 1975

why the location is not acceptable. The department shall also notify the applicant within three hundred sixty-five (365) days of receipt of a complete application whether the proposed reclamation plan is or is not acceptable. If the plan is not acceptable, the department shall set forth the reasons for nonacceptance of the plan. It may propose modifications, delete areas, or reject the entire plan.

(4) A fee of fifty dollars ($50) shall be paid before the mine site location permit required in this act may be issued. The operator shall also file with the department a bond payable to the state of Montana with surety satisfactory to the department in the penal sum to be determined by the board (on the recommendation of the commissioner) of not less than two hundred dollars ($200) nor more than ten thousand dollars ($10,000) for each acre or fraction thereof of the area of land to be disturbed by preparatory work, with a minimum bond of five thousand dollars ($5,000), conditioned upon the faithful performance of the requirements set forth in this act and of the rules of the board. In determining the amount of the bond within the above limits, the board shall take into consideration the character and nature of the surface *and subsurface* disturbances, the future suitable use of the land involved and the cost of removing or burying facilities, *subsidence stabilization, water controls,* backfilling, grading, topsoiling, and reclamation to be required. Notwithstanding the above limits the bond may not be less than the total estimated cost to the state of completing the work described in the reclamation plan."

The notice or order shall be handed to the operator in person or served by registered mail addressed to the permanent address shown on the application for a permit. The notice of

HeinOnline -- 1975 vol. II 1086 1975

noncompliance or order of suspension shall specify in what respects the operator has failed to comply with this act or the rules or orders of the department and the board. If the operator has not complied with the requirement set forth in the notice of noncompliance or order of suspension within time limits set therein, the permit may be revoked by order of the board and the performance bond forfeited to the department.

(2) Any additional strip mining, *or underground mining,* or mine site location permits held by an operator whose mine site location permit has been revoked shall be suspended and the operator is not eligible to receive another permit or to have the suspended permits reinstated until he has complied with all the requirements of this act in respect to former permits issued him. An operator who has forfeited a bond is not eligible to receive another permit unless the land for which the bond was forfeited has been reclaimed without cost to the state, or the operator has paid into the reclamation account a sum together with the value of the bond, the board finds adequate to reclaim the lands. The department may not issue any additional permits to an operator who has repeatedly been in noncompliance or violation of this act."

This fund shall be available to the department by appropriation and shall be expended for the administration and enforcement of this act and for the reclamation and revegetation of land and the rehabilitation of water affected by any mining operations. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purposes of this act until expended or until appropriated by subsequent legislative action."

Section 11. Section 50-1614, R.C.M. 1947, is amended to read as follows:

"**50-1614. Submitted information may be accepted to meet strip mining or underground mining permit requirements.** The department may choose to accept information submitted under this act to the extent it is applicable and relevant as satisfying the requirements of chapter 10, Title 50."

Section 12. Section 50-1615, R.C.M. 1947, is amended to read as follows:

"**50-1615. Termination of permit.** A mine site location permit granted by the department in accordance with the provisions of this act shall remain in full force and effect until the provisions of the permit are complied with and the bond is released, except that those areas of land covered by a mine site location permit for which a strip mining *or an underground mining* permit is granted pursuant to the provisions of chapter 10, Title 50, shall be released from the terms and provisions of the mine site location permit."

"**50-1616. Effect of strip mine or underground mine siting permit on subsequent strip mining or underground mining permits.** When the department has sufficient information to approve or disapprove a mine site location permit application on either the entire area being considered for a mine site location permit or a portion thereof on the grounds listed in section 50-1042 (2) and (4), it shall so state in a written statement to the operator. This decision is binding on the department with regard to strip mining *or underground mining* permit applications as specified in chapter 10, Title 50, R.C.M. 1947, unless:

(1) new information is submitted or obtained in compliance with chapter 10, Title 50, which indicates a situation not existing or known at the time of the issuance of a permit under this act;

(2) an application under this act misrepresented information related to the criteria;

(3) a situation develops because of strip mining *or underground mining* operations which was not in existence at the time of the issuance of a permit under this act."

Section 14. Section 50-1034, R.C.M. 1947, is amended to read as follows:

"**50-1034. Short title.** This act shall be known and may be cited as "The Montana Strip and *Underground Mine* Reclamation Act.""

Such permit shall be renewable from year to year thereafter upon application to the department at least thirty (30) but not more than sixty (60) days prior to the renewal date so long as the operator is in compliance with the requirements of this act, the rules hereunder, and the reclamation plan provided for in section 50-1043 and agrees to comply with all applicable laws and rules in effect at the time of renewal. Such renewal shall further be subject to the denial provisions of sections 50-1042, 50-1046 *and 50-1050.*

Each set shall depict subsurface conditions at five hundred (500) foot intervals across the surface and shall run at a ninety (90) degree angle to the other set *unless the department determines that closer intervals are required.* Each cross-section shall depict the thickness and geological character of all known strata beginning with the top soil; *in addition, each application for an underground mining permit shall be accompanied by cross-sections and maps showing the proposed underground locations of all shafts, entries, and haulageways or other excavations to be excavated during the permit year. These cross-sections shall also include all existing shafts, entries and haulageways;*

dollars ($200) nor more than twenty-five hundred dollars ($2,500) for each acre or fraction thereof of the area of land affected, with a minimum bond of two thousand dollars ($2,000), conditioned upon the faithful performance of the requirements set forth in this act and of the rules of the board. In determining the amount of the bond within the above limits, the board shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading, highwall reduction, *subsidence stabilization, water control,* topsoiling, and reclamation to be required; but in no event shall the bond be less than the total estimated cost to the state of completing the work described in the reclamation plan."

Section 20. Section 50-1041, R.C.M. 1947, is amended to read as follows:

"**50-1041. Prospecting permit — application — contents — reclamation plan — fee — bond.** (1) On and after the effective date of this act prospecting by any person on land not included in a valid strip mining *or underground mining* permit shall be unlawful without possessing a valid prospecting permit issued by the department as provided in this section. No prospecting permit shall be issued until the operator submits an application, the application is examined, amended if necessary, and approved by the department, and adequate reclamation performance bond is posted, all of which prerequisites must be done in conformity with the requirements of this act.

(2) An application for a prospecting permit shall be made in writing, notarized, and submitted to the department in duplicate upon forms prepared and furnished by it. The application shall include among other things, a prospecting map and a prospecting reclamation plan of substantially the same character as required for a surface mining *or underground mining* map and reclamation plan under this act. The department shall determine, by rules and regulations, the precise nature of such required prospecting map and reclamation plan. Any operator who intends to prospect by means of core drilling shall specify the location and number of holes to be drilled, methods to be used in sealing aquifers, and such other information as may be required by the department. The applicant must state what types of prospecting and excavating techniques will be employed on the affected land. The application shall also include any other or further information the department may require.

(3) The application shall be accompanied by a fee of one hundred dollars ($100). This fee shall be used as a credit toward the strip mining *or underground mining* permit fee provided by this act if the area covered by the prospecting permit becomes covered by a valid surface mining *or underground mining* permit obtained before or at the time the prospecting permit expires.

(4) Before the department gives final approval to the prospecting permit application, the applicant shall file with the department a reclamation and revegetation bond in a form and in an amount as determined in the same manner for strip mining *or underground mining* reclamation and revegetation bonds under this act.

HeinOnline -- 1975 vol. II 1095 1975

(5) In the event that the holder of a prospecting permit desires to strip mine *or underground mine* the area covered by the prospecting permit, and has fulfilled all the requirements for a strip mining *or underground mining* permit, the department may permit the postponement of the reclamation of the acreage prospected if that acreage is incorporated into the complete reclamation plan submitted with the application for a strip mining *or underground mining* permit. Any land actually affected by prospecting or excavating under a prospecting permit and not covered by the strip mining *or underground mining* reclamation plan shall be promptly reclaimed.

(6) The prospecting permit shall be valid for one (1) year, and shall be subject to renewal, suspension, and revocation in the same manner as strip mining *or underground mining* permits under this act.

(7) The holder of the prospecting permit shall file with the department the same progress reports, maps, and revegetation progress reports, as are required of strip mining *or underground mining* operators under this act."

Section 21. Section 50-1042, R.C.M. 1947, is amended to read as follows:

"**50-1042. Refusal of permit — grounds.** (1) An application for a prospecting, strip mining *or underground mining* permit shall not be approved by the department if there is found on the basis of the information set forth in the application, an on-site inspection, and an evaluation of the operation by the department that the requirements of the act or rules will not be observed or that the proposed method of operation, backfilling, grading, *subsidence stabilization, water control,* highwall reduction, topsoiling, revegetation, or reclamation of the affected area cannot be carried out consistent with the purpose of this act.

(2) The department shall not approve the application for *a* prospecting, strip mining *or underground mining* permit where the area of land described in the application includes land having special, exceptional, critical, or unique characteristics, or that mining or prospecting on that area would adversely affect the use, enjoyment, or fundamental character of neighboring land having special, exceptional, critical, or unique characteristics. For the purposes of this act, land is defined as having such characteristics if it possesses special, exceptional, critical or unique:

(a) biological productivity, the loss of which would jeopardize certain species of wildlife or domestic stock; or

(b) ecological fragility, in the sense that the land, once adversely affected, could not return to its former ecological role in the reasonable foreseeable future; or

(c) ecological importance, in the sense that the particular land has such a strong influence on the total ecosystem of which it is a part that even temporary effects felt by it could precipitate a system-wide reaction of unpredictable scope or dimensions; or

(d) scenic, historic, archeologic, topographic, geologic, ethnologic, scientific, cultural, or recreational significance. In applying this subsection, particular attention should be paid to the inadequate preservation previously accorded Plains Indian history and culture.

HeinOnline -- 1975 vol. II 1096 1975

(3) If the department finds that the overburden on any part of the area of land described in the application for a prospecting, strip mining *or underground mining* permit is such that experience in the state with a similar type of operation upon land with similar overburden shows that substantial deposition of sediment in streambeds, *subsidence,* landslides, or water pollution cannot feasibly be prevented, the department shall delete that part of the land described in the application upon which the overburden exists.

(4) If the department finds that the operation will constitute a hazard to a dwelling house, public building, school, church, cemetery, commercial or institutional building, public road, stream, lake, or other public property, the department shall delete those areas from the prospecting, strip mining *or underground mining* permit application before it can be approved."

Section 22. Section 50-1043, R.C.M. 1947, is amended to read as follows:

"**50-1043. Reclamation operations — submission and action on plan.** (1) As rapidly, completely, and effectively as the most modern technology and the most advanced state of the art will allow, each operator granted a permit under this act, shall reclaim and revegetate the land affected by his operation, *except that underground tunnels, shafts, or other subsurface excavations need not be revegetated.* Under the provisions of this act and rules adopted by the board, an operator shall prepare and carry out a method of operation, plan of grading, backfilling, highwall reduction, *subsidence stabilization, water control,* topsoiling and a reclamation plan for the area of land affected by his operation. In developing a method of operation, and plans of backfilling, *subsidence stabilization, water control,* grading, highwall reduction, topsoiling and reclamation, all measures shall be taken to eliminate damages to landowners and members of the public, their real and personal property, public roads, streams and all other public property from soil erosion, *subsidence,* landslides, water pollution, and hazards dangerous to life and property. The reclamation plan shall set forth in detail the manner in which the applicant intends to comply with this section and sections 50-1044, 50-1045 and 50-1046. The plan shall be submitted to the department and the department shall notify the applicant by registered mail within one hundred twenty (120) days after receipt of the plan and complete application if it is or is not acceptable. The department may extend the one hundred twenty (120) days an additional one hundred twenty (120) days upon notification of the operator in writing. If the plan is not acceptable, the department shall set forth the reasons why the plan is not acceptable and it may propose modifications, delete areas, or reject the entire plan. A land owner, operator, or any person aggrieved by the decision of the department may, by written notice, request a hearing by the board. The board shall notify the person by registered mail within twenty (20) days after the hearing of its decision. Every reclamation plan shall be subject to annual review and modification.

(2) In addition to the method of operation, grading, backfilling, *subsidence stabilization, water control,* highwall reduction, topsoiling and

HeinOnline -- 1975 vol. II 1097 1975

reclamation requirements of this act and rules adopted under this act, the operator, consistent with the directives of subsection (1) of this section shall:

(a) bury under adequate fill all toxic materials, shale, mineral, or any other material determined by the department to be acid producing, toxic, undesirable, or creating a hazard;

(b) seal off, as directed by rules, *tunnels, shafts, or other openings or* any breakthrough of water creating a hazard;

(c) impound, drain, or treat all runoff *or underground mine waters* so as to reduce soil erosion, damage to grazing and agricultural lands, and pollution of surface and subsurface waters;

(d) remove or bury all metal, lumber, and other refuse resulting from the operation;

(e) use explosives in connection with the operation only in accordance with department regulations designed to minimize noise, damage to adjacent lands and water pollution, ensure public safety, and for other purposes;

(f) adopt measures to prevent land subsidence unless the board approves a plan for inducing subsidence into an abandoned operation in a predictable and controlled manner with measures for grading, topsoiling, and revegetating the subsided land surface. In order for a controlled subsidence plan to be approved the applicant must show that subsidence will not cause a direct or indirect hazard to any public or private buildings, roads, facilities, or use areas; constitute a hazard to human life or health; constitute a hazard to domestic livestock or to a viable agricultural operation; or any other restrictions the board may consider necessary;

(g) stockpile and protect from erosion all mining and processing wastes until such wastes can be disposed of according to the provisions of this act;

(h) deposit as much stockpiled waste material as possible back into the mine voids upon abandonment in such manner as to prevent or minimize land subsidence. The remaining waste material shall be disposed of as provided by this act and the rules of the board;

(i) seal all portals, entryways, drifts, shafts or other openings between the surface and underground mine workings upon abandonment.

(3) An operator may not throw, dump, pile or permit the dumping, piling, or throwing or otherwise placing any overburden, stones, rocks, mineral, earth, soil, dirt, debris, trees, wood, logs or any other materials or substances of any kind or nature beyond or outside of the area of land which is under permit and for which a bond has been posted under section 50-1039, or place the materials described in this section in such a way that normal erosion or slides brought about by natural physical causes will permit the materials to go beyond or outside of the area of land which is under permit and for which a bond has been posted under section 50-1039."

HeinOnline -- 1975 vol. II 1098 1975

Section 23. Section 50-1044, R.C.M. 1947, is amended to read as follows:

"50-1044. Area mining required — grading and revegetation — release of bond — alternative plan. (1) Area strip mining, a method of operation which does not produce a bench or fill bench, is required *where strip mining is proposed.* All highwalls must be reduced and the steepest slope of the reduced highwall shall be no greater than twenty (20) degrees from the horizontal. Highwall reduction shall be commenced at or beyond the top of the highwall and sloped to the graded spoil bank. Reduction, backfilling, and grading shall eliminate all highwalls and spoil peaks. The area of land affected shall be restored to the approximate original contour of the land. When directed by the department, the operator shall construct in the final grading, such diversion ditches, depressions, or terraces as will accumulate or control the water runoff. Additional restoration work may be required by the department according to rules adopted by the board.

(2) In addition to the backfilling and grading requirements, the operator's method of operation on steep slopes may be regulated and controlled according to rules adopted by the board. These rules may require any measure whatsoever to accomplish the purpose of this act.

(3) All available topsoil shall be removed in a separate layer, guarded from erosion and pollution, kept in such a condition that it can sustain vegetation of at least the quality and variety it sustained prior to removal, and returned as the top layer after the operation has been backfilled and graded; provided that the operator shall accord substantially the same treatment to any subsurface deposit of material that is capable, as determined by the department, of supporting surface vegetation virtually as well as the present topsoil.

(4) As determined by rules of the board, time limits shall be established requiring backfilling, grading, *subsidence stabilization, water control,* highwall reduction, topsoiling, planting, and revegetation to be kept current. All backfilling, *subsidence stabilization, sealing,* grading, and topsoiling shall be completed before necessary equipment is moved from the operation.

(5) When the backfilling, grading, *subsidence stabilization, water controls,* and topsoiling have been completed and approved by the department, the commissioner may release so much of the bond which was filed for that portion of the operation as the commissioner may determine, provided that no less than two hundred dollars ($200) per acre shall be retained by the department until such time as the planting and revegetation is done according to law and approved by the department, at which time the commissioner shall release the bond in the remaining amount.

(6) An operator may propose alternative plans other than backfilling, grading, highwall reduction, or topsoiling if the restoration will be consistent with the purpose of this act. These plans shall be submitted to the department, and, after consultation with the landowner, if the plans are approved by the board and complied with within the time limits as may be determined by the board as being reasonable for carrying out the plans,

HeinOnline -- 1975 vol. II 1099 1975

the backfilling, grading, highwall reduction, or topsoiling requirements of this act may be modified by the board. An operator who proposes alternative plans that will affect an existing permit shall comply with the notice requirement of section 50-1039 (2) (k)."

Section 24. Section 50-1045, R.C.M. 1947, is amended to read as follows:

"**50-1045. Planting of vegetation following grading of disturbed area.** *(1)* After the operation has been backfilled, graded, topsoiled, and approved by the department, the operator shall prepare the soil and plant such legumes, grasses, shrubs, and trees upon the area of land affected as are necessary to provide a suitable permanent diverse vegetative cover capable of:

(a) feeding and withstanding grazing pressure from a quantity and mixture of wildlife and livestock at least comparable to that which the land could have sustained prior to the operation;

(b) regenerating under the natural conditions prevailing at the site, including occasional drought, heavy snowfalls, and strong winds; and

(c) preventing soil erosion to the extent achieved prior to the operation.

The seed or plant mixtures, quantities, method of planting, type and amount of lime or fertilizer, mulching, irrigation, fencing, and any other measures necessary to provide a suitable permanent diverse vegetative cover shall be defined by rules of the board.

(2) All underground shafts, tunnels, or other excavations are excluded from the provisions of subsection (1) of this section."

Section 25. Section 50-1046, R.C.M. 1947, is amended to read as follows:

"**50-1046. Time of commencement of reclamation.** The operator shall commence the reclamation of the area of land affected by his operation as soon as possible after the beginning of strip mining *or underground mining* of that area in accordance with plans previously approved by the department. Those grading, backfilling, *subsidence stabilization,* topsoiling, and water management practices that are approved in the plans shall be kept current with the operation as defined by rules of the board and a permit or supplement to a permit may not be issued, if in the discretion of the department, these practices are not current."

Section 26. Section 50-1052, R.C.M. 1947, is amended to read as follows:

"**50-1052. Receipts paid into special fund — use of fund.** (1) All fees, forfeit funds, and other moneys available or paid to the department under the provisions of this act shall be placed in the state treasury and credited to a special agency account to be designated as the mining and reclamation fund. This fund shall be available to the department by appropriation and shall be expended for the administration and enforcement of this act and for the reclamation and revegetation of land and the rehabilitation of water affected by any mining operations. Any unen-

cumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purposes of this act until expended or until appropriated by subsequent legislative action."

Section 27. Section 50-1053, R.C.M. 1947, is amended to read as follows:

"**50-1053. Funds received by board — reclamation work by board — rehabilitation of unreclaimed lands.** (1) The board may receive any federal funds, state funds, or any other funds for the reclamation of land affected by strip mining *or underground mining*. The board may have reclamation work done by its own employees or by employees of other governmental agencies, soil conservation districts, or through contracts with qualified persons.

(2) Any funds or any public works programs available to the board shall be used and expended to reclaim and rehabilitate lands that have been subjected to strip mining *or underground mining* that have not been reclaimed and rehabilitated in accordance with the standards of this act."

Section 28. Section 50-1054, R.C.M. 1947, is amended to read as follows:

"**50-1054. Reclamation of lands after bond forfeited.** The board may reclaim, in keeping with the provisions of this act, any affected lands with respect to which a bond has been forfeited and to use moneys appropriated from the mining and reclamation fund for such purposes."

Section 29. Section 50-1055, R.C.M. 1947, is amended to read as follows:

"**50-1055. Mandamus to compel enforcement of law — action for damage to water supply — damage from surface water — other remedies.** (1) A resident of this state, with knowledge that a requirement of this act or a rule adopted under this act, is not being enforced by a public officer or employee whose duty it is to enforce the requirement or rule may bring the failure to enforce to the attention of the public officer or employee by a written statement under oath that shall state the specific facts of the failure to enforce the requirement or rule. Knowingly making false statements or charges in the affidavit subjects the affiant to penalties prescribed under the law of perjury.

(2) If the public officer or employee neglects or refuses for an unreasonable time after receipt of the statement to enforce the requirement or rule, the resident may bring an action of mandamus in the district court of the first judicial district of this state, in and for the county of Lewis and Clark, or in the district court of the county in which the land is located. The court, if it finds that a requirement of this act or a rule adopted under this act, is not being enforced shall order the public officer or employee, whose duty it is to enforce the requirement or rule, to perform his duties. If he fails to do so, the public officer or employee shall be held in contempt of court and is subject to the penalties provided by law.

(3) An owner of an interest in real property who obtains all or part

of his supply of water for domestic, agricultural, industrial, or other legitimate use from an underground source other than a subterranean stream having a permanent, distinct, and known channel, may sue an operator to recover damages for contamination, diminution, or interruption of the water supply, proximately resulting from strip mining *or underground mining.*

(4) A servient tract of land is not bound to receive water contaminated by strip mining *or underground mining* on a dominant tract of land, and the owner of the servient tract may sue an operator to recover the damages proximately resulting from the natural drainage from the dominant tract of waters contaminated by strip mining *or underground mining* on the dominant tract.

(5) This section does not create, modify, or affect any right, liability, or remedy other than as expressly provided in this section."

Approved April 14, 1975.

CHAPTER NO. 442

HeinOnline -- 1975 vol. II 1102 1975

benevolent or purely public charitable purposes, rather than for gain or profit, together with the library and furniture necessarily used in any such building, and all property, real or personal, in the possession of legal guardians of incompetent veterans of the World War or minor dependents of such veterans, where such property is funds or derived from funds received from the United States as pension, compensation, insurance, adjusted compensation, or gratuity, shall be exempt from all taxation as property of the United States while held by the guardian, but not after title passes to the veteran or minor in his or her own right on account of removal of legal disability.

(2) *No permit is required for any minor replacement or repair work, the performance of which does not have a significant potential for creating a condition hazardous to public health and safety. No permit is required where the installation is exempt under the provisions of section 66-2426 or 66-2401. Nothing contained in this act shall prohibit the owner of residential property from making an installation for all sanitary plumbing and potable water supply piping without a permit providing he does the work himself. The provisions of this act do not apply to regularly employed maintenance personnel doing maintenance work on the business premises of their employer unless work is subject to the permit provisions of this act.*

(3) *Persons required by this section to apply for a permit shall make application on forms provided by the board or authorized representative. He shall give a description of the character of the work proposed to be done, and the location, ownership, occupancy and use of the premises in connection therewith. The board of plumbers or its authorized representative may require sketches, specifications or drawings and such other information it deems necessary in order to determine the scope of the work contemplated.*

If the board determines that the sketches, specifications, drawings, descriptions and information furnished by the applicant are in compliance with the state plumbing code, it shall issue the permit applied for upon payment of the required fee as established by the board.

(4) *Any person who commences any work for which a permit is required without first obtaining a permit shall, if subsequently permitted to obtain a permit, pay double the permit fee for the work, except that this provision*

HeinOnline -- 1975 vol. II 1116 1975

does not apply to emergency work when it is proved to the satisfaction of the board of plumbers or its authorized representative that the work was urgently necessary and that it was not practical to obtain a permit before the commencement of the work. In all such cases, a permit shall be obtained as soon as it is practical to do so, and if there is unreasonable delay in applying for the permit, a double fee shall be charged.

For the purpose of this section, a sanitary plumbing outlet on or to which a plumbing fixture or appliance may be set or attached shall be construed to be a fixture. Fees for reconnection and retest of plumbing systems in relocated buildings shall be based on the number of plumbing fixtures, gas systems, water heaters, and the like involved.

When a permit has been obtained to connect an existing building or existing work to the public sewer or to connect to a new private disposal facility, backfilling of private sewage disposal facilities abandoned consequent to the connection is included in the permit.

The board of plumbers shall establish permit fees in accordance with the Montana Administrative Procedure Act and the fees shall be deposited to the earmarked revenue fund of the board of plumbers for use in the administration and enforcement of this act and the Montana state plumbing code.

(5) *All plumbing and drainage systems may be inspected by the board of plumbers or their authorized representative to insure compliance with the requirements of the state plumbing code.*

(6) It is the duty of the person doing work authorized by the permit to notify the board orally or in writing, that the work is ready for inspection. The notification shall be given not less than twenty-four (24) hours before the work is to be inspected.

It is the duty of the person doing the work authorized by the permit to ensure that the work performed before notification and after notification pending inspection complies with the state plumbing code.

(7) *Whenever any work is being done contrary to the provisions of the state plumbing code, the board or its authorized representative may, after a hearing conducted under the provisions of the Montana Administrative Procedure Act, order work stopped by notice in writing served on any person engaged in the work.*

(8) *The board may suspend or revoke a permit, whenever it is issued in error or on the basis of incorrect information supplied, or work performed thereunder is in violation of any of the provisions of Title 66, chapter 24, R.C.M. 1947."*

Approved April 16, 1975.

CHAPTER NO. 452

AN ACT TO AMEND THE STATUTE PERTAINING TO URBAN RENEWAL AREA FINANCING TO PROVIDE FOR THE ANNEXATION OR OTHER INCLUSION OF THE URBAN RENEWAL AREA IN DIFFERENT TAXING JURISDICTIONS; TO PROVIDE THAT THE ENTIRE TAXABLE VALUE OF THE URBAN RENEWAL AREA MUST BEAR THE BURDEN OF BONDED INDEBTEDNESS OF ALL TAXING JURISDICTIONS WITHIN WHICH IT LIES; TO LIMIT THE APPLICATION OF TAX LEVIES TO THE ACTUAL TAXABLE VALUE OF THE URBAN RENEWAL AREA UNTIL THE ACTUAL VALUE EXCEEDS THE TAXABLE VALUE OF THE LAST TAX YEAR PRIOR TO THE ESTABLISHMENT OF THE URBAN RENEWAL AREA; TO PROVIDE THAT TAX LEVIES SHALL APPLY AGAINST THE ACTUAL VALUE OF THE URBAN RENEWAL AREA AFTER ALL URBAN RENEWAL BONDS AND OTHER DEBTS HAVE BEEN RETIRED; TO BROADEN THE USES OF FUNDS GENERATED BY BONDS; TO AMEND THE DUTIES OF THE COUNTY TREASURER ACCORDINGLY; AND AMENDING SECTIONS 11-3921, 11-3925, AND 16-2601, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 11-3921, R.C.M. 1947, is amended to read as follows:

"**11-3921. Allocation of taxes.** *(1) Any urban renewal plan, as defined in section 11-3901, may contain a provision or be amended to contain a provision providing that taxes levied on taxable property in an urban renewal area each year by or for the benefit of the state, any city, county,*

HeinOnline -- 1975 vol. II 1128 1975

or other political subdivisions for which taxes are levied, (hereafter referred to as taxing bodies) shall be allocated, after the effective date of such provision as provided in subsections (3) and (4) of this section.

(2) For the purposes of this section, (a) "prior assessed value" means the assessed value of the taxable property in the urban renewal area as shown on the assessment roll last equalized prior to the effective date of the urban renewal plan; notwithstanding the provisions of this act, any increase resulting from a comprehensive revaluation of all property within the county may be applied to the property for the purpose of determining the "prior assessed value";

(b) the word "taxes" includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

(3) The portion of taxes produced by levies for a taxing body upon the total sum of the prior assessed value of the taxable property in the urban renewal area shall be allocated and paid into the funds of the taxing body like taxes paid by or for the taxing body on all other property. For the purpose of allocating taxes levied by a taxing body that did not include the urban renewal area on the effective date of the provision allocating the taxes but to which the urban renewal area has since been annexed or otherwise included, the assessment roll of the county last equalized prior to the effective date of the provision shall be used in determining the prior assessed value.

(4) The portion of taxes levied by such taxing body each year in excess of the amount levied under subsection (3) shall be paid by the county treasurer into a special fund held by the city treasurer to pay the principal and interest on bonds issued under authority of section 11-3910, except that taxes for the payment of all bonds and interest of each taxing body must be levied against all taxable property within the taxing body without limitation by the provisions of this subsection. Until the actual assessed valuation of all property in the urban renewal area exceeds the prior assessed value of all taxable property within such area, the actual assessed value of all property shall be used for taxation purposes.

(5) The portion of taxes allocated in subsection (4) above, and the special fund into which they are paid, may be pledged by a municipality for the payment of the principal and interest on bonds issued under the authority of section 11-3910, or bonded indebtedness, incurred by a municipality to refinance in whole or in part, the urban renewal project. Prior to the sale of any bonds, there shall be (a) an election under sections 11-2308 and 11-2309 approving such sale, or (b) a petition for the sale signed by the owners of record of at least fifty-one percent (51%) of the land within the urban renewal district.

(6) After all bonds and interest have been paid, all monies received from taxes upon property within the urban renewal area shall be allocated as taxes on all other property."

Section 2. Section 11-3925, R.C.M. 1947, is amended to read as follows:

"11-3925. Use of funds generated by bonds. Money generated by

All bonds financed must be sold within five (5) years after the adoption of the original urban renewal plan prior to the adoption of any amendment.*"

Section 3. Section 16-2601, R.C.M. 1947, is amended to read as follows:

"**16-2601. Duties of county treasurer.** The county treasurer must:

Keep an account of the receipt and expenditures of all such moneys in books provided for the purpose, in which must be entered the amount, the time when, from whom, and on what account all moneys were received by him; the amount, time when, to whom, and on what account all disbursements were made by him;

3. So keep his books that the amount received and paid out on account of separate funds or specific appropriations is exhibited in separate and distinct accounts, and the whole receipts and expenditures shown in one general or cash account;

4. Enter no moneys received for the current year on his account with the county for the past fiscal year, until after his annual settlement for the past year has been made with the county clerk;

5. Disburse the county moneys only on county warrants issued by the county clerk, based on orders of the board of county commissioners, or as otherwise provided by law;

6. Keep all school moneys in a separate fund, and keep a separate account of their disbursement to the several school districts which are entitled to receive them, according to the apportionment of the county superintendent of common schools;

7. Notify the county superintendent of the amount of the county school fund in the county treasury subject to apportionment, whenever required, and inform him of the amount of school moneys belonging to any other fund subject to apportionment, *or as otherwise provided by law*;

8. Pay all warrants drawn on county or district school moneys, in accordance with the provisions of law, whenever such warrants are countersigned by the district clerk and properly endorsed by the holders;

9. Make, annually, during the month of September of each year, a financial report for the last preceding year ending with August 31st, to the county superintendent in such form as may be required by him."

CHAPTER NO. 453

AN ACT TO ESTABLISH A PROGRAM PROVIDING LIFESAVING TREATMENT FOR CHRONIC RENAL DISEASE, REQUIRING STANDARDS FOR DETERMINING ELIGIBILITY TO BE ESTABLISHED AND APPROPRIATING TWO HUNDRED THOUSAND DOLLARS ($200,000) FROM THE GENERAL FUND FOR THE BIENNIUM ENDING JUNE 30, 1977, TO THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES FOR SUCH PURPOSE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 71-2501 that reads as follows:

71-2501. Purpose. It is the intent of the legislature to insure the establishment of a program for the care and treatment of persons suffering from chronic renal diseases, who require lifesaving care and treatment for such renal diseases, but who are unable to pay for the services on a continuing basis.

Section 2. There is a new R.C.M. section numbered 71-2502 that reads as follows:

71-2502. Establishment of program. The department of social and rehabilitation services shall establish a program to provide treatment to persons suffering from chronic renal diseases, including dialysis and other medical procedures and techniques, which will have a lifesaving effect in the care and treatment of such persons. The department shall extend financial assistance to persons suffering from chronic renal diseases in obtaining the medical, nursing, pharmaceutical, and technical services necessary to care for such diseases, including the rental or purchase of home dialysis equipment and supplies. The department shall establish standards for determining eligibility for care and treatment under this program in order that treatment shall be provided to those who are financially unable to obtain such treatment without causing severe economic imbalance in the family economic unit. Such standards shall be established without reference to maximum or minimum income levels.

Section 3. There is appropriated from the general fund of the state of Montana the sum of two hundred thousand dollars ($200,000), for the biennium ending June 30, 1977, to the department of social and rehabilitation services for the purposes of a program to provide financial assistance in obtaining medical, nursing, pharmaceutical, and technical services in the treatment of chronic renal diseases.

HeinOnline -- 1975 vol. II 1131 1975

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-6923, R.C.M. 1947, is amended to read as follows:

"**75-6923. Additional levy for general fund and election for authorization to impose.** The trustees of any district may propose to adopt a general fund budget in excess of the general fund budget amount for such district as established by the schedule in section 75-6905 for any of the following purposes:

(1) building, altering, repairing or enlarging any school house of the district;

(2) furnishing additional school facilities for the district;

(3) acquisition of land for the district;

(4) proper maintenance and operation of the school programs of the district.

However, when the trustees adopt a total general fund budget which exceeds one hundred ten percent (110%) of the general fund budget for the preceding year, they shall file a notice of this increase with the superintendent of public instruction, setting forth the specific reasons for increasing the budget.

When the trustees of any district determine that an additional amount of financing is required for the general fund budget that is in excess of the statutory schedule amount, the trustees shall submit the proposition of an additional levy to raise such excess amount of general fund financing to the electors who are qualified, under section 75-6410, to vote upon such proposition except that the Twin Bridges high school district may increase its general fund budget as established by section 75-6905, R.C.M. 1947, by the amount of tuition paid to the district the previous year under section 75-6319, R.C.M. 1947. Such special election shall be called and conducted in the manner prescribed by this title for school elections. The ballot for such election shall state the amount of money to be raised by additional property taxation, the approximate number of mills required to raise such money, and the purpose for which such money will be expended, and it shall be in the following format:

PROPOSITION

Shall a levy be made in addition to the levies authorized by law in such number of mills as may be necessary to raise the sum of (state the amount to be raised by additional tax levy), and being approximately (give number) mills, for the purpose of (insert the purpose for which the additional tax levy is made)?

"☐ FOR the additional levy.

☐ AGAINST the additional levy."

HeinOnline -- 1975 vol. II 1132 1975

If the election on any additional levy for the general fund is approved by a majority vote of those electors voting at such election, the proposition shall carry and the trustees may use any portion or all of the authorized amount in adopting the preliminary general fund budget. The trustees shall certify the additional levy amount authorized by such a special election on the budget form that is submitted to the county superintendent and the county commissioners shall levy such number of mills on the taxable value of all taxable property within the district as prescribed in section 75-6926, as are required to raise the amount of such additional levy.

Authorization to levy an additional tax under the provisions of this section shall be effective for only one (1) school fiscal year and shall be authorized by a special election conducted before the first day of August of the school fiscal year for which it is effective. Only one such additional levy for the maintenance and operation of the school programs of a high school district may be imposed by a high school district in a given school fiscal year."

Section 2. **Effective date.** This act is effective upon its passage and approval.

Approved April 16, 1975.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-4801, R.C.M. 1947, is amended to read as follows:

"**69-4801. Public policy of the state.** (1) It is the public policy of this state to:

(a) conserve water by protecting, maintaining, and improving the quality and potability of water for public water supplies, wildlife, fish and aquatic life, agriculture, industry, recreation, and other beneficial uses;

(b) provide a comprehensive program for the prevention, abatement, and control of water pollution.

(2) It is not necessary that wastes be treated to a purer condition than the natural condition of the receiving stream *as long as the minimum*

treatment requirements established under this chapter are met. "Natural" refers to conditions or material present from runoff or percolation over which man has no control or from developed land where all reasonable land, soil and water conservation practices have been applied. Conditions resulting from *the reasonable operation of* dams at the effective date of this act are "natural.""

Section 2. Section 69-4802, R.C.M. 1947, is amended to read as follows:

"**69-4802. Definitions.** Unless the context requires otherwise in this chapter:

A discharge which is *authorized under the pollution discharge permit rules of the board* is not "pollution" under this chapter.

(6) "Sewerage system" means a device for collecting or conducting sewage, industrial wastes, or other wastes to an ultimate disposal point;

(7) "Treatment works" means works installed for treating or holding sewage, industrial wastes, or other wastes;

(8) "Disposal system" means a system for disposing of sewage, industrial, or other wastes, and includes sewerage systems and treatment works;

(9) "State waters" means any body of water, irrigation system, or drainage system either surface or underground; however, this subsection does not apply to irrigation waters where the waters are used up within

HeinOnline -- 1975 vol. II 1134 1975

the irrigation system and the waters are not returned to any other state waters;

(10) "Person" means the state, a political subdivision of the state, institution, firm, corporation, partnership, individual, or other entity;

(15) "Point source" means any discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, or vessel or other floating craft, from which pollutants are or may be discharged;

(16) "Owner or operator" means any person who owns, leases, operates, controls or supervises a point source;

(17) "Standard of performance" means a standard adopted by the board for the control of the discharge of pollutants which reflects the greatest degree of effluent reduction achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants;

(18) "Effluent standard" means any restriction or prohibition on quantities, rates and concentrations of chemical, physical, biological and other constitutents which are discharged into state waters."

Section 3. Section 69-4806, R.C.M. 1947, is amended to read as follows:

"**69-4806. Pollution unlawful — permits.** It is unlawful to:

(1) cause pollution as defined in section 69-4802 (5), R.C.M. 1947, of any state waters or to place or cause to be placed any wastes in a location where they are likely to cause pollution of any state waters;

(2) carry on any of the following activities without a current permit from the department:

(a) construct, modify, or operate a disposal system which discharges to any state waters; or

Section 4. Section 69-4807.1, R.C.M. 1947, is amended to read as follows:

"**69-4807.1. Denial, modification, suspension, and revocation of permit — notice — hearing — effective date.** (1) If the department denies an application for a permit or modifies a permit, the department shall give written notice of its action to the applicant or holder, and he may request a hearing before the board, in the manner stated in section 13 [69-4820] of this act, for the purpose of petitioning the board to reverse or modify the action of the department. Such hearing shall be held within thirty (30) days after receipt of written request. After the hearing, the board shall affirm, modify, or reverse the action of the department. Modification of a permit shall be effective thirty (30) days after receipt of notice by the holder, unless the department specifies a later date, if the holder does not request a hearing before the board. If the holder does request a hearing before the board, no order modifying his permit shall be effective until twenty (20) days after he has received notice of the action of the board. *This subsection does not apply to any modification made in permit conditions at the time of reissuance but only to those modifications made in existing permits during their terms.*

(2) If the department suspends or revokes a permit because it has reason to believe that the holder has violated this chapter, the department may specify that the suspension or revocation is effective immediately, if the department finds that the violation is likely to continue and will cause pollution the harmful effects of which will not be remedied immediately on the cessation of the violation. Upon petition by the holder of the permit, the board shall grant the holder a hearing, to be conducted in the manner specified in section 13 [69-4820] of this act and shall issue an order affirming, modifying, or reversing the action of the department. The order of the board shall be effective immediately, unless the board directs otherwise."

Section 5. Section 69-4808.2, R.C.M. 1947, is amended to read as follows:

"**69-4808.2. Duties of board.** (1) The board shall:

(a) Establish and modify the classification of all waters in accordance with their present and future most beneficial uses.

(b) Formulate standards of water purity and classification of water according to its most beneficial uses, giving consideration to the economics of waste treatment and prevention.

(c) Review from time to time, at intervals of not more than three (3) years, established classifications of waters and standards of water purity and classification, and:

(i) The classifications, standards, and rules which have been adopted by the state water pollution control council under section 69-4813 are, without necessity of a hearing, initially adopted by the board.

HeinOnline -- 1975 vol. II 1136 1975

(ii) In revising classifications or standards or in adopting new classifications or standards the board may not so formulate standards of water purity or classify any state water as to lower any water quality standard applicable to any state water below the level applicable under the classifications and standards adopted by the state water pollution control council under section 69-4813.

(iii) The board shall require that any state waters, whose existing quality is *higher* than the established *water quality* standards, be maintained at that high quality unless it has been affirmatively demonstrated to the board that a change is justifiable as a result of necessary economic or social development and will not preclude present and anticipated use of these waters; and

(iv) The board shall require any industrial, public, or private project or development, which would constitute a new source of pollution or an increased source of pollution to high quality waters, referred to in subsection (1) (c) (iii), to provide the degree of waste treatment necessary to maintain that existing high water quality.

(d) Advise, consult, and co-operate with other states, other state and federal agencies, affected groups, political subdivisions, and industries in the formulation of a comprehensive plan to prevent and control pollution.

(e) Adopt rules governing application for permits to discharge sewage, industrial wastes, or other wastes into state waters including rules requiring the filing of plans and specifications relating to the construction, modification, or operation of disposal systems.

(f) Adopt rules governing the issuance, denial, modification, or revocation of permits, and:

(i) The rules shall allow the issuance or continuance of a permit only if the department finds that operation consistent with the limitations of the permit will not result in pollution of any state waters, except that:

(ii) The rules may allow the issuance of a temporary permit under which pollution may result, if the department *insures that such permit contains a compliance schedule designed to meet all applicable effluent standards and water quality standards in the shortest reasonable period of time.*

(iii) The rules shall provide that the department may revoke a permit if the department finds that the holder of the permit has violated its terms, unless the department also finds that the violation was accidental and unforeseeable and that the holder of the permit corrected the condition resulting in the violation as soon as was reasonably possible; and

(g) Hold hearings necessary for the proper administration of this chapter *or, in the case of permit issuance hearings, delegate this function to the department.*

(h) Adopt rules for the administration of this chapter.

(i) Adopt pretreatment standards for waste-water discharged into a municipal disposal system, adopt effluent standards as defined in section

HeinOnline -- 1975 vol. II 1137 1975

69-4802 *(18), adopt toxic effluent standards and prohibitions,* and establish standards of performance for new point source discharges.

(2) The board may:

(a) accept loans and grants from the federal government and other sources to carry out the provisions of this chapter; and

(b) establish minimum requirements for the treatment of wastes."

Section 6. Section 69-4809.1, R.C.M. 1947, is amended to read as follows:

"**69-4809.1. Duties of department.** (1) The department shall:

(a) Issue, suspend, revoke, modify, or deny permits to discharge sewage, industrial wastes, or other wastes to state waters, consistently with rules made by the board;

(b) Examine plans and other information needed to determine whether a permit should be issued or suggest changes in plans as a condition to the issuance of a permit;

(c) Clearly specify in any permit any limitations imposed as to the volume, strength, and other significant characteristics of the waste to be discharged;

(d) Collect and furnish information relating to the prevention and control of water pollution;

(e) Conduct or encourage necessary research and demonstrations concerning water pollution;

(f) Issue orders to any person to clean up any material which he or his employee, agent, or subcontractor has accidentally or purposely dumped, spilled, or otherwise deposited in or near state waters and which may pollute them.

(g) Take such actions as are authorized or required under section 69-4820.1 to insure that the terms and conditions of issued permits are complied with and to insure that violations of this chapter are appropriately prosecuted."

Section 7. Section 69-4809.2, R.C.M. 1947, is amended to read as follows:

"**69-4809.2. Power to inspect and monitor — authority.** (1) In order to carry out the objectives of this act and to effectively monitor the discharge of sewage, industrial wastes and other wastes into state waters, the department may require the owner or operator of any point source, *or the owner or operator of any facility that discharges into a municipal sewer system and to which pretreatment standards, promulgated under this chapter apply,* to:

(a) establish and maintain records;

(b) make reports;

(c) install, use and maintain monitoring equipment or methods, including biological monitoring techniques;

HeinOnline -- 1975 vol. II 1138 1975

(d) sample effluents using specified monitoring methods at designated locations and intervals;

(e) provide other information as may be reasonably required by the department.

(2) The authorized representative of the department, upon presentation of his credentials, may at reasonable times enter upon any public or private property *to:*

(a) investigate conditions relating to pollution of state waters or violations of permit conditions;

(b) have access to and copy any records required under this act*;*

(c) inspect any monitoring equipment or method required under subsection (1)(c)*;* and

(d) sample any effluents which the owner or operator of such source is required to sample under that subsection.

(3) Any records, reports, or information obtained under this section shall, in the case of effluent data, be related to any applicable effluent limitations, toxic, pretreatment, or new source performance standards."

Section 8. Section 69-4820, R.C.M. 1947, is amended to read as follows:

"69-4820. Violation of chapter or rule — notice to violator — hearing before board — notice, procedure, order, rehearing. (1) When the department has reason to believe that a violation of this chapter or a rule made under it has occurred, it *may* have written notice served personally or by mail on the alleged violator or his agent. The notice shall state the provision alleged to be violated, the facts alleged to constitute the violation, the nature of corrective action which the department requires, and the time within which the action is to be taken. For the purposes of this chapter, service by mail is complete on the date of mailing.

(2) In a notice given under subsection (1) of this section, the department may require the alleged violator to appear before the board for a public hearing and to answer the charges made against him. The hearing shall be held no sooner than fifteen (15) days after service of the notice, except that the board may set an earlier date for hearing if it is requested to do so by the alleged violator. The board may set a later date for hearing at the request of the alleged violator if the alleged violator shows good cause for delay.

(3) If the department does not require an alleged violator to appear before the board for a public hearing, he may request the board to conduct the hearing. The request shall be in writing and shall be filed with the department no later than thirty (30) days after service of a notice under subsection (1) of this section. If a request is filed, a hearing shall be held within a reasonable time.

(4) If a hearing is held under this section, it shall be public and shall,

HeinOnline -- 1975 vol. II 1139 1975

if the board considers it practicable, be held in a county in which the violation is alleged to have occurred.

(5) After a hearing or on failure of an alleged violator to make a timely request for a hearing, the board may issue an appropriate order for the prevention, abatement, or control of pollution. It shall state the date or dates by which a violation shall cease and may prescribe timetables for necessary action in preventing, abating, or controlling the pollution. The alleged violator may petition the board for a rehearing, on the basis of new evidence, which petition the board may grant for good cause shown.

(6) In addition to or instead of issuing an order, the board may direct the department to initiate appropriate action for recovery of a penalty under section 69-4823."

Section 9. Section 69-4820.1, R.C.M. 1947, is amended to read as follows:

"**69-4820.1. Additional enforcement remedies.** (1) In addition to all other remedies created by this act, the department is authorized to take appropriate enforcement action *on its own initiative* to:

(a) prevent, abate, and control the pollution of state waters;

(b) prevent, abate, and control any violation of a condition or limitation imposed by a permit issued under section 69-4806, R.C.M. 1947;

(c) prevent, abate, and control any violations of regulations relating to pretreatment standards.

(2) *In furtherance of subsection (1) of this section, any* person violating *any* condition, limitation, standard or other requirement established pursuant to this *chapter* may be served with a compliance order issued by the department. Such order must specify the condition, limitation, standard or other requirement violated and must set a time for compliance. However, in establishing a time for compliance, the department shall take into account the seriousness of the violation and any good faith efforts that have been made to comply with the condition, limitation, standard or other requirement that has been violated. The compliance order issued under this section shall be personally served by an authorized *representative* of the department.

(3) The department is authorized to commence a civil action seeking appropriate relief, including a permanent or temporary injunction, for any violation which would be subject to a compliance order under subsection (2) of this section. Any action under this subsection may be commenced in the district court of any county in which the defendant is located or resides or is doing business, and the court shall have jurisdiction to restrain such violation and to require compliance.

(4) Any person found to be in violation of a condition, limitation, standard or other requirement established pursuant to this section shall be subject to the penalty provisions of section 69-4823, R.C.M. 1947.

(5) For the purpose of this subsection, the term "person" shall mean,

HeinOnline -- 1975 vol. II 1140 1975

in addition to the definition contained in section 69-4802, R.C.M. 1947, any responsible corporate officer."

Section 10. Section 69-4822, R.C.M. 1947, is amended to read as follows:

"**69-4822. Confidentiality of records.** Any information concerning sources of pollution which is furnished to the board or department or which is obtained by either of them is a matter of public record and open to public use. However, any information unique to the owner or operator of a source of pollution which would, if disclosed, *reveal methods or processes entitled to protection as trade secrets, shall be maintained as confidential if so determined by a court of competent jurisdiction. The owner or operator shall file a declaratory judgment action to establish the existence of a trade secret, if he wishes such information to enjoy confidential status. The department shall be served in any such action, and may intervene as a party therein.* Any information not intended to be public when submitted to the board or department shall be submitted in writing and clearly marked as confidential. The data describing physical and chemical characteristics of a waste discharged to state waters shall not be considered confidential. The board may use any information in compiling or publishing analyses or summaries relating to water pollution, if such analyses or summaries do not identify any owner or operator of a source of pollution or reveal any information which is otherwise made confidential by this section."

Section 11. Section 69-4823, R.C.M. 1947, is amended to read as follows:

"**69-4823. Penalties for violation of provisions, rule, permit, effluent standard, or order — purpose and construction of chapter.** (1) A person who violates *this chapter or* a rule, permit, effluent standard, or order issued under the provisions of this act shall be subject to a civil penalty not to exceed ten thousand dollars ($10,000). Each day of violation constitutes a separate *violation.*

(2) A person who willfully *or negligently* violates section 69-4806, R.C.M. 1947, or any pretreatment standard established pursuant to this act is guilty of an offense and subject to a fine not to exceed twenty-five thousand dollars ($25,000) per day of violation or by imprisonment for not more than one (1) year or both. Following an initial conviction under this subsection, subsequent convictions shall subject a person to a fine of not more than fifty thousand dollars ($50,000) per day of violation, or imprisonment for not more than two (2) years, or both.

(3) Action under subsection (1) of this section does not bar enforcement of this chapter or of rules or orders issued under it by injunction or other appropriate remedy. The department shall institute and maintain any enforcement proceedings in the name of the state.

(4) A purpose of this chapter is to provide additional and cumulative remedies to prevent, abate, and control the pollution of state waters. This chapter does not abridge or alter rights of action or remedies in equity or under the common law or statutory law, criminal or civil, nor does this chapter or an act done under it estop the state or a municipality or person

HeinOnline -- 1975 vol. II 1141 1975

as owners of water rights or otherwise in the exercise of their rights in equity or under the common law or statutory law to suppress nuisances or to abate pollution.

(5) Fines collected shall be deposited to the state general fund.

HeinOnline -- 1975 vol. II 1164 1975

bonds or the payment of any redemption premium required to be paid when the bonds are redeemed prior to maturity. (3) The board may not issue bonds secured in whole or in part by the capital reserve account, unless the board deposits in the account, from the proceeds of the bonds issued or from any other sources, an amount not less than the minimum capital reserve requirement for these bonds. The annual debt service for any fiscal year is the amount of money equal to the aggregate of all interest and principal payable on the bonds during the fiscal year, calculated on the assumption that all the bonds are paid at maturity. If any amount of the bonds is required to be redeemed on an earlier date by the operation of a sinking fund, then that amount is considered payable on those bonds during the year they are to be redeemed for the purposes of this calculation.

(4) In computing the amount of the capital reserve account, securities in which all or a portion of the account shall be invested shall be valued at par, or if purchased at less than par, at their cost to the board.

(13) "Seriously mentally ill" means suffering from a mental disorder which has resulted in self-inflicted injury or injury to others, or the imminent threat thereof; or which has deprived the person afflicted of the ability to protect his life or health. No person may be involuntarily committed to a mental health facility nor detained for evaluation and treatment because he is an epileptic, mentally deficient, mentally retarded, senile or suffering from a mental disorder unless the condition causes the person to be seriously mentally ill within the meaning of this act.

Section 3. There is a new R.C.M. section numbered 38-1303 that reads as follows:

38-1303. Voluntary admission — cost of admission. (1) Nothing in this act shall be construed in any way as limiting the right of any person to make voluntary application for admission at any time to any mental health facility or professional person. An application for admission to a mental health facility shall be in writing on a form prescribed by the facility and approved by the department of institutions. It shall not be valid unless it is approved by a professional person and a copy is given to the person voluntarily admitting himself. The form shall contain a statement of the rights of the person voluntarily applying for admission, as set out in this act, including the right to release.

(2) Any applicant who wishes to voluntarily apply for admission to the Montana state hospital shall first obtain certification from the regional mental health director of his mental health region or if not reasonably available, from a professional person that the applicant is suffering from a mental disorder and that the facilities available to the mental health region in which the applicant resides are unable to provide adequate evaluation and treatment.

(3) An application for voluntary admission shall give the facility the right to detain the applicant for no more than five (5) days past his written request for release.

(4) The cost of involuntarily committing a patient who is voluntarily admitted to a mental health facility at the time the involuntary proceedings are commenced shall be borne by the county of the patient's residence at the time of admission.

(5) The costs of transportation to a mental health facility under this section shall be provided by the patient, his parents, guardian, or the welfare department of the county of the patient's residence.

HeinOnline -- 1975 vol. II 1180 1975

(6) Any person voluntarily entering or remaining in any mental health facility shall enjoy all the rights secured to a person involuntarily committed to the facility.

(7) Notwithstanding any other provision of law, a minor who is sixteen (16) years of age or older may consent to receive mental health services to be rendered by a facility or a person licensed to practice medicine or psychology in this state.

(8) Voluntary commitment of a minor to a mental health facility for an in-patient course of treatment shall be for a period of no more than thirty (30) days. If the professional person in charge of a minor patient determines that the commitment should continue for a period of more than thirty (30) days, he shall commence involuntary commitment proceedings in accordance with this act. Counsel shall be appointed for the minor.

(9) If, in any voluntary commitment for any period of time to a mental health facility, a minor fails to join in the consent of his parents or guardian to the voluntary commitment, then the commitment shall be treated as an involuntary commitment. Notice of the substance of this subsection and of the right to counsel shall be set forth in conspicuous type in a conspicuous location on any form or application used for the voluntary commitment of a minor to a mental health facility. The notice shall be explained to the minor by the professional person approving the application.

Section 4. There is a new R.C.M. section numbered 38-1304 that reads as follows:

38-1304. Rights and waiver of rights. (1) Whenever a person is involuntarily detained, or is examined by a professional person pursuant to section 38-1305, or is notified that he will be the subject of a hearing pursuant to section 38-1305 or 38-1306, the person shall be informed of his constitutional rights and his rights under this act. A person may waive his procedural rights, provided that the waiver is knowingly and intentionally made. The right to counsel in a hearing held pursuant to section 38-1306 may not be waived. The right to treatment provided for in this act may not be waived.

(2) In the case of a person who has been detained for a seventy-two (72) hour inpatient evaluation and treatment or for a longer period of time, a waiver of rights can be knowingly and intentionally made only with the concurrence of the patient's attorney or of the responsible person appointed by the court. The right of the respondent to be physically present at a hearing may also be waived by his attorney and the responsible person with the concurrence of the professional person and the judge upon a finding supported by facts that:

(a) the presence of the respondent at the hearing would be likely to seriously adversely affect his mental condition, and

(b) an alternative location for the hearing in surroundings familiar to the respondent would not prevent such adverse affects on his mental condition.

HeinOnline -- 1975 vol. II 1181 1975

(3) In the case of a minor, the waiver of rights can be knowingly and intentionally made:

(a) when the minor is under the age of twelve (12), by the parents of the minor;

(b) when the minor is over the age of twelve (12), by the youth and his parents;

(c) when the minor is over the age of twelve (12) and the minor and his parents do not agree, the minor can make an effective waiver of his rights only with advice of counsel.

If there is an apparent conflict of interest between a minor and his parents or guardian, the court may appoint a guardian ad litem for the minor.

(4) In addition to any other rights which may be guaranteed by the constitution of the United States and of this state, by the laws of this state or by this act, any person who is involuntarily detained or against whom a petition is filed pursuant to this act has the following rights:

(a) the right to notice reasonably in advance of any hearing or other court proceeding concerning him;

(b) the right in any hearing to be present, to offer evidence, and to present witnesses in any proceeding concerning him;

(c) the right in any hearing to cross-examine witnesses;

(d) the right to be represented by counsel;

(e) the right to remain silent;

(f) the right in any hearing to be proceeded against according to the rules of evidence applicable to civil matters generally;

(g) the right to view and copy all petitions on file with the court concerning him;

(h) the right to be examined by a professional person of his choice when such professional person is reasonably available;

(i) the right to be dressed in his own clothes at any hearing held pursuant to this act;

(j) the right to refuse any but lifesaving medication for up to twenty-four (24) hours prior to any hearing held pursuant to this act.

Section 5. There is a new R.C.M. section numbered 38-1305 that reads as follows:

38-1305. Petition alleging person as seriously mentally ill — contents and procedure. (1) A county attorney on his own initiative or upon the request of any person may file a petition with the court alleging that there is a person within the county who is seriously mentally ill and requesting that an evaluation of the person's condition be made.

(2) The petition shall contain:

HeinOnline -- 1975 vol. II 1182 1975

(a) the name and address of the person requesting the petition and his interest in the case;

(b) the name of the respondent, and, if known, the address, age, sex, marital status, and occupation of the respondent;

(c) the purported facts supporting the allegation of mental illness;

(d) the name and address of every person known or believed to be legally responsible for the care, support, and maintenance of the person for whom evaluation is sought;

(e) the name and address of the person's next of kin, to the extent known to the county attorney and the person requesting the petition;

(f) the name and address of any person whom the county attorney believes might be willing and able to be appointed as responsible person;

(g) the name, address, and telephone number of the attorney, if any, who has most recently represented the person for whom evaluation is sought. If there is no attorney, there shall be a statement as to whether, to the best knowledge of the person requesting the petition, the person for whom evaluation is sought is indigent and therefore unable to afford the services of an attorney; and

(h) a statement of the rights of the respondent which shall be in conspicuous print and identified by a suitable heading.

(3) Upon presentation to the court by the county attorney, the court shall immediately consider the petition with or without a hearing to determine if there is probable cause to believe that the respondent is seriously mentally ill. If the court finds no such probable cause, the petition shall be discharged. If the court finds probable cause it shall submit the petition to a professional person for evaluation. If probable cause is found, the court may appoint a responsible person to protect the interests of the respondent. The responsible person shall be notified as soon as possible that a petition has been filed. Notice of the petition and the finding of probable cause shall be hand delivered or mailed to the respondent and to the attorney, the person or persons legally responsible for care, support, and maintenance of the respondent, next of kin identified in the petition, and the person or persons identified by the county attorney as possible responsible persons.

(4) (a) Upon receipt of the petition, the professional person shall examine the respondent and make such inquiry as he or she may deem appropriate. If the respondent does not cooperate and if requested by the professional person, the court may order the respondent to submit to examination by a professional person at a time and place designated by the court. The examination so ordered shall not exceed a period of four (4) hours.

(b) When the professional person first contacts the respondent, before he begins any examination, he shall give a copy of the petition to the respondent, and shall explain to the respondent the nature of the proceeding and his rights as set forth in the petition.

HeinOnline -- 1975 vol. II 1183 1975

(5) On the basis of his examination, the professional person shall recommend in writing either that the petition be dismissed or that a seventy-two (72) hour inpatient evaluation and treatment be ordered. If dismissal is recommended, the petition shall be summarily dismissed. The petition shall be dismissed if the respondent accepts voluntary treatment or admission to a mental health facility approved by the professional person conducting the examination. Whenever a professional person recommends that a seventy-two (72) hour evaluation and treatment be ordered, the recommendation shall be accompanied by a report explaining the reason for the recommendation and identifying any tests or evaluation devices which the professional person employed in evaluating the respondent. If the professional person recommends that a seventy-two (72) hour evaluation and treatment be ordered, notice of this recommendation shall be mailed or delivered to the respondent, the next of kin, when known, any person responsible for the care, support, and maintenance of the respondent, any other person identified in the petition, and the responsible person, if any, appointed by the court. Notice shall include the date, time, and place of the respondent's next appearance before the court.

(6) In the event the examining professional person recommends a seventy-two (72) hour inpatient evaluation and treatment, the respondent shall be brought before the court by the county attorney without undue delay, advised of the recommendation, supplied with a copy of the petition and the recommendation and advised of his rights to a hearing and to counsel. If a responsible person has not yet been appointed, the court shall appoint a responsible person at this time. If the right to a hearing and to counsel are waived, the court shall direct that the respondent be detained at a mental health facility for evaluation and treatment not to exceed seventy-two (72) hours. If a hearing is requested by the respondent, his attorney, or the responsible person appointed by the court, a time and place shall be set for the hearing. The matter shall be given precedence over all other court matters. If the respondent is unwilling or unable to retain counsel, the court shall appoint counsel and be responsible for notification.

(7) The hearing shall be held before the court without a jury. The respondent may present such testimony and relevant documentary evidence as he or the responsible person or counsel desires. The county attorney shall represent the state. The professional person who made the recommendation shall be present in court and may be cross-examined concerning his recommendation and his report. After full hearing the court shall determine whether the respondent is seriously mentally ill within the definition provided herein. If the court finds the respondent is not seriously mentally ill, he or she shall be discharged and the petition dismissed. If the court finds the respondent to be seriously mentally ill, it shall order the respondent detained at a mental health facility for examination and treatment not exceeding seventy-two (72) hours. However, the court may dismiss the petition if the respondent agrees to accept voluntary treatment or admission to a mental health facility.

(8) Persons receiving evaluation and treatment pursuant to this section shall be given a reasonable choice of an available professional person qualified to provide such services.

HeinOnline -- 1975 vol. II 1184 1975

Section 6. There is a new R.C.M. section numbered 38-1306 that reads as follows:

38-1306. Petition for commitment — trial — determination of court. (1) If in the opinion of the professional person in charge of the patient the person detained under the provisions of section 38-1305 does not require further evaluation or treatment he shall be released within seventy-two (72) hours. If, in the opinion of the professional person, the patient requires further evaluation or treatment, he shall advise the court accordingly not less than three (3) days from the date of detention and shall within the same time file a petition requesting that the patient be committed to a facility for a period not in excess of three (3) months. The petition shall be accompanied by a written report and evaluation of the patient's mental and physical condition. The report shall explain the reasons for the petition and shall identify any tests or evaluation devices which the professional person employed in evaluating the patient. The professional person may retain the patient in custody by court order pending a hearing on the petition only if detention is necessary to prevent injury to the patient or others.

(2) Upon receipt of a petition for commitment not to exceed three (3) months, the court shall immediately set the time and place for a hearing, which shall be held not more than three (3) days from the receipt of the petition. The court may extend the period to seven (7) days. The time for the hearing may be further extended at the request of counsel for the patient. The court shall give written notice to the professional person who requested the commitment, the patient, his counsel, his next of kin, when known, the responsible person appointed by the court, and the county attorney. At any time prior to the date set for hearing, the patient, or his attorney, may request a jury trial, whereupon the time set for hearing will be vacated and the matter set on the court's jury calendar at the earliest date possible, the matter taking precedence over all other matters on the jury calendar.

(3) At any time prior to trial on the petition before court or jury, the patient may waive trial and give written consent to commitment to a facility for a period not to exceed three (3) months. Such consent must be joined in writing, by his attorney and by the responsible person appointed by the court.

(4) The patient shall be present and represented by counsel at all stages of the trial, and the sole question to be determined by the court or jury, as the case may be, shall be whether the patient is seriously mentally ill within the meaning set forth in this act. The professional person who filed the petition shall be present in court for the hearing and subject to cross-examination. The trial shall be governed by the Montana rules of civil procedure except that, if tried by a jury, at least three-fourths (¾) of the jurors must concur on a finding that the patient is seriously mentally ill. The finding may be appealed to the Montana supreme court in the same manner as other civil matters. The standard of proof in any hearing held pursuant to this section shall be proof beyond a reasonable doubt. Any court may order a hearing closed to the public for the protection of the respondent.

HeinOnline -- 1975 vol. II 1185 1975

(5) If, upon hearing, it is determined that the patient is not seriously mentally ill within the meaning of this act, he shall be discharged and the petition of the professional person dismissed. If it is determined that the patient is seriously mentally ill within the meaning of this act the court shall:

(a) commit the patient to a facility for a period of not more than three (3) months;

(b) order the patient to be placed in the care and custody of his relative or guardian or some other appropriate place other than an institution;

(c) order outpatient therapy; or

(d) make some other appropriate order for treatment. No treatment ordered pursuant to this subsection shall affect the patient's custody for a period of more than three (3) months.

In determining which of the above alternatives to order, the court shall choose the least restrictive alternatives necessary to protect the patient and the public and to permit effective treatment. The court shall consider and shall describe in its order what alternatives for treatment of the patient are available, what alternatives were investigated and why the investigated alternatives were not deemed suitable. The court shall enter into the record a detailed statement of the facts upon which it found the respondent to be seriously mentally ill.

At any time within the three (3) month period the patient may be discharged on the written order of the professional person in charge of the patient. In the event the patient is not discharged within the three (3) month period and if the term is not extended as provided herein, the patient shall be discharged by the facility at the end of three (3) months without further order of the court. Notice of such discharge will be filed with the court within five (5) days of the discharge.

(6) Not less than two (2) calendar weeks prior to the end of the three (3) month period of detention, the professional person in charge of the patient may petition the court for extension of the detention period. The petition shall be accompanied by a written report and evaluation of the patient's mental and physical condition. The report shall describe any tests and evaluation devices which have been employed in evaluating the patient, the course of treatment which has been undertaken for the patient and the future course of treatment anticipated by the professional person. Upon the filing of the petition, the court shall give written notice of the filing of the petition to the patient, his next of kin, if reasonably available, the responsible person appointed by the court, and to the patient's counsel. If any person so notified requests a hearing prior to the termination of the previous detention authority the court shall immediately set a time and place for such a hearing on a date not more than ten (10) days from the receipt of the request and notify the same people including the professional person in charge of the patient. Procedure on the petition for extension shall be the same in all respects, as the procedure on the petition for the original three (3) month commitment except the patient shall not be entitled to trial by jury. The hearing shall be

HeinOnline -- 1975 vol. II 1186 1975

held in the district court having jurisdiction over the facility in which the patient is detained unless otherwise ordered by the court. If upon the hearing the court finds the patient not seriously mentally ill within the meaning of this act, the patient shall be discharged and the petition dismissed. If the court finds that the patient continues to suffer from serious mental illness, the court shall order commitment, custody in relatives, outpatient therapy or other order as set forth in subsection (5) of this section except that no order shall affect his custody for more than six (6) months. In its order, the court shall describe what alternatives for treatment of the patient are available, what alternatives were investigated, and why the investigated alternatives were not deemed suitable. The court shall not order continuation of an alternative which does not include a comprehensive, individualized plan of treatment for the patient. Any court order for the continuation of an alternative shall include a specific finding that a comprehensive, individualized plan of treatment exists.

(7) Further extensions may be obtained under the same procedure described in subsection (6) of this section except that the patient's custody shall not be affected for more than one (1) year, without a renewal of the commitment under the procedures set forth in subsection (6) of this section, including a statement of the findings required by subsection (6).

(8) At any time during the patient's commitment the court may on its own initiative or upon application of the professional person in charge of the patient, the patient, his next of kin, his attorney, or the responsible person appointed by the court, order the patient to be placed in the care and custody of relatives or guardians, or to be provided outpatient therapy or other appropriate placement or treatment.

Section 7. There is a new R.C.M. section numbered 38-1307 that reads as follows:

38-1307. Emergency situation — petition — detention. (1) When an emergency situation exists, a peace officer may take any person who appears to be seriously mentally ill and, as a result of serious mental illness, to be a danger to others or to himself into custody only for sufficient time to contact a professional person for emergency evaluation. If possible, a professional person should be called prior to taking the person into custody.

(2) If the professional person agrees that the person detained appears to be seriously mentally ill and that an emergency situation genuinely exists, then the person may be detained until the next regular business day. At that time, the professional person shall either cause the county attorney to file the petition provided for in section 38-1305 or shall release the detained person. In either case, the professional person shall file a report with the court explaining his actions.

(3) When the petition is filed, after an emergency detention, the court may order the respondent detained for the amount of time necessary for a professional person to conduct the examination and inquiry provided for in section 38-1305 and to report his findings and recommendations to the court. In no case shall such detention exceed twenty-four (24) hours from the time of the filing of the petition. Saturday, Sunday, and legal

HeinOnline -- 1975 vol. II 1187 1975

holidays shall not be included in computing the twenty-four (24) hour period. The court may also order the respondent detained during the seventy-two (72) hour evaluation and treatment period, if ordered, and through the period of the hearing on initial commitment, if held. No period of detention shall be ordered by the court pursuant to this section unless the court finds that such detention is required in the interest of public safety or the life or safety of the respondent. An order of detention shall include a statement of the factual basis for the order.

(4) Any person detained pursuant to this section shall be detained in the least restrictive environment required to protect the life and physical safety of the person detained or of members of the public. Whenever possible, a person detained pursuant to this section shall be detained in a mental health facility. A person may be detained in a jail or other correctional facility only if no mental health facility is available or if the available mental health facilities are inadequate to protect the person detained and the public. As soon as a mental health facility becomes available or the situation has changed sufficiently that an available mental health facility is adequate for the protection of the person detained and of the public, then the detained person shall be transferred from the jail or correctional facility to the mental health facility. In no case shall a person be detained in a jail or other correctional facility pursuant to this section for a longer period of time than is required for the county attorney to file a petition and for a professional person to complete his initial examination and inquiry and report his findings to the court.

(5) The county attorney of any county may make arrangements with any federal, state, regional, or private mental facility or with a mental health facility in any county for the detention of persons held pursuant to this section.

Section 8. There is a new R.C.M. section numbered 38-1308 that reads as follows:

38-1308. Outpatient care — conditional release. (1) When in the opinion of the professional person in charge of a mental health facility providing involuntary treatment, the committed person can be appropriately served by outpatient care prior to the expiration of the period of commitment, then such outpatient care may be required as a condition for early release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the mental health facility designated to provide outpatient care is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility.

(2) The mental health facility designated to provide outpatient care or the professional person in charge of the patient's case may modify the conditions for continued release when such modification is in the best interest of the patient.

(3) If the mental health facility designated to provide outpatient care determines that a conditionally released person is failing to adhere to the terms and conditions of his release, and because of that failure has become a substantial danger to himself or other persons, then, upon notification

HeinOnline -- 1975 vol. II 1188 1975

by the mental health facility designated to provide outpatient care, or on his own motion, the professional person in charge of the patient's case may order that the conditionally released person be apprehended and returned to the facility from which he was conditionally released. The professional person in charge of the patient's case may modify or rescind such order at any time. The professional person shall mail or deliver notice to the person detained, his attorney, if any, and his guardian or conservator, if any, his next of kin, if known, and the responsible person appointed by the court.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the professional person in charge of the patient's case on the same basis set forth therein without the professional person requiring or ordering the apprehension and detention of the conditionally released person.

Upon expiration of the period of commitment, or when the patient is released from outpatient care, notice in writing to the court which committed the patient for treatment shall be provided by the professional person in charge of the patient.

Section 9. There is a new R.C.M. section numbered 38-1309 that reads as follows:

38-1309. Right to counsel and appeal — examination of respondent — records. (1) The person alleged to be seriously mentally ill shall have the right to be present at any hearing or trial. If he has no attorney, the judge shall appoint an attorney to represent him at either the hearing or the trial or both. If the court determines that the respondent is financially unable to employ an attorney, the court shall appoint counsel who shall be compensated from the public funds of the county where the respondent resides. The county of residence shall also pay all precommitment expenses including transportation to a mental health facility incurred in connection with the detention, examination, and precommitment custody of the respondent.

(2) The respondent, his attorney, or the responsible person appointed by the court may secure a professional person of his own choice to examine the respondent and to testify at the hearing before the court or jury as to the results of his examination.

(3) If the person wishing to secure the testimony of a professional person is unable to do so because of financial reasons, and if the respondent joins in the request for such examination, the court shall appoint a professional person other than the professional person requesting the commitment to perform the examination. Whenever possible, the court shall allow the respondent a reasonable choice of an available professional person qualified to perform the requested examination who will be compensated from the public funds of the county where the respondent resides.

(4) Every respondent subject to an order for short-term treatment or long-term care and treatment shall be advised of his right to appeal such order by the court at the conclusion of any hearing as a result of which such an order may be entered.

HeinOnline -- 1975 vol. II 1189 1975

(5) Records and papers in proceedings under this act shall be maintained separately by the clerks of the several courts. Upon the release of any respondent or patient, the facility shall notify the clerk of the court within five (5) days of the release, and the clerk shall immediately seal the record in the case and omit the name of the respondent or patient from the index or indices of cases in such court unless the court orders the record opened for good cause shown.

Section 10. There is a new R.C.M. section numbered 38-1310 that reads as follows:

38-1310. Transfer or commitment to facility — procedure. No person who is in the custody of the department of institutions for any purpose other than treatment of severe mental illness shall be transferred or committed to a mental health facility unless such transfer or commitment is effected according to the procedures set out in this act.

Section 11. There is a new R.C.M. section numbered 38-1311 that reads as follows:

38-1311. Appeal procedure. Appellate review of any order of short-term evaluation and treatment or long-term commitment may be had by appeal to the supreme court of Montana in the manner as other civil cases. The patient shall not be released pending appeal unless ordered by the court. The appeal shall have priority above all other matters before the supreme court.

Section 12. There is a new R.C.M. section numbered 38-1312 that reads as follows:

38-1312. Effect of act on persons currently judged mentally ill. Any person who, by reason of a judicial decree entered by a court of this state prior to the enactment of this act adjudicating such person mentally ill shall, one (1) year following the effective date of this act be deemed to have been released and restored to legal capacity and competency unless, before that time, a petition for an extended detention order is filed with the court.

Section 13. There is a new R.C.M. section numbered 38-1313 that reads as follows:

38-1313. Civil and legal rights of person committed. (1) Unless specifically stated in an order by the court, a person involuntarily committed to a facility for a period of evaluation or treatment shall not forfeit any legal right or suffer any legal disability by reason of the provisions of this act except insofar as it may be necessary to detain the person for treatment, evaluation or care.

(2) Whenever any person is committed to a mental health facility for a period of three (3) months or longer, the court ordering the commitment may make an order stating specifically any legal rights which are denied the respondent and any legal disabilities which are imposed on him. As part of its order, the court may appoint a person to act as conservator of the respondent's property. Any conservatorship created pursuant to this section shall terminate upon the conclusion of the involuntary commit-

HeinOnline -- 1975 vol. II 1190 1975

ment if not sooner terminated by the court. A conservatorship or guardianship extending beyond the period of involuntary commitment may not be created except according to the procedures set forth under Montana law for the appointment of conservators and guardians generally.

(3) Any person who has been committed to a mental health facility pursuant to this act shall be automatically restored upon the termination of the commitment to all of his civil and legal rights which may have been lost when he was committed. This subsection shall not affect, however, any guardianship or conservatorship created independently of the commitment proceedings, according to the provisions of Montana law relating to the appointment of conservators and guardians generally. Any person who leaves a mental health facility following a period of evaluation and treatment shall be given a written statement setting forth the substance of this subsection.

(4) Any person committed to a mental health facility prior to the effective date of this act shall enjoy all the rights and privileges of a person committed after the effective date of this act.

(5) No person who has received evaluation or treatment under any provisions of this act shall be discriminated against because of such status. For purposes of this section, "discrimination" means giving any unfavorable weight to the fact of hospitalization or outpatient care and treatment unrelated to a person's present capacity to meet standards applicable to all persons. The fact that a person has received evaluation and treatment, whether voluntarily or involuntarily, at any mental health facility shall not be admitted into evidence in any subsequent proceeding for involuntary commitment or for the appointment of a guardian or conservator.

Section 14. There is a new R.C.M. section numbered 38-1314 that reads as follows:

38-1314. Transfer of person committed. (1) If a person is committed under the provisions of this act and is eligible for hospital care or treatment by an agency of the United States, and if a certificate of notification from such agency showing that facilities are available and that the person is eligible for care or treatment therein is received, the court may order the person to be placed in the custody of the agency for hospitalization. The chief officer of any hospital or institution operated by such an agency and in which a person is so hospitalized shall be vested with the same powers as the superintendent of the Montana state hospital with respect to detention, custody, transfer, conditional release, or discharge of the person. Jurisdiction shall be retained in the appropriate courts of this state to inquire into the mental condition of persons so hospitalized, and to determine the necessity for continuance of their hospitalization.

(2) Consistent with other provisions of this act, a person committed under this act for a period of three (3) months or longer may be committed by the court to the custody of friends or next of kin residing outside the state or to a mental health facility located outside the state, if the out-of-state facility agrees to receive the patient, provided, however, that no such commitment shall be for a longer period of time than is permitted

HeinOnline -- 1975 vol. II 1191 1975

within the state. If the patient is indigent, the expense of supporting him in an out-of-state facility and the expense of transportation shall be borne by the state of Montana.

(3) The transfer of persons committed under the provisions of this act out of Montana or under the laws of another jurisdiction into Montana shall be governed by the provisions of the interstate compact on mental health.

Section 15. There is a new R.C.M. section numbered 38-1315 that reads as follows:

38-1315. Fingerprinting prohibited. No person admitted to or in a mental health facility shall be fingerprinted unless required by other provisions of law.

Section 16. There is a new R.C.M. section numbered 38-1316 that reads as follows:

38-1316. Photographs permitted — confidential. (1) A person admitted to a mental health facility may be photographed upon admission for identification and the administrative purposes of the facility. Such photographs shall be confidential and shall not be released by the facility except pursuant to court order.

(2) No other nonmedical photographs shall be taken or used without consent of the patient's legal guardian or the responsible person appointed by the court.

Section 17. There is a new R.C.M. section numbered 38-1317 that reads as follows:

38-1317. Rights of persons admitted to facility. Patients admitted to a mental health facility, whether voluntarily or involuntarily, shall have the following rights:

(1) Patients have a right to privacy and dignity.

(2) (a) Patients may be required to perform therapeutic tasks which do not involve the operation and maintenance of the facility, provided the specific task or any change in assignment is:

(i) An integrated part of the patient's treatment plan and approved as a therapeutic activity by a professional person responsible for supervising the patient's treatment; and

(ii) Supervised by a staff member to oversee the therapeutic aspects of the activity.

(b) Patients may voluntarily engage in therapeutic labor for which the facility would otherwise have to pay an employee, provided the specific labor or any change in labor assignment is:

(i) An integrated part of the patient's treatment plan and approved

HeinOnline -- 1975 vol. II 1194 1975

as a therapeutic activity by a professional person responsible for supervising the patient's treatment; and

(ii) Supervised by a staff member to oversee the therapeutic aspects of the activity; and

(iii) Compensated in accordance with the minimum wage laws of the Fair Labor Standards Act, 29 U.S.C. sec. 206 as amended.

(3) If any patient performs therapeutic labor which involves the operation and maintenance of a facility, but due to physical or mental disability is unable to perform the labor as efficiently as a person not so physically or mentally disabled, then the patient may be compensated at a rate which bears the same approximate relation to the statutory minimum wage as his ability to perform that particular job bears to the ability of a person not so afflicted.

(4) Patients may be required to perform tasks of a personal housekeeping nature such as the making of one's own bed.

(5) Deductions or payments for care and other charges shall not deprive a patient of a reasonable amount of the compensation received pursuant to this section for personal and incidental purchases and expenses.

Except for emergency situations, in which it is likely that patients could harm themselves or others and in which less restrictive means of restraint are not feasible, patients may be physically restrained or placed in isolation only on a professional person's written order which explains the rationale for such action. The written order may be entered only after the professional person has personally seen the patient concerned and evaluated whatever episode or situation is said to call for restraint or isolation. Emergency use of restraints or isolation shall be for no more than one (1) hour, by which time a professional person shall have been consulted and shall have

HeinOnline -- 1975 vol. II 1195 1975

entered an appropriate order in writing. Such written order shall be effective for no more than twenty-four (24) hours and must be renewed if restraint and isolation are to be continued. Whenever a patient is subject to restraint or isolation, adequate care shall be taken to monitor his physical and psychiatric condition and to provide for his physical needs and comfort.

Section 21. There is a new R.C.M. section numbered 38-1321 that reads as follows:

38-1321. Research on patients — restrictions. Patients shall have a right not to be subjected to experimental research without the express and informed consent of the patient, if the patient is able to give such consent, and of his guardian, if any, and the responsible person appointed by the court, after opportunities for consultation with independent specialists and with legal counsel. The facility shall send notice of intent to involve the patient in experimental research to the patient, his next of kin, if known, his legal guardian, if any, the attorney who most recently represented him, and the responsible person appointed by the court at least ten (10) days prior to the commencement of such experimental research.

Such proposed research shall first have been reviewed and approved by the mental disabilities board of visitors before such consent shall be sought. Prior to such approval the board shall determine that such research complies with the principles of the statement on the use of human subjects for research of the American association on mental deficiency and with the principles for research involving human subjects required by the United States department of health, education, and welfare for projects supported by that agency.

Section 22. There is a new R.C.M. section numbered 38-1322 that reads as follows:

38-1322. Treatment procedures — restrictions. At least one (1) of those consulted must consent to the treatment. If there is no responsible person or if the responsible person appointed by the court is no longer available, then a responsible person who is in no way connected with the facility or with the department of institutions shall be appointed before any such treatment procedure can be employed. The facility shall send notice of intent to employ extraordinary treatment procedures to the patient, his next of kin, if known, the legal guardian, if any, the attorney who most recently represented him and the responsible person appointed by the court at least ten (10) days prior to the commencement of such extraordinary treatment program.

(1) "Board" means the mental disabilities board of visitors created by this act.

(2) "Community-based facilities" or "community-based services" include those services and facilities which are available for the evaluation, treatment and habilitation of the developmentally disabled in a community setting, including but not limited to, outpatient facilities, special education services, group homes, foster homes, day care facilities, sheltered workshops, and other community-based services and facilities.

(3) "Court" means the district court of the state of Montana.

(4) "Developmentally disabled" means suffering from disabilities attributable to mental retardation, cerebral palsy, epilepsy, autism or any other neurologically handicapping condition closely related to mental retardation and requiring treatment similar to that required by mentally retarded individuals; which condition has continued or can be expected to continue indefinitely and constitutes a substantial handicap of such individuals.

(5) "Habilitation" means the process by which a person who is developmentally disabled is assisted to acquire and maintain those life skills which enable him to cope more effectively with the demands of his own person and environment and to raise the level of his physical, mental and social efficiency. Habilitation includes but is not limited to formal, structured education and treatment.

(6) "Next of kin" includes but need not be limited to the spouse, parents, adult children, and adult brothers and sisters of a person.

(7) "Professional person" means:

(a) a medical doctor, or

HeinOnline -- 1975 vol. II 1205 1975

(11) "Responsible person" means any person willing and able to assume responsibility for a person who is developmentally disabled or alleged to be developmentally disabled. Only one person shall at any one time be the responsible person within the meaning of this act. In appointing a responsible person, the court shall consider the preference of the respondent or patient. The court may at any time, for good cause shown, change its designation of who is the responsible person.

(12) "Seriously developmentally disabled" means developmentally disabled due to developmental or physical disability or a combination of both rendering a person unable to function in a community-based setting.

Section 3. There is a new R.C.M. section numbered 38-1203 that reads as follows:

38-1203. Rights — waiver. (1) Any person subject to emergency admittance to a residential facility, to examination or evaluation by a professional person, or to any hearing held pursuant to this act shall have all the rights accorded to a person subject to involuntary commitment proceedings under the laws of this state relating to involuntary commitment of the seriously mentally ill.

(2) In addition, the parents or guardian of any person alleged to be developmentally disabled and in need of developmental disabilities services have the right:

(a) to be present at any hearings held pursuant to this act;

HeinOnline -- 1975 vol. II 1206 1975

(b) to be represented by counsel in any hearing;

(c) to offer evidence and cross-examine witnesses in any hearing; and

(d) to have the respondent be examined by a professional person of their choice when such professional person is reasonably available, unless the person so chosen is objected to by the respondent or by a responsible person appointed by the court.

(3) A person may waive his procedural rights provided that the waiver is knowingly and intentionally made. The right to counsel in a hearing held pursuant to section 38-1206 may not be waived. The right to habilitation provided for in this act may not be waived.

(4) In the case of a person who has been admitted to a residential facility for up to thirty (30) days of evaluation and treatment, or who, pursuant to the recommendation of a professional person, may be admitted to a residential facility for an extended course of habilitation, a waiver of rights can be knowingly and intentionally made only with the concurrence of the person's counsel, if any, his parents or guardian, and the responsible person appointed by the court, if any.

(5) In the case of a minor, the waiver of rights can be knowingly and intentionally made:

(a) when the minor is under the age of twelve (12), by the parents of the minor with the concurrence of the responsible person, if any;

(b) when the minor is over the age of twelve (12), by the minor and his parents;

(c) when the minor is over the age of twelve (12) and the minor and his parents do not agree, the minor can make an effective waiver of his rights only with the advice of counsel.

If the court believes that there may be a conflict of interest between a minor and his parents or guardian, the court may appoint a responsible person or guardian ad litem for the minor.

Section 4. There is a new R.C.M. section numbered 38-1204 that reads as follows:

38-1204. Assistance of professional person. (1) The parents or guardian of any person alleged to be developmentally disabled or the person himself may at any time request the assistance of a professional person in determining whether the person is developmentally disabled, the extent of such disability, and the most appropriate course of treatment, habilitation and education for the person alleged to be developmentally disabled.

(2) Whenever the parents or guardian of a person alleged to be developmentally disabled or the person himself request a course of evaluation and treatment, they shall ascertain, with the professional person who undertakes the case, the least restrictive means of evaluating and treating the person alleged to be developmentally disabled. Evaluation and treatment in a residential facility shall take place only upon certifi-

HeinOnline -- 1975 vol. II 1207 1975

cation by the professional person in charge of the case that adequate community-based facilities are not available reasonably near the place of residence of the person alleged to be developmentally disabled. Residential evaluation and treatment shall not be for more than thirty (30) days without subsequent proceedings before the court.

Section 5. There is a new R.C.M. section numbered 38-1205 that reads as follows:

38-1205. Procedure for reporting developmentally disabled. (1) Any person who believes that there is a person who is developmentally disabled and in need of developmental disability services may report the situation to a professional person. If the professional person believes from the facts given to him that the person may be developmentally disabled and in need of developmental disability services, he shall contact the parents or guardian of the person alleged to be developmentally disabled or the person himself. If any of the persons so contacted refuse to cooperate with the professional person and if the professional person believes from all the circumstances of the case that the person may be developmentally disabled and in need of developmental disabilities services he shall request the county attorney to file a petition alleging that there is a person in the county who is developmentally disabled and in need of developmental disabilities services.

(2) The petition shall contain the name and address of:

(a) the professional person and any other person requesting the petition, and their interest in the case;

(b) the name and address of the respondent;

(c) the name and address of the parents or guardian of the respondent, and of any other person believed to be legally responsible for the care, support and maintenance of the respondent;

(d) the name and address of the respondent's next of kin, to the extent known;

(e) the name and address of any person whom the county attorney believes might be willing and able to be appointed responsible person; and

(f) a statement of the rights of the respondent and his parents or guardian which shall be in conspicuous print and identified by a suitable heading.

(3) Upon presentation to the court by the county attorney, the court shall immediately consider the petition with or without a hearing to determine if there is probable cause to believe that the respondent is developmentally disabled and in need of evaluation and treatment. If the court finds no such probable cause it shall dismiss the petition. If the court finds that probable cause does exist it shall direct a professional person to examine the respondent and to make an inquiry concerning the circumstances of the case. Such examination shall not exceed four (4) hours in length. If probable cause is found the court may appoint a responsible person other than the respondent's parents or guardian to protect the interests of the respondent. The responsible person shall be notified as

HeinOnline -- 1975 vol. II 1208 1975

soon as possible that a petition has been filed. Notice of the petition and the finding of probable cause shall be mailed or delivered to the respondent and to all other persons named in the petition and to any person who would have been named in the petition had his name, address, and relationship to the respondent been known at the time.

(4) When the professional person first contacts the respondent, before he begins any examination, he shall give the respondent a copy of the petition and explain to the respondent the nature of the proceeding and his rights as set forth in the petition. If the respondent is incapable of understanding the explanation and proceeding, the professional person shall give the petition and make the explanation to the parents or guardian of the respondent. Before making any inquiry of the parents or guardian of the respondent, the professional person shall give them a copy of the petition, explain the nature of the proceeding and their rights as set forth in the petition.

Section 6. There is a new R.C.M. section numbered 38-1206 that reads as follows:

38-1206. Petition dismissal — hearing — counsel — treatment. (1) If the professional person, based on his examination and inquiry, determines that the respondent is not developmentally disabled or is not in need of developmental disability services, he shall report this finding in writing to the court and the petition shall be dismissed. If the professional person concludes that the respondent is developmentally disabled and in need of developmental disability services, he shall report this conclusion to the court in writing together with his recommendations for evaluation and treatment. The report shall include an explanation of the basis on which the professional person has reached his conclusion and shall include a description of any tests or evaluation devices he has employed. If the professional person's recommendation is for further evaluation and treatment, notice of this recommendation shall be sent to the respondent, his parents or guardian, the next of kin, the responsible person appointed by the court, if any, any attorney representing the respondent or his parents or guardian. If no responsible person has yet been appointed, the court may appoint one at this time.

(2) If the respondent, his parents or guardian, the responsible person, if any, or counsel for any party requests a hearing on the recommendation, the court shall set a time and place for hearing. The hearing shall be before the court without a jury. The rules of civil procedure shall apply.

(3) Prior to any hearing held pursuant to this section, the court shall appoint counsel to represent the respondent, if the respondent has not retained independent counsel. The parents or guardian shall be informed of their right to counsel and if they are indigent the court shall, on their request, appoint counsel for them. In no case shall the same attorney represent the respondent and his parents or guardian.

(4) If the hearing is waived or if the court finds, after hearing, that the respondent is developmentally disabled and in need of further evaluation and treatment, the court shall order that the respondent undergo such evaluation and treatment. Evaluation and treatment ordered pur-

HeinOnline -- 1975 vol. II 1209 1975

suant to this subsection shall be for no more than thirty (30) days. It shall take place in the least restrictive environment in which the necessary evaluation and treatment can be accomplished. Evaluation and treatment in a residential facility shall be ordered only if the necessary evaluation and treatment cannot be accomplished through the use of community-based facilities.

Section 7. There is a new R.C.M. section numbered 38-1207 that reads as follows:

38-1207. Recommendation — hearing on certain treatment. (1) If as a result of the evaluation and treatment ordered by the court, the professional person in charge of the case recommends a course of habilitation and treatment at the community level making use of community and regional based services for the developmentally disabled, he shall report his recommendation in writing to the court. The recommendation shall be accompanied by a written report indicating the factual basis for the recommendation and describing any tests or evaluation devices which the professional person has employed in evaluating the respondent. If this course of treatment and habilitation is agreed to by the parents, guardian, person evaluated, responsible person, if any, and counsel for the person evaluated, if any, then this community-based course of treatment shall be commenced as soon as practicable, and the petition shall be dismissed.

(2) If any of the parties listed in the preceeding paragraph object to the community-based course of treatment, they may request the court to conduct a hearing on the matter. If a responsible person has not yet been appointed, the court may appoint a responsible person prior to the hearing. Notice of the time, date and place of the hearing shall be mailed or delivered to all of the parties listed in the preceding paragraph, and to the attorney for the parents or guardian, if any. The hearing shall be held before the court without a jury. The rules of civil procedure shall apply. If the court finds that the respondent is developmentally disabled and in need of community-based developmental disabilities services, it shall order that the respondent undertake a community-based course of treatment and habilitation.

Section 8. There is a new R.C.M. section numbered 38-1208 that reads as follows:

38-1208. Recommendation to residential facility. (1) If as a result of the evaluation and treatment either agreed to by the parents, guardian, or the person himself pursuant to section 38-1204 or ordered by the court, the professional person in charge of the case concludes that the person evaluated is seriously developmentally disabled and recommends that treatment and habilitation be had in a residential facility on an extended basis, the professional person shall file his written recommendation and report with the court and request that the court order the admission. The report shall include the factual basis for the recommendation, and shall describe any tests or evaluation devices which have been employed in evaluating the patient. If no responsible person has yet been appointed, the court may appoint one at this time. If there is no parent or guardian the court shall appoint a responsible person. At the request of the respondent, his parents or guardian or the responsible person, the court

HeinOnline -- 1975 vol. II 1210 1975

shall appoint counsel for the respondent. If the parents or guardian are indigent and if they request it, the court shall appoint counsel for the parents or guardian. Notice of the recommendation shall be mailed or delivered to the respondent, his parents or guardian, the responsible person, next of kin, if known, and the attorney for the respondent, if any, and for the parents or guardian, if any.

(2) The respondent, his parents or guardian, the responsible person, or the attorney for any party may request that a hearing be had on the recommendation. If a hearing is requested, the court shall mail or deliver notice of the date, time and place of the hearing to each of the parties listed at the beginning of this subsection. The hearing shall be to the court without jury. The rules of civil procedure shall apply.

(3) If the court finds that the respondent is seriously developmentally disabled and that available community-based services are not adequate, it shall order the respondent admitted to a residential facility for an extended course of treatment and habilitation. If the court finds that the respondent is developmentally disabled, and in need of developmental disabilities services but that available community-based services are adequate, it shall order the respondent to undertake a community-based course of treatment and habilitation. If the court finds that the respondent is not developmentally disabled or is not in need of developmental disability services, it shall dismiss the request.

(4) If none of the parties notified of the recommendation request a hearing, the court may issue an order authorizing the person to be admitted to the residential facility for an extended period of treatment and habilitation, or the court may initiate its own inquiry as to whether the order should be granted. The court may refuse to authorize admission of a person to a residential facility for an extended period of treatment and habilitation if such admission is not in the best interests of the person.

(5) If any person is admitted to a residential facility for an extended course of habilitation without a hearing, and if subsequent to such admission one of the parties who could have requested a hearing learns that an alternative course of treatment is available which is more suitable to the needs of the resident, the party may request the professional person in charge of the resident to release the resident to the alternative, if it is a community-based alternative, or transfer the resident to the alternative, if it is a residential alternative. Any such transfer or release shall comply with the requirements of section 38-1209. If the professional person in charge of the resident refuses to authorize the release or transfer, then the party may petition the court for a hearing to determine whether the present residential alternative should be continued. The hearing shall comply with the procedures set forth in subsection (2) of this section.

Section 9. There is a new R.C.M. section numbered 38-1209 that reads as follows:

38-1209. Admission to residential facility. (1) No person shall be admitted to a residential facility for longer than thirty (30) days except on approval of the court. Whenever a person is admitted to a residential

HeinOnline -- 1975 vol. II 1211 1975

facility for longer than thirty (30) days, the court may appoint a person other than the parents or guardian to act as responsible person for the resident. If there is no parent or guardian, the court shall appoint a responsible person.

(2) The court order approving the admission shall specify the maximum period of time for which the person is admitted to the residential facility. In no case shall this maximum period exceed one (1) year.

(3) If at any time during the period for which a person is admitted to a residential facility for an extended period of habilitation and treatment, the professional person in charge of the resident decides that there exist sufficient community-based alternatives to provide adequate treatment and habilitation for the resident, or that it is in the best interests of the resident that he be transferred to another residential facility, then he may release the resident to such community-based alternative or transfer the resident to the other residential facility no less than fifteen (15) days after sending notice of the proposed release or transfer to the resident, his parents or guardian, the attorney who most recently represented the resident, if any, the responsible person appointed by the court, if any, and the court which ordered the admission. If any of the parties so notified objects to the release or transfer, they may petition the court for a hearing to determine whether the release or transfer should be allowed. The hearing shall comply with the procedures set forth in section 38-1208. The court may on its own initiative inquire concerning the propriety of the release or transfer. Nothing in this subsection shall prevent the transfer of a resident to a hospital or other medical facility for necessary medical treatment, or emergency transfer of a resident to a mental health facility, provided such emergency transfer complies with the statutory requirements for emergency detention of the mentally ill. Within twenty-four (24) hours of an emergency medical or psychiatric transfer, notice shall be given to the parents or guardian of the resident, the responsible person appointed by the court, if any, and the court.

(4) If the professional person in charge of the resident determines that the admission to the residential facility should continue beyond the period specified in the court order, he shall, at least fifteen (15) days before the end of the period set out in the court order, send written notice of his recommendation and request for renewal of the order to the court which issued the order, the resident, his parents or guardian, the next of kin, if known, the attorney who most recently represented the resident, if any, and the responsible person appointed by the court, if any. The recommendation and request shall be accompanied by a written report which shall describe the habilitation plan which has been undertaken for the resident and the future habilitation plan which is anticipated by the professional person.

(5) If any person so notified requests a hearing, the court shall set a time and place for the hearing and shall mail or deliver notice to all of the persons informed of the recommendation. The hearing shall be conducted in the manner set out in section 38-1208. If the court finds that the residential admission is still justified, it may order continuation of the admission to that residential facility or transfer of the resident to a different residential facility. If the court finds that the resident is still

HeinOnline -- 1975 vol. II 1212 1975

in need of developmental disabilities services but does not require residential treatment, it shall order an appropriate course of community-based habilitation, or, if all parties are willing for the resident to participate in a community-based program of habilitation, it shall dismiss the petition. If the need for developmental disabilities services no longer exists, the court shall dismiss the petition. The court shall not order continuation of admission to a residential facility which does not have an individualized habilitation plan for the resident. In its order, the court shall make findings of fact on which its order is based. The court may on its own initiative inquire concerning the suitability of continuing an admission to a residential facility.

Section 10. There is a new R.C.M. section numbered 38-1210 that reads as follows:

38-1210. Venue for hearing. Hearings held pursuant to this act shall be held in the district court for the district where the respondent resides. Except that at the request of any party, or the professional person who must be present at the hearing, a hearing may be held in the district court for the district where the respondent is undergoing evaluation, treatment or habilitation in a residential facility, or is undergoing community-based evaluation, treatment or habilitation. The cost of any hearing held pursuant to this act shall be born by the county where the respondent resides.

Section 11. There is a new R.C.M. section numbered 38-1211 that reads as follows:

38-1211. Appeal. Any order issued by a court after a hearing held pursuant to any provision of this act may be appealed to the Montana supreme court in the same manner as for civil appeals generally.

Section 12. There is a new R.C.M. section numbered 38-1212 that reads as follows:

38-1212. Choice of professional person. Whenever evaluation by a professional person is ordered by a court pursuant to any provision of this act, the person being evaluated, his parents or guardian shall have a reasonable choice of a professional person qualified to perform such service.

Section 13. There is a new R.C.M. section numbered 38-1213 that reads as follows:

38-1213. Professional person to attend hearing. In any hearing held pursuant to this act which involves consideration of the recommendation and report of a professional person, the professional person who made the recommendation and report shall be present at the hearing and subject to cross-examination.

Section 14. There is a new R.C.M. section numbered 38-1214 that reads as follows:

38-1214. Social summary. In any hearing held pursuant to this act the court may request the county welfare department to prepare a social summary of the respondent for use by the court.

HeinOnline -- 1975 vol. II 1213 1975

Section 15. There is a new R.C.M. section numbered 38-1215 that reads as follows:

38-1215. Limitation on who takes treatment. No person who has reached the age of majority shall be compelled against his will to undertake a course of treatment and habilitation solely because he is developmentally disabled, but only if such disability causes him to be unable to protect his life and health.

Section 16. There is a new R.C.M. section numbered 38-1216 that reads as follows:

38-1216. Emergency admission. The parents, guardian, the person himself, or a professional person may admit a person believed to be developmentally disabled to a residential facility on an emergency basis when necessary to protect the person from death or serious bodily harm. However, if requested by the parents, guardian or the person admitted on an emergency basis, a petition as set out in section 38-1205 shall be filed on the next judicial day by the county attorney of the county where the person resides. If a petition is filed, the professional person assigned by the court to conduct the examination and inquiry shall report back to the court on the next judicial day following the filing of the petition. Once a petition is filed, continued detention in the residential facility shall be allowed only on order of the court when necessary to protect the respondent from death or serious bodily harm. In no case shall an emergency admission to a residential facility continue for longer than thirty (30) days without subsequent proceedings before the court.

Section 17. There is a new R.C.M. section numbered 38-1217 that reads as follows:

38-1217. Denial of legal rights. (1) Unless specifically stated in an order by the court, a person admitted to a residential facility for an extended course of habilitation shall not forfeit any legal right or suffer any legal disability by reason of the provisions of this act except insofar as it may be necessary to detain the person for habilitation, evaluation or care.

(2) Whenever any person is admitted to a residential facility for a period of more than thirty (30) days, for an extended course of habilitation, the court ordering the admission may make an order stating specifically any legal rights which are denied the respondent and any legal disabilities which are imposed on him. As part of its order, the court may appoint a person to act as conservator of the respondent's property. Any conservatorship created pursuant to this section shall terminate upon the conclusion of the admission if not sooner terminated by the court. A conservatorship or guardianship extending beyond the period of the admission may not be created except according to the procedures set forth under Montana law for the appointment of conservators and guardians generally.

(3) Any person who has been admitted to a residential facility pursuant to this act shall be automatically restored upon the termination of the admission to all of his civil and legal rights which may have been

HeinOnline -- 1975 vol. II 1214 1975

lost when he was admitted. This subsection shall not affect, however, any guardianship or conservatorship created independently of the admission proceedings, according to the provisions of Montana law relating to the appointment of conservators and guardians generally. Any person who leaves a residential facility following a period of evaluation and habilitation shall be given a written statement setting forth the substance of this subsection.

(4) Any person admitted to a residential facility prior to the effective date of this act shall enjoy all the rights and privileges of a person admitted after the effective date of this act.

Section 18. There is a new R.C.M. section numbered 38-1218 that reads as follows:

38-1218. Placement in a nonstate facility. (1) If a person is admitted to a residential facility under the provisions of this act and is eligible for hospital care, treatment or habilitation by an agency of the United States, and if a certificate of notification from such agency showing that facilities are available and that the person is eligible for care or treatment therein is received, the court may order the person to be placed in the custody of the agency for hospitalization. The chief officer of any hospital or residential facility operated by the agency and in which the person is admitted shall, with respect to the person, be vested with the same powers as the superintendent of the Boulder River school and hospital with respect to detention, custody, transfer and release of the person. Jurisdiction shall be retained in the appropriate courts of this state to inquire into the mental condition of persons so admitted, and to determine the necessity for continuance of their admission.

(2) Consistent with other provisions of this act, a person admitted to a residential facility under this act for a period more than thirty (30) days may be committed by the court to the custody of friends or next of kin residing outside the state or transferred to a residential facility located outside the state, if the out-of-state facility agrees to receive the person, provided, however that no such commitment or transfer shall be for a longer period of time than is permitted within the state. If the person is indigent, the expense of supporting him in an out-of-state facility and the expense of transportation shall be borne by the state of Montana.

(3) The transfer of persons admitted to a residential facility under the provisions of this act out of Montana or under the laws of another jurisdiction into Montana shall be governed by the provisions of the interstate compact on mental health.

Section 19. There is a new R.C.M. section numbered 38-1219 that reads as follows:

38-1219. Fingerprinting. No person admitted to or in a residential facility shall be fingerprinted unless required by other provisions of law.

Section 20. There is a new R.C.M. section numbered 38-1220 that reads as follows:

38-1220. Photographs. (1) A person admitted to a residential facility may be photographed upon admission for identification and the adminis-

trative purposes of the facility. Such photographs shall be confidential and shall not be released by the facility except pursuant to court order.

(2) No other nonmedical or nonhabilitative photographs shall be taken or used without consent of the resident's parents or guardian or the responsible person appointed by the court.

Section 21. There is a new R.C.M. section numbered 38-1221 that reads as follows:

38-1221. Rights while in a residential facility. Persons admitted to a residential facility for a period of habilitation shall enjoy the following rights:

(1) Residents shall have a right to dignity, privacy and humane care.

(2) Residents shall be entitled to send and receive sealed mail. Moreover, it shall be the duty of the facility to foster the exercise of this right by furnishing the necessary materials and assistance.

(3) Residents shall have the same rights and access to private telephone communication as patients at any public hospital, except to the extent that a professional person responsible for formulation of a particular resident's habilitation plan writes an order imposing special restrictions and explains the reasons for any such restrictions. The written order must be renewed monthly if any restrictions are to be continued. Residents shall have an unrestricted right to visitation, except to the extent that a professional person responsible for formulation of a particular resident's habilitation plan writes an order imposing special restrictions and explains the reasons for any such restrictions. The written order must be renewed monthly if any restrictions are to be continued.

(4) Residents shall have a right to receive suitable educational services regardless of chronological age, degree of retardation or accompanying disabilities or handicaps.

(5) Each resident shall have an adequate allowance of neat, clean, suitably fitting and seasonable clothing. Except when a particular kind of clothing is required because of a particular condition, residents shall have the opportunity to select from various types of neat, clean, and seasonable clothing. Such clothing shall be considered the resident's throughout his stay in the institution. Clothing both in amount and type shall make it possible for residents to go out of doors in inclement weather, to go for trips or visits appropriately dressed, and to make a normal appearance in the community. The facility shall make provision for the adequate and regular laundering of the residents' clothing.

(6) Each resident shall have the right to keep and use his own personal possessions except insofar as such clothes or personal possessions may be determined to be dangerous, either to himself or to others, by a professional person.

(7) A resident has a right to a humane physical environment within the residential facilities. These facilities shall be designed to make a positive contribution to the efficient attainment of the habilitation goals of the resident. To accomplish this purpose:

HeinOnline -- 1975 vol. II 1216 1975

(a) Regular housekeeping and maintenance procedures which will ensure that the facility is maintained in a safe, clean and attractive condition shall be developed and implemented.

(b) Pursuant to an established routine maintenance and repair program, the physical plant shall be kept in a continuous state of good repair and operation so as to ensure the health, comfort, safety and well-being of the residents and so as not to impede in any manner the habilitation programs of the residents.

(c) The physical facilities must meet all fire and safety standards established by the state and locality. In addition, the facility shall meet such provisions of the life safety code of the national fire protection association as are applicable to it.

(d) There must be special facilities for nonambulatory residents to assure their safety and comfort, including special fittings on toilets and wheelchairs. Appropriate provision shall be made to permit nonambulatory residents to communicate their needs to staff.

(8) Residents shall have a right to receive prompt and adequate medical treatment for any physical ailments and for the prevention of any illness or disability. Such medical treatment shall meet standards of medical practice in the community.

(9) Corporal punishment shall not be permitted.

(10) The opportunity for religious worship shall be accorded to each resident who desires such worship. Provisions for religious worship shall be made available to all residents on a nondiscriminatory basis. No individual shall be compelled to engage in any religious activities.

(11) Residents shall have a right to a nourishing, well-balanced diet. The diet for residents shall provide at a minimum the recommended daily dietary allowance as developed by the national academy of sciences. Provisions shall be made for special therapeutic diets and for substitutes at the request of the resident, or his parents or guardian or next of kin, or the responsible person appointed by the court, in accordance with the religious requirements of any resident's faith. Denial of a nutritionally adequate diet shall not be used as punishment.

(12) Residents shall have a right to regular physical exercise several times a week. It shall be the duty of the facility to provide both indoor and outdoor facilities and equipment for such exercise. Residents shall have a right to be outdoors daily in the absence of contrary medical considerations.

(13) Residents shall have a right, under appropriate supervision, to suitable opportunities for the interaction with members of the opposite sex, except where a professional person responsible for the formulation of a particular resident's habilitation plan writes an order to the contrary and explains the reasons therefor. The order must be renewed monthly if the restriction is to be continued.

Section 22. There is a new R.C.M. section numbered 38-1222 that reads as follows:

HeinOnline -- 1975 vol. II 1217 1975

38-1222. Other rights while in a residential facility. (1) Persons admitted to residential facilities shall have a right to habilitation, including medical treatment, education and care, suited to their needs, regardless of age, degree of retardation or handicapping condition. Each resident has a right to a habilitation program which will maximize his human abilities and enhance his ability to cope with his environment. Every residential facility shall recognize that each resident, regardless of ability or status, is entitled to develop and realize his fullest potential. The facility shall implement the principle of normalization so that each resident may live as normally as possible.

(2) Residents shall have a right to the least restrictive conditions necessary to achieve the purposes of habilitation. To this end, the facility shall make every attempt to move residents from:

(a) more to less structured living;

(b) larger to smaller facilities;

(c) larger to smaller living units;

(d) group to individual residence;

(e) segregated from the community to integrated into the community living;

(f) dependent to independent living.

(3) Within thirty (30) days of his admission to a residential facility, each resident shall have an evaluation by appropriate specialists for programming purposes.

(4) Each resident shall have an individualized habilitation plan formulated by the facility. This plan shall be developed by appropriate professional persons and implemented as soon as possible but no later than fourteen (14) days after the resident's admission to the facility. An interim program of habilitation, based on the preadmission evaluation conducted pursuant to this act, shall commence promptly upon the resident's admission. Each individualized habilitation plan shall contain:

(a) a statement of the nature of the specific limitations and specific needs of the resident;

(b) a description of intermediate and long-range habilitation goals with a projected timetable for their attainment;

(c) a statement of, and an explanation for, the plan of habilitation for achieving these intermediate and long-range goals;

(d) a statement of the least restrictive setting for habilitation necessary to achieve the habilitation goals of the resident;

(e) a specification of the professional persons and other staff members who are responsible for the particular resident's attaining these habilitation goals;

(f) criteria for release to less restrictive settings for habilitation, including criteria for discharge and a projected date for discharge.

HeinOnline -- 1975 vol. II 1218 1975

(5) As part of his habilitation plan, each resident shall have an individualized post-institutionalization plan. This plan shall be developed by a professional person who shall begin preparation of such plan upon the resident's admission to the institution and shall complete such plan as soon as practicable. The parents or guardian or next of kin of the resident, the responsible person appointed by the court, if any, and the resident, if able to give informed consent, shall be consulted in the development of such plan and shall be informed of the content of such plan.

(6) In the interests of continuity of care, one professional person shall whenever possible be responsible for supervising the implementation of the habilitation plan, integrating the various aspects of the habilitation program, and recording the resident's progress as measured by objective indicators. This professional person shall also be responsible for ensuring that the resident is released when appropriate to a less restrictive habilitation setting.

(7) The habilitation plan shall be continuously reviewed by the professional person responsible for supervising the implementation of the plan and shall be modified if necessary. In addition, six (6) months after admission and at least annually thereafter, each resident shall receive a comprehensive psychological, social, educational and medical diagnosis and evaluation, and his habilitation plan shall be reviewed by an interdisciplinary team of no less than two (2) professional persons and such resident care workers as are directly involved in his habilitation and care. A habilitation plan shall be reviewed monthly.

(8) Each resident discharged to the community shall have a program of transitional habilitation assistance.

(9) The professional person in charge of the residential facility shall report in writing to the parents or guardian of the resident, or the responsible person, at least every six (6) months on the resident's educational, vocational and living skills progress and medical condition. Such report shall also state any appropriate habilitation program which has not been afforded to the resident because of inadequate habilitation resources.

(10) The parents or guardian of each resident, or the responsible person appointed by the court, shall promptly upon resident's admission receive a written copy of all the above standards for adequate habilitation. Each resident, if the resident is able to comprehend, shall promptly upon his admission be orally informed in clear language of the above standards and, where appropriate, be provided with a written copy.

Section 23. There is a new R.C.M. section numbered 38-1223 that reads as follows:

38-1223. Maintenance of records. Complete records for each resident shall be maintained and shall be readily available to professional persons and to the resident care workers who are directly involved with the particular resident and to the mental disabilities board of visitors. All information contained in a resident's records shall be considered privileged and confidential. The parents or guardian, the responsible person appointed by the court, and any person properly authorized in writing by

HeinOnline -- 1975 vol. II 1219 1975

the resident, if such resident is capable of giving informed consent, or by his parents or guardian or the responsible person, shall be permitted access to the resident's records. These records shall include:

(1) identification data, including the resident's legal status;

(2) the resident's history, including but not limited to:

(a) family data, educational background, and employment record;

(b) prior medical history, both physical and mental, including prior institutionalization;

(3) the resident's grievances if any;

(4) an inventory of the resident's life skills;

(5) a record of each physical examination which describes the results of the examination;

(6) a copy of the individual habilitation plan and any modifications thereto and an appropriate summary which will guide and assist the resident care workers in implementing the resident's program;

(7) the findings made in periodic reviews of the habilitation plan which findings shall include an analysis of the successes and failures of the habilitation program and shall direct whatever modifications are necessary;

(8) a copy of the post-institutionalization plan and any modifications thereto, and a summary of the steps that have been taken to implement that plan;

(9) a medication history and status;

(10) a summary of each significant contact by a professional person with a resident;

(11) a summary of the resident's response to his program, prepared by a professional person involved in the resident's habilitation and recorded at least monthly. Such response, wherever possible, shall be scientifically documented;

(12) a monthly summary of the extent and nature of the resident's work activities and the effect of such activity upon the resident's progress along the habilitation plan;

(13) a signed order by a professional person for any physical restraints;

(14) a description of any extraordinary incident or accident in the facility involving the resident, to be entered by a staff member noting personal knowledge of the incident or accident or other source of information, including any reports of investigations of resident's mistreatment;

(15) a summary of family visits and contacts;

(16) a summary of attendance and leaves from the facility;

(17) a record of any seizures, illnesses, treatments thereof, and immunizations.

HeinOnline -- 1975 vol. II 1220 1975

Section 24. There is a new R.C.M. section numbered 38-1224 that reads as follows:

38-1224. Training for resident case workers. All resident care workers who have not had prior clinical experience in a residential facility for habilitation of the developmentally disabled shall have suitable orientation training. Staff members on all levels shall have suitable, regularly scheduled in-service training. Each resident care worker shall be under the direct professional supervision of a professional person.

Section 25. There is a new R.C.M. section numbered 38-1225 that reads as follows:

38-1225. Abuse of residents prohibited. Every residential facility shall prohibit mistreatment, neglect or abuse in any form of any resident. Alleged violations shall be reported immediately to the professional person in charge of the facility and there shall be a written record that:

(1) each alleged violation has been thoroughly investigated and findings stated;

(2) the results of such investigation are reported to the professional person in charge of the facility within twenty-four (24) hours of the report of the incident. Such reports shall also be made to the mental disabilities board of visitors monthly and to the developmental disabilities advisory council at its next scheduled public meeting. Each facility shall cause a written statement of this policy to be posted in each cottage and building and circulated to all staff members.

Section 26. There is a new R.C.M. section numbered 38-1226 that reads as follows:

38-1226. Medication for residents. Residents have a right to be free from unnecessary or excessive medication. No medication shall be administered unless at the written order of a physician. The professional person in charge of the facility and the attending physician shall be responsible for all medication given or administered to a resident. The use of medication shall not exceed standards of use that are advocated by the United States food and drug administration. Notation of each individual's medication shall be kept in his medical records. At least weekly an attending physician shall review the drug regimen of each patient under his care. All prescriptions shall be written with a termination date, which shall not exceed thirty (30) days. Medications shall not be used as punishment, for the convenience of staff, as a substitute for program, or in quantities that interfere with the resident's treatment program.

Section 27. There is a new R.C.M. section numbered 38-1227 that reads as follows:

38-1227. Hazardous treatment — physical restraint. (1) Residents of a residential facility shall have a right not to be subjected to any unusual or hazardous treatment procedures without the express and informed consent of the resident, if the resident is able to give such consent, and of his parents or guardian or the responsible person appointed by the court, after opportunities for consultation with independent special-

ists and legal counsel. Such proposed procedures shall first have been reviewed and approved by the mental disabilities board of visitors before such consent shall be sought.

(2) Physical restraint shall be employed only when absolutely necessary to protect the resident from injury to himself or to prevent injury to others. Restraint shall not be employed as punishment, for the convenience of staff, or as a substitute for a habilitation program. Restraint shall be applied only if alternative techniques have failed and only if such restraint imposes the least possible restriction consistent with its purpose. Only a professional person may authorize the use of restraints. Orders for restraints by a professional person shall be in writing and shall not be in force for longer than twelve (12) hours. Whenever physical restraint is ordered suitable provision shall be made for the comfort and physical needs of the person restrained.

(3) Seclusion, defined as the placement of a resident alone in a locked room for non-therapeutic purposes, shall not be employed. Legitimate "time out" procedures may be utilized under close and direct professional supervision as a technique in behavior-shaping programs.

(4) Behavior modification programs involving the use of noxious or aversive stimuli shall be reviewed and approved by the mental disabilities board of visitors and shall be conducted only with the express and informed consent of the affected resident, if the resident is able to give such consent, and of his parents or guardian or the responsible person appointed by the court, after opportunities for consultation with independent specialists and with legal counsel. Such behavior modification programs shall be conducted only under the supervision of and in the presence of a professional person who has had proper training in such techniques.

(5) No resident shall be subjected to a behavior modification program which attempts to extinguish socially appropriate behavior or to develop new behavior patterns when such behavior modifications serve only institutional convenience.

(6) Electric shock devices shall be considered a research technique for the purpose of this act. Such devices shall only be used in extraordinary circumstances to prevent self-mutilation leading to repeated and possibly permanent physical damage to the resident and only after alternative techniques have failed. The use of such devices shall be subject to the conditions prescribed by this act for experimental research generally and shall be used only under the direct and specific order of the professional person in charge of the residential facility.

Section 28. There is a new R.C.M. section numbered 38-1228 that reads as follows:

38-1228. Experimental research. Residents of a residential facility shall have a right not to be subjected to experimental research without the express and informed consent of the resident, if the resident is able to give such consent, and of his parents or guardian or the responsible person appointed by the court after opportunities for consultation with independent specialists and with legal counsel. Such proposed research

shall first have been reviewed and approved by the mental disabilities board of visitors before such consent shall be sought. Prior to such approval the board shall determine that such research complies with the principles of the statement on the use of human subjects for research of the American association on mental deficiency and with the principles for research involving human subjects required by the United States department of health, education and welfare for projects supported by that agency.

Section 29. There is a new R.C.M. section numbered 38-1229 that reads as follows:

38-1229. Resident labor. The following rules shall govern resident labor:

(1) No resident shall be required to perform labor which involves the operation and maintenance of the facility or for which the facility is under contract with an outside organization. Privileges or release from the facility shall not be conditioned upon the performance of labor covered by this provision. Residents may voluntarily engage in such labor if the labor is compensated in accordance with the minimum wage laws of the Fair Labor Standards Act, 29 U.S.C. sec. 206, as amended.

(2) No resident shall be involved in the care (feeding, clothing, bathing), training or supervision of other residents unless he:

(a) has volunteered;

(b) has been specifically trained in the necessary skills;

(c) has the humane judgment required for such activities;

(d) is adequately supervised; and

(e) is reimbursed in accordance with the minimum wage laws of the Fair Labor Standards Act, 29 U.S.C. sec. 206, as amended.

(3) Residents may be required to perform vocational training tasks which do not involve the operation and maintenance of the facility, subject to a presumption that an assignment of longer than three (3) months to any task is not a training task, provided the specific task or any change in task assignment is:

(a) an integrated part of the resident's habilitation plan and approved as a habilitation activity by a professional person responsible for supervising the resident's habilitation;

(b) supervised by a staff member to oversee the habilitation aspects of the activity.

(4) Residents may voluntarily engage in habilitative labor at nonprogram hours for which the facility would otherwise have to pay an employee, provided the specific labor or any change in labor is:

(a) an integrated part of the resident's habilitation plan and approved as a habilitation activity by a professional person responsible for supervising the resident's habilitation;

HeinOnline -- 1975 vol. II 1223 1975

(b) supervised by a staff member to oversee the habilitation aspects of the activity; and

(c) compensated in accordance with the minimum wage laws of the Fair Labor Standards Act, 29 U.S.C. sec. 206, as amended.

(5) If any resident performs habilitative labor which involves the operation and maintenance of a facility, but due to physical or mental disability is unable to perform the labor as efficiently as a person not so physically or mentally disabled, then the patient may be compensated at a rate which bears the same approximate relation to the statutory minimum wage as his ability to perform that particular job bears to the ability of a person not so afflicted.

(6) Residents may be required to perform tasks of a personal housekeeping nature such as the making of one's own bed.

(7) Deductions or payments for care and other charges shall not deprive a resident of a reasonable amount of the compensation received pursuant to this section for personal and incidental purchases and expenses.

(8) Staffing shall be sufficient so that the facility is not dependent upon the use of residents or volunteers for the care, maintenance or habilitation of other residents or for income-producing services. The facility shall formulate a written policy to protect the residents from exploitation when they are engaged in productive work.

Section 30. There is a new R.C.M. section numbered 38-1230 that reads as follows:

38-1230. Evaluation of residents. Within one (1) year of the effective date of this act, each resident governed by the provisions of this act shall be evaluated as to his mental, emotional, social, and physical condition. Such evaluation or reevaluation shall be conducted by an interdisciplinary team of professional persons who shall use professionally recognized tests and examination procedures. Each resident's parents or guardian, next of kin or legal representative or the responsible person appointed by the court shall be contacted and his readiness to make provisions for the resident's care in the community shall be ascertained. Each resident shall be returned to his family, if adequately habilitated, or assigned to the least restrictive habilitation setting. Where necessary, the professional person in charge of the resident shall petition the court to appoint a responsible person.

Section 31. There is a new R.C.M. section numbered 38-1231 that reads as follows:

38-1231. Residential institution to meet standards. No person shall be admitted to any publicly supported residential institution caring for developmentally disabled persons unless such institution meets the standards prescribed by this act.

Section 32. There is a new R.C.M. section numbered 38-1232 that reads as follows:

HeinOnline -- 1975 vol. II 1224 1975

38-1232. Mental disabilities board of visitors — duties. (1) The governor shall appoint a mental disabilities board of visitors. The board shall consist of five (5) persons at least three (3) of whom shall not be professional persons and at least one (1) of whom shall be a representative of an organization concerned with the care and welfare of the developmentally disabled. No one may be a member of the board who is an agent or employee of the department of institutions or of any residential facility affected by this act. If a board of similar title and structure is created in any act concerning the treatment of the mentally ill, then one (1) board shall be created to perform the functions set out in both acts and the board so created shall include at least one (1) representative of an organization concerned with the care and welfare of the mentally ill and one representative of an organization concerned with the care and welfare of the mentally retarded or developmentally disabled.

(2) The mental disabilities board of visitors shall be an independent board of inquiry and review to assure that the treatment of all persons admitted to a residential facility is humane and decent and meets the requirements set forth in this act.

The board shall review all plans for experimental research or hazardous treatment procedures involving persons admitted to any residential facility to assure that the research project is humane and not unduly hazardous and that it complies with the principles of the statement on the use of human subjects for research of the American association on mental deficiency and with the principles for research involving human subjects required by the United States department of health, education and welfare. No experimental research project involving persons admitted to any residential facility affected by this act shall be commenced unless it is approved by the mental disabilities board of visitors. The board shall investigate all cases of alleged mistreatment of a resident.

(3) The board shall, at least annually, inspect every residential facility which is providing a course of residential habilitation and treatment to any person pursuant to this act. The board shall inspect the physical plant, including residential, recreational, dining, and sanitary facilities. It shall visit all wards and treatment or habilitation areas. The board shall inquire concerning all habilitation programs being implemented by the institution.

(4) The board shall inspect the file of each person admitted to a residential facility pursuant to this act to insure that a habilitation plan exists and is being implemented. The board shall inquire concerning all use of restraints, isolation or other extraordinary measures.

(5) The board may assist any patient at a residential facility in resolving any grievance he may have concerning his admission or his course of treatment and habilitation in the facility.

(6) If the board believes that any facility is failing to comply with the provisions of this act in regard to its physical facilities or its treatment of any resident, it shall report its findings at once to the parents or guardian of any patient involved, the next of kin, if known, the responsible person appointed by the court for any patient involved, the profes-

sional person in charge of the facility, the director of the department of institutions and the district court which has jurisdiction over the facility.

(7) The mental disabilities board of visitors shall report annually to the governor and shall report to each session of the Montana legislature concerning the status of the residential facilities and habilitation programs which it has inspected.

(8) The mental disabilities board of visitors shall be attached to the governor for administrative purposes. It may employ staff for the purpose of carrying out its duties as set out in this act.

Section 33. There is a new R.C.M. section numbered 38-1233 that reads as follows:

38-1233. Transfer of person to residential facility. If any person is a patient in a mental health facility and the professional person in charge of the patient determines that the patient is suffering from a developmental disability rather than mental illness and should more properly be admitted to a residential facility, then the professional person shall commence proceedings consistent with the procedures set forth in this act for admissions generally to effect such admission.

Section 34. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Section 35. Sections 80-2303 through 80-2309, 80-2312, and 38-301 through 38-303, R.C.M. 1947, are repealed.

Approved April 18, 1975.

CHAPTER NO. 469

AN ACT RELATED TO THE SCHOOL TRANSPORTATION REIMBURSEMENT RATE SCHEDULES; PROVIDING AN INCREASE OF THE BUS PER MILE REIMBURSEMENT SCHEDULES; AND AMENDING SECTION 75-7018, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-7018, R.C.M. 1947, is amended to read as follows:

"**75-7018. Schedule of maximum reimbursement by bus mileage rates.** The following bus mileage rates for school bus transportation constitute the maximum reimbursement to districts for school bus transportation from state and county sources of transportation revenue under the provisions of sections 75-7022 and 75-7023. These rates shall not limit the amount which a district may budget in its transportation fund budget

HeinOnline -- 1975 vol. II 1226 1975

in order to provide for the estimated and necessary cost of school bus transportation during the ensuing school fiscal year. The operation of any vehicle reimbursed under the rate provisions of this schedule shall be a school bus, as defined by this Title, driven by a qualified driver on a bus route approved by the county transportation committee and the superintendent of public instruction.

(1) The rate per bus mile traveled shall be determined in accordance with the following schedule when the number of eligible transportees boarding such school bus on an approved route is not less than seventy-five per cent (75%) of its rated capacity:

(a) thirty-five cents ($.35) per bus mile for a school bus with a rated capacity of not less than twelve (12) but not more than *fifty (50)* children; and

(b) when the rated capacity is more than *fifty (50)* children, an additional *two cents ($.02)* per bus mile for each additional child in the rated capacity in excess of *fifty (50)* shall be added to a base rate of *thirty-five cents ($.35)* per bus mile.

(2) When the number of eligible transportees boarding a school bus on an approved route is less than seventy-five per cent (75%) of its rated capacity, the rate per bus mile traveled shall be computed as follows:

(a) determine the number of eligible transportees boarding the school bus on such route;

(b) multiply the number determined in subsection (2) (a) by twenty-five per cent (25%) and round-off to the nearest whole number;

(c) add the amount calculated in subsection (2) (b) to the number determined in subsection (2) (a) to determine the adjusted rated capacity for the bus; and

(d) use the adjusted rated capacity determined in subsection (2) (c) as the rated capacity of such bus to determine the rate per bus mile traveled from the rate schedule in subsection (1) above.

The rated capacity shall be the number of riding positions of a school bus as determined under the policy adopted by the board of education."

Approved April 18, 1975.

CHAPTER NO. 470

AN ACT TO AMEND SECTION 75-7019, R.C.M. 1947, RELATING TO THE PROCEDURE FOR DETERMINING THE MAXIMUM REIMBURSEMENT FOR INDIVIDUAL TRANSPORTATION AND RELATING TO THE RATES OF SUCH REIMBURSEMENT.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-7019, R.C.M. 1947, is amended to read as follows:

"**75-7019. Schedule of maximum reimbursement for individual transportation including provisions for isolation, room and board, and supervised study programs.** The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of sections 75-7022 and 75-7023. These rates also shall constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school, or to schools located within three (3) miles of one another, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by two (2), subtracting six (6) miles from the product so obtained, and multiplying the difference by twelve cents ($.12) provided that:

(a) if two (2) or more eligible transportees are transported by a parent or guardian to two (2) or more schools located within three (3) miles of one another, and if such schools are operated by different school districts, the total amount of the reimbursement shall be divided equally between the districts.

(b) if two or more eligible transportees are transported by a parent or guardian to two (2) or more schools located more than three (3) miles from one another, the parent or guardian shall be separately reimbursed for transporting the eligible transportee or transportees to each school.

(c) if a parent transports two or more eligible transportees to a school and a bus stop which school and bus stop are located within three (3) miles of one another, the total reimbursement shall be determined under the provisions of this subsection and shall be divided equally between the district operating the school and the district operating the bus.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the bus stop by two (2), subtracting three (3) miles from the product so obtained and multiplying the difference by twelve cents ($.12) provided that:

(a) if the eligible transportees transported attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally, and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian shall be separately reimbursed for transportation to each bus.

(3) Where, due to excessive distances, impassable roads or other special

HeinOnline -- 1975 vol. II 1228 1975

circumstances of isolation, the rates prescribed in subsections (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, his parent or guardian may request an increase in the reimbursement rate. Such a request for increased rates due to isolation shall be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances which exist to justify the increase. Before any increase rate due to isolation can be paid to the requesting parent or guardian, such rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation committee and the superintendent of public instruction, the trustees shall pay such increased rate due to isolation. *The increased rate shall be one and one-half (1 ½) times the rate prescribed in subsection (1) above.*

(4) When the isolated conditions of the household where an eligible transportee resides require such eligible transportee to live away from the household in order to attend school, he shall be eligible for the room and board reimbursement. Approval to receive the room and board reimbursement shall be obtained in the same manner prescribed in subsection (3) above. *The per diem rate for room and board shall be three dollars ($3) for one eligible transportee and one dollar and fifty cents ($1.50) for each additional eligible transportee of the same household.*

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate shall be the cost of such study; provided that the course of instruction is approved by the trustees and supervised by the district.

(6) The schedules provided in this section shall not be altered by any authority other than the *legislature* of the state of Montana."

Approved April 18, 1975.

CHAPTER NO. 471

In the event of the veteran's death, the dwelling house, and the lot on which it is erected, so long as the widow remains unmarried and the owner and occupant of the property, shall remain within this classification.

Once the department has made an initial determination that the industrial facility qualifies as new indus-*

The local taxing authority may appear at the hearing, and it also may waive its objection to retention of this classification if the industry agrees to the prepayment of taxes sufficient to satisfy tax requirements created by the location and construction of the facility during construction period.

In the event of a prepayment of taxes, the maximum amount of prepayment shall be the amount without the application of the Class 7 (a) to such property.

If a major new industrial facility qualifies under Class 7 (a) the reduction of its yearly payment of property taxes for reimbursement of its prepaid taxes as provided for in section 84-41-105, R.C.M. 1947, shall not begin until the Class 7 qualification expires. And provided further, that new industrial property shall not be included to mean property which is used or employed in any industrial plant which has been in operation in this state for three (3) years or longer. Any person, corporation, firm, partnership, association or other group seeking to qualify its property for inclusion in this class shall make application to the state department of revenue in such manner and form as may be required by said department.

Be it enacted by the Legislature of the State of Montana:

Section 1. The state board of examiners is authorized to issue and sell general obligation highway bonds of the state of Montana for the purpose of acquiring a suitable site for and erecting and equipping a department of highways headquarters building and complex at or near Helena, Montana, to replace the present laboratory and administration buildings which are declared to be inadequate for such purpose. The full faith and credit and taxing powers of the state of Montana shall be pledged for the payment of all bonds issued pursuant to this chapter.

Section 2. Upon the sale of the bonds, the department of administration, acting under the supervision and with the approval of the board of examiners, as provided in chapter 33 of Title 82 of the Revised Codes of Montana, 1947, is empowered and directed to acquire a site for and to proceed with the erection and equipping of a building of suitable construction and design for use as a headquarters building and necessary supporting structures for laboratories and storage for the Montana department of highways.

Section 3. The aggregate amount of highway bonds authorized by this act for the purpose expressed in section 1, shall not exceed the sum of seven million four hundred thousand dollars ($7,400,000). The state reserves the privilege of issuing additional highway bonds, when and if authorized by law, for this purpose and for any other purpose for which money derived from the sources described in section 6, Article VIII of the constitution is authorized by that section to be expended. The state board of examiners is also authorized to issue additional highway bonds for the purpose of refunding bonds issued pursuant to or as contemplated in this chapter, in amounts not exceeding the principal amount of the bonds

HeinOnline -- 1975 vol. II 1245 1975

refunded, when the board determines that the refunding of any outstanding bonds is in the best interests of the state. All bonds issued for the purposes contemplated in this section shall be payable from the same sinking fund account on a parity as to both principal and interest with the bonds authorized in section 1, provided that in the issuance of each series of such bonds the amount, maturities and interest rates thereof shall be fixed in such manner that the maximum amount of principal and interest to become due in any subsequent fiscal year on such bonds then outstanding (except bonds refunded) and on the series so to be issued will not exceed twenty-five percent (25%) of the amount collected during the then next preceding fiscal year from the tax or taxes pledged by law to the sinking fund account at the time of such issuance. The provisions of this section shall not constitute a covenant with the holders of any bonds issued hereunder.

Section 4. Such bonds shall be issued by the board, upon request of the department of administration, in such denominations and form, whether payable to bearer or registered as to principal or both principal and interest, with such provisions for conversion or exchange and for the issuance of notes in anticipation of the execution and delivery of definitive bonds, bearing interest, maturing at such times not exceeding twenty (20) years from date of issue, subject to redemption at such earlier times and prices and upon such notice, and payable at the office of such fiscal agent of the state of Montana, as the board shall determine, subject to the limitations contained herein.

Section 5. In all other respects, the board is authorized to prescribe the form and terms of the bonds, and shall do whatever is lawful and necessary for their issuance and payment. The board is authorized to employ a fiscal agent to assist it in the performance of its duties hereunder. Such bonds and any interest coupons appurtenant thereto shall be signed by the members of the state board of examiners, and the bonds shall be issued under the great seal of the state of Montana. The bonds and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all such bonds issued and sold.

Section 6. All proceeds of bonds issued hereunder shall be deposited in a separate highway subfund which is created within the bond and insurance clearance fund established by section 79-410, R.C.M. 1947, referred to herein as the "clearance fund account", and shall be segregated by the treasurer from all other money in that or any other fund in the state treasury. The proceeds of the bonds authorized in section 1 shall be used only to pay costs of acquiring land for and erecting and equipping the buildings herein referred to, upon order of the department of administration acting within the limits of the authority conferred upon it by the legislature and said proceeds are appropriated for the purpose of the capital items herein described. The proceeds of any additional bonds authorized as contemplated in section 3, except refunding bonds, shall be used only for purposes authorized under the provisions of section 6, Article VIII of the constitution, upon order of the department acting within the limits of the authority conferred upon it by the legislature.

Section 7. (a) The state pledges and appropriates and directs to be

HeinOnline -- 1975 vol. II 1246 1975

credited as received to the sinking fund account, as herein defined, that portion of the net proceeds from the collection of gasoline taxes which may from time to time be needed to comply with the principal and interest and reserve requirements stated in subsection (b) of this section. The pledge and appropriation herein made shall be and remain at all times a first and prior charge upon all money received as net proceeds from the collection of gasoline taxation. The term "net proceeds", as used herein, means all funds on hand in the treasury of the state as of any date, derived from the collection of the license tax imposed on gasoline distributors by section 84-1847, R.C.M. 1947, enacted by section 3, chapter 369, Laws of 1969, as amended by section 1, chapter 202, and by section 2, chapter 204, Laws of 1971, and by section 90, chapter 516, Laws of 1973, or by any subsequent enactment, less the amount of all refunds of such taxes for which applications have been made pursuant to law but which have not yet been paid or rejected. The term "sinking fund account", as used herein, means a separate highway subfund which is created within the sinking fund established by section 79-410, R.C.M. 1947, and shall be segregated by the treasurer from all other money in that or any other fund in the treasury and used only to pay highway bonds and interest thereon when due, so long as any such bonds or interest remain unpaid.

(b) Money in the sinking fund account shall be used first, to pay interest and principal when due on highway bonds; second, to accumulate a reserve in the amount required below, for the further security of such payments; and third, to maintain this reserve in an amount at least equal, after each interest and principal payment, to the maximum amount of interest and principal which will become due on all such bonds which are then outstanding in any subsequent fiscal year.

(c) Money at any time received in the sinking fund account in excess of the principal, interest and reserve requirements stated in subsection (b) shall be transferred by the treasurer to the earmarked revenue fund — highway account. If the balance at any time on hand in the sinking fund account is not sufficient for compliance with subsection (b), the treasurer shall credit to said account an amount sufficient to restore said balance from the next receipts of net proceeds from the collection of gasoline taxes.

Section 8. Section 32-2601, R.C.M. 1947, is amended to read as follows:

"32-2601. Distribution and use of proceeds of gasoline dealers' license tax. (1) All money received in payment of license taxes under the Distributor's Gasoline License Tax Act, except those amounts paid out of the department of revenue's suspense account for gasoline tax refund, shall be used and expended as provided in this section. So much of that money on hand at any time as may be needed to pay highway bonds and interest thereon when due and to accumulate and maintain a reserve therefor, as provided in laws and in resolutions of the state board of examiners authorizing such bonds, shall be deposited in the highway bond account in the sinking fund established by section 79-410. Subject to that provision, six-tenths of one per cent (.6%) of all money shall be deposited in the state park account in the earmarked revenue fund. All of the

HeinOnline -- 1975 vol. II 1247 1975

remainder of the money shall be used and expended by the department of highways on the federal-aid highways in this state selected and designated under the Federal-Aid Act, approved July 11, 1916, and the Federal Highway Act, approved November 9, 1921, and all amendments thereto, and on highways leading from each county seat in the state to the federal highway system of federal-aid roads where the county seat is not on the system, and on the other roads which have been or may be authorized by the laws of Montana, and for collection of the license taxes and the enforcement of the Montana highway code, under Article VIII, section 6 of the constitution of this state. The department shall, in expending this money, carry forward construction from year to year, using the money expended through the matching up of federal-aid allotments to Montana upon the federal highway system in the various parts of the state in accordance with sections 32-2605 through 32-2607; nothing in this act conflicts with those federal-aid highway acts and the rules by which they are administered. The department may enter into *cooperative* agreements with the national park service and the federal highway administration for the purpose of maintaining national park approach roads in Montana.

(2) Money credited to the state park account in the earmarked revenue fund shall be used only for the creation, improvement, and maintenance of state parks where motor boating is allowed, except for the payment of refunds under section 84-1855. The legislature hereby finds as a fact that of all the fuel sold in the state for consumption in internal combustion engines, not less than six-tenths of one per cent (.6%) is used for propelling boats on waterways of this state."

Section 9. Chapter 377, Laws of Montana 1969, and sections 1 through 5, chapter 356, Laws of Montana 1971, are repealed.

Section 10. This act is effective upon its passage and approval.

Approved April 18, 1975.

No candidate for an elective office may assume the powers and duties of that office until he has received a certificate of election as provided by law. A certificate of election shall only be issued by the public official responsible for issuing a certificate or commission after receiving written assurance from the commissioner that a candidate has filed all of the reports that must be filed pursuant to the provisions of Title 23, R.C.M. 1947.

cation in the Montana administrative register as provided in section 6 (2) [82-4206 (2)] of this act and mailed to persons who have made timely requests to the agency for advance notice of its rule-making proceedings. The notice shall be published and mailed at least twenty (20) days in advance of the agency's intended action. If any statute shall provide for a different method of publication, the affected agency shall comply with the statute in addition to the requirements contained herein. However, in no case shall the notice period be less than twenty (20) days.

(b) Afford interested persons *fourteen (14) days* to submit data, views or arguments, orally or in writing. Where a hearing is otherwise required by statute, nothing herein shall be deemed to alter that requirement. The agency shall consider fully written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency, if requested to do so by an interested person either prior to adoption or within thirty (30) days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption.

(2) If an agency finds that an imminent peril to the public health, safety or welfare requires adoption of a rule upon fewer than twenty (20) days' notice and states in writing its reasons for that finding, it may proceed, without prior notice or hearing or upon any abbreviated notice and hearing that it finds practicable, to adopt an emergency rule. The rule may be effective for a period not longer than one hundred and twenty (120) days, but the adoption of an identical rule under subsections (1) (a) and (1) (b) of this section is not precluded. The sufficiency of the reasons for a finding of imminent peril to the public health, safety or welfare shall be subject to judicial review.

(3) No rule adopted after the effective date of this act shall be valid unless adopted in substantial compliance with subsections (1) and (2) of this section.

(4) An agency may use informal conferences and consultations as a means of obtaining the viewpoints and advice of interested persons with respect to contemplated rule making. An agency may also appoint committees of experts or interested persons or representatives of the general public to advise it with respect to any contemplated rule making. The powers of the committees shall be advisory only. Nothing herein shall relieve the agency from following rule-making procedures required by this act.

(5) Rules shall not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference shall clearly indicate

that portion of the language which is statutory and the portion which is amplification of the language. Each rule shall include a citation of authority pursuant to which it, or any part thereof, is adopted.

(6) Each agency shall at least annually review its rules to determine if any new rule should be adopted or any existing rule should be modified or repealed."

(2) A declaration shall be made under oath by each person claiming an existing right to use water within the specified area or from the specified source on a form provided by the department. The department shall make the forms available through its offices and the offices of the county clerks and recorders. The information required by the department may include, but is not limited to, the date of appropriation, the date the water was first applied to a beneficial use, the amount of water appropriated, the purpose of the appropriation, the place and means of diversion, the place of use, the time during which the water is diverted and used each year, and a true copy or the docket number of any judicial decree, notice, or other claim or evidence upon which the existing right was initiated or is based.

(3) Declarations shall be sent to the department by certified mail, with a return receipt requested. The return receipt is conclusive evidence of receipt, by the department, of the declaration."

Section 4. Section 89-873, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1975 vol. II 1280 1975

The department shall request by petition, and the district court shall issue an order requiring each person claiming an existing right within a specified area or from a specified source to file a declaration as provided in section 89-872.*

(2) If the source or area is in two (2) or more judicial districts, the department shall notify the district court of each of the judicial districts of its intent to file the petition. Within thirty (30) days of receipt of the notice, the judges of those district courts shall agree on which district shall *receive* the petition and shall notify the department of their decision. If the district judges fail to agree or to notify the department, the department shall file the petition in the district court of the judicial district in which *it determines that* the greatest number of *existing rights are likely to be located.*"

Section 5. Section 89-874, R.C.M. 1947, is amended to read as follows:

"89-874. **Contents of petition.** (1) *Within a reasonable time after gathering all data necessary under section 89-871, the department* shall *file with the district court* the names of all persons who have filed declarations under section 89-872 and of all other persons who appear from the data gathered by the department to have existing rights to the use of waters within the specified area or from the specified source.

(2) The department shall *also* file with the *district court* all data gathered under section 89-871.

(3) If the district court determines that additional data is necessary prior to issuing the preliminary decree in order to determine the extent of an existing right, it may direct the department or the person claiming the right to obtain the necessary data."

Section 6. Section 89-875, R.C.M. 1947, is amended to read as follows:

"89-875. **Preliminary decree.** (1) Within a reasonable time after the *department files with the district court the material required by section 89-874,* the court shall issue a preliminary decree. The preliminary decree shall be based on the data submitted *by the department* and on any additional data obtained by the court.

(2) The preliminary decree shall contain the information, and make the determinations, findings, and conclusions, required for the final decree under section 89-877.

(3) The district court shall send a copy of the preliminary decree by certified mail with return receipt requested to the department and to each person named in the *material submitted* under section *89-874* or named in the preliminary decree. The return receipt shall be appended to the preliminary decree. The costs of mailing the copies shall be paid by the department.

(4) A person named in the *material* or in the preliminary decree may

inspect the data upon which the decree is based at any time, and he may purchase copies of any of the data."

Section 7. Section 89-876, R.C.M. 1947, is amended to read as follows:

"**89-876. Hearing on preliminary decree.** (1) The department or a person named in the *material* filed under section *89-874* or named in the preliminary decree, or any other person for good cause shown, who objects to the preliminary decree is entitled to a hearing thereon before the district court.

(2) A request for a hearing shall be filed with the district court, and a copy served on the department by certified mail, within ninety (90) days after receipt of the preliminary decree. The district court shall, for good cause shown, reasonably extend this time limit if application for the extension is made within ninety (90) days after receipt of the preliminary decree. A person requesting a hearing on his objections to the preliminary decree shall also serve, by certified mail with return receipt requested, a copy of his request on any person whose rights or priorities will be affected if the objections are sustained in the hearing. The rights and priorities of a person who is not served shall not be affected by the result of the hearing.

(3) The request for a hearing shall contain a precise statement of the findings and conclusions, in the preliminary decree, with which the person requesting the hearing disagrees. The request shall specify the paragraphs and pages containing the findings and conclusions to which objection is made. The request shall state the specific grounds and evidence on which the objections are based. The request shall also state the names of all other persons on whom it is served.

(4) If more than one person requests a hearing on objections to the preliminary decree, the court may in its discretion hold a single hearing. Each hearing shall be conducted as are other civil actions, but the parties to the hearing may by agreement and with the court's permission waive any of the procedural or evidentiary rules, or may submit only written evidence. Only evidence which is referred to in a request may be introduced in a hearing.

(5) In each hearing, the department shall be a party and is entitled to be heard on objections made by any person. The department shall be granted adequate time, prior to a hearing, to gather evidence pertinent to any objection to be heard in the hearing."

Section 8. Section 89-880, R.C.M. 1947, is amended to read as follows:

"**89-880. Right to appropriate — application for permit.** (1) After *July 1, 1973*, a person may not appropriate water except as provided in this act. A person may only appropriate water for a beneficial use. A right to appropriate water may not be acquired by any other method, including by adverse use, adverse possession, prescription or estoppel; the method prescribed by this act is exclusive.

(2) Except as otherwise provided in subsection *(5)* of this section, a person may not appropriate water or commence construction of diversion, impoundment, withdrawal, or distribution works therefore except by

HeinOnline -- 1975 vol. II 1282 1975

applying for and receiving a permit from the department. The application shall be made on a form prescribed by the department. The department shall make the forms available through its offices and the offices of the county clerks and recorders. The department shall return a defective application for correction or completion together with the reasons for returning it. An application does not lose priority of filing because of defects, if the application is corrected, completed and refiled with the department within thirty (30) days after its return to the applicant, or within a further time as the department may allow.

(3) The department may cease action upon an application for a permit and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for any of these reasons shall be accompanied by a statement of the reasons for which it was returned, and there shall be no right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection shall be deemed a final decision of the department.

(4) A permit issued prior to a final determination of existing rights is provisional and is subject to that final determination. The amount of the appropriation granted in a provisional permit shall be reduced or modified where necessary to protect and guarantee existing rights determined in the final decree. A person may not obtain any vested right, to an appropriation obtained under a provisional permit, by virtue of construction of diversion works, purchase of equipment to apply water, planting of crops, or other action, where the permit would have been denied or modified if the final decree had been available to the department.

(5) Outside the boundaries of a controlled groundwater area, a permit is not required before appropriating groundwater by means of a well with a maximum yield of less than one hundred (100) gallons a minute. Within sixty (60) days of completion of the well, the appropriator shall file notice of completion on a form provided by the department at its offices and at the offices of the county clerks and recorders. Upon receipt of the notice, the department shall automatically issue a certificate of water right. The original of the certificate shall be sent to the county clerk and recorder, in the county where the point of diversion or place of use is located, for recordation. The department shall keep a copy of the certificate in its office in Helena. After recordation, the clerk and recorder shall send the certificate to the appropriator. The date of filing of the notice of completion is the date of priority of the right.

(6) A person who desires to convert a nonproductive oil or gas well to a water well may do so immediately, but shall file a notice of completion or apply for a permit, depending on the maximum yield of the well, as otherwise provided in this act. *The date of appropriation shall be the date of filing the notice of completion or the application for a permit.*

(7) A person may also appropriate water, without applying for or prior to receiving a permit, under rules adopted by the board under section 89-869 of this act."

Section 9. Section 89-881, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1975 vol. II 1283 1975

"**89-881. Notice of application.** (1) Upon receipt of a proper application for a permit, the department shall prepare a notice containing the facts pertinent to the application and shall publish the notice in a newspaper of general circulation in the area of the source once a week for three (3) consecutive weeks. Before the last date of publication, the department shall also serve the notice by certified mail upon an appropriator of water or applicant for or holder of a permit who, according to the records of the department, may be affected by the proposed appropriation. A notice shall also be served upon any public agency that has reserved waters in the source under section 89-890. The department may, in its discretion, also serve notice upon any state agency or other person the department feels may be interested in or affected by the proposed appropriation. The department shall file in its records proof of service by affidavit of the publisher in the case of notice by publication, and by its own affidavit in the case of service by mail.

(2) The notice shall state that by a date set by the department (not less than thirty (30) days nor more than sixty (60) days after the last date of publication) persons may file with the department written objections to the application.

(3) The requirements of subsections (1) and (2) of this section do not apply if the department finds, on the basis of information reasonably available to it, that the appropriation as proposed in the application will not adversely affect the rights of other persons."

Section 10. Section 89-884, R.C.M. 1947, is amended to read as follows:

"**89-884. Action on application.** (1) The department shall grant, deny, or condition an application for a permit in whole or in part within one hundred twenty (120) days after the last date of publication of the notice of application if no hearing is held, and within one hundred eighty (180) days if a hearing is held*; however, in either case the time may be extended upon agreement of the applicant, or, in extraordinary cases, not more than thirty (30) days upon order of the department. If the department orders the time extended it shall serve a notice of the extension and the reasons therefor by certified mail upon the applicant and each person who has filed an objection as provided by section 89-882.*

(2) However, an application may not be approved in a modified form or upon terms, conditions, or limitations specified by the department, nor denied, unless the applicant is first granted an opportunity to be heard. If no objection is filed against the application, but the department is of the opinion that the application should be approved in a modified form or upon terms, conditions or limitations specified by it, or that the application should be denied, the department shall prepare a statement of its opinion and the reasons therefor. The department shall serve a statement of its opinion by certified mail upon the applicant, together with a notice that the applicant may obtain a hearing by filing a request therefor within thirty (30) days after the notice is mailed. The notice shall further state that the application will be modified in a specified manner, or denied, unless a hearing is requested."

HeinOnline -- 1975 vol. II 1284 1975

Section 11. Section 89-890, R.C.M. 1947, is amended to read as follows:

"**89-890. Reservation of waters.** (1) The state or any political subdivision or agency thereof, or the United States or any agency thereof, may apply to the board to reserve waters for existing or future beneficial uses, or to maintain a minimum flow, level, or quality of water throughout the year or at such periods or for such length of time as the board designates.

(2) Upon receiving an application, the department shall proceed in accordance with sections 89-881 through 89-883. After the hearing provided in section 89-883, the board shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records, incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, shall be paid by the applicant.

(3) The board may not adopt an order reserving water unless the applicant establishes to the satisfaction of the board:

(a) the purpose of the reservation;

(b) the need for the reservation;

(c) the amount of water necessary for the purpose of the reservation;

(d) that the reservation is in the public interest. If the purpose of the reservation requires construction of a storage or diversion facility, the applicant shall establish to the satisfaction of the board that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(4) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters, or may, with the approval of the board, issue the permit subject to such terms and conditions it considers necessary for the protection of the objectives of the reservation.

(5) A reservation under this section shall *date from the date the order reserving the water is adopted by the board, and* shall not *adversely* affect any rights in existence *at that time.*

(6) The board shall, periodically but not less than every ten (10) years, review existing reservations to ensure that the objectives of the reservation are being met. Where the objectives of the reservation are not being met, the board may extend, revoke or modify the reservation."

Section 12. Section 89-896, R.C.M. 1947, is amended to read as follows:

"**89-896. Supervision of water distribution.** (1) *The* district courts shall supervise the distribution of water among all appropriators. This supervisory authority includes the supervision of all water commissioners appointed prior *or subsequent* to the effective date of this act. The supervision shall be governed by the principle that first in time is first in right.

HeinOnline -- 1975 vol. II 1285 1975

(2) When a water distribution controversy arises upon a source of water in which existing rights have not been determined according to sections 89-870 through 89-879, *any party to the controversy may petition the district court for relief. The* department *shall be served with process in any proceeding under this subsection and shall, within a reasonable time thereafter, notify the court whether it intends* in its discretion, within a reasonable time, *to* begin proceedings to determine existing rights in the source, in accordance with this act. *The department may, if it declines to commence proceedings to determine existing rights in the source, intervene as a party in the proceeding. The district court from which relief is sought may grant such injunctive or other relief which is necessary and appropriate to preserve property rights or the status quo pending the department's decision whether to determine existing rights in the source, or the department's decision to intervene as a party, as the case may be.* If the department does not proceed to obtain a determination of existing rights, the district court shall settle only the controversy between the parties.

(3) A controversy between appropriators from a source which has been the subject of a general determination of existing rights under sections 89-870 through 89-879 shall be settled by the district court which issued the final decree. The order of the district court settling the controversy may not alter the existing rights and priorities established in the final decree. In cases involving permits issued by the department, the court may not amend the respective rights established in the permits or alter any terms of the permits unless the permits are inconsistent or interfere with rights and priorities established in the final decree. The order settling the controversy shall be appended to the final decree, and a copy shall be filed with the department. The department shall be *served with process* in any proceeding under this *subsection, and the department may, in its discretion, intervene in the proceeding.*"

Section 13. Section 89-8-100, R.C.M. 1947, is amended to read as follows:

"**89-8-100. Hearings before board — Administrative Procedure Act.** (1) A person who is aggrieved by a final decision of the department *under this act* is entitled to a hearing before the board. *A person desiring a hearing before the board pursuant to this section shall notify the department in writing within ten (10) days of the final decision.*

(2) The Montana Administrative Procedure Act (Title 82, chapter 42, R.C.M. 1947) governs administrative proceedings conducted under this act, *except that the common law and statutory rules of evidence shall apply only upon stipulation of all parties to a proceeding.*"

Section 14. There is a new R.C.M. section numbered 89-8-102.1 that reads as follows:

89-8-102.1. Saving clause. Nothing in this act abates or otherwise adversely affects the validity of any filing, notice, or judicial proceeding commenced under the law as it existed before July 1, 1973.

Section 15. This act applies to applications currently pending with the department, as well as applications filed with the department after the effective date of this act.

Expansion of training opportunities under these programs shall be encouraged to involve larger numbers of participants from those segments of the labor force where the need for upgrading levels of skill is greatest.

Section 9. There is a new R.C.M. section numbered 64-324 that reads as follows:

64-324. Distribution of funds, benefits, loans, and financial assistance. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 62-601, R.C.M. 1947, is amended to read as follows:

"**62-601. Short title.** This act may be cited as the "Open-Space Land *and Voluntary Conservation Easement* Act.""

HeinOnline -- 1975 vol. II 1292 1975

Section 2. Section 62-602, R.C.M. 1947, is amended to read as follows:

"**62-602. Purposes of act.** The legislature finds that the rapid growth and spread of urban development are creating critical problems of service and finance for the state and local governments; that the present and future rapid population growth in urban areas is creating severe problems of urban and suburban living; *that this population spread and its attendant development is disrupting and altering the remaining natural areas, biotic communities, geological and geographical formations and, thereby, providing the potential for the destruction of scientific, educational, aesthetic, and ecological values; that the present and future rapid population spread throughout the state of Montana into its open spaces, are creating serious problems of lack of open space and overcrowding of the land; that to lessen congestion and to preserve natural, ecological, geographical and geological elements, the provision and preservation of open-space lands are necessary to secure park, recreational, historic and scenic areas and to conserve the land, its biotic communities, its natural resources, and its geological and geographic elements in their natural state*; that the acquisition or designation of interests and rights in real property by *certain qualifying private organizations and by* public bodies to provide or preserve open-space land is essential to the solution of these problems, the accomplishment of these purposes, and the health and welfare of the citizens of the state; and that the exercise of authority to acquire or designate interests and rights in real property to provide or preserve open-space land and the expenditure of public funds for these purposes would be for a public purpose*; and that the statutory provision enabling certain qualifying private organizations to acquire interests and rights in real property to provide or preserve open-space land is in the public interest.*

In accordance with these findings, the legislature states that the purposes of this act are to authorize and enable public bodies *and certain qualifying private organizations voluntarily* to provide *for the preservation of native plants or animals, or biotic communities, or geological or geographical formations of scientific, aesthetic or educational interest, and to provide for the preservation of other significant open-space land anywhere in the state either in perpetuity or for a term of years, and, furthermore to encourage private participation in such a program by establishing the policy to be utilized in determining the property tax to be levied upon the real property which is subject to the provisions of this act.*"

Section 3. Section 62-603, R.C.M. 1947, is amended to read as follows:

"**62-603. Definitions.** The following terms whenever used or referred to in this act shall have the following meanings unless a different meaning is clearly indicated by the context:

(e) "Conservation easement" means an easement or restriction running with the land and assignable, whereby an owner of land voluntarily relinquishes to the holder of such easement or restriction, any or all rights to construct improvements upon the land or to substantially alter the natural character of the land or to permit the construction of improvements upon the land or the substantial alteration of the natural character of the land, except as this right is expressly reserved in the instruments evidencing the easement or restriction. Conservation easements may be granted either in perpetuity or for a term of years. If granted for a term of years, that term may not be less than fifteen (15) years. An easement granted for a term of years may be renewed for a term of fifteen (15) or more years upon the execution of a new granting instrument by the parties. A conservation easement may be applied to urban or nonurban land.

(f) "Qualified private organization" means a private organization: (1) competent to own interests in real property, and; (2) which qualifies and holds a general tax exemption under the Federal Internal Revenue Code, section 501 (c) and; (3) whose organizational purposes are designed to further the purposes of this act."

To carry out the purposes of this act, any public body may (1) acquire by purchase, gift, devise, bequest or grant title to or any interests or rights in real property, *including land and water,* that will provide a means for the preservation or provision of *significant* open-space land, *or the preservation of native plants or animals, or biotic communities, or geological or geographical formations of scientific, aesthetic, or educational interest, or both,* (2) designate any real property, *including land and water,* in which it has an interest to be retained and used for the preservation and provision of *significant* open-space land*; or the preservation of native plants or animals, or biotic communities, or geological or geographic formations of scientific, aesthetic, or educational interests, or both.*

HeinOnline -- 1975 vol. II 1294 1975

holding conservation easements shall enforce the provisions of these easements."

Section 5. Section 62-605, R.C.M. 1947, is amended to read as follows:

"62-605. Conversion or diversion of open-space land, where prohibited—substitution of other realty—conveyance or lease of open-space land authorized. *(1)* No open-space land, the title to, or interest or right in which has been acquired under this act shall be converted or diverted from open-space land use unless the conversion or diversion is*: (a) necessary to the public interest; (b) not in conflict with the program of comprehensive planning for the area; and (c) permitted by the conditions imposed at the time of the creation of the conservation easement.* Other real property of at least equal fair market value and of as nearly as feasible equivalent usefulness and location for use as open-space land shall be substituted within a reasonable period not exceeding one (1) year for any real property converted or diverted from open-space land use. *Property* substituted *is* subject to the provisions of this act.

(2) A *grantee* may convey or lease any real property it has acquired or which has been designated for the purposes of this act. The conveyance or lease shall be subject to contractual arrangements that will preserve the property as open-space land *and which are consistent with the express terms and conditions of the grant,* unless the property is to be converted or diverted from open-space land use in accordance with the provisions of subsection *(1)* of this section."

Section 6. Section 62-608, R.C.M. 1947, is amended to read as follows:

"62-608. Taxation of property subject to conservation easement. *Assessments made for taxation on property subject to a conservation easement either in perpetuity or for a term of years where a public body or a qualifying private organization holds the conservation easement, shall be determined on the basis of the restricted purposes for which the property may be used. The minimum assessed value for land subject to an easement conveyed under this chapter may not be less than the actual assessed value of such land in calendar year 1973. Any land subject to such easement may not be classified into a class affording a lesser assessed valuation solely by reason of the creation of the easement. The value of the interest held by a public body or qualifying private organization shall be exempt from property taxation.*

Expiration of an easement granted for a term of years shall not result in a reassessment of the land for property tax purposes if the easement is renewed and the granting instrument reflecting the renewed easement is executed and properly filed not later than fifteen (15) days after the date of expiration."

Section 7. There is a new R.C.M. section numbered 62-610 that reads as follows:

Section 9. There is a new R.C.M. section numbered 62-612 that reads as follows:

The provisions of sections 58-305, 58-306, and 58-307, notwithstanding, for the purposes of this act, all conservation easements, whether held by public bodies or qualifying private organizations, shall be considered to run with the land, whether or not such fact is stipulated in the instrument of conveyance or ownership and no conservation easement shall be unenforceable on account of lack of privity of estate or contract or lack of benefit to particular land or on account of such conservation easement not being an appurtenant easement, or because such easement is an easement in gross.

62-613. Assignability. For the purposes of this act, all conservation easements shall be assignable unless the instrument of conveyance or

HeinOnline -- 1975 vol. II 1296 1975

It shall be the responsibility of the entity acquiring the conservation easement to present the proposed conveyance of the conservation easement to the appropriate local planning authority. The local planning authority shall have ninety (90) days from receipt of the proposed conveyance within which to review and to comment upon the relationship of the proposed conveyance to comprehensive planning for the area. Such comments will not be binding on the proposed grantor or grantee, but shall be merely advisory in nature. The proposed conveyance may be recorded after comments have been received from the local planning authority, or the local planning authority has indicated in writing it will have no comments, or ninety (90) days have elapsed, whichever first occurs.

Section 14. There is a new R.C.M. section numbered 62-618 that reads as follows:

62-618. Construction. This section shall not be construed to imply that any easement, covenant, condition or restriction which does not have the benefit of this act shall on account of any provisions hereof be unenforceable. Nothing in this act shall diminish the powers granted by any general or special law to acquire by purchase, gift, eminent domain or otherwise and to use land for public purposes.

CHAPTER NO. 490

AN ACT TO PROVIDE THAT A PERSON CONVICTED OF A CRIMINAL OFFENSE WHO HAS SERVED HIS SENTENCE AND IS NO LONGER UNDER STATE SUPERVISION MAY BE GRANTED OCCUPATIONAL LICENSURE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 66-4001 that reads as follows:

66-4001. Purpose. It is the public policy of the legislature of the state of Montana to encourage and contribute to the rehabilitation of criminal offenders and to assist them in the assumption of the responsibilities of citizenship. The legislature finds that the public is best protected when such offenders are given the opportunity to secure employment or to engage in a meaningful occupation, while licensure must be conferred with prudence to protect the interests of the public.

Section 2. There is a new R.C.M. section numbered 66-4002 that reads as follows:

66-4002. Intent and policy. It is the intent of the legislature and the declared policy of the state that occupational licensure be granted or revoked as a police power of the state in its protection of the public health, safety and welfare.

Section 3. There is a new R.C.M. section numbered 66-4003 that reads as follows:

66-4003. Conviction not a sole basis for denial. Criminal convictions shall not operate as an automatic bar to being licensed to enter any occupation in the state of Montana. No licensing authority shall refuse to license a person solely on the basis of a previous criminal conviction; provided, however, where a license applicant has been convicted of a criminal offense, and such criminal offense relates to the public health, welfare and safety as it applies to the occupation for which the license is

HeinOnline -- 1975 vol. II 1299 1975

sought, the licensing agency may, after investigation, find that the applicant so convicted has not been sufficiently rehabilitated as to warrant the public trust and deny the issuance of a license.

Section 4. There is a new R.C.M. section numbered 66-4004 that reads as follows:

66-4004. Statement of reasons for denial. When a licensing agency prohibits an applicant from being licensed, wholly or partially on the basis of a criminal conviction, the agency shall state explicitly in writing the reasons for the decision.

Section 5. There is a new R.C.M. section numbered 66-4005 that reads as follows:

66-4005. Licensure on completion of supervision. Completion of probation or parole supervision, without any subsequent criminal conviction, shall be evidence of rehabilitation, provided, however, that the facts surrounding the situation that led to the probation or parole supervision may be considered as they relate to the occupation for which a license is sought and provided that nothing herein shall be construed to prohibit licensure of a person while he is under state supervision if the licensing agency finds insufficient evidence to preclude such licensure.

Approved April 21, 1975.

The legislature finds that the construction of additional power *or* energy conversion facilities may be necessary to meet the increasing need for electricity, energy, *and other products,* and that *these* facilities have an effect on the environment, an impact on population concentration, and an effect on the welfare of the citizens of this state. Therefore, it is necessary to ensure that the location, construction and operation of power and energy conversion facilities will produce minimal adverse effects on the environment and upon the citizens of this state by providing that *a* power or energy conversion facility *may not* be constructed or operated within this state without a certificate of environmental compatibility and public need acquired pursuant to this *chapter.*"

The department shall allocate funds obtained from filing fees to the departments making reports to reimburse them for the costs of compiling information and issuing the required report.

(3) On an application for an amendment of a certificate, the board shall hold a hearing in the same manner as a hearing is held on an application for a certificate if the proposed change in the facility would result in any material increase in any environmental impact of the facility or a substantial change in the location of all or a portion of *the* facility other than as provided in the alternates set forth in the application.

(4) Upon receipt of the department's report submitted under subsection (1) of this section, the board shall set a date *for a hearing to begin* not more than *one hundred twenty (120)* days after *the* receipt*; except for those hearings involving applications submitted for facilities as defined in section 70-803(3)(b) and (3)(c), certification hearings shall be conducted by the board in the county seat of Lewis and Clark County or the county in which the facility, or the greater portion thereof, is to be located.*

(2) In a certification proceeding held under this chapter, the applicant has the burden of showing by clear and convincing evidence that the application should be granted and that the criteria of section 70-810 are met.

(3) If the board appoints a hearing examiner to conduct any certification proceedings under this chapter, the hearing examiner may not be a member of the board or an employee of the department."

Section 10. Section 70-810, R.C.M. 1947, is amended to read as follows:

"**70-810. Decision of board — findings necessary for certificate — conditions imposed.** (1) *Within ninety (90) days after the last day of the hearing, the* board shall make complete findings, issue an opinion, and render a decision upon the record, either granting or denying the application as filed, or granting it upon such terms, conditions, or modifications of the construction, operation or maintenance of the facility as the board *considers* appropriate. The board may not grant a certificate either as proposed *by the applicant* or as modified by the board unless it shall find and determine:

(a) the basis of the need for the facility;

(b) the nature of the probable environmental impact;

(c) that the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives;

HeinOnline -- 1975 vol. II 1310 1975

(d) each of the criteria listed in section *70-816*;

(e) in the case of an electric, gas, or liquid transmission line or aqueduct, what part, if any, of the line or aqueduct shall be located underground; that *the* facility is consistent with regional plans for expansion of the appropriate grid of the utility systems serving the state and interconnected utility systems; and that *the facility* will serve the interests of utility system economy and reliability;

(f) that the location of the facility as proposed conforms to applicable state and local laws and regulations issued thereunder, except that the board may refuse to apply any local law or regulation if it finds that, as applied to the proposed facility, *the* law or regulation is unreasonably restrictive in view of the existing technology, or of factors of cost or economics, or of the needs of consumers whether located inside or outside of the directly affected government subdivisions;

(g) that the facility will serve the public interest, convenience and necessity; and

(h) that duly authorized state air and water quality agencies have certified that the proposed facility will not violate state and federally established standards and implementation plans; the judgments of duly authorized air and water quality agencies are conclusive on all questions related to the satisfaction of state and federal air and water quality standards.

(2) If the board determines that the location of all or a part of the proposed facility should be modified, it may condition its certificate upon such modification, provided that the municipalities, and persons residing therein, affected by the modification, have been given reasonable notice of the modification.

(3) *In determining that the facility will serve the public interest, convenience, and necessity under subsection (1)(g) of this section, the board shall consider:*

(i) the items listed in subsections (1)(a) through (b) of this section;

(ii) the benefits to the applicant and the state resulting from the proposed facility;

(iii) the effects of the economic activity resulting from the proposed facility;

(iv) the effects of the proposed facility on the public health, welfare, and safety;

(b) A statement signed by the applicant showing agreement to comply with the requirements of this *chapter* and the conditions of the certificate.

(3) *Any* of the provisions described in sections *70-807 through 70-811* may be waived by the board, for good cause shown, with respect to applications filed before January 1, 1975. Applications for certificates under this subsection must be promptly filed.

(4) (a) The board may waive compliance with any of the provisions of sections 70-807 through 70-811 if the applicant makes a clear and convincing showing to the board at a public hearing that an immediate, urgent need for a facility exists and that the applicant did not have knowledge that the need for the facility existed sufficiently in advance to fully comply with the provisions of sections 70-807 through 70-811.

(b) The board may waive compliance with any of the provisions of this chapter upon receipt of notice by a utility or person subject to this chapter that a facility or associated facility has been damaged or destroyed as a result of fire, flood or other natural disaster or as the result of insurrection, war or other civil disorder, and there exists an immediate need for construction of a new facility or associated facility or the relocation of a previously existing facility or associated facility in order to promote the public welfare."

Section 17. Section 70-817, R.C.M. 1947, is amended to read as follows:

"**70-817. Additional requirements by other governmental agencies not permitted after issuance of certificate — exceptions.** Notwithstanding any other law, no state or regional agency, or municipality or other local government, may require any approval, consent, permit, certificate, or other condition for the construction, operation, or maintenance of a facility authorized by a certificate issued pursuant to this *chapter*, except that the state air and water quality agency or agencies shall retain authority which they have or may be granted to determine compliance of the proposed facility with state and federal standards and implementation plans for air and water quality and to enforce those standards. *This chapter does not* prevent the application of state laws for the protection of employees engaged in the construction, operation or maintenance of *a* facility."

Section 18. Section 70-818, R.C.M. 1947, is amended to read as follows:

"**70-818. Revocation or suspension of certificate — voiding of application.** *(1)* A certificate may be revoked or suspended *by the board*:

(a) for any material false statement in the application or in accompanying statements or studies required of the applicant, if a true statement would have warranted the board's refusal to grant a certificate; or

Knowingly making false statements or charges in the affidavit subjects the affiant to penalties prescribed under the law of perjury.

HeinOnline -- 1975 vol. II 1317 1975

(2) If the public officer or employee neglects or refuses for an unreasonable time after receipt of the statement to enforce the requirement or rule, the resident may bring an action of mandamus in the district court of the first judicial district of this state, in and for the county of Lewis and Clark. If the court finds that a requirement of this *chapter* or a rule adopted *under it* is not being enforced, the court may order the public officer or employee, whose duty it is to enforce the requirement or rule, to perform his duties. If he fails to do so, the public officer or employee shall be held in contempt of court and is subject to the penalties provided by law.

Section 9. There is a new R.C.M. section numbered 95-2226.1 that reads as follows:

HeinOnline -- 1975 vol. II 1324 1975

95-2226.1. Responsibility of department and supervising agency — change or revocation of furlough — escape. (1) The department shall be responsible for the activities of a prisoner participating in a furlough program under this act. The department may delegate jurisdictional supervision of work furlough participants to the adult parole and probation field service. The supervising agency shall be responsible for those activities of a furloughed prisoner for which it is responsible in the written furlough agreement.

(2) If any prisoner released from actual prison confinement under the furlough program fails to comply with the rules and regulations of the furlough agreement, he shall be called by the department or by the supervising agency to appear before the department or supervising agency. If a conference is not sufficient to resolve the situation and if the prisoner continues in his noncompliance, the prisoner shall be granted a hearing on the violation within a reasonable time on or near the site of the alleged violation to determine whether a violation of the furlough agreement exists. The prisoner is entitled to have counsel appointed to represent him at the hearing. The hearing shall be conducted by a hearing officer of the board of pardons. The prisoner on furlough shall have all opportunities provided under section 95-3220, R.C.M. 1947, pertaining to on-site hearings for parole revocation. If reasonable grounds are established for violation of the furlough agreement, the furlough shall be cancelled and the prisoner shall be returned to the prison. At the next meeting of the board of pardons after the return of the prisoner to the prison, the prisoner shall be granted a due process hearing in order to determine if the prisoner has, in fact, violated the terms of the prisoner's furlough release. If it is determined that the prisoner has, in fact, violated the terms of the prisoner's furlough, the prisoner shall remain at the prison. If the terms of the prisoner's release have not been violated, the prisoner's case shall be assigned to a parole agent and a new furlough arrangement shall be worked out.

(3) If the department determines after having been advised by the supervising agency or the adult parole and probation field service, that a prisoner presents an immediate grave threat to the community in which he is furloughed, it may order the prisoner returned to prison before a hearing is held, but in this case a hearing on the charges against the prisoner, as provided for in the above subsection, must be held by the board no later than thirty (30) days after the return of the prisoner to the state prison.

(4) If, after a reasonable time, a furloughed prisoner determines that his furlough plan is unsatisfactory due to personality conflict, a violation of his rights by his supervisor, or a change of interest or employment status, the department shall grant him a hearing to determine whether or not a new furlough plan should be executed.

(5) If a prisoner, while not disabled from working by temporary illness, is unemployed for a period of thirty (30) days, or more, after his availability for employment is reported in writing by the supervising agency to the department of labor and industry office serving the area in which the prisoner is furloughed and to any union to which the prisoner belongs, or if a prisoner has become so disabled as to be unemployable, or if a

HeinOnline -- 1975 vol. II 1325 1975

prisoner is on an educational furlough and has demonstrated for a period of six (6) weeks or more that he is unable to benefit from schooling, treatment, or training, then the prisoner, the department, or the supervising agency may request that a conference be held with the department, the prisoner, and a representative of the supervising agency to consider the problem of the prisoner's unemployment, disability, or inability to benefit from schooling or training. At this conference the prisoner may request that supervision be transferred to another supervising agency, and a representative of the new agency may be at the conference. If the conference does not result in a resolution of the problem of the prisoner's unemployment, disability, or inability to benefit, the department may request a hearing by the board of pardons to determine an alternate proposal. In this hearing the prisoner is entitled to have counsel appointed to represent him. Upon determining that the prisoner is not benefiting from the furlough program and will not benefit from continued participation in the program, the board shall order the prisoner returned to the prison.

(6) For the purpose of this act, the provisions relating to escape in section 94-7-306, R.C.M. 1947, shall apply, unless aggravating circumstances require a more severe penalty.

Section 10. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 11. Section 95-2226, R.C.M. 1947, is repealed.

Approved April 21, 1975.

CHAPTER NO. 498

AN ACT REQUIRING DISAPPROVAL OF ANY SUBDIVISIONS IN THE ABSENCE OF A DEMONSTRATED PUBLIC INTEREST; AMENDING SECTIONS 11-3860, 11-3861 AND 11-3866, R.C.M. 1947; AND PROVIDING AN EFFECTIVE DATE.

"**11-3860. Statement of purpose.** It is the purpose of this act to promote the public health, safety, and general welfare by regulating the subdivision of land; to prevent overcrowding of land; to lessen congestion in the streets and highways; to provide for adequate light, air, water supply, sewage disposal, parks and recreation areas, ingress and egress, and other public requirements; to *require* development in harmony with the natural environment; *to require that approval of any subdivision be contingent upon a written finding of public interest by the governing body;* and to require uniform monumentation of land subdivisions and transferring interests in real property by reference to plat or certificate of survey."

Section 2. Section 11-3861, R.C.M. 1947, is amended to read as follows:

"**11-3861. Definitions.** As used in this act, unless the context or subject matter clearly requires otherwise, the following words or phrases shall have the following meanings:

HeinOnline -- 1975 vol. II 1331 1975

(2.1) "Division of land" means the segregation of one or more parcels of land from a larger tract held in single or undivided ownership by transferring, or contracting to transfer, title to or possession of a portion of the tract or properly filing a certificate of survey or subdivision plat establishing the identity of the segregated parcels pursuant to this act. Provided that where required by this act the land upon which an improvement is situated has been subdivided in compliance with this act, the sale, rent, lease or other conveyance of one or more parts of a building, structure, or other improvement situated on one or more parcels of land is not a division of land and is not subject to the terms of this act.

(3) "Examining land surveyor" means a registered land surveyor duly appointed by the governing body to review surveys and plats submitted for filing.

(4) "Governing body" means a board of county commissioners or the governing authority of any city or town organized pursuant to law.

(6) "Plat" means a graphical representation of a subdivision showing the division of land into lots, parcels, blocks, streets, and alleys, and other divisions and dedications.

(7) "Preliminary plat" means a neat and scaled drawing of a proposed subdivision showing the layout of streets, alleys, lots, blocks, and other elements of a subdivision which furnish a basis for review by a governing body.

HeinOnline -- 1975 vol. II 1332 1975

(12) "Subdivision" means a division of land, or land so divided, which creates one or more parcels, containing less than twenty (20) acres, exclusive of public roadways, in order that the title to or possession of the parcels may be sold, rented, leased, or otherwise conveyed, and shall include any resubdivision; and shall further include any condominium or area, regardless of its size, which provides or will provide multiple space for recreational camping vehicles, or mobile homes. A subdivision shall comprise only those parcels less than twenty (20) acres which have been segregated from the original tract, and the plat thereof shall show all such parcels whether contiguous or not. Provided, however, condominiums constructed on land divided in compliance with this chapter are exempt from the provisions of this chapter.

(13) "Occasional sale" means one sale of a division of land within any twelve (12) month period."

Section 3. Section 11-3866, R.C.M. 1947, is amended to read as follows:

(1) Except where a plat is eligible for summary approval the subdivider shall present to the governing body, or the agent or agency designated thereby, the preliminary plat of the proposed subdivision for local review. When the proposed subdivision lies within the boundaries of an incorporated city or town, the preliminary plat shall be submitted to and approved by the city or town governing body. When the proposed subdivision is situated entirely in an unincorporated area the preliminary plat shall be submitted to and approved by the governing body of the county; however, if the proposed subdivision lies within one (1) mile of a third class city or town or within two (2) miles of a second class city or within three (3) miles of a first class city the county governing body shall submit the preliminary plat to the city or town governing body or its designated agent for review and comment. If the proposed subdivision lies partly within an incorporated city or town, the proposed plat thereof must be submitted to and approved by both the city or town and the county governing bodies. This section does not limit the authority of certain municipalities to regulate subdivisions beyond their corporate limits pursuant to section 11-3305.

(2) The governing body shall approve, conditionally approve, or reject the preliminary plat within sixty (60) days of its presentation unless the subdivider consents to an extension of the review period. The preliminary plat shall show all pertinent features of the proposed subdivision and all proposed improvements. The governing body or its designated agent or agency shall review the preliminary plat to determine whether it conforms to the local master plan if one has been adopted pursuant to sections 11-3801 through 11-3856 to the provisions of this act, and to rules and regulations prescribed or adopted pursuant to this act.

(3) The governing body or its authorized agent or agency shall hold a public hearing on the preliminary plat and shall consider all relevant evidence relating to the public health, safety and welfare, including the environmental assessment, to determine whether the plat should be approved, conditionally approved, or disapproved by the governing body.

HeinOnline -- 1975 vol. II 1333 1975

Notice of such hearing shall be given by publication in a newspaper of general circulation in the county not less than fifteen (15) days prior to the date of the hearing. The subdivider and each property owner of record immediately adjoining the land included in the plat shall also be notified of the hearing by registered mail not less than fifteen (15) days prior to the date of the hearing. When a hearing is held by an agent or agency designated by the governing body, the agent or agency shall act in an advisory capacity and recommend to the governing body the approval, conditional approval, or disapproval of the plat. This recommendation must be submitted to the governing body in writing not later than ten (10) days after the public hearing. If the governing body rejects or conditionally approves the preliminary plat, it shall forward one (1) copy of the plat to the subdivider accompanied by a letter over the appropriate signature stating the reason for rejection or enumerating the conditions which must be met to assure approval of the final plat.

(4) The basis for the governing body's decision to approve, conditionally approve, or disapprove a subdivision shall be whether the preliminary plat, environmental assessment, public hearing, planning board recommendations and additional information demonstrate that development of the subdivision would be in the public interest. The governing body shall disapprove any subdivision which it finds not to be in the public interest. To determine whether the proposed subdivision would be in the public interest the governing body shall issue written findings of fact which weigh the following criteria for public interest:

(a) the basis of the need for the subdivision;

(b) expressed public opinion;

(c) effects on agriculture;

(d) effects on local services;

(e) effects on taxation;

(f) effects on the natural environment;

(g) effects on wildlife and wildlife habitat, and

(h) effects on the public health and safety.

(5) Upon approving or conditionally approving a preliminary plat, the governing body shall provide the subdivider with a dated and signed statement of approval. This approval shall be in force for not more than one (1) calendar year; at the end of this period the governing body may, at the request of the subdivider, extend its approval for no more than one (1) calendar year."

Section 4. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 5. **Effective date.** This act is effective upon passage and approval.

Approved April 21, 1975.

84-7407. Purpose. The purposes of this act are to stimulate research, development, and demonstration of energy sources which are harmonious with ecological stability by virtue of being renewable, thereby to lessen that reliance on nonrenewable energy sources which conflicts with the goal of long-range ecological stability, and to provide for the funding and administration of such research, provided that demonstration or development projects funded under this act may not be used to commercially market electricity, heat energy, or energy by-products.

Section 2. There is a new R.C.M. section numbered 84-7408 that reads as follows:

84-7408. Definitions. As used in this act:

(1) "Alternative renewable energy source" means a form of energy or matter, such as solar energy, wind energy, or methane from solid waste, capable of being converted into forms of energy useful to mankind, and the technology necessary to make this conversion, when the source is not exhaustible in terms of this planet and when the source or the technology are not in general commercial use.

(2) "Person" means a natural person, corporation, partnership, or other business entity, association, trust, foundation, any educational or scientific institution, or any governmental unit.

(3) "Department" means the Montana department of natural resources and conservation.

stration account established. There is within the earmarked revenue fund an alternative energy research development and demonstration account. Moneys are paid into this account under section 84-1309.1. The state treasurer shall draw warrants payable from this account upon order of the department.

Section 4. Section 84-1309.1, R.C.M. 1947, is amended to read as follows:

"**84-1309.1. Disposal of license taxes.** License taxes collected under the provisions of this chapter *or severance taxes collected under such statutes as may be enacted in 1975* are allocated as follows:

(1) To the county general fund from which coal was mined three cents (3¢) per ton.

(2) Two and one-half percent (2 ½%) of total collections per year until December 31, 1979 and thereafter four percent (4%) of total collections per year to the earmarked revenue fund, to the credit of the alternative energy research development and demonstration account.

(3) All other revenues from license taxes collected under the provisions of this chapter shall be deposited to the credit of the general fund of the state."

Section 5. There is a new R.C.M. section numbered 84-7410 that reads as follows:

84-7410. Department — general powers. The department may:

(1) employ a staff adequate to administer this act;

(2) retain professional consultants and advisors;

(3) adopt rules governing applications and granting of funds;

(4) consider applications for grants and award grants, subject to the availability of funds, and to the appropriation of such funds by the legislature from the alternative energy research development and demonstration funds for projects that will further the purposes of this act;

HeinOnline -- 1975 vol. II 1337 1975

84-7412. Criteria for grant awards. The department may award grants to applicants under section 84-7411 in accordance with the following criteria:

(1) A grant may cover a period not exceeding one (1) year, and the department may not commit itself to spending funds anticipated to be available more than one (1) year after the grant period begins. The department may give an applicant a statement of intent to renew its support of his work, subject to the availability of funds and such other conditions as the department may express.

(2) The department may give preference to projects which are also supported by grants from the federal government or other persons provided the grants are consistent with the other objectives of the department. The purpose of this preference is to use the alternative energy research development and demonstration account for matching moneys in order to support more substantial research.

(3) The department may give preference to research centers unattached to existing educational institutions where several investigators can share supporting services. However, this shall not be interpreted to prohibit the department from awarding grants to existing educational institutions.

(4) The department may give preference to research centers which make information available to individuals, small businesses, and small communities seeking the use of renewable energy sources in their homes, plants, places of business, and small communities.

(5) All information resulting from such research shall be made available to the public and shall not become the private property of or under the exclusive control of any one (1) company or person.

(6) The department is under no requirement to expend or commit available alternative energy research, development and demonstration funds when in its judgment such expenditures or commitments would be unproductive.

(3) The department of highways shall expedite the planning and reconstruction program for projects on the designated portions within this area by using funds allocated under this subsection and any federal funds that may be made available to match such funds; until federal funds are made available to match the funds allocated under this subsection the department of highways may, upon approval of the Montana state highway commission, expend such funds for planning and reconstruction projects.

(4) Funds allocated under this subsection shall not be used to match apportionments made for primary and secondary highways under the Federal Aid Highway Acts; however, nothing in this subsection should be construed to prohibit the implementation of projects otherwise funded by apportionments made under the Federal Aid Highway Acts; furthermore, planning and reconstruction projects may be financed in whole or in part by public and private funds provided such projects conform to the applicable standards, regulations and procedures of the department of highways and the federal highway administration.

Section 5. There is a new R.C.M. section numbered 50-1704 that reads as follows:

As used in the preceding sentence, "revenue paid" does not include interest income from the account reinvested in the account in trust for the public schools and the university system. Such grants shall be awarded on the basis of (a) need, (b) degree of severity of impact from the coal development, (c) availability of funds, and (d) degree of local effort in meeting these needs. (3) All funds placed in the local impact and educational trust fund account established under this act, subject to the limitations imposed by section 50-1710, shall be subject to appropriations by the legislature for use related to local impact or for transfer to a permanent trust for education.

The coal board shall prescribe the form for applications. Applicants shall describe the nature of their proposed expenditures and the time involved. The board may commit itself to the expenditure of funds for more than one (1) year for a single project, as long as the grant does not extend over more than ten (10) years and does not exceed reasonable revenue expectations. HeinOnline -- 1975 vol. II 1363 1975

FOR THE CONSTRUCTION OF A COUNTY HOSPITAL OR NURSING HOME; AUTHORIZING A LEVY ON TAXABLE PROPERTY; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 16-1045 that reads as follows:

16-1045. Bonds and other obligations. (1) Notwithstanding any limitation imposed by law upon the bonded indebtedness of a county, a county constructing a hospital or nursing home under section 16-1008A may borrow money and issue its bonds therefor, including refunding bonds, in such form and upon such terms as it may determine, payable out of any revenues of the facility, including revenues derived from:

(a) fees and payments for hospital or nursing home services,

(b) taxes levied under section 16-1046,

(c) grants or contributions from the federal government, or

(d) any other sources.

(2) The bonds may be issued by resolution or resolutions of the county governing body without an election, and without any limitation of amount except as follows:

(a) no such bonds may be issued at any time if the total amount of principal and interest to become due in any year on such bonds, and on any then outstanding bonds for which revenues from the same source or sources are pledged, exceeds the amount of such revenues to be received in that year as estimated in the resolution authorizing the issuance of the bonds; and

(b) the county shall be obligated to take all action necessary and possible to impose, maintain and collect rates, charges, rentals and taxes, if any are pledged, sufficient to make the revenues from the pledged source or sources in such year at least equal to the amount of such principal and interest due in that year.

They may be sold at public or private sale and shall bear interest at a rate or rates not exceeding ten percent (10%) a year. Except as otherwise provided herein, any bonds issued pursuant to this act by a county shall be payable as to principal and interest solely from revenues of the county, and shall state on their face the applicable limitations or restrictions regarding the source or sources from which such principal and interest are payable.

(3) Bonds issued by a county pursuant to the provisions of this act are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of section 84-4905 (2)(a). The bonds may be for a forty (40) year period.

For the security of any such bonds, the county may by resolution make

HeinOnline -- 1975 vol. II 1364 1975

and enter into any covenant, agreement, or indenture and exercise any additional powers authorized to be made, entered into or exercised by a county. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be made payable from any and all revenues referred to in this act, prior to the payment of current costs of operation and maintenance of the facilities.

(4) The governing body of any county having a population in excess of ten thousand (10,000) may, with respect to bonds issued pursuant to this act by the county, by resolution covenant that, in the event that at any time all revenues, including taxes, appropriated and theretofore collected for such bonds are insufficient to pay principal or interest then due, it will levy a general tax upon all of the taxable property in the county for the payment of such deficiency and may further covenant that at any time a deficiency is likely to occur within one (1) year for the payment of principal and interest due on such bonds, it will levy a general tax upon all the taxable property in the county for the payment of such deficiency, and such taxes shall not be subject to any limitation of rate or amount applicable to other county taxes but shall be limited to a rate estimated to be sufficient to produce the amount of the deficiency. In the event more than one county having a population in excess of ten thousand (10,000) is included in an authority issuing bonds pursuant to this act, the counties may apportion the obligation to levy taxes for the payment of or in anticipation of a deficiency in the revenues appropriated for such bonds in such manner as the counties shall determine. The resolution shall state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies. No such resolution is effective until the question of its approval has been submitted to the qualified electors of the county at a special election called for that purpose by the governing body of the county and a majority of the electors voting on the question have voted in favor thereof. The notice and conduct of the election shall be governed, to the extent applicable, by sections 16-2024 and 16-2026. If a majority of the electors voting thereon vote against approval of the resolution, the county shall have no authority to make the covenant or to levy a tax for the payment of deficiencies pursuant to this section, but such county may nevertheless issue bonds under this act payable solely from the sources referred to in subsection (1) of this section.

Section 2. There is a new R.C.M. section numbered 16-1046 that reads as follows:

16-1046. Tax levy authorized. In the event the bonds become delinquent or cannot be paid from ordinary revenues of the facility, a county which has issued bonds under section 16-1045 may levy taxes on all taxable property within the county in the manner provided for public hospital districts under sections 16-4309 and 16-4309.1, namely: three (3) mills not submitted to a vote of the people and three (3) additional mills approved by a vote of the people.

Section 3. There is a new R.C.M. section numbered 16-1047 that reads as follows:

16-1047. Limitation. The authority granted under this act is available only to counties in which no hospital exists or in which the only existing

HeinOnline -- 1975 vol. II 1365 1975

(d) while the child is under the age of majority, he receives the child into his home and openly holds out the child as his natural child; or

(e) he acknowledges his paternity of the child in a writing filed with the department of health and environmental sciences or with the district court of the county where he resides, which court or department shall promptly inform the mother of the filing of the acknowledgment, and she does not dispute the acknowledgment within a reasonable time after being informed thereof, in a writing filed with the department of health and environmental sciences or with the district court of the county where the acknowledgment was filed. If another man is presumed under this section to be the child's father, acknowledgment may be effected only with the written consent of the presumed father or after the presumption has been rebutted.

HeinOnline -- 1975 vol. II 1367 1975

(2) A presumption under this section may be rebutted in an appropriate action by a preponderance of the evidence.

Section 6. There is a new R.C.M. section numbered 61-306 that reads as follows:

61-306. Artificial insemination. (1) If, under the supervision of a licensed physician and with the consent of her husband, a wife is inseminated artificially with semen donated by a man not her husband, the husband is treated in law as if he were the natural father of a child thereby conceived. The husband's consent must be in writing and signed by him and his wife. The physician shall certify their signatures and the date of the insemination, and file the husband's consent with the department of health and environmental sciences, where it shall be kept confidential and in a sealed file. However, the physician's failure to do so does not affect the father and child relationship. All papers and records pertaining to the insemination, whether part of the permanent record of a court or of a file held by the supervising physician or elsewhere, are subject to inspection only upon an order of the court for good cause shown.

(2) The donor of semen provided to a licensed physician for use in artificial insemination of a married woman other than the donor's wife is treated in law as if he were not the natural father of a child thereby conceived.

Section 7. There is a new R.C.M. section numbered 61-307 that reads as follows:

61-307. Determination of father and child relationship — who may bring action. (1) Any interested party may bring an action for the purpose of determining the existence or nonexistence of the father and child relationship presumed pursuant to section 61-305.

(2) An action to determine the existence of the father and child relationship with respect to a child who has no presumed father under section 61-305 may be brought by the child, the mother or personal representative of the child, the department of social and rehabilitation services or its appropriate local affiliate, the personal representative or a parent of the mother if the mother has died, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor.

(3) Regardless of its terms, an agreement, other than an agreement approved by the court in accordance with section 61-314(2), between an alleged or presumed father and the mother or child, does not bar an action under this section.

(4) If an action under this section is brought before the birth of the child, all proceedings shall be stayed until after the birth, except service of process and the taking of depositions to perpetuate testimony.

Section 8. There is a new R.C.M. section numbered 61-308 that reads as follows:

61-308. Statute of limitations. (1) Limitation when father and child relationship is presumed.

HeinOnline -- 1975 vol. II 1368 1975

(a) An action may be commenced at any time for the purpose of declaring the existence of the father and child relationship presumed under paragraph (a), (b), or (c) of section 61-305(1); or

(b) For the purpose of declaring the nonexistence of the father and child relationship presumed under paragraph (a), (b), or (c) of section 61-305(1) only if the action is brought within a reasonable time after obtaining knowledge of relevant facts, but in no event later than five (5) years after the child's birth. After the presumption has been rebutted, paternity of the child by another man may be determined in the same action, if he has been made a party.

(2) Limitations when father-child relationship is not presumed. An action to determine the existence or nonexistence of the father and child relationship as to a child who has no presumed father under section 61-305 may not be brought later than three (3) years after the birth of the child, or later than three (3) years after the effective date of this act, whichever is later. Sections 61-307 and 61-308 do not extend the time within which a right of inheritance or a right to a succession may be asserted beyond the time provided by law relating to distribution and closing of decedents' estates or to the determination of heirship, or otherwise.

(3) After the conclusion of an adoption proceeding under chapter 2, Title 61, no further action to declare the existence or nonexistence of the father and child relationship of the adopted child may be commenced except as provided for in section 61-325 for fraud, and section 61-206, R.C.M. 1947.

Section 9. There is a new R.C.M. section numbered 61-309 that reads as follows:

61-309. Jurisdiction — venue. (1) The district court has jurisdiction of an action brought under this act. The action may be joined with an action for divorce, annulment, separate maintenance, support, or adoption.

(2) For purposes of an action brought under this act personal jurisdiction is established in the courts of this state over any person who has had sexual intercourse in this state which has resulted in the birth of a child who is the subject of such proceedings. In addition to any other method provided by rule or statute, including Rule 4B of the Montana Rules of Civil Procedure, personal jurisdiction may be acquired by service in accordance with Rule 4B of the Montana Rules of Civil Procedure.

(3) The action may be brought in the county in which the child or the alleged father resides or is found or, if the father is deceased, in which proceedings for probate of his estate have been or could be commenced.

Section 10. There is a new R.C.M. section numbered 61-310 that reads as follows:

61-310. Parties. The child shall be made a party to the action. If he is a minor he shall be represented by his general guardian or a guardian ad litem appointed by the court. The child's mother or father may not represent the child as guardian or otherwise. The court may appoint the department of social and rehabilitation services or the appropriate county

HeinOnline -- 1975 vol. II 1369 1975

welfare department as guardian ad litem for the child. The natural mother, each man presumed to be the father under section 61-305, and each man alleged to be the natural father, shall be made parties or, if not subject to the jurisdiction of the court, shall be given notice of the action in a manner prescribed by the court and an opportunity to be heard. The court may align the parties.

Section 11. There is a new R.C.M. section numbered 61-311 that reads as follows:

61-311. Pre-trial proceedings. (1) As soon as practicable after an action to declare the existence or nonexistence of the father and child relationship has been brought, an informal hearing shall be held. The court may order that the hearing be held before a referee. The public shall be barred from the hearing. A record of the proceeding shall be kept.

(2) Upon refusal of any witness, including a party, to testify under oath or produce evidence, the court may order him to testify under oath and produce evidence concerning all relevant facts. If the refusal is upon the ground that his testimony or evidence might tend to incriminate him, the court may grant him immunity from all criminal liability on account of the testimony or evidence he is required to produce. An order granting immunity bars prosecution of the witness for any offense shown in whole or in part by testimony or evidence he is required to produce, except for perjury committed in his testimony. The refusal of a witness, who has been granted immunity, to obey an order to testify or produce evidence is a civil contempt of the court.

Section 12. There is a new R.C.M. section numbered 61-312 that reads as follows:

61-312. Blood tests. (1) The court may, and upon request of a party shall, require the child, mother, or alleged father to submit to blood tests. The tests shall be performed by an expert qualified as an examiner of blood types, appointed by the court.

(2) The court, upon reasonable request by a party, shall order that independent tests be performed by other experts qualified as examiners of blood types.

(3) In all cases, the court shall determine the number and qualifications of the experts.

Section 13. There is a new R.C.M. section numbered 61-313 that reads as follows:

61-313. Evidence relating to paternity. Evidence relating to paternity may include:

(1) evidence of sexual intercourse between the mother and alleged father at any possible time of conception;

(2) an expert's opinion concerning the statistical probability of the alleged father's paternity based upon the duration of the mother's pregnancy;

(3) blood test results, weighted in accordance with evidence, if available, of the statistical probability of the alleged father's paternity;

HeinOnline -- 1975 vol. II 1370 1975

(4) medical or anthropological evidence relating to the alleged father's paternity of the child based on tests performed by experts. If a man has been identified as a possible father of the child, the court may, and upon request of a party shall, require the child, the mother and the man to submit to appropriate tests; and

(5) all other evidence relevant to the issue of paternity of the child.

Section 14. There is a new R.C.M. section numbered 61-314 that reads as follows:

61-314. Pre-trial recommendations. (1) On the basis of the information produced at the pre-trial hearing, the judge or referee conducting the hearing shall evaluate the probability of determining the existence or nonexistence of the father and child relationship in a trial and whether a judicial declaration of the relationship would be in the best interest of the child. On the basis of the evaluation, an appropriate recommendation for settlement shall be made to the parties, which may include any of the following:

(a) that the action be dismissed with or without prejudice;

(b) that the matter be compromised by an agreement among the alleged father, the mother, and the child, in which the father and child relationship is not determined but in which a defined economic obligation is undertaken by the alleged father in favor of the child and, if appropriate, in favor of the mother, subject to approval by the judge or referee conducting the hearing. In reviewing the obligation undertaken by the alleged father in a compromise agreement, the judge or referee conducting the hearing shall consider the best interest of the child in the light of the factors enumerated in section 61-316(5), discounted by the improbability, as it appears to him, of establishing the alleged father's paternity or nonpaternity of the child in a trial of the action. In the best interest of the child, the court may order that the alleged father's identity be kept confidential. In that case, the court may designate a person or agency to receive from the alleged father and disburse on behalf of the child all amounts paid by the alleged father in fulfillment of obligations imposed on him; and

(c) that the alleged father voluntarily acknowledge his paternity of the child.

(2) If the parties accept a recommendation made in accordance with subsection (1), judgment shall be entered accordingly.

(3) If a party refuses to accept a recommendation made under subsection (1) and blood tests have not been taken, the court shall require the parties to submit to blood tests, if practicable. Thereafter the judge or referee shall make an appropriate final recommendation. If a party refuses to accept the final recommendation, the action shall be set for trial.

(4) If the scientific evidence resulting from the blood tests conclusively shows that the defendant could not have been the father then the instant action shall be dismissed.

HeinOnline -- 1975 vol. II 1371 1975

(5) The guardian ad litem may accept or refuse to accept a recommendation under this section.

(6) The informal hearing may be terminated and the action set for trial if the judge or referee conducting the hearing finds unlikely that all parties would accept a recommendation he might make under subsection (1) or (3).

Section 15. There is a new R.C.M. section numbered 61-315 that reads as follows:

61-315. Civil action. (1) An action under this act is a civil action governed by the rules of civil procedure. The mother of the child and the alleged father are competent to testify and may be compelled to testify. Section 61-311, subsection (2) and sections 61-312 and 61-313 apply to all action brought under this act.

(2) Testimony relating to sexual access to the mother by an unidentified man at any time or by an identified man at a time other than the probable time of conception of the child is inadmissible in evidence, unless offered by the mother.

(3) In an action against an alleged father, evidence offered by him with respect to a man who is not subject to the jurisdiction of the court concerning his sexual intercourse with the mother at or about the probable time of conception of the child is admissible in evidence only if the alleged father has undergone and made available to the court blood tests the results of which do not exclude the possibility of his paternity of the child. A man who is identified and is subject to the jurisdiction of the court shall be made a defendant in the action.

Section 16. There is a new R.C.M. section numbered 61-316 that reads as follows:

61-316. Judgment or order. (1) The judgment or order of the court determining the existence or nonexistence of the parent and child relationship is determinative for all purposes.

(2) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a substitute birth certificate be issued under section 61-324.

(3) The judgment or order may contain any other provision directed against the appropriate party to the proceeding, concerning the duty of support, the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child. The judgment or order may direct the father to pay the reasonable expenses of the mother's pregnancy and confinement.

(4) Support judgments or orders ordinarily shall be for periodic payments which may vary in amount. In the best interest of the child, a lump-sum payment or the purchase of an annuity may be ordered in lieu of periodic payments of support. The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred that the court deems just.

HeinOnline -- 1975 vol. II 1372 1975

(5) In determining the amount to be paid by a parent for support of the child and the period during which the duty of support is owed, a court enforcing the obligation of support shall consider all relevant facts, including:

(a) the needs of the child;

(b) the standard of living and circumstances of the parents;

(c) the relative financial means of the parents;

(d) the earning ability of the parents;

(e) the need and capacity of the child for education, including higher education;
